TESTIMONIALS

"We are delighted with our "hunting theme" grandfather cuckoo clock! This clock is so beautiful; it gives us pride and pleasure just to look at it. The chimes bring a smile to our faces and a look of amazement to the faces of our grandchildren."

re. Flight from Pompeii

The design of Flight from Pompeii was by Benigni but, contrary to popular belief the statue was not sculpted by him. On a visit to Ballant in 1900 the Sculptor Charles Francis Summers (born in Victoria) discovered that the original, standing only 4 feet 6" (approx 1-5 meters) was in his studio in Rome. Summers said in an interview that shortly before his death Benigni decided to reproduce the group in heroic proportions. He had already conceived to refresh the large statue like Benigni does. Mr Summers went on with the work which he said was his attempt to design by Benigni
