There was a large crowd of shoppers in the Beaufort streets on Xmas. Eve, and the local business people did a fairly lively trade. The weather was cool, and it is reported that the volume of business was not quite so great as in former years. Xmas. Day passed quietly. Church services were held in the morning. There was a cricket match at the Park, and bowlers and tennis players spent the afternoon on the green and courts. On the morning of Boxing Day a rifle match was held, and in the afternoon most people went to the sports at Arabilly and races at Learmonth, or left the two on plenicking, fishing or sheeting exempless. The majority of people spent a quiet holiday on New Year's Day, and a number of Beaufort residents valided the races, at at Burrumbeet said the said say borough and Carngham sperts.

SHIRE ENGINEER'S REPORT. At the Ripon Shire Council meeting on Monday, Mr E. J. Muntz, B.C.E. (shire engineer) reported as follows:

1. I have inspected old mining shafts complained of by Mrs Scarf at Snake Valley, and though they are not on the actual traffic roadway. I am of the opinion that they should be filled. There are not a great many roads with holes of this descripton on them, and it would not mean a great deal to fill them up gradually. This should be done particularly on roads used by children going to and from school. It is of course useless considering the advisability of filling holes that are not on roads.—Adopted, on motion of Cr. Roddis.

2. Most of the service pipes in connection with the Snake Valley water and the service pipes in connection with the Snake Valley water.

celebrated in the Ragian Methodic Church on 16th Deer, in the presence of a large congregation, by the Rev . F. Fell, Anghean manister, of Learionth and Lexton. The church had been beautifully decorated by the gr riends of the bride. The bride, who vas given away by her father, wore rock of ivory brocaded silk, draped with georgette panels, and caught of he side with pearls. Her veil was o embroidered talle, arranged with wreath of orange blossom (lent by the bridegroom's mother), and she carried shower bouquet of white heath, vhite carnations, and asparagus fern

with white streamers. As the happy couple passed down the sisle, Miss Doris Tucker played the "Wedding March," and as they left the church, Dorothy Gillingham (niece of the bride) and Bobby Johnston (cousin) leach placed a lucky horseshoe on the bride's arm. The first bridesmaid (Miss Lorna Karslake, sister of the bridegroom) wore rose pink crepe de hine, trimmed with hundkerchie is, and caught on the shoulder with a posy and ribben streamers. She also wore a picture hat of black georgette,

with ribbon chinstrap and streamers, and a posy to match. She carried a posy of white sweet peas and asparagus fein, with pink streamers, and vore a necklace of French pearls (the gift of the bridegroom). Mas Sylvia illingham (cousin of the bride) scted second bridesmaid, and wore a very coming gown of golden crepe d nine and georgette to match, with and made roses. She wore a coronet of georgette, in which golden leaves

vere inserted, and long streamers, gold shoes, and stockings. She carried a sheaf of iceland poppies, with golden streamers. The mother of the bride (Mrs Gillingham) wore navy creps de chine, with georgette trimmings and hat en suite. She carried a dainty posy of sweet peas and fern. Mrs Karslake (mother of the bridegroom wore black brocaded crepe de chine and an Oriental hat. She carried a man, and Mr James Gillingham acted

STACK MRASUREMENT.-To find the contents of an oblong stack with perpendicular ends, multiply the length by the average width (between bottom and eaves) and the product by to. height from the ground to the eaves. For the top multiply the area at the eaves by half the height to the right. The weight may be ascertained very accurately by measuring the cubic contents of a truss, and from this calculating the height at the top.
