Dear Mrs Worme,

I write in response to your circular of March on behalf of the Graduates Association.

This is to advise that my wife, Francie (addressed as "Winifred": maiden name "Hirst") died in December.

I do have in my possession a folder of written notes headed "Trays", and a set of typed notes headed "Mat. Med." plus Examination Papers Medical Nursing Oct. 1957; Surgical Nursing July 1957 and Surgical Nursing Oct. 1957 (Nurses Board, Victoria). I also have a text book "Modern Practical Nursing Procedures -- Doherty, Sirl, Ring: 1953. If you truly have a historic use for these, I would be happy to forward same.

Yours faithfully,

Ian V. Allen
