

MAY

The Riponshire Advocate.

BEAUFORT, SATURDAY, MAY 6, 1922. PRICE, 3d

What's the Reason?

It is a common experience of those who have not realized the cause of their suffering. Day after day they are afflicted with backache and headache, suffer from nervousness, irritability, nervousness, languor and depression. Perhaps their kidneys have fallen behind in their work of filtering the blood, and that may be the root of the trouble. Look to your kidneys, assist them in their work, give them the help they need. You can use no more highly recommended remedy than Doan's Backache Kidney Pills. Endorsed by people all over the country.

Miss E. A. Barton, Letitia Street, Beaufort, says: "I am pleased to tell you Doan's Backache Kidney Pills cured me of backache and kidney trouble some two years ago, and I have been as right as a bank ever since. Frequent in my case my back was very painful, and it was only with great difficulty that I could get about. My general health was poor, and I often used to feel fit for nothing. A friend suggested I should take Doan's Backache Kidney Pills, and spoke so highly of them that I sent for a bottle at once. In a few days' time my health began to improve, and from then onward my recovery was assured, a course of the Pills curing me completely. I earnestly advise kidney sufferers to take Doan's Pills, as I know they are a very reliable medicine.

Doan's Backache Kidney Pills are sold by all chemists and storekeepers at 2/6 per bottle, or will be sent by receipt of price by Foster-McClellan Co., 12 Hamilton Street, Sydney.

But, be sure you get DOAN'S.

The latest innovation in Paris during the war is a small red electric lamp to signal that a lady is disengaged and desires to dance. **The latest innovation** in Paris during the war is a small red electric lamp to signal that a lady is disengaged and desires to dance.

The method used to have been a great success, and the number of "walkovers" in the establishment where the lamp has been introduced has been appreciably reduced.

NOTE THAT BURNS DO COAL.

Very people in London know that the Navy Hotel burns no coal. It is the best hotel in the kingdom to take advantage of fuel oil. The fact has proved the experimental method, with the result that other hotels are expected to cancel their coal contracts very soon.

In the old days the Navy burnt 28,000 tons of coal a year. Coal costs were at the door all day long. The storing capacity was one day's supply of coal; now the Navy keeps fourteen days' reserve of fuel oil.

The power behind the heating and electric light is fuel oil. Hence it pumped out of the earth by the new power. In an emergency this manager could fire his boilers without waiting his hand. The dust and the daily trouble of coaling is as much a thing of the past as the Navy as it is with an oil-fuel battleship.

Great savings will be made if the fabric is pushed with fuel before being washed.

There are 28 cases of typhoid fever in the Bendigo Hospital. In one family the mother, father, and five children have been stricken with the disease and removed to the hospital.

Being by chance his name mentioned in an advertisement in a London weekly paper, a London journalist upon replying found that he had substituted the name of a relative in Victoria valued at \$80,000.

Our oft repeated statement that we sell goods of equal quality at lower prices than other stores is as true of Dress Materials as of any other line of goods. But it isn't only the little bit lower prices that tempt you—it is the newness and beauty of our fabrics—the handsome patterns and the variety we give you to choose from. We have just opened these New Dress Goods. They are certainly the smartest we have seen, and we invite you to call and see them—they will give you an inkling as to the new fashions. We never press you to buy.

THE CASE OF LADY BROADSTONE.

By A. W. MARCHMONT, Author of "The Death of Broadstone," "The House of Broadstone," "When I was Young," "A Chapter of Partisanship," "My War in Flanders," etc.

CHAPTER II. "I have a story to tell you, a story which will interest you very much, and which will show you the true nature of the case of Lady Broadstone."

"I have a story to tell you, a story which will interest you very much, and which will show you the true nature of the case of Lady Broadstone."

"I have a story to tell you, a story which will interest you very much, and which will show you the true nature of the case of Lady Broadstone."

"I have a story to tell you, a story which will interest you very much, and which will show you the true nature of the case of Lady Broadstone."

"I have a story to tell you, a story which will interest you very much, and which will show you the true nature of the case of Lady Broadstone."

"I have a story to tell you, a story which will interest you very much, and which will show you the true nature of the case of Lady Broadstone."

"I have a story to tell you, a story which will interest you very much, and which will show you the true nature of the case of Lady Broadstone."

Main body of the story, starting with "I have a story to tell you..." and continuing through various chapters and scenes.

Continuation of the story, including scenes with characters like "The doctor," "The woman," and "The man."

Continuation of the story, including scenes with characters like "The woman," "The man," and "The doctor."

Aid The Kidneys

DO NOT ENDANGER LIFE WHEN THERE IS A WAY TO AVOID IT. Why will people continue to suffer the agonies of kidney complaint, headache, urinary disorders, lameness, backache, languor? Why allow themselves to become chronic invalids when a tested remedy, which has cured thousands of cases, is available?

INTERESTING ITEMS.

The first known moving-picture camera was made in 1827. A special job is being done in Beaufort, and the van went through the streets of the town.

The visitor to the lawyer's office was told in a friendly way that the lawyer was not at home.

"So you got an accident report, have you?" said the clerk to the man who had just entered the office.

"The wife of a farmer had a tongue that cut like a knife. One day the manager passed the farmstead, and the wife said to him, 'I wish I could have a tongue like yours, for I could cut my husband's throat with it.'"

"All right, now about the accident report," said the clerk to the man who had just entered the office.

"The man who was on a voyage to the States encountered a very severe storm," said the clerk to the man who had just entered the office.
