Our boys, however, are determined on making a bold bid for victory. It is to be hoped that good judges of the game will be chosen as umpires, the Ararat umpire in the last match being notoriously unfair. All that the locals ask is a fair field and no favor. Among the largest manufacturers of proprietary specialities in the world are the Charles A. Vogeler for that wonderful pain-banisher and health-restorer, St Jacobs Oil. After the severest public tests, ib has been awarded twelve gold meddls at international and other exhibitions for its undoubted and marvelbus power to quickly relieve and conquer pain. This is, indeed, a record of which any business house nay well be proud, and, of necessity, it must impress profoundly all intelligent people, Australians as well as Americans and Europeans. St. Jacobs Oil is the acknowledged international remedy for rheumitism, neuralgia, lumbago, sciatica, soreness or stiffness of the joints or muscles, backache, busien gout, toothache, and all other painful allments. Its remarkable action has mystified doctors, delighted sufferers, and dispelled the doubts of the most incredulous. In fine, it is the Searching, Soveroign Cure of Pain. As a prominent journalist most truly remarks: "It is a moral that St. Jacobs Oil conquers pain, which is indorsed by Peers, Bichops, Commoners, Judges, Earristers, Attorneys, Clergomen, Physicians, Business Men, Squatters, Selectora, Miners, Ciril Serrants, University Professors, Teachers, and thousands of other credible citizens and colonists, whose testimonials have appeered in the public press." A cash reward of £100 (one hundred pounds) will be paid by the Charles A. Vogeler Company, of Baltimore, Maryland, U.S.A., proprietors of St. Jacobs Oil, or by their accredited local representatives, to any person producing proof that the testimonials published by them in regard to St. Jacobs Oil are not strictly genuine.
