WATERLOO.  The series of socials held at Waterloo in aid of the local recreation reserve improvement fund, have resulted in a profit of about £40. The social held at the Mechanics' Hall on Saturday night was fairly well at tended. The winners of the euchrournament were Miss E. Rutherford and Mr L. Smith, and the latter alsolutained a leg-in in the aggregate competition for the Flynn trophy. Mr W. Kay acted as M.C., and the dance music was supplied by Messrs Eric Wilson and Bert Panther. Supper was handed round.  SNAKE VALLEY.  Shearing is in full swing in the intrict. Carngham Estate and Mt. Smu have been obtained. The general pinion is that the wool is lighter han last year, but of good quality. Crops are looking well around inake Valley, and are coming into ar. With a good fall of rain, a plendid harvest would be reaped trass is growing nicely, and stock re in excellent condition.  Carngham branch of the A.N.A. at on Saturday last; the president Mr Leg. Greenbank) presiding. Two members were reported on the sick st, and accounts amounting to £8	n waldron, Middle Creek, on behalf or local residents, asking that the road by put in order near his place, which wa about a mile and a half from the main road. Those who used the road wer himself, F. Liston, G. Clarke, and J. O'Keefe. Cr. Kneebone proposed—That the councillors for the North report. Seconded by Cr. Vanstan, and carried. From Aitken, Walker and Strachan, solicitors, stating that Mr. T. G. Beggs, of St. Marnocks, was desirous of purchasing the unused roads shown or accompanying plan, and application had been made to Lands Department for same. The approval of the council was sought for the sale. It was decided to object to the sale of the road. From H. H. Hooke, Buangor, stating that Mr. Woods had indicated to him a plage where he proposed to get gravel, but the material was most unsuitable, and if

Sire, Baron Bold (871, A.O. M.S.B., C.O.), who was a champion winner in New Zealand. Dam, Jess, by Prince Boorge (85, N.Z.B.). Baron Watson has proved himself a great sire, and has aired several principal services. Baron Watson took a first prise in Melbourne show biguself as a 3-year-old. Baron Watson will only serve a limited number of marce, sphook early. Fig. 25. Terms: Half down at service, lalance when mare proves in feel, with return strikers. For further particular apply owner charge of 16 weekly. All care taken, but no responsibility. For further particular apply owner charge of 16 weekly. All care taken, but no responsibility. For further particular apply owner the following are the fixtures for to-day (Saturday):—Buangor v. Waterloo, at Buangor; Besufort Footballers v. Warburden or nake at Beaufort; Lexton v. Beaufort at Lexton.

RIPON SHIKE REPORTS.

The following reports were cleak with at the council meeting on Monday:—The North ridding councillors reported that at a meeting held on 29/10/26 and attended by Crs. Sinclair, Troy, and Mackenzie, it was resolved that Mr A. C. Bertali, electrical engineer, of Charlton, be appointed consulting engineer for the

Stockyard Hill. the pure Cycles.

A dappied dark brown horse, three white legs. 8 years did; splendid action, a good worker, and vary sure; Government certificate.

HEATHER JOCK'S sire was the imported Clydeadale stallion. UDALE (imp., 15.464, C.S.B., 316, C.), hred by William Maitland, Beq., East Balhagardly, Inverurie, Scotland. Sire. Allendele (12.418, C.S.B.); s. sire. Sir Hugo (10.924); g.g. sire. Sir Everard (5.850), who was sire of the famous Baron's Fride (9.122); g.g., sire. Too Galiant (1850); g.g., g. sire. Darnley (222); dam. Furze (1892); g.g., g. sire. Darnley (222); dam. Furze (1892); dam. Mary Bestley (10.926); g.g., g. sire. Darnley (223); dam. Mary Bastley (10.926); g.g., g. sire. Darnley (225); dam. Mary Bastley (10.926); g.g., g. sire. Darnley (226); dam. My Namie (1.688, C.S.B.), by Young Larne (977, C.S.B.); sth dam. Mille, by Peacock (886, C.S.B.)

UDALE, the sire of HEATHER JOCK, was the horse chosen to mate with best mares in the Royal show. 1988, having gained the premium price for the coverdraft was 22862/8/5, as against £1636/17/1 at last report.—

Adopted.

The secretary (Mr N. B. Acton) re-

the best Clydeadale in the show, stanions includent, and was sold later for 900 odd guineas to stand at Jung Jung.

Hearther Jock's dam was Flirt, by Kelso (108 C.S.B., Aust.); g. dam, Dunswalkan Damsel (219, C.S.B., Aust.), by Prince of Albyn (imp.); dam, Madam, by Topsell (imp.); Kelso, by Pride's Fang, Gill, N.Z. S.B.); dam, Jean, by Lord Lyon, Jean's dam, Fanny, by Heather Jock (imp.); dam, by Joseph Jok (imp.); dam, by Joseph Joseph Jok (imp.); dam, by Joseph Josep

SHIRE ENGINEER'S REPORT.

5. Pipe Culverts. - I have ordered the

necessary pipes to replace inverts across intersection of Skipton road and Western Highway in Beaufort, and also across the latter at the intersection of Livingstone street. Across the Skipton road, at the intersection of Leichardt street. propose inserting a box culvert. This can be made "in situ," and covered with lids now lying in High street. Where a similar invert crosses Havelock street, I would like to further investigate the proposed, where the intersecion of the main street and the Skipton road took place, to put in a grat-ing. He had engaged Mr Sargent to start on the inverts. He thought

course to make a satisfactory job of it. Cr. Troy—They should regrade the drain to take a covered crossing.

be left in the engineer's hands to make a covered crossing, if possible.

The following report by Mr E. F. Halford, C.E. (shire engineer) was dealt with at the Ripen Shire Council meeting on Monday:—

1. Commencing Work.—I took over my duties as engineer on 18th Oct., and since then I have been fully occupied in making myself acquainted with the conditions, both outside and in the office. I have travelled over most of the roads in the East and North ridings and some of those in the West riding. I expect to make myself more acquainted with the roads in the latter riding during the ensuing month. Compared with other parts of the State, your roads can be considered first-class, and I am very

The following report by Mr E. F. Seconded by the president, and carried.

Seconded by the president park. About 178 posts as a required for this work, and the noncrete, and president parks a state can be easen on 4th Novr., and brough for the word, and the latter has come to concrete, and president parks a state can be easen on 4th Novr., and the Novr.,

ensuing month. Compared with other parts of the State, your roads can be considered first-class, and I am very much impressed with the abundance of good road-making material in the district. In some cases where gravel roads are shawing signs of war and are understanding the manning of the state of the s are showing signs of wear, and are un-even through a lot of patching, the 7. Contract Crusher.—This has about being played on Monday night. Mr R.

BALLARAT STOCK MARKET.

Kelly and McDonald report:—Sheep—J. O'Sullivan and Miss A. Stewart 200 merino ewes from Rokewood; 187 comeback ewes, Mr F. Bodev. Beulah; 195 comeback ewes from Eurambeen East Estate, to 24/8: 280 comeback ewes. F. Halford and Miss A. Norman, 8—Final—J. O'Sullivan and Miss A. Stewart d. H. Norman and Miss Stewart d. H. Norman and Miss East Estate, to 24/8; 280 comeback ewes. Mr Gil. Smith, Waterloo (outside); 170 (outside); 93 merino wethers, Mr Leigh Harley, Lexton. 17/4; 80 weaners from large and Leigh Harley, Lexton.

HAIRDRESSER AND TOBACCONIST, TOYS! TOYS! TOYS!

WOOL SALES.

are showing signs of wear, and are use the meantime.

To Contract Crusher.—This has about finished crushing operations on the Skipton road, and owing to there being no further work, will be closing downmachines can be used for this work.—Received, on motion of Crs. Russell and Roddis.

The shire crushing plant has about finished crushing on the lillifier orad, and will then crush metal for Scott's contract. The plant has been working well, but has required one or troop working well, but has required one of contractors regarding the finalising of their contracts, or their obligation to form the stand and I have pegged and designed a flood crossing between the bridges, which is now being constructed.—Cr. Troy who congratulative specified.—Cr. Sinclair moved that the clause be received. Nothing had been done re the new belt. Would the present belt run out the season? The engineer—The shire belt was in Ballarat, and the meantime.

The shire belt in use was owned by the contractor.—I wish to draw the countractors partially complete, and if such action is not successful. I will be compelled to enforce the such and I have pegged and designed a flood crossing between the bridges, which is now being constructed.—Cr. Troy who congratulative specified.—Cr. Sinclair movel that the clause be received. Nothing had been done re the new belt. Would the present belt run out the season? The engineer—the shire belt was in Ballarat, and the meantimes the meantime of the results of the town was a good report. Cr. Troy—who congratulative that the clause be adopted. Second round—J. O'Sullivan and Miss E. Muntz (owe 15), 8—4. Second round—J. O'Sullivan and Miss E. Muntz (owe 15), 8—2; S. Young and Miss Jean Wallace (owe 30), 8—7; H. Carmichael and Miss B. Miller (owe 15), 4—8. Regres and Mrs Parker, 8—4; D. A. Regres and Mrs Parker, 8—4; D.

by the contractor. Cr. Troy—When the time arrived to send the plant out again, they could get a new belt.

3. Road Roller.—This has been repaired, and in charge of Philip Mark is now engaged rolling on the Lillirie road.

Received. The engineer—It might be a good idea to roll the track at the Park with the steam roller. Cr. Troy moved that the steam roller be brought in to roll the track. Seconded by Cr. Sinclair, and carried.

4. Road Machine Work.—On Western Highway between Trawalla and Burrumbeet has been completed, and also certain roads on Trawalla Estate. The team has now been disbanded.—

Received.

5. Pipe Culverts.—I have ordered the received for the response to replace inverts across.

Sinclair—The engineer was getting a start. (Laughtic laughting for a start. (Laughting for a start.).

The engineer—Mr Norman estimated for a start. (Laughting for a start. (Laughting for a start.).

Cr. J. Kirkpatrick said he was one constitutioned fine on getting a Coverage of the control of the

when Mr Muntz was appointed engineer. The late Cr. i.eo. Lewis and he condemned the first road Mr Muntz made, and thought he had muntz muntal munt

improve themselves. and he had not agreed

Mr Muntz had held the position of engineer, and from what he had observed and from what he knew, Mr eastern part of the State into the eastern part of the surprise. served and from what he knew, Mr Muntz had done 26 years' good work for the shire. He did not mean by that that Mr Muntz had shot his bolt, for he knew he had not done that. He expected to see Mr Muntz do a number of years' good work for the C.R.B. and the Western district. On behalf of C. McDonalo and himself, he wished Mr Muntz the best of success in his new role.

State into the when he took over as shire engineer, was not even made for a considerable length between here and Traveral to the good order the roads were in, must reflect great credit upon Mr Muntz's ability during the years he had been here. He congratulated Mr Muntz on his new appointment, and trusted that he would have many years' pleasant service with the C.R.B.

Cr. Sinclair said he was very glad. the best of success in his new role. They were very sorry to lose him from this shire, but realised that he was an acquisition to the C.R.B., and it was a good thing for this shire and neighboring shires that he had been installed here to control the C.R.B. works throughout this area. Cr. H. M. Elder remarked that it was with pleasure he supported the previous speakers. During the previous speakers.

Cr. Sinclair said he was very glad they had asked him to make the presentation. The councillors and officers had thought that if they dipped their hunds into their pockets, it would be more appreciated than if the presentation came from the general funds of the ratepayers. There were croakers in Ripon as in every shire, and the engineer was always one of the best roads in the district. The Main Lead road was not much better when he came. There was the best of success in his new role. previous speakers. During the clamed by certain ratepayers, where time he had been in the council he as the council, heng the executive, should take the responsibility. As ficer, who had attended to his duties.

Cr. Elder had said, they often shoved

Before coming to this council, he had heard plenty of complaints about the engineer, but found that the engineer was a good man to put the blame on when often the councillors were at fault. Mr Muntz was one of the best-tempered men he had ever met. He had seen him on one or two occasions when insulted or two occasions when insulted by contractors, take it as if they had a perfect right to treat him so. The position he had new got said much for his ability as an engineer. Considering the number of municipalities in the State, Mr Mentz being selected for this position showed what the heart the hand the hand

after 26 years' service as custave; [3/11/26,7]

Cr. D. Stewart (president) said he was sorry Crs. Mackenzie and McDonald were not here, and was pleased to see ex-Cr. Young present. They were about to make a presentation to their late engineer, who had been with them for 26 years. He was very glad the council had seen fit to give Mr Muntz something, as ne had been a splendid engineer and really deserved it. Cr. Sinciair and he were the only two coascalors now sitting at the table who were here when Mr Muntz was appointed engineer and health of the congratuated who were here when Mr Muntz on what he had done in the past, and hoped that in the fut-

Muntz made, and thought he had made a great mistake, but it turned out that they were wrong. It turned to do honor to their former engineer, would be a better engineer, and would be fortunate if they got as good. Mr Halford had given them a good report to-day, and they man to test nim. There were always ratepay—the public interests, quite apart from that thought he had made in the shire. The had come at great to do honor to their former engineer, would be no greater loss than to the termined to attend. He took it that he was the only ordinary ratepayer here. As the councillors had spoken so much about the work of Mr Muntz would say he would like to take the opportunity as a member of the general public to speak about Mr Muntz's work in the public interests, quite apart from that they would into the represident for giving him the epportunity to attend to do honor to their former engineer, would five many years m Beaufort to use them. There would be no greater loss than to the Church of England if Mr Muntz went aim to go further up the line, he hoped Mr Muntz would say he would remain with the Beaufort people because he loved them. Sometimes the connections had differed with the congineer as councillors, but never as citizens.

him. There were always ratepay the public interests, quite apart from his position as engineer of the shire. eer, but that was the usual thing. If they looked round Beaufort they have too claw Some said Mr Muntz was too slow, would see many monuments to the but they forgot that he had never fine efforts Mr Muntz had made in

and he had not agreed on various things, but although he had disagreed with Mr Muntz, he had found out that he (Cr. Roddis) did not know a great deal about them. It was a grand thing to have a target, and the engineer was a target for the council many a time. He had to do things councillors did not care about doing themselves. Mr Muntz had given very good service to the ratepayers. Throughout the shire he had heard workmen say they were very sorry Mr Muntz was going away because he had shown a certain amount of the district. Both in and out of the council at times Mr Muntz and he had pulled at different ends of the ratepayers. Throughout the shire he had heard workmen say they were very sorry Mr Muntz was going away because he had shown a certain amount of the district to know that he was still residing in the district. Both in and out of the council at times Mr Muntz and he had pulled at different ends of the ratepayers. Throughout the shire he had heard workmen say they were very sorry Mr Muntz was going away because he had shown a certain amount of the district, but it was very pleasing to all the ratepayer. The made up his mind to lose one's temper, but also that it was not always easy to keep one's temper. He made up his mind to lose one's temper, but also that it was not always easy to keep one's temper. He made up his mind to lose one's temper, but also that it was not always easy to keep one's temper. He made up his mind to lose one's temper, but also that it was not always easy to keep one's temper. He made up his mind to lose one's temper, but also that it was not always easy to keep one's temper. He made up his mind to lose one's temper, but also that it was not always easy to keep one's temper. He made up his mind to lose one's temper, but also that it was not always easy to keep one's temper. He made up his mind to lose one's temper, but also that it was not always easy to keep one's temper. He made up his mind to lose one's temper, but also that it was not always easy to keep one's temper. He made on various in connection with establishing a war

the C.R.B.

Cr. P. Russell said he could only repeat what the former speakers had said. He had only been in the council for less than half the time of the short time he had been in the town, that as Mr Muntz's successor who was the roads had not improved.—[Cr. Sinclair: Rot.] The whole trouble was that there had been slow improvement, and that the town, that as Mr Muntz's successor realised it. He was just thinking

Cr. Elder had said, they often shoved it on the engineer's shoulders. He had never done it, although he knew others who had. (Laughter). His wife said one must summer and win-

wife said one must summer and winter people before one knew them but he had summered and wintered Mr Muntz for 26 years, and had never seen a more even-tempered man in his life. The late Mr Jackson, who was a good engineer, had quite a different conception of making roads. When the boys went fishing and got lost at night, they used to say, "If there is any amount of which was to be say to be say to be say a sound to be of water on the road, we are in kipon shire, and if there is no water on the road, we are in Hampdon Shire."

(Laughter). If Munts altered all that by putting a crown on the roads.

(Continued on page 4.)

WELL-DESERVED RECOGNITION as good service as he had given the collection of the C.R.P., collection of the C.R.P., collection of the C.R.P., collection of the C.R.P., collection of the collecti

thats, and the other grits were in the bad voiced his opinions, and that had done hore in this power of the connections and officers to fall, and the end of n. He was glad to fire D. It follows in the individual to the D. It follows in the

Mr Muntz, in response, said it was unnecessary for him to say that he needed nothing in the shape of this but they forgot that he had never cost the shire anything for mistakes. He was glad Mr Muntz had got the position he had. The C.R.B. were trying to get the best men, and if Mr Muntz were no good, the board would not have appointed him. He trusted that Mr Muntz would be long spared to do his good work. It was a great compliment to Mr Muntz and the shire that he had been appointed to his new position. He was gloing to ask Cr. Sinclair to make the presentation and speak last, as he was elected a month before him (Cr. Stewart) and was president of the shire when Mr Muntz resigned. Gr. A. C. Roddis said he was sure they all felt sorry that Mr Muntz was going away, but still it was not fair to be selfish. They liked to see men who had worked for the council to the district. Last of all fair to be selfish. They liked to see down there, which were no doubt a men who had worked for the council improve themselves.

Mr Munt4 he had given hours and hours of time the used to be as bad-tempered as the bad given hours and hours of time the used to be as bad-tempered as the bad given hours and hours of time the mind to be as bad-tempered as the bad given hours and hours of time the mind to be as bad-tempered as the bad given hours and hours of time the mind to be as bad-tempered as the bad given hours and hours of time the mind to work with a stablishing a war.

he had heard workmen say they were very sorry Mr Muntz was going away because he had shown a certain amount of discretion. He got the best be could out of them, and always treated them as men. When a man had been in a position 25 or 26 years some people thought he got stale, and that probably a young man infused a greater amount of life into the work, but the majority of ratepayers realised that Mr Muntz had given them a great amount of valuable time, and was a man with good ideas. Mr Muntz was leaving with the best wishes of the people throughout the shire. They might go a long way before they got a better man. The people were pleased Mr Muntz was not going away from the shire. He would be of great assistance and value to the shire as C.R.B. engineer. He expressed their best wishes towards Mr and Mrs Muntz would be long spared to do the work required by the C.R.B.

Cr. P. Russell said he could only repeat what the former speakers he had been as pressed their best wishes towards Mr and Mrs Muntz would be long spared to do the work required by the C.R.B.

Cr. P. Russell said he could only repeat what the former speakers he had been and the former speakers he had been and a first-class citizen, and his family and were among the most highly respect to the town, and is first-class citizen, and his family and were among the most of them most it wished to whole of them hong life and prosperity.

Mr N. B. Acton (shire secretary) that the two while in that they would not often criticise him in that respect. The point was that his showness had telected to the severing of the relationship between Mr Muntz would find that not one single Mr Muntz would enjoy the best of health whole of the popular discharge of the proposed them and was a discharge of the proposed them and the would and proposed them should not often criticise him in that respect. The point mest of the town and him that they would not often criticise him in that they would into the two the twell will be best of the town and him that they would not often cri

realised it. He was just thinking that morning that the Ballarat road. when he took over as shire enginthere were then no such things there as roads at all. The president would remember the state of affairs at

better when he came. There was not much to blow about at Main Lead yet, but still an improvement. If people who had known these roads for 26 yearsonly thought, they would provement. One regret he had was that the council had received was that the council had received notice that the Western Highway had been taken out of their hands and put into h is.—[The president: They were very glad.]—He knew the North riding members were interested in the Western Highway, and would have a continued to pat good work into it. He was sorty that they had not had the opportunity of going on as they started. He was sorty personally, because any

WHEN PEOPLE SHOW A WAY

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of of an aching back, the annoyance of of an aching back, the pains and dangers of kidney ills, will fail to heed the words of one who has found relief. Read what this woman says:

Mrs. W. M. Newey, Stuart Street, Beautort, says:

Mrs. W. M. Newey, Stuart Street, Beautort, says:

"A member of my family is very glad she took Doan's family is very glad she took Doan's leakaged Kidney Pills. She was suffered to public use in or along which it is proposed that lines be or may at some time be laid or erected are the whole of the streets, roads, rights-of-way, throughout the said area. But the applicant at present contemplates laying down or erecting lines only in the following streets or roads within the said area:

King street, Albert street, Willoby street, Havelock street, Neill street, Cumming streets or sounds within the said area:

King street, Albert street, Willoby street, Havelock street, Neill street, Cumming streets or sounds within the said area:

King street, Albert street, King street, Stuart street, War-volled for a further particulars apply owner for supplications. All care taken, but no responsibility. For further particulars apply owner the applicant proposes to erect or lay. Twice the light on half the keroseneALADDIN MANTLE LAMPS.

The applicant proposes to erect or lay down the lines in the last preceding paragraph within two years from the granting of the now proposed Order, and to extend them we prove the proposed or t Pills her health was very indifferent; she had pains in her back, was subject to diszy attacks, and always felt tired and languid. I was pretty sure that her kidneys was a pretty sure that he was subject to dizzy attacks, and always felt tired and languid. I was pretty sure that her kidneys were out of order, and therefore strongly adopt of order, and therefore strongly adopt of order, and therefore are of Doan's

posed Order:—Nil.
Copies of the draft Order, and of the Order when made, can be obtained at price of one shilling per copy at the office of the applicant Council and at the office of the Municipal Association, 88-90 

# NEWEST FASHIONS FOR SPRING.

Style Right and Price Right. Fashions for Every Hour of the Feminine Day.

Lovely Colorful Alluring. Modes to set the heart athrill. Models that are triumphs of the style creators, breathing Spring in every fluttering drape and flare.

WOTHERSPOON'S extend Springtime greetings to clients and to visitors from afar, and cordially invite inspection of the new season's offerings at their

COSTUMES AND COATS.

The Spring Coat will be strongly in evidence, and the smart models will emphasise the straight line and the side-pressed pleat effect. Skirts are to be shorter, with flared side pleats. Full turnover collars and long sleeves will be very much favored.

AFTERNOON GOWNS. Outstanding details are the long puff sleeves—band cuffs, with tie wrists. Colors of the moment are Blush Adriatic. Regal Blue. and Rose Beige have pride of place

LOVELY NEW MILLINERY.

These are the smartest models of the season. Every important new tendency finds exclusive adaptation in the collection. In colors and shapes there is a subtle difference and added charm.

between Ballarat and Beaufort would know that he was not going to get any credit for the next few years. It was going to be a hard job to keep it in order, because he would not be allowed the money to do it. He would have been much better pleased to see the council keep it, as it would not have hurt them to give a little of the rates they would get later on When he resigned his position as shire engineer, and there were no applications three days before the meeting, he was much worried. He meeting, he was much worried. He meeting, he was much worried. He meeting, he was much work in the meeting he had done, although the done. He experience, although he had fixed ideas as to how things should be done. He experience, although he had fixed ideas as to how things should be done. He constructed a road at Stockyard Hill, and the whole of the experience, although he had fixed ideas as to how things should be were convinced that he had fixed ideas as to how things should be were convinced that he had fixed ideas as to how things should be were convinced that he had fixed ideas as to how things should be were the perionec, although the part in the same long of ellowshin, althoug

plications three days before the meeting, he was much worried. He was interested in the work in the shire, and did not want to see the work he had carried on go back. He was now pleased that they had filled the position so well. It would have been a worry to him and to them it they had got a man they could not rely on. He believed Mr Halford to be a man who would be just as much interested in the work as he had been. and who would probably carry it on and who would probably carry it on was starting under the same conditions. It was held the interested in the work as he had been. The presider who would be just as much interested in the work as he had been. And Mr Muntz came nere, he was in the council and also Cr. Sinclair. Mr Muntz came nere, he was in the work as he had been. Muntz had said he (Mr Halford) and who would probably carry it on was starting under the same conditions.

interested in the work as he had been and who would probably carry it on better than he had done. In this shire, as in all places, there were certain people who would always find fault and be always on the lookout for faults. Evidently there were some at Yarram. The president had received a letter giving reports of a case they had some time ago there. Personally, he advised Mr. Halford to let the council see all he had received a letter giving reports of a case they had some time are there. Personally, he advised Mr Halford to let the council see all he could. It would not do him or then any harm. There were people in this district who had already tried to make capital out of that. They would find out that there was nothing disreputable in it, and that Mr Halford really came out of it with his character vindicated, all though he lost the case. He knew the council too well to believe that they would allow these people to put them against Mr Halford.—[The president: It would not affect him, the had been too long here.]—He hoped Mr Halford would have a good long time here, as it was not a good long time here, as it was

# Firm Up-Teeth Sparkle

as he had had. He thanked there for the presentation, which he appreciated very much, and he hoped he would be in Beaufort for a very long time to enjoy it.

Mr Muntz's health was enthusiastically drunk, with musical honors. The president asked the councillors to drink the health of Mr Evans, assistant engineer, who was leaving for Melbourne. During the short time he had been here he had done very well, and had been a good help to Mr Muntz while the latter was making the valuation. He trusted that he would be successful in his profession, and that he would get to the top of the tree.

Muntz's health was enthusianted the council of the electric light undertaking for Beaufort. As an ordinary citizen he that daked the outside shore representatives for standing behind the North timing for Beaufort. As an ordinary citizen he thanked the outside shore representatives for standing behind the North timing for Melbourne. During the short time he had been here he had done to the following the works were the regarding of B x's cutting, the work on the creek at Beaufort, and taken in getting, the work on the creek at Beaufort, and taken in the created the outside shore representatives for standing behind the North timing for Beaufort. As an ordinary citizen he thanked the outside shore representatives for standing behind the North timing for standing behind the North timing for Beaufort. As an ordinary citizen he thanked the outside shore representatives for standing behind the North timing for Beaufort. As an ordinary citizen he thanked the outside shore representatives for standing behind the North timing for Beaufort. As an ordinary citizen he thanked the outside shore representatives for standing behind the North timing for Beaufort. As an ordinary citizen he thanked the outside shore representatives for standing behind the North timing for Beaufort. As an ordinary citizen he thanked the outside shore representatives for standing of by clearing film coat from tecth works as councilors.

TEETH seldom Telling the forms o

as he cleared his character, but was met In returning thanks, Mr Evans said his association with them as as-Results are quick and surprising sistant-engineer had been very pleas- citior curing his campaign made a cerant In his future experience he was sure that the fact of his having been associated with such an excellent body of men as the councillors of the Shire of Riven would be of the Shire of Riven would be of the statement, and this councillor went into the box and said, "I did not say it." The defence was impregnable.

To expending, the president said they thus scientifically fought. Get be Shire of Ripen would be ci tried to do their best and give a fair Pepsodent now from any dealer.

of the Shire of Ripon would be of great benefit to him.

The president extended a hearty welcome tto the new engineer, and proposed a toast in his honor. He could see what a fine lot of chaps they were. (Laughter). He trusted tries to do their best and give a fair deal to the ratepayers. He hoped they would continue to do that. He had ten to other councils, and always said they conducted the r business here just as well as in any shire he knew of.

Mr Muntz—when he came here as en-
