

PERSEUS STATUE.

- Marble statue sculpted in the 1885 by I. Granari. (? associated with work on fountain in Rome in 1901)
- Acquired by the National Gallery of Victoria and loaned to the City of Ballarat by Darryl Lindsay in 1943.
- Placed in Camp St centre.
- Became inappropriate and subject to abuse. Moved to Botanical Gardens in 2010.
- Has been used for ornament in Conservatory but now resides in RCC corridor, apparently an embarrassment for the management.
