The reputation of Rachel Holcer as an artist of great refinement and delicacy is endorsed by Australia's leading critics. Her fine performances on the stage and screen have justifiably placed her amongst the best European dramatic actresses.

Melbourne "Argus":

"An artist of distinction—her performance is a dramatic revelation."

"Sydney Morning Herald":

"Rachel Holcer . . . an actress of extraordinary quality . . . even listeners who knew no word of the Yiddish tongue could appreciate her great emotional range. Her feeling for character, her swift expressiveness of gesture . . . a favourable impression the moment she came into sight."

Issued by The Rachel Holcer
Organising Committee.
