In responding, Mr Welsh thanked

To mark the conclusion of an enjoyable and successful season, the Rarlan Football Club entertained the players and officials at a dinner at Mr W. Liston's Railway hotel, Beaufort, on Saturday night. There was an attendance of about 30, and Mr M. Welsh (president of the club) presided. A very tasty repast was provided by the host and hostess, and the Misses Maher, Crocker, and Jess ated as waitresses.

After the loyal toast had been honored, Mr K. W. Lewis proposed "The Learmonth Football Association." It was the club's first year with the enew association, he said, and his first year with the club, so he could not make a comparison with the other association they had been in. They would all agree that the Learmonth Association had been very efficiently managed, and that the president and secretary worked well together, although aged, and that the president and sec- cheers for Mr and Mrs Liston. rough, blunt, and hard, and some-

Mr J. E. Wallish, who responded, endorsed the remarks of Mr Lewis as to the efficiency with which the association was run. His view was that the football was no better this season than last, although the teams played a more "Play on" game than Raglan had been used to. "Insult to Council."

At the Riponshire Council meeting on Monday, a letter was read from the Municipal Association of Victoria, intimating that a bill to amend section 493 of the Local Government Act had been introduced into the Legislative Assembly by the Government, providing that the power conferred on the council of any municipality to stop certain kinds of traffic on a street or road shall not be exercised without the approval of the Governor-in-Council. During the debate statements were made by the Minister in tharge of the bill and members supporting it that some municipal councils were administering the section in an unfair manner and discriminating between sections of the community; it being alleged that in some shires the carting of wood on certain roads has been prohibited, while heavy motor vehicles are allowed to use the same roads without restraint. The association asked for statements from councils that have closed roads to wood carters in answer-to the foregoing allegation.—Cr. Sitchlir moved that the district Parliamentary representatives be asked to strenuously oppose this bill, which was an insult to and a alter on the council. This council had never stopped woodcarters. Whilst the council gave good roads, the Government took all the timber royalty. RAGLAN.

There have been three basketball matches between Raglan and Waterloo lately. As both schools have found it necessary to teach the boys the game to give the girls practice, they met to see which had done the job the better. The match took place at Waterloo on Friday, Sept. 30th. The Waterloo team was, if anything, the faster and surer team, but Raglan had two boys (E. Tiley and S. Maher), who in the centre)

On Saturday, October 1st, the Watof Saturbay, October 1st, the war-erloo senior girls' team travelled to Raglan. A cold, windy day was against good play, but had the effect of livening up both teams, who of livening up both showed a surprisingly good knowshowed a surprisingly good know-ledge of the game. The small court suited the lighter Raglan girls, who were able to pace it with their opponents, who were really the faster. The game was even right throught. In the fifth round, Waterloo put forth a great effort and added four goals, giving them a lead of two goals. Half-way through the last round, Raglan had not scored, but coming with a final rush added the three goals needed for a win, the last being accreed just before time.

Lake Burrumbeet. Reports us to the state of Lake Burrumbeet show a state of affairs by no means encouraging. The lake is stated to be rapidly falling,

and anyone who desired to swim would have to go out some 20 chains. The lake bottom is showing mud in great areas, and every day the area seems to be crowing. No water is going into the take from any of the creeks. The lake circun ference is 27 miles, but already a great deal of this is semicry land. It is stated that Lebe Bureombeet has not been so low since 1914. In 1992, as is well known, it dried up altogether.

Ararat Shire Council.

At the Ararat Shire Council meeting on Tuesday, 11th inst., the engineer (Mr Speed) reported.—From Brebner and Osborn, asking for the road from Coniston to be gravelled. There are about 30 chains in all from the end of the gravel to the Yalla-y-Poora road.—I would surgest that 12 chains be gravelled this year, and the balance left till some later perwill place a sum on their estimates. I suggest that we should do the same up to £50. From M. O'Loughlan and J. A. Lewis, asking for works on the Geelong road.—I would suggest that 30 chains he graded on the east side of J. A. Lewis', and that no further gravelling be done this year. A good piece was done last year, and the balance could stand over till next year. A later petition asked that pieces be graded on road from Porter's bridge to Tatyoon.—There is a piece of 22 chains that wants gravelling at the cross roads. I would suggest that the piece stand over for the present, and about 30 chains be graded from Dixon's gate towards Porter's bridge, and that that be the only work done on that road this year. He also suggested the following work:—Regrading about two miles, to start on the Warrak to Euangor road at the Buangor end. The council received a letter from H. H.

Clear Up, Shine Like Jewels

Cet Pepsodent - Works wonders by clearing film coat from teeth

TEETH seldom are naturally "off color." Most often they're merely coated with a film that forms on teeth and which absorbs discolorations from food, smoking, etc. By clearing it off, one's whole

appearance may be changed. Old-type dentifrices failed to remove that film successfully. That's why brushing has failed you. Now leading dentists urre the special film-removing dentifrice, Pepso-

dent, for this purpose.

Results are quick and surprising. Film coats go. Teeth whiten; sparkle like jewels. Bacteria that thrive in film are combated: tooth decay, gum troubles and pyorrhea scientifically fought. Pepsodent now from any dealer.

The Riverina of New South Wales was also represented. The Western District wools, although lighter in condition and finer than the preceding clip, are sounder than was generally expected, but are more thinly grown and earry more dust. ABOUT FROCKS.

While endeavouring to maintain the slender and straight lines in the new models, there are many later treatments to be added in Soft Drapes, Belted Lines, and Swathed Hips, which characterise daytime frocks. Pintucks, Fine Pleatings and Folds are applied in the most varied manner in vertical, horizontal and ob ique lines. The sleeve is again long with a suggestion of fullness at the wrist. This applies to daytime frocks, but many sport models are introducing half-sleeve and sleeveless effects.

ABOUT COATS AND MILLINERY.

The Spring Coat is all important, and must be carefully considered. The slim straight effect will be a factor in the collection presented.

Lovely New Millinery.

These are the smartest models of the season. Every important new tendency finds exclusive adaptation in the collection. In colors and shapes, there is a subtle difference and added charm.

even though it had the least percentage of ratepayers. It was intended to put their section in proper order, and in the part of any council to keep sloof from its neighbors. He differed that remark in a purely freindly spirit, and noped that all would come together. (Applause.)

Cr. P. Russell said that the Ripon Shire, and also many people in the Carngham, Streatham, and Mt. Emu districts recognised the road as their nain entry to the Ballarat markets. Ballarnt at Greenville spires knew what the traffic was on the side roads, but the direct road, if properly made, could carry it all through, and the side roads would be available for local traffic. After all, the shortest routes were the best for any shire, and the Carngham direct road was the best in this instance. At one time as an old coach road it was the best in the west of Victoria, though being built of white quartz, it was very dazzling to the eyes in bright weather. There was plenty of material available for the re-building of the road, and he hoped all three shires would agree to the work. It was the direct market road to Ballarat.

ABOUT FROCKS.

While endeavouring to maintain the slender and straight lines in the new models, there are many later treatments to be added in Soft Drapes, Belted Lines, and Swathed Hips, which characterise daytime frocks. Pintucks, Fine Pleatings and Folds are applied in the most varied manner in vertical, horizontal and ob ique lines. The sleeve is again long with a suggestion of fullness at the wrist. This applies to daytime frocks, but many sport models are introducing half-sleeve and sleeveless effects.

Saturday, November 12th
Mr Betheras suggested that when
the Maryborough Highland Society's Bowling team came here, the local Thistle Club be asked to meet them. It was resolved to ask the Mary-borough Club to visit Beaufort on Saturday, November 19th, or the first week in December, and to request The adjourned annual meeting, first week in December, and to request which was of a very enthusiastic them to arrange for a return visit nature, was held at the Mechanics' from Beaufort on a subsequent date.

Dr. Humphreys urged that each member should practise in his own particular position in the team, and Mr A. Betheras, who was voted to particular position in the team, and the chair, said it was very gratifying that at the beginning of the season, skippers, and Nos. 1, 2, and 3 players should be chosen. If they could not Apologies were received for the get sufficient matches with other non-attendance of Messrs D Steven-clubs, they should divide the club into reds and blues, and play mat-

ches against each other. Mr Bowe said the trouble was taking the men they could get when going away.

After further discussion, it was resolved to consider Dr Humphreys' idea about picking men to play in £226. It only required a little push certain places later in the year, and on the part of the committee to bring to adopt the suggestion in regard to eds and blues almost immediately. Dr. Humpnreys moved that the match committee divide the club into reds and blues when they thought it necessary. Seconded by George, and carried.

## NO REASON FOR IT

WHEN PEOPLE SHOW A WAY There can be no reason why any of an aching back, the annoyance of urinary disorders, the pains and dan-

gers of kidney ills, will fail to heed the words of one who has found re-lief. Read what this woman says: Mrs. W. M. I was pretty sure that her kidneys were out or order, and therefore strongly advised her to take a course of Doan's Backache Kidney Pills. They acted splendidly, and she is now a firm be hever in them. It is three months since the cure was effected, and there has been no return of any distressing symptom of kidney trouble, a fact that speaks volumes for this splendid remedy. I am sure sufferers from backache and kidney trouble cannot

do better than take Doan's Backache Two years later, Mrs. Newey says: "The cure referred to still holds good. Cured over two years ago and still well proves that Doan's Pills give

## DISTRICT SCHOOLS.

[Items from district schools will be ublished under this heading.]

BEAUFORT H.E. SCHOOL.

One of the conditions upon which the Higher Elementary School was established in Beaufort was that the residents must provide the sum of 2200 a year for five years. The members of the Mothers' Guild and school committee have worked stren-uously to raise this meney. Three months ago the erection of the new building was commenced, and it is now nearing completion. It consists of a new class room, a preparatory room, and a fine, wide vestibule. It is a handsome brick structure, the outside being rough cast, whilst the green tiled roof adds considerably to

its architectural beauty. The science room is of the most modern type. The demonstration table and type. The demonstration table and children's benches are fitted with water sinks and electric power plugs for experimental purposes. The for experimental purposes. room is equipped with every necessary for the successful treat-ment of this subject, and for the children to carry out the practical work. The children have been watching the erection of their school with interest and pleasure, and expect to commence work in it during the present month. The opening of the school will be the means of placing a secondary education within the reach of nearly all the children re-siding within the Shire of Ripon. It is expected that the official opening

will take place shortly.

Teachers in the Ballarat district are impressing upon their scholars that Adam Lindsay Gordon spent several years in Ballarat, and that Beaufort is the birthplace of Bernard O'Dowd, whilst Ballarat claims Edward Dyson.

Scholars in the Beaufort district have thoroughly memorised Mr O'Dowd's beautiful poem, "Resurgent." Dyson's well-known poem, "The Old Whim-horse," giving a clear idea of the early mining days, has been studied, and nearly every pupil in the district knows one of Gordon's poems. ### RIFLE SHOOTING.

On Saturday afternoon there was fair attendance of riflemen at the Beaufort club's range, and a competition for a silver spoon was fired at 500 yds. The winner was the former local champion, D. F. Troy, who showed a dash of his old-time form by scoring 39-4-40. W. J. B. Johnson (39-2-40) was the runnerjup, and next on the list were:—
imcCook, 35—7—40; A. M. Parker,
32—9.3—40; T. G. Beggs, 35—4—39;
A. E. Hughes, 33—3—36; P. Smith,
29—4.3—33.3; and J. J. McCarthy,
28—3.6—31.6. The matches for the
Bennett Cup and the ordinary agents Bennett Cup and the ordinary events will be fired at 600 and 700 yds. today (Saturday).

We take the following from the Ballarat "Courier's" column recalling events of 25 years ago:-"At Beaufort on Thursday there was a great gathering in the Societies' Hall, when Cr. R. A. D. Sinclair presided over a concert in aid of the Methodist circuit fund. The contributors to the programme were Miss A. Jackson, C. Tompkins, Mr J. C. Bedford, Miss Andrews, Messrs W. J. Hill, C. Jones, A. McDoggall, and W. Holdsworth (Beaufert Brass Band), Mrs Cunnington, Messrs H. Regers and N. Davy, Mrs Hughes, Misses F. Wilson, Leitch, Dwyer, and M. Jackson.
