### RESIDENTS' ASSOCIATION

If you have any concerns over what is happening in Wonga Park, you are welcome to attend meetings, held on the second Friday of each month, and the Association is always willing to lend support to worthy causes by writing letters to Council or various bodies. Recently we have written to local members, bus proprietors, Ministers, SEC, Telecom, etc....as well as a number of letters to the Lilydale Council. The Residents' Association is a valuable forum for all those who take an interest in our Community.

We have been discussing a new Constitution over the past few meetings, and if you feel you can contribute to fine-tuning our Rules and Regulations, please come along to the next meeting. Subscriptions are still only \$5.00 per family per year.

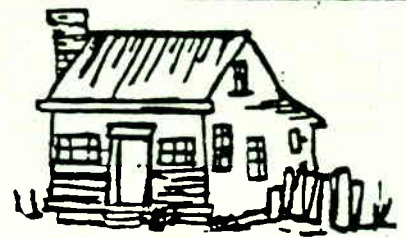

### OVERALL DEVELOPMENT PLAN

For a number of years Lillydale Council has based all its decisions on subdivisions and development of Wonga Park on a 'Concept Plan'. Council is currently formulating an up to date plan which takes into account all recent development and will set a blueprint for the future. The fine print on the Overall Development Plan (ODP) has yet to be finalised and Council is at the moment considering submissions in relation to proposed subdivisions and other development to be incorporated into the ODP.

The ODP will be of great interest to those residents who live close to existing and proposed commercial sites, and also those who live close to existing and proposed boundaries between areas of differing allowable minimum subdivision sizes.
