LEARNMOUTH COMPETITION. BEAUFORT V. BURRUMBEET.

Although they defeated Burrumbeet by 31 points at the Beaufort Park on Saturday, in the presence of a fair number of spectators, the local team did not show anything like the good form that characterised them in recent matches. There was plenty of excellent individual play, but team work and cohesion were lacking. The visitors held the Beaufort team in check for a long time, and although they made the trip fully expecting to be easily defeated, at times hopes of victory rose high among their supporters, and they were justified. Towards the end of the third term Burrumbeet were only three points behind their opponents, who subsequently got a couple of goals that gave them a lead of 15 points to start the closing quarter. After that Burrumbeet were 18 points behind Beaufort, but the locals got a move on again, and won by 31 points. There is a good deal of young blood and promising material in the Burrumbeet team, and they should be well up on the premiership list in the final stages of the competition. Steele acted as central umpire, and although thoroughly impartial, allowed too much latitude. This did not improve the game, which was a rather scrambling one. The visitors put up a creditable goal-shooting performance by obtaining eight major points out of nine scoring shots, whilst Beaufort had 25 scoring shots, out of which they bagged 11 goals. The goal-umpires were Messrs J. Hewitt and B. Grunty, the boundary umpires Messrs E. Wilmot, Ron Dunn, and R. Pringle, and the timekeepers Messrs W. O'Sullivan and H. Nunn. The teams were:—
Beaufort—J. E. Wallish (captain), N. Lardner, H. Lardner, C. Pringle, G. Gellie, G. Grant, I. Grant, Joe Lamb, Jack Lamb, R. Smith, J. Fisher, J. Cole, D. Lynch, L. Hopkins, E. Broadbent, L. Fitzpatrick, K. Lowe, and T. Allender; 19th man, K. McErvale.
Burrumbeet—Mitchell (captain), Haley, Arnot, Stevens, Powell, Ellis, Thomas, Dobson, Rawlings, W. Walton, Barnes, Young, J. Walton, Chisholm, Burke, Ron. Dunn, Draf, fin, and Charles; 19th man, Wilmot. Give and take play occupied the opening minutes, and Beaufort were the first to score. During the term Jack Lamb found the opening, but the ball was touched and only a single recorded. Burrumbeet did not score in this quarter, but they convinced the onlookers that Beaufort must treat them with respect. The local team accounted for 1 goal 3 behinds.

Early in the second quarter Burrumbeet opened their account with a single. In this term Beaufort had five scoring shots for 2 goals 3 behinds, and Burrumbeet scored three times for 2 goals 1 behind. Rain fell during the quarter, and it was evident that Burrumbeet were capable of putting up a more brilliant performance than anticipated. The scores at half-time were: Beaufort, 3 goals 6 behinds; Burrumbeet, 1 goal 1 behind.

In the third term Beaufort had six scoring shots, bagged 2 goals 4 behinds; Burrumbeet scored a couple of mistakes of goal play on the Beaufort side for the afternoon took the ball from end to end of the field; Pringle, Broadbent, and N. Lardner being responsible. Towards the end of the term, Burrumbeet, who had been holding Beau-

port well, were only three points to the bad, but goals scored by Fisher and Jack Lamb gave the home team a safe margin. A word of appreciation is due to Joe Lamb for his fine defence work for Beaufort in this quarter. Scores at three-quarter-time were:—Beaufort, 5 goals 10 behinds; Burrumbeet, 4 goals 1 behind.

At the outset of the closing quarter, Beaufort had a lead of 15 points. After the home side had registered three singles, N. and H. Lardner smartly passed the ball to L. Fitzpatrick, who raised the twin flags for them. H. Lardner got the next Beaufort goal with a snapshot, and then Chisholm obtained two goals in succession for Burrumbeet, and reduced Beaufort's lead to 18 points. Hopkins marked in position, and scored Beaufort's eighth goal. Jack Lamb bagged another "sixer" for the home team, and followed it up with a single. Burrumbeet again took a hand in the game, and Arnot and Stevens each scored the possible number of points for them. Shortly after, Bob Smith, a Beaufort player, had the misfortune to sprain his ankle. Beaufort's tenth goal came from the boot of Ivan Grant. A little later, the same player had a standing shot at a very acute angle, and registered the home side's eleventh major point. It was an almost impossible feat, and he was loudly applauded for it. The final scores were:—Beaufort, 11 goals 14 behinds (80 points); Burrumbeet, 8 goals 1 behind (49 points).

The goal-kickers were:—Beaufort—Jack Lamb (3), L. Fitzpatrick (2), N. Lardner, J. Fisher, H. Lardner, and E. Hopkins. Burrumbeet—Chisholm (5), Arnot (2), and Stevens. On the winning side G. Grant, Jack and Joe Lamb, T. Allender, J. E. Wallish, J. Cole, N. Lardner, J. Fisher, E. Broadbent, and H. Lardner were the best players. After half-time C. Pringle marked and kicked well. Gellie was prominent at times, as was also D. Lynch (full back).

For Burrumbeet good service was rendered by Mitchell, Ellis, J. and W. Walton, Young, Barnes, Burke, Chisholm, and Haley.

NOTES.

Judged by the stand they made against Beaufort on Saturday, and the promising material in their team, Burrumbeet should be well in the picture in the final stages of the Learnmouth competition.

Beaufort will have to show a great improvement on last Saturday's form to crack that tough old nut, Learnmouth, to-day.

Mitchell played a fine game for Burrumbeet, and was regarded as one of the best men on the ground.

Ellis' splendid work on the back line was very praiseworthy.

The Walton brothers also did well. Burke was a conspicuous figure. Chisholm bagged five goals in good style, and Arnot accounted for a couple.

The outstanding figure of the Beaufort side was George Grant, who is without doubt a footballer above the average. Ivan Grant got two goals very nicely, one being from an almost impossible angle.

His general play also showed improvement.

Jack Lamb did a very creditable job, and was responsible for three of Beaufort's goals; Laurie Fitzpatrick getting two.

Joe Lamb and Des. Lynch, on the back line, thwarted many of Burrumbeet's efforts to score. Theo. Allender went through in his usual irresistible style.

Jack Wallish was as good as the best in the team, with the exception

of George Grant. The veteran QB still get up a burst of speed at a pinch, and his weight does the rest. Jack Cole is improving every match.

Norman Lardner was again a very useful man.

Jack Fisher went smiling through, and is one of the most valuable units in the team.

Eddie Broadbent played with his usual dash and determination.

Trusty as ever, Horrie Lardner made most of his opportunities.

Cliff Pringle did not wake up until after half-time, when he took a number of difficult marks, and sent many a long-range kick towards Beaufort's goal.

Several speedy and telling dashes were made by George Gellie.

Following are the fixtures for to-day (Saturday):—Beaufort v. Learnmouth, at Beaufort; Waubra v. Lexton, at Waubra; Burrumbeet v. Avoca, at Burrumbeet.

OTHER MATCHES.

With 17 men in the field, Avoca were defeated by Lexton, after an evenly-contested game had been played on the latter's ground. Scores in each quarter were:—First—Lexton, 1 goal 1 behind; Avoca, 1 behind.

Second—Lexton, 1 goal; Avoca, 2 behinds. Third—Lexton, 1 goal 2 behinds; Avoca, 3 goals 2 behinds.

Fourth—Lexton, 2 goals 3 behinds; Avoca, 1 goal 1 behind.

Final scores:—Lexton, 5 goals 6 behinds; Avoca, 4 goals 6 behinds.

Lexton won by 6 points. Goal-kickers:—Lexton—C. Giles (4), A. Dethridge. Avoca—R. Watts (2).

K. Astbury (2). Prominent players for Lexton were J. Simpkin, C. Giles, W. Palmby, V. Armstrong, J. Rasdell, L. Rasdell, A. Dethridge.

For Avoca R. Watts, K. Astbury, E. G. Howell, H. Powers, J. Bowen, R. Romey, R. Hellings, W. Harris, and A. Studd were conspicuous. R. Wise, of Ballarat League, umpired impartially.

Waubra, 8 goals 9 behinds (57 points), defeated Learnmouth, 6 goals 10 behinds (46 points).

ARARAT COMPETITION.

At Warrak on Saturday, two old Ripon Association rivals, in Warrak and Buangor, met. Edwards, as central umpire, kept a firm hand on a game inclined at times to get unnecessarily rough. Buangor led at the first change by 2.7 to 1.2. During the second quarter, J. Gillingham, of Raglan, was injured while coming through, and he was carried off the field, and later had to have three stitches inserted in a cut under the chin. Buangor retained the lead at half-time by 2.9 to 2.7.

Shortly after the resumption, Donnelly had to be taken off because of the recurrence of an old knee injury, and both teams were playing their nineteenth men. In the third quarter Warrak scored 7 behinds, and Buangor replied with 3 goals 4 behinds. Buangor maintained the ascendancy they had from the start, and the game ended with the scores:—Buangor, 8 goals 15 behinds (63 points); Warrak, 2 goals 16 behinds (28 points). The goal-kickers were:—Buangor—Hovey (2), Green (2), Drew (2), Wilkinson, Irving. Warrak—Shields, Donnelly. The best of an even side for Buangor were C. Waldron, Clark, Meadows, Petrie, Wilkinson, Nairn, L. Waldron, and Drew, while Warrak's best were Lewin, Harbour, Donnelly (till injured), DeClercq, Pyke, Thomas, Donoghue, and Shalders.

BEAUFORT POLICE COURT

MONDAY, JUNE 1st, 1931.

(Before Messrs H. P. V. Elliget, J.P.M., and L. Smith, J.P.)

Unlicensed Hawker Calls at Police Station.

Senior-constable R. McCormick charged James Reid with having, at Beaufort on 16th May, 1931, carried on the business of a hawker without having previously obtained a licence. Defendant pleaded ignorance of the fact that he had to have a licence.

Senior-constable R. McCormick, Beaufort, gave evidence that at about 3 p.m. on the 16th of last month defendant called at the police station, and endeavored to sell goods he was carrying in a suit case. The goods comprised household medicines, perfumes, and spices. When asked why he was selling on a Saturday afternoon, defendant said he was trying to earn an honest living. Witness said it was unfair to sell on a Saturday afternoon, when the shops were closed. Defendant replied that the shops did not trouble him. Defendant also said he was selling for one firm, and did not have a hawker's licence. Witness also had a lot of trouble to get defendant's name and address, and defendant admitted that he was not a partner of the firm.

Defendant—He threatened me to get my name and address. I did not know he was a policeman.

The P.M.—You went to the police station.

Defendant—When he told me he was a policeman, I gave it to him.

The P.M.—You would expect to find a policeman at the police station.

Senior-constable McCormick—Afterwards, he did not think defendant knew it was a police station.

Defendant—He was ignorant of the fact that he had to have a hawker's licence.

The P.M.—He had to have a hawker's licence unless he was a manufacturer. The matter of the Saturday afternoon selling was one for the Factories' Act.

Defendant—All he could say was that he was waiting till he got an agency for himself. He had two securities for the purpose of getting stock on credit. He was giving it up, and was only going round now collecting outstanding debts. His firm were making enquiries as to the securities, and some people took offence at the enquiries they were making, and wished to withdraw.

The P.M.—Would it not be better for you to get a hawker's licence?

Defendant—He could not go ahead with it now. He had been out of employment for 11 months, and could not find work. He got the chance of this job, and took it. He was an engineer by trade, and had never been in the hands of the police in his life before.

The P.M.—No doubt defendant should have had a licence, and he was liable to be fined £30. He should have answered the questions of the senior-constable. He was not dealing with the matter of the Factories' Act now, but only that of the hawker's licence. Defendant had been pretty hard up against it, and under the circumstances, the Bench proposed to impose the small fine of 10/. If defendant had gone in and found out about a licence, it would not have cost him much.

Defendant paid the fine.

Arrears of Maintenance.

Senior-constable R. McCormick proceeded against Horace Lardner for having, on 21st January, 1931, neglected to pay arrears of maintenance amounting to £12/1/9.

Senior-constable McCormick said the case had been adjourned twice previously. Defendant had been unable to pay the arrears. He had been away working, and had not paid any amounts since. He owed £24 altogether, and had not attempted to pay. De-

endant gave evidence as to his position in February.

After receiving the usual warning, defendant elected to give evidence. He stated that he lived at Beaufort, and was a carrier's laborer. The last time he was here he stated that he had not been working till then. He afterwards got a job threshing at Lake Bolac, and only had a few shillings. He got about £1 from Mr Brown. This was not the only expense he had. He was getting pressed everywhere, right and left, and was threatened with being summoned, and he thought it just as well to try and square off what he owed.

The P.M.—Leaving nothing at all, not even 5/?

The defendant—He had done nothing since, and there was no prospect of work, and he had to pay his board. That was all the work he had done for the year. He had tried to get work farming with Mr Stevenson, and was working for him for three days for "tucker," and there was 15/ coming to him. He had tried to get work wood-cutting, and would take on anything.

Senior-constable McCormick—Defendant was a single man.

The P.M.—He would have to go to gaol or wipe off his arrears.

Senior-constable McCormick—He thought they had been very fair with defendant, but he thought he could have paid a little at a time, if it were only 1/.

The P.M.—It would have shown that his intentions were good, anyhow. He (Mr Elliget) did not propose to wipe off a penny of arrears.

Defendant—He was only too willing to make it up.

The P.M.—Defendant did not show his willingness very much.

Senior-constable McCormick—Defendant had been troublesome on several previous occasions, but he had paid it.

Mr Smith—Had defendant tried flossicking?

Defendant—No.

The P.M.—They had to carry out the law.

Defendant—He was paying 25/ a week for board to his married sister.

The P.M.—He would adjourn the matter to 6th July. The Bench were not satisfied that defendant had done a fair thing. The police could make enquiries before 6th July. They did not propose to wipe the matter off. Defendant would have to pay up sooner or later, or go to gaol. If he even paid 5/ or something like that, it would show his intentions. The whole matter could be enquired into generally so that it would be before them next time.

Debt Cases.

Edward Stanton Crouch sued Henry Nolan for the recovery of £10 15/ owing for work and labor done. No notice of defence was filed. The Bench gave an order against defendant for the amount claimed, with £1/6/6 costs.

Having been settled out of court, another debt case was withdrawn.

Carrier's Licence.

William Alexander Petersen applied for a carrier's licence. The police having no objection, the application was granted; the senior-constable stating that applicant had formerly held a licence at Swan Hill.

Applications for Pensions.

Several applications for old-age and invalid pensions were dealt with by the P.M.

Meeting of Ratepayers at Lexion.

What is claimed to be the largest meeting of ratepayers ever held in the Shire of Lexion took place on Thursday, 27th ult. The meeting was held to protest against the present high rates prevailing in the shire, and to seek a reduction in the same, and also in overhead expenses. The meeting decided unanimously that a deputation wait on the council at next meeting, urging that the rate be reduced to 1/, and the services of the engineer be dispensed with on three months' notice from the council meeting.

Schlicht, 106—32—74; Mesdames Wotherspoon and Thompson, 114—35—79; Mesdames Kelly and Halpin, 116—35—81; Mesdames Harris and Williams, 110—27—83; Mesdames Acton and McKay, 124—36—88.

The play-off in the tie for the Hodge Cup resulted in a win for Mrs. T. Williams. Scores:—Mrs. T. Williams, 47—10—37; Miss B. Schlicht, 50—11—39.

A singles handicap over nine holes was played by the men, and was won by R. E. Halpin with a net score of 35. Leading scores were:—R. E. Halpin, 41—9—35; P. George, 49—13—36; H. E. Cuthbertson, 54—16—38; R. T. Macdonald, 49—9—40.

DISTRICT NEWS ITEMS.

TRAWALLA.

Empire Day was celebrated at the local school on Friday, May 22nd, by holding the usual picnic. The inclement weather prevented the children taking part in the races, which events were postponed until a later date. The children and parents were addressed briefly by Cr. H. P. Mackenzie, of Trawalla Estate, on the object of Empire Day. Later, all partook of afternoon tea, and each child received a bag of lollies before leaving for home.

Owing to the rains setting in early, few farmers have been able to complete cropping operations, and the acreage under crop will be considerably less than in previous years.

RAGLAN.

The Raglan Tennis Club ball, held on Wednesday, May 27th, provided an enjoyable time for dancers from Raglan and the surrounding districts; visitors being present from Beaufort, Lexion, and Waterloo.

Good music was provided by the Beaufort Pioneer Orchestra, consisting of Mrs. Grant (piano), Messrs Wilson and G. Cuthbertson (violins), A. Boyd (banjo and flexaphone), Townsend (saxophone), and W. Day (drums). Mr. L. Tucker carried out the duties of M.C. in his usual efficient manner, while Messrs J. Hutton and K. W. Lewis shared the duties of ticket-seller and door-keeper. Complimentary remarks about the decorations were heard on all sides; pink and black streamers forming the main motif, while the stage was made up to represent a tennis court. Much credit is due to those who assisted in all the necessary preparations, especially Misses J. McPherson (secretary of the social committee) and L. Tiley, who were indefatigable in their efforts to make the ball a success. A chocolate dance was won by Mr. J. Day and Miss Irving. A waltzing couple were the judge. From a good entry he chose Mr. I. Cheese-man and Miss Smith as the winning couple. The music was so enjoyable that an extra hour was demanded, and the dancing terminated about 3 a.m.

The Saturday night socials at the Raglan Hall continue to be successful; the Tennis Club and school funds benefiting by various amounts. The Tennis Club is raising funds to lay down a new court, and the present aim of the school committee is to fit out the boys with football uniforms, not forgetting that the girls must have a share. With these views in view, attendances continue good, despite the depression. First-class music has been supplied, and the floor kept in good order. In addition, the M.S.C. (Messrs L. Tucker and J. Kelly) can be relied on to keep things moving till midnight. The ladies provided supper at the nominal charge of 3d. Dances are to be held in aid of the Tennis Club and the Buangor Football Club (who recruit nearly half their team from Raglan).

The Buangor football team, which contains players from the Buangor, Raglan, and Fire Brigade teams of the last year, is holding its own in Ararat competition. Its strength lies in a solid back division, and the clever "mosquito fleet" round the centre, while the followers and forwards do all that is required of them. They met and defeated old rivals at Warrak last Saturday. Buangor's big test comes to-day (Saturday) when they will have a chance to prove whether they can maintain their improved showing on the big Ararat ground against the Methodist team.

AUSTRALIAN-MADE GOODS.

Illuminated Van Visits Beaufort.

As a means of educating the public and impressing on them the necessity of buying Australian-made articles, an illuminated van, in charge of Captain S. Ornstien, visited Beaufort on Friday, 29th inst., and a large crowd congregated round the van to view it, see the pictures, and hear what the speaker had to say. The van is fitted up with moving pictures, and industrial films of Swallow & Ariell's, Fayrefield hats, Ardmona canned fruits, Laxettes, and Prestige hosiery, as well as comic and interesting films were shown.

During the course of his speech, Captain Ornstien stated that he had visited many factories in Melbourne, and explained the manufacture of Fayrefield hats, Vocation records, Prestige hosiery, cyclone fences and gates, Rinoldi Macaroni, and Kiwi polishes, and described the work of the Federal Distilleries, and the many benefits derived by children taking Laxettes, and the uses of Atkins' Quinine Tonic wines. The interest in Australian-made goods should be such that everyone would make a point of asking for them, and not giving preference to a foreign article in future. As long as they bought Australian-made goods, they were going to help put this country on the footing where it should be to-day.

Broadcast music of the famous Vocation records was given during the evening.

The undermentioned manufacturers are sponsoring the tour, and are to be commended on subsidising such a laudable object:—Cyclone Fence and Gate Co., Thas. Reynolds (the manufacturer of the famous Rinoldi Macaroni), Kodak (Aust.) Pty. Ltd., the well-known Fayrefield Hats, Swallow & Ariell Pty. Ltd., Laxette Manufacturing Co., Ardmona Fruit Products, Prestige Ltd., A. W. Allen Pty. Ltd., Kiwi Polish, Century All Australian Batteries, Vocation Records, Federal Distilleries, Hutton's Hams, and 3 D.B. Broadcasting Station.

Fire Brigade.

Eight members of the Beaufort Fire Brigade were present at the monthly meeting on Monday night; Captain J. J. Fitzpatrick presiding. The captain expressed regret at the departure from the town of Reserve-member Ben Trowell, and wished him a happy and prosperous future. Accounts amounting to £3 11/11 were passed for payment. It was resolved to send a letter to Fireman J. Hunt, sympathising with him in his illness. It was decided that the next practice night be a full-dress parade, and that the next social be a euchre tournament only. Firemen N. Lardner and J. Kelly were appointed for hall duty for the month. Mr. J. Pearce was placed on the reserve list.

In addition, the M.S.C. (Messrs L. Tucker and J. Kelly) can be relied on to keep things moving till midnight. The ladies provided supper at the nominal charge of 3d. Dances are to be held in aid of the Tennis Club and the Buangor Football Club (who recruit nearly half their team from Raglan).

Mr J. Vowles, of Langi-Kal-Kal, was very successful at the Elaine coursing meeting on Saturday last; his dog, Flying Angel, being the runner-up. Mr Vowles has two other dogs (Termin and Plane Amy) in training for the coming coursing season.

Legislative Council Election.

The election of a representative for the Nelson Province in the Legislative Council takes place to-day (Saturday). The retiring member, Hon. E. G. Bath, is being opposed by Mr G. Hucker. The polling booth at Beaufort is at the Shire Hall, and the hours of polling are from 8 a.m. to 8 p.m.

Motors Meet at Corner.

On Monday morning a Buick car, driven by Mr Bauleh, of Lexton, swerved to avoid another car driven by Mr A. Wright, of Addington, at the school corner, Learmonth, which is hidden from view by a hedge on either side. The Buick narrowly missed a telephone post, and was brought to a standstill in a drain on the opposite corner. The car was slightly damaged; one wheel and a front spring being broken. Mr Bauleh and his friend, Mr W. Morvell, both escaped with a shaking.

Thistle Club Social.

A card social and dance, held by the Beaufort Thistle Club at the local Picture Theatre on Wednesday night, was attended by many members and their friends. The euchre tournament was won by Mrs Willis and Mr Geo. McCracken; the prizes at the secret table going to Mrs W. Nevev and Mr P. T. Stevenson. The dance music was supplied by Miss M. Roberts; Mr W. Manson acting as M.C. A card dance was won by Mr W. Chibnall and Miss Amy Glover. The ladies provided supper. The secretarial duties were in the hands of Mr W. Manson.

Tenders.

Tenders are invited by the Shire of Ripon for a number of contracts, and by the Beaufort Bush Nursing Hospital for the supply of firewood.

Football Empire.

V. Roberts has been appointed by the Ballarat Umpires' Appointment Board as central umpire for the Beaufort-Learmonth match at Beaufort to-day (Saturday).

Raglan Goalkeeper.

E. Drew, of Raglan, who is playing football with the Buangor team this season, has kicked eleven goals to date.

Reduction of Rates in Ararat Shire.

A deputation representing farmers in the West riding urged the Ararat Shire Council to reduce rates. Assurances were given by several councillors that the rate would be reduced, but no definite action was taken.

King's Birthday Railway Arrangements.

Holiday excursion tickets, representing a reduction of little more than 16 per cent. in the ordinary fares, will be on issue to and from all Victorian stations by all trains on June 5, 6, 7, and 8th, available for return till 15th June. Many additional trains have been scheduled, and particulars of local arrangements are advertised in our columns to-day.

Ancient History.

We take the following from an old copy of the "Police Gazette" of 3rd February, 1862:—George Topper was attempted to be stopped on the 27th January, at Langi Ghiran, between Ararat and Fiery Creek, by three armed men, one of whom fired at him twice without wounding him. After the affair, the men went towards Fiery Creek. They passed the toll-bar at Dobie's Bridge about an hour previously. The George Topper referred to is probably the late father of Messrs G. and T. Topper, of Beaufort.

Two Houses Burnt.

Mr H. C. Williams, tailor, of Ballarat North, had a narrow escape early on Sunday morning, when his home was burnt down. The outbreak was noticed by Calvin Capp, who was going to work. He informed Mr F. Goode, who lived in the next house, and they awakened Mr Williams, who, in escaping from his bedroom, received burns on the arms and face. Mrs Williams was away from home. Meanwhile the flames had spread to Mr Goode's house, which was much damaged. Some of the furniture from the front rooms was saved. Mr Goode's house was insured for £450. A fireman, S. Scott, received treatment for burns on the hands.

Beaufort A.N.A.

Mr J. J. Fitzpatrick (president) was in the chair at the fortnightly meeting of the Beaufort branch, A.N.A., held at the Mechanics' Institute on Tuesday night. There was an attendance of 10 members. An apology was received for the absence of Mr M. Fitzpatrick. A letter was read from the General Secretary, stating that £396 was due from the sick-fund for payment to the endowment fund. Mr W. Oliver was elected an honorary member by clearance from South Yarra branch. He was heartily welcomed by the president, and responded. Sick-pay and medical accounts amounting to £65/14/2 were passed for payment. The secretary said the branch had £1200 invested in intristed stock. He suggested that £400 worth of Commonwealth Government securities be transferred to the board, and that the trustees be instructed to do this. He moved to that effect. Seconded by Mr N. Smith, and carried. The president congratulated Mr and Mrs E. Wilson on the birth of a son, and Mr Wilson acknowledged the compliment. The secretary said that the ex-president's certificate had been ordered, and would be presented at a later meeting to Mr N. Smith. Mr W. Oliver gave a humorous recitation.

Buangor Land Values.

At a sale at Bayindeen, near Buangor, land sold up to £5/2/6 an acre, and sheep to 12/6 a head. The late Mr McIntosh's homestead block was sold privately to Mr A. Petrie, of Buangor.

Fireman's Grave.

The Beaufort Fire Brigade has had the grave of the late Lieut. W. Baker, in the Beaufort Cemetery, cleaned up and put in order, and a photograph of it has been forwarded to his widow, who resides in Western Australia.

Card Social.

A card social was held by the Beaufort Mothers' Guild on Tuesday night at Mr and Mrs J. T. Glover's residence. There was a fair attendance, and the euchre prizes were won by Mr R. Phillips and Miss Fels. Supper was provided by the ladies. Mrs J. R. Hughes acted as secretary.

Footballers Injured.

During a football match at Beaufort on Saturday, Robert Smith, a local player who resides at Waterloo, sprained his ankle. Whilst playing with the Buangor team against Warrak the same day, J. Gillingham, of Raglan, received a severe cut under the chin, which required stitching. A Warrak player named Donnelly injured his knee.

Donations Received.

The secretaries of the Beaufort Football Club (Messrs C. G. Pringle, J. J. Fitzpatrick, and H. Weinert) have received the following donations:—Mr R. T. Macdonald, 10/6; Mr W. Liston, £1/1/; Mrs Grant, 10/; Mr R. Luker, £1/1/; Messrs J. R. Wotherspoon & Co., 10/6; Mr D. Stevenson, £1; Mr P. T. Stevenson, 10/6; Mr W. Glover, 10/; Mr A. Cougle, 10/6; Mr H. Featherstone, 10/; Mr C. Rose, 10/.

Anglican Social.

The annual Catholic ball and supper will be held at the Picture Theatre, Beaufort, on Wednesday, June 10th. This dance is recognised as one of the biggest local social events of the year.

Lexton Minstrels.

A very successful and enjoyable entertainment in aid of the Cricket Club was given by the Lexton minstrels in the local hall on Saturday night. The building was crowded, and the show was pronounced the best held for many years. Little Nancy Leahy (grand-daughter of Mr and Mrs T. Falmy, assisted with acrobatic feats, dancing, and singing. Although this child is only seven years of age, she has performed at several Melbourne Theatres. She is a native of Lexton. Miss G. M. Simpkin acted as accompanist.

Death at Buangor.

The death of Miss Frances Mabel Squires, daughter of Mr and Mrs Leopold Squires, of Mildura, occurred on Sunday at the residence of her brother, Mr Norman Squires, stationmaster, of Buangor. Miss Squires, who was born at Homebush Lower, was a State school teacher at Koorlong, and had been ill for about six months. She went to reside with her brother about a fortnight ago. The remains of the deceased were conveyed by motor hearse from Buangor to Avoca on Monday afternoon, and interred in the local Cemetery.

Favorable Lambing Season.

To date the season has been a favorable one for lambing in this district, and good percentages are reported by graziers and farmers. Some landowners have marked from 77 to 80 per cent.

Holiday Attractions.

On Monday, the King's birthday holiday, the Beaufort Gun Club is holding a big meeting at the local grounds. There will be sparrow, starling, and pigeon events for hams, turkeys, etc., a teams' match for four handsome silver cups (which have been on view at the Aussie Cafe), a competition for a £10/10 case of cutlery, a starting throw-out competition, and sweepstakes. The Beaufort Rifle Club is holding its half-yearly prize meeting at the local range, and also a match with a Ballarat club. A special programme of events for men and associates will be got off by the Beaufort Golf Club on the local links.

Several hours were again occupied at the Premier's Conference in a discussion upon the question whether a penalty tax on interest from tax-free loans should be imposed if bondholders failed to convert their holdings into the new conversion loan. A motion that a penalty tax of 25 per cent. should be imposed was moved by the Premier of New South Wales (Mr Lang), but it was negated by four votes to three. Budgetary estimates were presented to the conference by the Federal Treasurer (Mr Theodore) showing how a 20 per cent. reduction in expenditure would be obtained. It is believed that a 20 per cent. reduction will be made in all adjustable expenditure.

Sister Jean Ford, lessee of a private hospital at St. Arnaud, was struck by the Mildura to Melbourne train early on Thursday morning and killed. She was in her night clothes, and had gone from her room at the hospital on to the line near by.

The annual Catholic ball and supper will be held at the Picture Theatre, Beaufort, on Wednesday, June 10th. This dance is recognised as one of the biggest local social events of the year.

There was a sudden cold snap at Beaufort on Friday evening, 29th ult., and most people complained of its severity. Rain, frosts, and fogs have since been experienced.

Big Strides in Wireless Reception.

Big strides are being made in the perfection of wireless reception, and Mr J. F. Wotherspoon, a local authority on the subject, anticipates that within the next 12 months it will be possible to hear a concert from London as easily as one in Melbourne. Recently he has heard London programmes over the wireless and Big Ben striking in that city. He has also picked up programmes given in New York and Cincinnati.

Photograph of King.

When Cr. R. A. D. Sinclair visited the Beaufort school on Empire Day, he promised the children an enlarged framed photograph of His Majesty, King George. Cr. Sinclair made the presentation on His Majesty's birthday, June 3rd, to the head teacher. On behalf of the teachers, children, and himself, Cr. Sinclair offered His Majesty their congratulations, and expressed their loyalty to the throne. He wished the King many happy returns of the day, and hoped he would soon be restored to good health, and would be their King for many years to come. Mr Williams accepted the photo. On behalf of the scholars, and said they were all delighted to have such a beautiful photo of their King.

Ladies and Gentlemen, I HAVE pleasure in intimating that I will be a candidate at the forthcoming election for Member of the Legislative Council, Nelson Province.

I trust that my actions during the nine years it has been my privilege to represent you in Parliament will merit a continuance of your confidence. If you do me the honor of again electing me, I will continue to support measures which in my opinion are for the good of Australia, and will not hesitate to oppose unsound, experimental legislation.

Yours respectfully,
E. G. BATH.

LEGISLATIVE COUNCIL ELECTION.

To the Electors of the Nelson Province.

Ladies and Gentlemen, June the Sixth is Election Day for the Legislative Council. Use your Privilege and Vote. It is important. If you are a ratepayer you are almost certain to be on the Electors' Roll.

Living in the country all my life and carrying on the business of a farmer and grazier, I claim to know the difficulties of the men on the land, and if returned, I will continue to do my best on their behalf, so work and vote for the man who has represented you for nine years in Parliament, and who has given over twenty years continuous service as a shire councillor.

Yours respectfully,
E. G. BATH.

Vote thus:—

NELSON PROVINCE ELECTION.

MR. GEO. HUCKER AT BEAUFORT.

Mr George Hucker, farmer and grazier, of Lake Bolac, who is the United Country Party candidate, and is contesting one of the Nelson Province seats in the Legislative Council against the sitting member, the Hon. E. G. Bath, M.L.C., was in the Beaufort district on Friday, 29th ult., and states that he has received many promises of support.

On Friday night, 29th ult., Mr Hucker addressed an open-air meeting near the local Fire Station, and was well received.

Mr Hucker said he was very much indebted to Captain Ornstien, manager of the Made-in-Australia Council's travelling illuminated van, for giving him the opportunity of saying a few words from his vehicle. As they all knew, he was a candidate for the Legislative Council elections on June 9th. He had decided, without any personal feeling of animosity, to contest the seat. He had taken an active interest in public affairs all his life. Having been associated with shire matters for 12 years, and being an ex-president of Ararat Shire, he had been induced to submit himself as a candidate at this election. He had also had experience of political affairs, having been campaign secretary for Mr W. G. Gibson, late Postmaster-General, in the last three campaigns. The keen interest he had shown in public affairs generally had led the people of the constituency to ask him to become a candidate. There were a few matters he would like to touch on in connection with the policy he was putting before them in support of his candidature. From the start, he believed in upholding the integrity of the British Empire, and if returned to Parliament, would support legislation which was true to the best interests of the community, irrespective of from which party it emanated. He was a supporter of the bill introduced by the Hogan Government last session, known as the Farmers' and Tenants' Relief Bill. His object in supporting that bill, which was opposed by his opponent, was that at a time like this, there were not only many people buying houses on time payment, but farmers, through the low price of produce, were unable to meet requirements in regard to bills under hire purchase agreements, and other things. It was up to the Government to give them assistance at a time like this. If elected, he would support legislation in that direction. In regard to the cost of government he favored a reduction of the number of members in both Houses—the Legislative Council to 25, and the Legislative Assembly to 45; the ratio of representation to be preserved. He also favored a reduction of salaries, because the salaries of politicians should be considerably reduced. Not only the politicians' salaries should be reduced, but those of the higher-paid men in the various Departments controlling the affairs of this State. They were over-governed, over-manned, and there were too many Parliaments. Any move in the direction of reducing the excessive cost of government should be submitted to the people of Australia, especially at a time when everyone had to take considerably less for their labor. He also recognized the necessity of balancing budgets, which had been a question concerning the Premier's conference and the Loan Council for some time. It was essential that each Government should see that it balanced its budgets. They would never do this without curtailment of expenditure throughout the various departments. If this were done, the confidence of the people of Australia would be restored, and the con-

fidence of the people overseas. If they did that, there would be cheaper money to carry on reproductive works in Australia. He would also support the bringing about of one system of valuation for land taxation purposes. At the present time they had valuations for Federal and State Land Tax and municipal purposes. It was time they brought about one valuation, on which all land taxation should be based. The cost was considerable, and there was the cost of administration of the various departments. To curtail expenditure, this should be brought about. In regard to soldier settlement, he was in favor of home maintenance areas for soldier settlers. He would also support a reduction of the cost of government by amalgamation of boards and committees where work was at present duplicated. There was a great deal of duplication in State and Federal Departments. The Government, by eliminating that, would save 50 per cent. of the cost of carrying on many of these departments at the present time. The maintenance of a living wage, with a fair standard of comfort for all classes, would always have his keenest support. While it was necessary to cut down expenditure, he was not in favor of reducing the lower-paid workers. The worker had a job all the time to live on the basic wage, and he was not in favor of reducing anything below the basic wage. Above that, the Government should take decisive action, and cut down salaries and costs. He was a strong supporter of the Marketing Bill, which was one of the bills brought forward by the Hogan Government and opposed by Mr Bath. If it had been passed last session, the wheatgrowers of Victoria would be in a better position. At the low price given for wheat, bread was not any cheaper. After wheat came down to practically nothing, they were paying 8d a loaf for bread. If they were to keep the wheat industry going, it should have been supported at a time like this when the bottom had dropped out of the world's markets. No one was prepared to say that the wheat-grower had got a fair thing. If he had, it would have relieved the unemployment that existed to-day. He was a wheatgrower, and since the value of wheat had got below the cost of production, he could not employ anyone. The result was that the man who should be working for him was walking the roads. At present he had engaged an extra man, because of the election campaign, so was doing a little bit for the good of the country. He strongly supported the utilisation of motor registration fees for the development and maintenance of country roads. There was a move by metropolitan municipalities to have the Government give them control of money received from the registration of cars and trucks. That would mean the Melbourne municipalities having preponderance, and if they had the power, they would get a greater proportion than at the present time. If there was a reduction, and the country municipalities were going to have their ratio cut down, the local taxpayer would be overtaxed to make up the difference. If they allowed that to go on, they would make the taxes heavier on the man on the land, and less on the city people. It was not a fair thing. He appreciated very much the few minutes that had been given him by Captain Ornstien, and did not want to interfere with his programme. He understood that he was here advertising made-in-Australia goods. It was a policy he could support him in. It was absolutely essential that this particular time to see to it that they supported the All for Australia movement in buying their goods, and to pull together in the interests of the nation, and for the good of Australia. A few weeks ago he said at Ararat in regard to the All for Aus-

BEAUFORT C.W.A.

THE MONTHLY MEETING.

There may be lack of interest in the affairs of some societies in Beaufort, but this certainly does not apply to the local branch of the County Women's Association. The monthly meeting of that body was held in the C.W.A. Club Rooms on Thursday afternoon, and was well attended. Mrs R. G. Beggs (president) occupied the chair, and opened the meeting by welcoming three new members. She then read a balance-sheet, sent in by Miss Helen Beggs (who was unable to be present), concerning the wool-knitting competition. The total receipts were £22/4/9 and the expenditure £13/3/11, leaving a credit balance of £9/0/9.

It was moved by Mrs Percy Kelly, seconded by Mrs S. Young, that the balance-sheet be adopted, and the accounts passed for payment. This was carried. The prize-money won by local competitors in the knitting exhibition was then presented.

The president said that during next meeting a demonstration would be given by Miss Trigg on the various uses for stale bread. The president also thanked Miss D. Ward, who had sent in recipes for home-made jam, to be sold at 3d each; and the proceeds to go to the funds of the branch.

Miss Lalla Stewart brought forward an idea for an exchange library among the Beaufort members, and it was decided to give it a trial at next meeting.

The chief attraction of the afternoon was a very interesting demonstration of mat making by Mrs Henrietta C. Walker; the mats being made from old scraps of rags and hessian. The rags may be worked into all kinds of intricate designs, and the result is a very useful article.

At the conclusion of the meeting, Mrs Beggs moved a hearty vote of thanks to the demonstrator.

Sudden Death on Train.

On Friday, Mr Jennings, a resident of Hamilton, was travelling from Melbourne on the train which reaches Beaufort at mid-day, when he became seriously ill on the Beaufort side of Ballarat, and died. Mr Jennings, it is stated, had just been discharged from the Melbourne Hospital that morning, and was travelling in a carriage occupied only by his sister and himself. Dr. S. E. Humphreys examined the body at Beaufort, which was placed in the guard's van and taken on to Ararat for removal to Hamilton.

BEAUFORT GOLF CLUB.

ASSOCIATES' AND MEN'S SINGLES.

Some good scores were registered by the men at the Beaufort golf links on Saturday, when the local club held a singles handicap for men and a similar event for the associates. H. J. Miller was the winner in the men's division, with a net score of 66. Mrs T. Williams and Miss B. Schlicht, who each returned a card showing a net score of 83, tied for first place in the associates' section. Following are the leading scores:—

Men's Singles Handicap, 18 holes.
H. J. Miller 88—22—66
W. W. Ashley 102—32—70
A. R. Beggs, 96—25—71; J. McColl, 105—31—74; N. Oddie, 94—19—75; G. Beggs, 104—29—75; N. B. Acton, 95—20—75; P. T. Stevenson, 97—21—76; T. Williams, 94—17—77; H. J. Troy, 94—17—77; G. Wood, 110—32—78.

DISTRICT NEWS ITEMS.

MT. EMU.

A very severe thunderstorm passed over this district early in the month, and was accompanied by very heavy rain, and caused low-lying ground to become submerged.

Unemployment is the cause of numerous trappers and shooters devoting their attention again in pursuit of "Mr Bunny," and although the carcass and skin of this furred animal is not so profitable as in previous years, those engaged in rabbiting are satisfied till something more remunerative turns up.

Demand for sheep at present is very keen, and buyers are busily operating throughout the district.

Most of the settlers have finished seeding operations, especially those who adhere to oat and hay production; but those who go in for wheat-growing are still working at high pressure (weather permitting), and will be for the next week. There is an isolated case of one farmer who sowed wheat very early, and had to re-sow a portion again, owing to the seed failing to germinate.

It was very pleasing to note in a recent issue of a daily paper the latest statistics in regard to those two principal cereals, wheat and oats. It was noted that the County of Ripon held pride of place for last year's crops throughout Victoria. No doubt this part of Ripon Shire contributed its share of both those cereals to Ripon's magnificent quota, and this must be gratifying to the well-wishers of a young and progressive district.

The low prices prevailing last season for all farm products have not deterred the farmers of this district in their activities in putting a record acreage under both wheat and oats. Like the true patriots and optimists that the general run of Australians are, they refuse to be downhearted, and are confidently and resolutely looking forward for one little ray of sunshine to break through the pall of dark clouds that has enveloped the entire Australian horizon, before next harvest is garnered. Who can foretell that the price of wheat—one of Australia's staple products, and one that has been very beneficial in the past for reducing Australia's debts abroad—will not be normal before the grain is sold in 1932. Oats cannot be looked upon with too much certainty, unless sheep keep improving in value, and then oats may be used to feed them on. Otherwise there is not too much outlet for this cereal, as the

majority of farmers have bid farewell to that true and faithful animal, the horse, to keep pace with the times with expensive motor cars. Some have even opened the stable door and given the order, "Exit Dobbin," and use up-to-date tractors for farm work. Motor power may be faster, and not so much trouble as the horse in doing farm work, but it is more expensive for upkeep than the animal that nature put on earth for man's use and benefit. Although it may be used to put in countless acres of cereal and root crops, yet it never consumes a particle of the products it is used for, but has to be fed on costly oil and benzine (products that enrich Australia not), and the same can truly be said of the motor car, whereas if motive power were stabled, and the horse once again brought into service, more of our surplus grain and hay, etc., would be used, and would in time automatically restore the prices of many of our products.

Surely we have learnt a lesson never to be forgotten during the past months, in fighting the vice-like grip of this depression and over-production that have us enmeshed in their coils, and ought to be an inspiration to us. If we want Australia, the sunny land of our birth, to prosper and progress, we must be thrifty, and put our shoulders to the wheel in one united body, to throw off the shackles of depression, and make it a land of independency.

CARRANBALLAC.

The Minnera and District Football Association held its first matches for the season on Saturday. In a well-contested game, Carranballac (10.6) defeated Streatham (8.10). Rovers defeated Tatyoon by 12 points.

Farmers are experiencing much difficulty in getting their crops in. Any low-lying land has been under water for most of the time during the past month. The rainfall for May was 304 points, and for April 233 points.

BUANGOR.

The Ararat Hospital has benefited to the extent of £21 from the recent ball arranged by the Buangor Hospital ball committee, of which Misses H. Green and G. McPherson were the joint secretaries.

SNAKE VALLEY.

Mr Alf Brown, captain of the Carrnagh Football Club, while playing against Illabarook on Saturday last, broke a bone in his hand. This will mean that he will be unable to work for a few weeks.

SKIPTON.

Two properties at Skipton were submitted to auction by Messrs A. M. Greenfield & Co., acting under instructions from the executors of the estate of the late Thomas Cleveland. The only offer received did not meet with the auctioneers' approval, and the properties were passed in for private sale.

Several cases of petty theft about the township have caused a lot of talk among householders lately. Such things as poultry, mutton, bags of chaff, petrol, and household commodities are among the articles removed by unauthorised persons. Heavy rain at mid-day on Friday, 29th ult., flooded the streets and gutters at Skipton. Later in the afternoon, there was a sharp fall of hail. Farmers are not able to get on with the seasonal work on their farms, owing to the sodden state of the land. The registration was 34 points.

To-morrow or to-night, maybe, you will lose something you prize highly. Everybody loses something at one time or other, but in Beaufort few things are lost that cannot be recovered through a small ad. in the "Riponshire Advocate." It's easy to mail an ad. to the "Advocate," or just call at the office and tell us your troubles.

FOOTBALL.
(Continued from Page 1.)
NOTES.
 Beaufort's full back, Des. Lynch, was unable to play on Saturday, owing to an attack of influenza.
 On Saturday Beaufort were too good on a wet field for Learmonth, and showed a considerable improvement in team work on previous matches.
 Murnane scored four goals for the visitors in good style.
 The outstanding player on the losing side was J. Parish.
 Jack Ryan played his usual hard, aggressive game.
 McIntyre and Walker were also a valuable pair.
 Dean, Blain, and Griffin did more than their fair share.
 The wet day seemed to suit Jack Cole, who played his best game for Beaufort for the season.
 Joe Lamb's defence work was much admired by the spectators.
 Jack Walligh and Theo. Allender did a great deal of effective work.
 Ivan Grant was even better than usual, and his brother George again did well.
 Norman Lardner is still true to form.
 Jack Yavkins was a valuable asset to Saturday's team.
 Horrie Lardner was in better fettle than he has been so far this season.
 Ned Broadbent did his bit in his customary forceful style.
 The high-markers, Cliff Pringle and Jack Fisher, found the greasy ball almost impossible to hold.
 Following are the fixtures for today (Saturday):—Beaufort v. Lexton, at Lexton; Learmonth v. Burrumbet, at Learmonth; Avoca v. Waubra, at Avoca.

OTHER MATCHES.

BURRUMBEET V. AVOCA.
 A closely-contested match between the above teams resulted in Avoca being defeated by 2 points. The contest took place at Burrumbeet. Avoca was rather unfortunate, in that two of the players—J. Bowen and C. Hill—did not arrive at the oval until the first quarter had ended. In this term Burrumbeet scored 5 goals 3 behinds, which, no doubt, contributed chiefly to a two-points victory for the home team. The final scores were:—Burrumbeet, 8 goals 11 behinds; Avoca, 9 goals 3 behinds. Goal-kickers:—Burrumbeet—Chisholm (3), Palmer (2), Mitchell, Stephenson, and Walker. Avoca—Roy Romey (6), H. Powers, A. Studd, and J. Coghlan. Prominent players for Burrumbeet were—Draffin, Dowler, Mitchell, and Chisholm. Avoca's conspicuous players were:—Harrison Bros., J. Bowen, K. McDonald, and K. Gane. The goal-kickers in each team played a good game. Roy Romey (Avoca), who is quite a young player, was congratulated on his goal-kicking feat.
 Waubra (8.13) defeated Lexton (4.12).

ARARAT COMPETITION.

METHODISTS V. BUANGOR.
(Contributed).
 The Buangor team put up a good performance on the big Ararat ground on Saturday by decisively defeating the Methodist team. Buangor has now settled down, and appears very likely to be among the leaders at the finish. St. Andrew's defeated Trinity by 5.8 to 3.3 previous to Buangor's match, and remain undefeated at the head of the list. The ground was in very poor condition for play, owing to the heavy rain of the previous night, and in the circumstances, the men did well to handle the ball as capably as they did. The smaller men did best, though the tall men at times brought off some surprisingly good marks. In a naturally rather slow

NELSON PROVINCE ELECTION.

The election of a representative for the Nelson Province in the Legislative Council took place on Saturday, and passed off very quietly; very little interest being taken locally in the contest. The candidates were the Hon. E. G. Bath and Mr G. Hucker, and the retiring member (Mr Bath) was re-elected by a majority of 468. A very small vote was polled at Beaufort, viz.:—Bath, 73; Hucker, 63. Mr A. Parker was in charge of the booth. Following are the divisional returns:—

game, the umpire's (Jorgensen's) technicalities did not have such an impeding action on the game as might have been expected from his previous exhibitions. The game was played in a friendly, sporting spirit. The game as such needs little description. It was the usual scrambling game expected on a wet day, with occasional flashes of good play on both sides. Buangor quickly had two goals from the boot of E. Drew, and maintained about that lead till three-quarter time, when they led by 6.9 to 4.7. In the last quarter, Buangor drew right away; scoring 4 goals to nil in the fading light, and winning by 10 goals 9 behinds (39 points) to 4 goals 7 behinds (31 points). Goal-kickers:—Buangor—Drew (7), Hovey (2), Jack O'Brien. Methodists—Richards (2), Clough, Kennedy. A feature of the game was Drew's goal-kicking. He was right on the target in his best form. Hovey struck form in the second half, and supported him well, but for hard work perhaps W. Meadows, C. Waldron, Petrie, Wilkinson, L. Waldron, and Clark were the best, while Jack O'Brien, Irving, Najira, and Dunstan showed good form. Fernie put in some hard work in the ruck. The best for Methodists were Bulte, Clough, Copley, Thomson, McNamara, Joiner, and Beddow.
 Moyston (6 goals 8 behinds) defeated Warrak (3 goals 8 behinds).

E. Drew's total of goals for Buangor was shown last week as 11. He then had 12 goals, and by scoring 7 against the Ararat Methodist team last Saturday, brought his total for the season to 19.

BEAUFORT SCOUTS.
 Return Football Match at Ararat.
 Beaufort Scouts visited Ararat on Saturday last to play the return football match. Spectators at the old Recreation Reserve witnessed a keen, interesting match. Play was, at times, fast, and everyone was a trier. The Beaufort team consisted of Scouts, old Scouts, and several others. The final scores were:—Ararat, 7.5; Beaufort, 5.13—a win for Ararat by a margin of four points.
 The best players for the winners were P. Shadders, S. Kelly, P. Shaw, R. Turnbull, T. Shadders, and P. Scency. Beaufort players who came into prominence were B. Lynch, R. Hancock, I. Buchanan, J. Bowe, R. McCormick, and Nugent. At the conclusion of the match, members of both teams were entertained at tea by the Ararat Guides. Scoutmasters Parsons (Ararat) and Thorpe (Beaufort) thanked the Guides for the splendid tea provided. After tea, a number of the Beaufort Scouts attended a social evening in the Parish Hall for Rangers, Guides, and Scouts. "Auld Lang Syne" brought a very happy evening to a reluctant close. Great interest is now centred on the next match, as Ararat and Beaufort have two wins each to their credit. Scoutmaster Thorpe would like to publicly thank Mr J. R. Wotherspoon, who gave the Scouts the use of his truck for expenses only, and also Mr G. Gordon, who so kindly gave his time by driving the truck and giving the boys a long evening in Ararat. It is due to public-spirited acts, such as this, that scouting throughout the world has been assisted to success.

LIVE AND LET LIVE.
 Times are hard, and everyone in business is feeling the pinch. Most of us have faith enough in the future to give our belts another hitch and face our troubles with a smile. However, we should not forget the fact that the other fellow has his little problems also, and endeavor to practise the policy of "live and let live." There is a tendency nowadays to ignore the fact that the printer has others depending on him for the staff of life, and that he cannot live on air either. In his newspaper he has rendered a good deal of honorary service to the community, and some folk seem to think that they should take all they can get in the way of free publicity and give nothing in return, in the way of advertisements, and job printing, to keep the wheels going round. The printer does not expect to get everything. He has too many traveling competitors from the cities for that, not to mention other folk who make a side line of printing. But what he chiefly objects to is the growing habit of other business people to make good fellows of themselves by "jinking" him out of a job, and doing it free of charge for some concern or other that can well afford to help to give employment to the men in the printing industry, either here or elsewhere. These people are not behindhand in advocating loyalty to local traders when the disloyalty of that kind affects their pockets, so why on earth should they do anything, even in a small way, to injure another business man, who, like themselves, is bound by the Arbitration Court to pay certain wages and observe certain hours of trading? Several instances of the kind have come under our notice recently, and we respectfully request business people to refrain from that kind of thing in the future, and not to forget the fact that printing is our only means of keeping the wolf from the door. We feel sure that the matter has only to be mentioned to cause them to exercise that spirit of fair play and restraint that is characteristic of a British community, for we do not believe that Australia has been Americanised commercially to the extent that some people would have us think.

COWARDLY ASSAULT ON A NONAGENARIAN.

AGED FARMER TREATED IN A BRUTAL MANNER.
 There was a sensation in Beaufort on Wednesday, when the news leaked out that an aged resident of Lake Goldsmith had been the victim of a savage assault the previous evening.
 Mr Thomas Ward, farmer, of Lake Goldsmith, who is living alone during his wife's illness, was brutally assaulted on Tuesday evening. It is alleged that at about 6 p.m. a man called at Mr Ward's house, stating that he had a message from Ballarat that Mr Ward's wife was very ill. Mr Ward, who is in his ninetieth year and was in bed, answered the door, and although he did not believe him, as he had had a letter that day stating that his wife was recovering, asked his visitor inside. As he turned, the man struck him on the head with an iron instrument, and Mr Ward pluckily grappled with his assailant, but received fourteen blows altogether, and was rendered unconscious. Mr Ward remained at his house all night in a dazed condition, but had recovered sufficiently to walk to his nephew's (Mr Robert Ward's) residence, about a mile distant, at 9 o'clock in the morning. His nephew brought Mr Ward to the Beaufort Bush Nursing Hospital, where 32 stitches were required to close the wounds. Mr Ward lost a considerable amount of blood, and told his nephew that he said to his assailant, "Don't kill me; if it is money you want, I will give it to you." Information was given to the police, and Detective Jackson (Ballarat) and Senior-constable R. McCormick and Constable J. J. Duke (Beaufort) proceeded to the scene, and

THE CATHOLIC BALL.

SNAKE VALLEY.

Carngham A.N.A. met on Saturday; the president (Mr W. McLean) presiding. Accounts amounting to £4 18/11 were passed for payment. The syllabus item for next meeting will be a mock auction.

On Saturday evening 40 old Carnghamites from Ballarat journeyed to Snake Valley to participate in an enjoyable social evening. The hall was crowded with visiting and local residents. Mr W. Murray, president of the Old Carnghamites' Association, presided, and expressed pleasure at seeing so many present. Mr R. Whittla, president of the Old Carnghamites' Association in Ballarat, presented to Mr Murray a framed picture of the old Britannia mine. Mr Murray thanked Mr Whittla and his friends for their thoughtfulness. A programme of songs and recitations was much enjoyed. A dainty supper was provided by local ladies of the association, and the usual toasts were honoured. The accompaniments were played by Misses Knight, Carroll, and Linda Brumby.

LEXTON.

Following are the results of the golf events, which took place on the Lexton links on Saturday:—Men—R. Murray, 88—22—66; J. Prentice, 104—22—77; J. T. Westbrook, 112—29—83; A. C. Clarke, 121—38—83; J. Westbrook, 105—21—81. Associates—Miss M. Giles, 101—24—77; Mrs Westbrook, 105—26—79; Mrs Ransome, 102—20—82; Miss Monica Briody, 119—36—83; Mrs H. Briody, 123—37—86.

SKIPTON.

An 18-holes handicap, played on Saturday afternoon, was won by W. Brand with a score of 86—13—73. On Monday two handicaps of 18 holes each were played by members of the Skipton Golf Club. The one in the morning was won by R. Louden, whose card showed 92—27—65; next best being G. Anderson, 85—13—72. The afternoon event was won by W. Smith, 94—27—67, with second place.

The following report by the engineer (Mr E. S. Crouch, C.E., L.S.) will be dealt with at the meeting of the Ripon Shire Council on Monday—Contract L/31, West Riding, Banongill Road.—A commencement has been made by contractor, and hand-breaking will be commenced on 11th inst., when, if the weather holds and the output of stone is maintained, further applications from stone-breakers will be invited. Miller's Bridge, west of the Skipton road, on the boundary road between the North and West ridings.—It is a small, one-span timber bridge, and requires attention to the abutments, and strengthening of the superstructure. It is in fair condition for light loads only. Recommended that allotment of £60 be made on next year's estimates.

Tenders.—Tenders have been called for the following works:—East riding—12 chains construction, Had-ton road. East riding—Renoval of handrails, Cook's Bridge. North riding—25 chains gravelling, Kayley's lane. All ridings—10 chains re-sheeting, Carngham—Ballarat road. Ross' Road, East Riding.—This road is formed, but not useable for produce in wet weather. Gravelling would cost £180 to do the 61 chains now formed. Gravelling part only would be of little value. An alternative method of providing access would be for the council to acquire portion of Mr A. McGregor's allotment No. 51, and construct same at a cost of £100. Mr Ross uses Mr A. McGregor's paddock as his outlet at the present time.

General.—In the East and North ridings, a lengthy list of minor repair works necessitated by recent rains has made it necessary to increase the number of men on maintenance work.

Beaufort Water Supply.—Jonathan's Reservoir, which filled last week, giving full storage, shows leakages of the embankment at its higher levels. Steps are being taken to remedy the worst of such leaks.

BEAUFORT GOLF CLUB.

ASSOCIATES' MATCH.

The associate members of the Beaufort Golf Club played a singles handicap over 18 holes on Wednesday, which was won by Miss B. Schlicht, with a net score of 85. The leading scores were:—Miss B. Schlicht, 112—27—85; Mrs A. M. Parker, 122—36—86; Miss M. Oddie, 123—36—87; Miss N. Bowe, 117—27—90.

KAL-KAL CUP COMPETITION.

A meeting of delegates of the association of district golf clubs controlling the annual competition for the Kal-Kal Cup was held at the Beaufort Golf Club's pavilion on Wednesday night. The clubs represented were: Lexton (Messrs H. Briody and R. H. Roxburgh), Beaufort (Messrs R. C. Hodgetts and S. Young), Skipton (Messrs J. J. Rowe and M. Shannon). An apology was received from the Chalambur Club. The president (Mr N. E. Acton) and the hon. secretary (Mr F. J. Martin) were present, and were subsequently elected as permanent president and secretary respectively. It was decided to hold the contest at Lexton on Saturday, 27th June, and that teams should consist of seven men a side, instead of six as formerly. The draw took place, and in the morning Lexton meets Chalambur, and Beaufort meets Skipton. In the afternoon winners meet winners and losers meet losers. Match to commence at 9.30 a.m.

Voluntary Wheat Pool.

A second advance of 7d was paid to farmers from the voluntary wheat pool. This brings the price paid by the pool for the 1930-31 season to 2/1, less freight. About 1400 farmers throughout the State will benefit.

Latest Street Suit. Two contrasting materials will be seen in the new street costumes this season, according to Lilyan Tashman. Miss Tashman is now sporting a costume in gray blue, comprising a skirt of blue and gray stripes, and a gray blue pocket, which is slightly fitted at the waist line, and dips at the back. With this ensemble, she features a tuck-in blouse of the new wool lace in a light maize shade, and a small, softly-folded turban of the same material as the jacket.

Chic Dressing. To be chic these days, one must include a white gown for wear after sundown. Nothing looks more appealing on the dance floor than this youthful shade, and it can be adapted for both formal and informal occasions, with equal success. Clara Bow has a beautiful white satin gown for these occasions, which makes full use of pin tucks and bias folds for its startling results. The gown is tightly laced from the waist, ending in peaks at the side just below the knees, and the flared skirt, which is slightly longer on the sides, falls from the bias folds, which are placed over the tucks at the waist.

The New Facial. When asked recently why her complexion remains always so clear and healthy, Tallulah Bankhead replied that it was her method of cleaning it which kept it bright, and she explained her method as follows:—Every night she does three things. Uses an eyewash, spills a glass of milk over her face, and washes her skin with it, and then rubs ice over her cheeks and forehead.

Popular for Evening. Of all the wonderful shades now being brought out of the dye-pot, white still holds its own for the ball-room, and this year it is to be more popular than ever. One of the most beautiful in white gowns is of classic simplicity, being cut along Grecian lines, and the gored skirt is outlined with the key design in crystal, as also is the low-backed neckline and armholes. The skirt itself shows an even hemline, and is heavily flared from the tight gorges which finish just above the knees.

Bibs Fashion Wins Hollywood's Favour.

Bibs of linen, organdie and crepe cover the fronts of many smart frocks from the neckline to waistline this autumn. On a grape edge of Chine frock is added a sheer linen bib, edged with narrow lace, and caught to the bodice with a row of white crochet buttons.

Lights in Brunette Hair.

"Despite the bob, a woman's hair remains her crowning glory, and now so many girls are letting their locks grow, they would be wise to make them as lovely as possible after the growing stage is past," said Kay Francis, when interviewed recently. She now wears it loosely waved with a knob at the nape of the neck. "A woman's hair can be lovely when it is properly cared for, but in this day of marcel and permanents, few girls will give their hair the proper care. The first requisite for lovely hair is health, both of the hair and the body. If there is a trace of dandruff, it should be treated immediately with a good tonic. And then comes the brush. Hair should be brushed at least one hundred strokes daily to bring out the hidden lights. A scalp massage with the fingertips is also beneficial. Shampooing methods for blondes and brunettes differ. An excellent soap for the brunette is pine tar soap, shaved and melted in hot water. Besides its cleansing properties and the lovely lights it brings out in dark hair, this soap also has a pine odour which is delightful. A lemon rinse, followed by a clear water rinse, makes the hair soft. Or another rinse which will bring out a lovely gloss is a few drops of olive oil added to the last rinse water."

Gaily decorated with green and gold streamers and a variety of shapely paper ornaments, the Beau-pict Picture Theatre presented an attractive appearance on Wednesday night, on the occasion of the local Catholic ball. Many pretty frocks and wraps that had been made specially for the occasion were in evidence. The attendance (between 80 and 90 couples) was not so large as at previous functions of the kind, but the very wet and cold weather deterred many from venturing on a long motor trip to be present, and of course the prevailing financial depression kept a number away who are unfortunate enough to be unemployed. From a social point of view, the ball was an unqualified success, and in this respect, it ranked equally with its predecessors. The Rev. Father Muleahy was among the number of the concert given and responded to the dances were well pleased with the music supplied by the Beaufort Pioneer Orchestra. The band was augmented for the occasion by a couple of saxophone players from Ballarat. The music for an extra number during the supper interval was provided by Miss Mary McCormick. Mr W. Cheeseman officiated as M.C., and he saw to it that there were no long intervals between the dances. A spot dance was won by Mr L. J. French and Miss M. Glover; the winners of the number dance being Mr Marshall Drew and Miss Dorrice Goodwin. A guessing competition was won by Mr J. F. Fitzpatrick. The ladies of the congregation had gone to a great deal of trouble in preparing the supper, which was a very dainty one, and was handed round at midnight. During an interval, Mr W. Lynch (president), on behalf of the committee, thanked those present for their attendance and support, and said that, considering the wet night and hard times, they were satisfied with the result. He complimented the local orchestra on their playing, and said they had proved themselves well worthy of engagement. He also thanked the popular M.C., Mr W. Cheeseman, for his services. Mr J. Fitzpatrick briefly responded on behalf of the orchestra. The secretarial duties were shared by Messrs J. J. Fitzpatrick, T. Rodgers, and R. McCormick, who were assisted by Messrs F. Webster and J. Hewitt. The following ladies had charge of the supper arrangements:—Mesdames W. Lynch, W. O'Sullivan, W. R. Glover, T. Muleahy, A. Kirkpatrick, W. Fitzpatrick, W. Gleeson, F. Webster, W. Liston, Douglas, and R. McCormick, and Misses Muleahy, A. Cushing, and K. Rodgers.

Out of the Past. An extract from the "Police Gazette" of 1862 was published in our last issue, describing the hold-up at Langi Ghiran, near Ararat, by two armed men, of the late Mr George Topper, senr., of Beaufort; one of the men firing twice at him without wounding him. Mr George Topper informs us that his late father, on that occasion was driving a team of bullocks to Pleasant Creek (Staw-dell), when the two men intercepted him, and he kept them at bay with his long bullock-whip. They eventually made off, leaving the worthy old pioneer still in possession of the £20 he had on him at the time.

Military Clothing for the Unemployed.

Colonel R. A. Crouch, M.P., has received from the Minister of Defence the following letter:—"With reference to my recent communication to you advising that certain military clothing, etc., has been supplied by my Department to the Victorian State Government for issue to those in necessitous circumstances, I desire to inform you that the undermentioned additional articles are now being made available to the State Government for the same purpose. If any requests for military clothing are submitted to you by residents of Victoria, I should be pleased if you would refer the applicants to the Secretary, Premier's Department, Melbourne. There are 13,000 jackets, 3000 breeches, and 1775 greatcoats."

JUST A WORD.

ABOUT THE DEPRESSION.

You wouldn't like to be called a nark. You would like to have the reputation of being a welcome guest, a pleasant companion, and a sort of Sunny Jim who cheers up the sad and afflicted. Well, why don't you try and live up to that idea? Why go round moaning that things are going to be worse before they are better? You seem to be terribly keen on informing people that, although you have studied things closely, you can see no hope for improvement. Well, let us whisper in your pink ear that you are only a blot on the fair name of Australia, an excrescence on the body politic, and a carbuncle on a sound system. You, yourself, are one of the reasons for the depression, and you are making it worse. Matters are improving. You probably don't know, but our trade balance has improved very materially. That is something. And wool prices have advanced. That is something else. The next thing to improve will be confidence, and it is that you are crippling.

If only 25 per cent. of us have confidence, we may inspire the rest, but if you and the other croakers keep on repeating their silly platitudes—and they are only platitudes for you don't really know anything about economics or high finance—you will reduce that 25 per cent. to zero.

Take a concrete example of how you affect business. Smith has money and intends building. You meet him, and pour your tale of woe into him. He doesn't realise that you know nothing, and that you are only a gramophone, but after hearing you, he decides to postpone building. You have been the direct cause of keeping sundry bricklayers and carpenters out of a job, and you have lost a lot of orders for the building trade. In addition, Smith informs Jones of his decision, and that makes Jones button up with like results. In the end your own business is affected.

So, cut it out, brother! We got through yesterday, and we are getting through to-day, and we hope we will get through to-morrow. Realise that neither you nor anybody else can foresee the future. All we can do is face the present, and if we march forward bravely we will find the obstacles to progress less formidable than they appear. But, for goodness sake, don't keep on sapping the courage of those who are fighting the good fight. Talk is always cheap, and when its tone is depressing, it is always rusty. So again we say: "Cut it out!"—"Gimlet" in "The Hammer."

CREEK SWEEPS LAND AWAY.

The following report by the engineer (Mr. E. S. Crouch, C.E., L.S.) was dealt with at the Riponshire Council meeting on Monday.

Contract 131, West Riding, Banon Road. A commission had been awarded to the contractor, and hand-breaking will be commenced on 17th inst. when, if the weather holds, further application from the breaker's will be invited.

Class 1. Cr. Kirkpatrick. Some of the breaker's wanted to know if it were possible to go on with other breaks. The engineer was more than ready to do so.

Mr. Sinclair moved that the matter be left in the engineer's hands to put breaker's on a required, and that an application be made to the council.

PERSONAL.

MEETING OF COMMITTEE.

Sister Caldwell, who has been in charge of the Beaufort Bush Nursing Hospital for the past six months, has been offered, and has decided to accept, the position of matron of St. Helen's Hospital, Brisbane.

Cr. Russell—He had not heard from the deputation one argument justifying the expense of a new valuation. They had not the money to spend this year, and a re-valuation was due next year.

Cr. Kirkpatrick—The point was were they going to strike a rate on a valuation made at a peak period, which was not real? If they called for applications, the job could be done for a lot less.

Cr. MacKenzie—Altering the valuation would give relief. They wanted a certain sum to run the shire, and it was impracticable to get a new valuation done before the coming rate.

Mr Campbell moved, and Mr. Rinzi seconded, that the Federal and State members be written to, requesting support for the League's claims as regards soldiers' pensions.

EGG PRODUCTION Increased (without forcing) Karwood Poultry Spies increases the egg output, because it enriches the hen's blood, and because the ground insect it contains are the best natural tonic stimulant. It does not force, because it contains no forcing ingredients.

KARWOOD Poultry Spies for some years and cannot speak too highly of it both as a tonic and egg producer. I am convinced that it increases the production, especially in the winter when the weather is so changeable. I am sure Karwood is the best egg producer on the market and will always recommend it.

BEAUFORT H.E. SCHOOL.

ANNUAL MEETING OF MOTHERS' GUILD.

The annual meeting of the Beaufort Mothers' Guild was held at the president's (Mrs. A. J. Smith's) residence on Monday night, and was attended by eight members. Two members of the school committee were also present. The following officers were elected for the ensuing year: President, Mrs. A. J. Smith; vice-presidents, Mrs. W. H. H. Smith, Mrs. F. G. Green; secretary and treasurer, Mrs. J. R. Hughes; committee, Mrs. W. H. H. Smith, Mrs. G. F. Webster, J. Duke, and C. Ward. It was decided to hold a children's fancy dress ball during the fourth week in July. The sum of £17/7 was donated towards the fund organized by Mr. Saph for purchasing sports equipment for the school. A letter is to be sent to Sir Alexander Peacock, congratulating him upon attaining his 70th birthday. It was reported that the profit from last year's bazaars was £123. Mrs. Saph welcomed Mrs. C. Ward as a new member of the guild. The guild has a credit balance of £144 18 11 in the bank, and of this £144 18 11 the Beaufort Share Council holds, this year's quota of £200 for the H.E. School Fund.

The following annual report was presented by the secretary (Mrs. J. R. Hughes): "We are entering on the fourth year of a busy life as a Mothers' Guild. We desire to express our gratitude to all who have so willingly assisted us in our endeavor to assist others. Our effort as an auxiliary for the Adult Blind was a successful one, and we also held a social for the Queen of Charity (Miss Lewis), whom we desire to thank for entertaining Lady Peacock on the occasion of the opening of our last bazaar (1930). Mrs. Lewis also sent a donation of £1/0/3 towards the Empire Day celebration, when every child received a biscuit and a bag of chocolate and biscuits. We regret that the last bazaar was not sufficiently patronized to ensure the 1930 quota, and not having the return from the seaside excursion, we are somewhat short of the £200 necessary to sustain our reputation. Perhaps our other efforts have not weighed too heavily on us. We will still go on working for the benefit of the school children. Our association has been very happy, and we hope everyone has enjoyed helping where a request for help was made. We regret the cancelling of the seaside picnic, and hope that next year the outlook will be bright, and that we may resume the outing for the children." Adopted. Mrs. Saph entertained the members at supper, and Mrs. Hughes, and Mr. H. Buchanan (correspondent of the school committee) thanked her for her hospitality.

Beaufort School Committee.

Mr. W. R. Glover (chairman) presided over the monthly meeting of the Beaufort school committee on Monday night, and seven members were present. Mr. A. J. Saph, organizer of the effort to supply sports equipment for the school children, wrote, appealing for a donation towards the fund. A donation of £1/7/6 was voted. A discussion took place on the matter of raising the remainder of the quota due for the local H.E. School fund (about £90), and it was decided, on the motion of the chairman and Mr. D. Jackson, to issue a circular to parents of pupils and ex-pupils, asking for donations, as a number had guaranteed to pay a certain sum per year when the H. E. School was first established; the donations to be in by 1st July. The chairman and correspondent were appointed to draft a circular, on the motion of Messrs. Jackson and J. T. Glover. It was understood that the Mothers' Guild would hold the usual children's ball. A proof of a photograph of the recent opening ceremony at the school playground was laid on the table. Arrangements were made to assist Mr. Saph at the old-time dance following Friday night, in aid of the school sports fund.

DISTRICT NEWS ITEMS.

CARRANBALLAC.

In the Miniera and district foot-competition, Streatham (14.6) defeated Carranballac (4.5). Goal-kickers—Streatham—F. Dreyer (10), B. Finns (2), Wm. O'Connell (3), and J. Simpson (3); Carranballac—Billy Waldron (3) and J. Simpson (2). Streatham defeated Carranballac by a small margin. A dance, in aid of St. James' Church of England, was very successful.

FOOTBALL.

LEARMOUTH COMPETITION.

BEAUFORT V. WAUBRA.

At the Waubra Recreation Reserve on Saturday, the local team defeated Beaufort by a considerable margin (23 points) and made it difficult for the defeated team to gain the minor premiership. The central umpire was Quick, of the Ballarat League.

Waubra had the letter of the play in the first quarter with eight scoring shots, 1 goal, 1 behind, and Beaufort 1 goal, 1 behind, and Beaufort 1 behind.

Beaufort scored one major point and two minor points in the second term, and Waubra obtained one single; the lullies at half-time being: Beaufort, 1 goal 2 behind; Beaufort, 1 goal 2 behind.

Waubra also did most of the scoring in the third quarter, when they secured 2 goals 2 behind; Beaufort adding 1 goal 2 behind to their account. Three-quarter-time scores:—Waubra, 7 goals 8 behind; Beaufort, 2 goals 6 behind.

In the closing term Beaufort lived up somewhat, and had twice as many scoring shots as their opponents. The visitors registered 2 goals 2 behind, and the home side 1 goal 1 behind. The final scores were:—Waubra, 8 goals 7 behind (35 points); Beaufort, 4 goals 8 behind (22 points).

The Beaufort goal-kickers were: Gray, Yavkins, H. Lardner, and C. Pringle.

Waubra's best players were Pierce, Connelly, Tyan, Harrison, Rutherford, Brown, Banner, and Cantwell.

Prominent on the Beaufort side were J. Yavkins, I. Grant, G. Grant, C. Lardner, E. Broadbent, Jack Lamb, H. Lardner, Joe Lamb, W. Gray, C. Pringle, and Allender.

OTHER MATCHES.

The Avoca team has lost some of the matches by narrow margins. A few weeks ago Barrumbuck beat them by two points. Learmouth has also achieved that performance by defeating Avoca by a similar number of points. A feature of the play was the brilliant performance of Roy Romney, a clever young Avoca forward, who kicked five goals for Avoca. In the early stages of the game, Avoca had the better of the play, but Learmouth got into their stride later, and also gave a good exhibition of football. The scores for each quarter were:—First—Learmouth, 1 goal 2 behind; Avoca, 2 goals 2 behind. Second—Learmouth, 1 goal 2 behind; Avoca, 1 goal. Third—Learmouth, 3 goals 5 behind; Avoca, 2 goals 1 behind. Fourth—Learmouth, 2 goals 3 behind; Avoca, 2 goals 1 behind. Final scores:—Learmouth, 7 goals 12 behind; Avoca, 8 goals 4 behind. Goal-kickers:—Learmouth—Murnane (2), Ryan, Dunovan, Walker, Hender, and Grellin; Avoca—R. Romney (5), McCallum (2), and Whitley, R. Coleman unrivaled the match, and both teams were very pleased with him. He was congratulated by every player on the ground. The match was played at Learmouth.

SCOUTS' FOOTBALL.

ARARAT V. BEAUFORT.

A team of youthful footballers, representing the Ararat Scouts, visited Beaufort on Saturday, and played an enjoyable match at the Park against the local Scouts. The Beaufort boys won by 37 points. Mr. J. B. Hall officiated as central umpire. Beaufort had a lead throughout the game, and the scores at three-quarter-time were:—Beaufort, 5 goals 6 behind; Ararat, 1 goal 1 behind. In the closing term, Beaufort scored 1 goal 3 behind to Ararat's one minor point; the final scores being:—Beaufort, 6 goals 1 behind (45 points); Ararat, 1 goal 2 behind (8 points). Two of Beaufort's goals were kicked by Bob Pringle. The goal play of a little Ararat chap, R. Turnbull, was greatly admired by the onlookers. The Beaufort boys took the Ararat lads home to tea, and at night the local Scouts and Girl Guides entertained the visiting team and its supporters at a social in the C.W.A. Hall.

Fall of Meteor.

Two young men who were out after midnight on Saturday related next day that they saw brilliant meteor fall north-west of Beaufort, and light up the countryside. Unbelievers chaffed them for looking on the wine when it was red, but in Tuesday's "Argus" it was noted that the same kind of phenomenon was observed at Sea Lake; so no longer the veracity of the "night owls" is doubted.

Stockyard Hill P.W.M.U.

The quarterly meeting of the Stockyard Hill P.W.M.U. was held on June 2nd, and was well attended. The president (Miss Ward) said she was pleased to welcome from the Lismore branch, Mrs. Arch. Hannah and daughter, also the Misses Hannah, from Queenscliff, who gave help in the discussion on the conduct of their meetings. The conference at Ballarat, attended by some of the members, was reported on. The branch sent 66 tins of jam (12, 111 lb.), as well as clothing and a fine knitted quilt, by Mrs. Donald Stewart. Most grateful thanks were sent for all the branch's contributions. The Misses Ward gave fine bouquets of chrysanthemums to Mrs. Hannah, Mrs. Arch.
