RIPON COMPETITION.

FOOTBALLERS V. BEAUFORT.

The Footballers surprised Beaufort on Saturday last, when they easily defeated them by 94 to 48. The Beaufort skipper won the toss, and sent the Footballers in to bat; Davis and N. Lardner opening to the bowling of Cole and Jenkins. From the outset Cole made the half fly, and although there were five men behind the wicket on the off side, the batsmen were fortunate enough to get the ball through. Jenkins, who is in splendid bowling form, immediately struck his length, and bowled Davis in his first over, making the score 0 for 9. Day followed, but with the addition of only three runs, Jenkins caught and bowled Lardner; his place being taken by L. Lowe, who put up a solid defence. With the score at 20, Jenkins had another success, bowling E. Day off his pads. A. Day was next, but did not survive Jenkins' next over, and 4 were down for 30. H. Lardner then faced the bowling, but played the first ball into the slips, where Martin accepted the catch; making the score 5 for 30. This was Beaufort's last success for a time. R. Pringle became associated with Lowe, and a young pair added 31 to the score before Pringle was bowled by Morrell in going for a big one. Jenkins, took his place, and immediately attacked the bowling and the onlookers witnessed a duel between father and son, which ended in a win for the former. However, when this batsman had reached 12, Miller took a catch of Jenkins, who had returned to the bowling crease just before this. Lowe had the misfortune to lose his wicket, and was run out. He had played a valiant innings for his side, and deserved great credit indeed. He played carefully, and was most safe against all bowlers; his only luck being a lost chance of being stumped early in the innings. With the time almost up, Cole had a hit at the bowling; collecting two fours off Jenkins, he was bowled, and the innings closed with 94 runs up. Jenkins bowled splendidly throughout; finishing with 7 wickets for 11 runs. He received half a share from the others. In fact, not a single wicket fell at the other end. Beaufort's opening batsmen did not get a start; neither did the batsmen to follow. Martin and Cole opened, and Martin, taking strike to Lardner, played five balls carefully. Then, turning a ball to square leg, he was well caught by R. Macdonald, before he had opened his account—1 for 0. Miller was next, but in Lardner's ensuing over, the Footballers again had success; Cole being bowled for three, with the total 2 for 6. Collins was next. Without any addition to the score, Miller was out on a run-out decision after making two. Beaufort were struggling when Crouch joined Collins. For a time they stopped the rot, and runs came slowly, but with the score at 31, Collins played a ball into the slips, where Lardner took it close to the ground. So close was this catch taken to the ground, that the umpire at the bowler's end had to appeal to the square-leg umpire for a decision. It was a splendid catch. Hall was next, and after making a hit for two, he dragged one on to his wicket, and 5 were down for 33. Jenkins took his place at the wickets, but was not at all comfortable with Lowe bowling. Before he could settle

COMMERCIAL.

BALLARAT LIVE STOCK MARKET.

TUESDAY.

There was an increased offering of 188 head in the Ballarat cattle market. Prime quality was scarce; most of the bullocks being lightweights, principally useful and plain, with a fair number of steers. For live cattle the demand was good at late firm rates. For fat cattle, grades competition was dull, and easier prices presented. Quotations—Prime cattle, £10 to £10/10/- medium-weight bullocks, £8/8/- to £9/10/- good bullocks, £7 to £8/- prime lightweight bullocks, £7 to £8/- useful, £5/10/- to £6/10/- prime station-bred ewes, £7 to £7/10/- good, £5 to £6/- useful, £4/10/- to £5/10/- rams numbered 104, including some choice sorts. Best mutton £1/10/- to £1/12/- prime, £1/13/- to £1/14/-. Shear-walked 2½-year-old lambs—prime quality was not so good as last week; the majority consisting of useful and middling descriptions.

For all fat cattle, prices were on a par with late rates, but secondary sorts were easier. Quotations—Prime crossbred wethers, £12/- to £13/- extra to £14/8/- good, £10/- to £11/- prime crossbred ewes, £8/- to £9/- two teeth, 10/- to £11/2/- good, £7 to £7/10/- prime merino wethers, £9/- to £10/- good, £7/6 to £8/6. Lambs had a decreased yarding of 2977. Good quality were firm, with other grades, firmer. Prime, £12/- to £13/- extra to £14/10/- good, 10/- to £17/- useful, £8/- to £9/10/-.

Messrs D. R. Hannan & Co reported—Cattle: 3 steers, Mr R. Dawson, Brewster; 2 steers, from Millbrook, 2/25; N. Miller, 0/0. BEAUFORT.

WATERLOO V. MT. LONARCH.

Waterloo easily defeated Mt. Lonarch on Saturday. Mt. Lonarch batted first for a score of 46 runs; only two members of the team obtaining runs. L. Neill (14) and W. Barry (12) were the only two players to reach double figures. C. Neill made 9, and C. Jolly and Watson 1 each. N. Dromey captured 5 wickets for 12 runs, and D. Lynch 3 for 6. Waterloo obtained 141 runs for the loss of 5 wickets. C. Flynn batted well for 46, as also did B. Lynch (38 not out). They were supported by D. Boyd (12 runs out), and A. Lynch (21), D. King (17), and A. Lynch (12 runs out). Other scores were:—Lamb, 3; N. Dromey, 0; King and Flynn were run out. Waterloo took two wickets, and C. Neill one.

CARD SOCIAL.

The Beaupre Mothers' Guild held a euchre tournament at the home of the secretary (Mrs J. R. Hughes) on Tuesday night. The winners were Miss S. Willis and M. G. Wilson; the booby prize went to Mrs Hughes and Mrs Roberts.

FIFTY YEARS AGO.

The following appeared in the column in the "Ballarat Courier" recalling events of 50 years ago:—A contingent of the Salvation Army visited Beaufort on Sunday, and opened a fort at that place. The speakers were Lieut. McCroft, Pte. John Jones, Mr. Taylor, and Mr. Rupert Smith. Addresses were given at the Royal Saxon and Hobart Pasha mines, and the collection totalled £25.

Take Beecham's Pills & Remove the Cause of Health Troubles

90% of Health Troubles

Many people feel Old before they're 40 years old.

Their Health Ticks, it's often lowered by Bodily Inefficiency due to an Internal Organ System.

Other never feel Old... whatever their years may be! They take Beecham's Pills with a handful box of cutlery, and wished her every happiness in her new home, which they were glad was under the Union Jack. The case bore the following inscription: "Presented by the congregation of St. John's Church, Beaumont, Victoria, as a token of their esteem and affection, and best wishes to Miss Evelyn Muntz, on the occasion of her marriage and departure to Vancouver Island, 27/2/1933." Several hundred guests, mostly lucky horsemen and boomerangs were present, and Miss Muntz by the ladies. Miss Muntz was received with loud applause, thanked them all very much for the gifts.

Miss Muntz responded on behalf of her daughter. He expressed the appreciation of Mrs Muntz and himself. It was nice to know that the members of St. John's Church had appreciated the work of their daughter in the Church. They hated to think of April, but both rejoiced in the prospect of their daughter's hap-

peness. When parents had the misfortune to leave one member of their family on his or her own, it was sad for the one left. They felt sure their daughter would be happy. They keenly appreciated this gathering. She had been a good daughter, and they felt very much her departure. The whole evening brought back rather painfully the coming departure. They would still be left here, and he hoped the members of St. John's would appreciate the parents left without a daughter's home.

The gathering terminated after supper, with the singing of "Add Lang Syne" and the National An-

them.

BEAUFORT BUSH NURSING HOSPITAL.

GARDEN PARTY ADVERSELY AFFECTED BY WET WEATHER.

The heavy rain which fell on Saturday adversely affected the attendance at the garden fete, held in the grounds of the Beaufort Bush Nursing Hospital, in aid of the funds of that institution. Considering the unusual wet weather, however, a fairly large number of town and district residents turned out. The proceeds amounted to £21, which included donations of £11 from Lady White of "Woodengrave," and £2/3/- from Mrs H. P. Mackenzie of Trawalla, who was present, and £2/3/- from Mr. and Mrs. Beggs, who had come from the "Bushland" station, on their return from a walk through the bush. The mining yields at Beaufort, Ragnan, and Waterloo for the week

ended March 374 oz.

The stay of the Rev. W. J. Botman at Beaufort was extended for a year.

At a meeting of the Beaufort Jockey Club, attended by Dr. G. A. Eddie, Messrs. H. Loft, W. H. Harper, E. M. Webb, A. Parker, and W. O'Sullivan, a credit balance of £23 was reported.

Admiral Hodgetts (president)

was welcomed at a meeting of the "Ballarat Agricultural Society" on his return from a trip abroad.

William Humphries, son of Mr. W. Humphries of Beaufort, was thrown from a pony and received slight concussion of the brain.

The Presbytery, Beaufort, congratulated Mr. F. McQueen and the St. Paul's Hill congregation on the erection of a new church.

An increase of £250 in the yearly

receipts of the Beaufort Presbyterian Church took place, and a bonus of £25 was voted to the minister, Rev. J. A. Barber, B.A.

The monthly meeting of the Riponshire Council was attended by Cr. T. Beggs (president), Sinclair, O'Shaughnessy, Flynn, Stewart, Douglas, and Stevenson.

The members of the Beaufort Athletic Club entertained Mr. H. M. Stuart at the Commercial hotel, and presented him with a silver ten and sixpence cup in appreciation of his 27 years' service as president; the club having then been in existence for 31 years.

In a cricket match, Waterloo (26 runs) beat Clute (59). H. Trengove made 28 for Clute, and J. Roberts 30 for Waterloo. Bowling—J. Tiley, 8/28; W. Trengove, 4/24; G. Morris, 3/21.

A thousand people attended the Raglan A.M.A. sports. The gate receipts were only £3. The committee collected about £100 in money and traps. Mr. David McEvilley, Mr. R. Stevenson secretary, and Mr. W. Butler his assistant, Mr. D. Stevenson, of Beaufort, while supervising the high jump, was struck

in the stick on the side of the nose,

and stitches had to be inserted. J. McEvilley, a competitor in a cycle race, collided with Miss Maude Laney, who was crossing the track, and broke her collar-bone. J. McEvilley was third in the male bicycle race, and J. Crooker second in the truckers' race. In the distict bicycle race, J. Pearce was second, and M. Tyrrell third. The winning bicycle in the race contest was J. Kinleyside. C. Fisher was a race for boys; J. Fox being second. The Massay-Harris bicycle race was won by J. Pearce.

Waterloo (78 games) defeated Sunkie Valley (50 games) in a tennis match.

AFTER-THEATRE DANCE.

There was a good attendance at

Mr. L. French's dance after the talkies on Saturday night. The novelty was Mi. & Mr. Roberts. Novelty dances were won by Miss Joan Rogers and Mr. Jack Bishop, and Miss D. Goodie and Mr. A. Day.

FEBRUARY RAINFALL.

During the month of February the total rainfall of rain was recorded at Beaufort, whilst for the corresponding month of 1932, 278

points were registered. For the past two months the rainfall was 179 points, and that of the corresponding period last year was 291 points. This is the driest February on record.

C.W.A. YOUNGER SET.

At a meeting of the committee of the Beaufort C.W.A. Younger Set, held in the Club Rooms on Monday evening, Sister E. Francis took the chair, in the absence of the president (Miss Barbara Beggs).

It was decided to hold the ball on Easter Tuesday night; the proceeds to go towards the Ballarat Orphanage Appeal, with the Younger Set agreed to help the forthcoming flower show by taking charge of the sweets and ice-cream stalls; details to be arranged at the monthly meeting on Monday night.

A bouquet was presented to Mrs. Beggs.

Mr. R. C. Hodgetts remarked that he had pleasure in moving a hearty vote of thanks to Mr. and Mrs. R. G. Beggs for the interest they had shown, and the efforts they had put into making the Hospital such a wonderful success.

Everyone realised that it was a great source of comfort to know that Mr. and Mrs. Beggs were associated with the Hospital. They had been associated with it a long time, and they should all realise the amount of work they had done.

In seconding the vote of thanks to Mr. and Mrs. Beggs, Dr. S. E. Humphreys said it had been surprising to him ever since the institution of the Hospital how loyally Mr. and Mrs. Beggs had stuck to the good work and carried on. On one or two occasions, when he felt things were

not going well in the beginning, their president and his wife, without any inducement, excepting their public spirit, had seen things through to what he considered a very successful issue. He always felt very grateful to them personally for having done so, because they had seen the Hospital established on quite a sound basis.

The vote of thanks was carried by acclamation, and three cheers heartily given for Mr. and Mrs. Beggs.

CAR KILLS SHEEP.

On Monday a motor car driven by an unknown person, was driven into a flock of sheep, owned by Mr. M. Welsh of Brewster. Three of the sheep were injured and one was killed. Mr. Lee to Beaufort, and the vehicles met almost head-on. Both cars were written up, but one was seriously injured. When Mr. W. Williams, of Beaufort, went to bring the injured man to hospital, he found that about £30 worth of accessories had been stripped from them by passers-by.

FIRE AT RAILWAY WOODWARD.

On Friday at about 2 p.m. a fire was noticed burning in a stack of Beaufort railway wood.

The alarm was given, and soon extinguished the outbreak.

COUNTRY FIRE BRIGADES' DEMONSTRATION.

At the Country Fire Brigades' demonstration on Wednesday, Beaufort missed in the C class four, and also in the two-metre, M class sizes. Beaufort defeated Lakes Entrance in 3:5 sec. in the first round. In the second round, Beaufort were defeated by Carrum in 3:4 sec.

THE YOUNG NATIONALIST ORGANISATION.

Certain young men from Beaufort have recently followed the example of other young men in a number of Victorian country towns in forming a Young Nationalist Organisation. The group will commence its public activities in Beaufort at a street meeting to be held on Saturday, 17th March. The meeting will be addressed by the senior vice-president, Mr. Vincent Smith. The Young Nationalists' organisation has been in existence for about four years, and has been able to attract the services of many young men who feel that it is time to combat the propaganda of the Labor party. During its existence the organisation has increased its numbers and is active members in all parts of Victoria. Its members feel that here never was a time when a sub-committee meeting was arranged to take place at his office. Mr. Johnson pointed out that he had been unable to attend the meeting, and had made arrangements for it to go on, but, unfortunately, the connection had missed. A conversational discussion took place in regard to outside criticism to the effect that the branch was not properly run, and the secretary said he only hoped the members who had joined him would not be successfully attacked by any political body which is only concerned, or which is primarily concerned, with the welfare of any particular section of the community. It therefore seeks to deal with political problems from the stand point of the State and Commonwealth, and not from the stand point of what the State and Commonwealth are faced. In furtherance of this policy, the branch has taken an active part in every political campaign since its inception, and in addition has undertaken the task of investigating and exposing conditions at street meetings and elsewhere in the periods between election campaigns. During the last election campaign, the branch was the first to call a street meeting, but over 200 speakers taking an active part in every quarter of the State, and the hour of Mr. Brent, but he would have liked to have been able to attend the meeting terminated.

CATHOLIC CHURCH.

MEN'S GENERAL COMMUNION AND COMMUNION BREAKFAST.
AN IMPRESSIVE AND MEMORABLE CEREMONY.

LOCAL BRANCH OF C.Y.M.S. TO BE FORMED.

An impressive and memorable ceremony in the history of St. John the Baptist Church, Beaumont, took place on Sunday, when, at a general communion breakfast, 120 and 150 Catholic men gathered together.

The officiating clergymen was the Rev. Father C. Mulcahy.

Subsequently, further local Church history was made, when the first annual Communion breakfast was held at the Beaumont Picture Theatre. The sight of such a fine body of men seated at the three long tables was surely a sight to gladden the heart of the pastor of any flock. The tables had been prettily decorated with dahlias, carnations, and the like, and a speciality for the people, and especially for the men, one fact struck him particularly. They had assembled here as a band of Catholic men from Beaumont, Bawtry, and the surrounding districts with a sprinkling of representatives from Ararat, and while they were sitting here making history, the outside world went heedlessly on. They did not seem to have any influence on the world outside, but still, if they could do this for this beautiful function, it could assure them in all confidence to do anything, unless with the co-operation of the people, both of the men, and especially of the women, that he had been responsible to some extent for this beautiful function. He could assure them in all confidence that in his faith, Emperor Constantine, the first Christian emperor, brought about the union of Church and State. Columbus brought the banner of Christianity into a greater world. He thought of the Crusades, and the soldiers led by Peter the Great, etc. Mr. R. McCormick proposed a vote of thanks to Father Mulcahy, their beloved pastor. Father Mulcahy was most sincere and efficient in everything he did. He was always prepared to do what he could, no matter what trouble it gave him. The Rev. Dr. Gordon, and Father Manning were the same, and particularly Father Mulcahy, as they were in the past, in the district, than the other two were. He had a good mind and prayed that God would bless Father Mulcahy with good health and that he would be spared to them for many years to minister to them in the different walks of life—in the church, workplace, and round the town. It was thus, by their example, and by standing to the principles that they had learned, that they could spread the gospel of Christ. They had seen in recent times the results of indifference to responsibility. Look at the recent history of Spain and Mexico. Spain was generally considered to be a Catholic country, and it was in a position to use a tremendous entailed. Next, men cards and a test list were provided, and were photographed by many of those present. Some were won by Mr. J. Dunn, Mr. Daniel O'Connell, and Miss Rose Roberts, and a violin solo by Mr. Desmond Lynch. The accompaniments were played by Misses W. Rodgers, Sheila Lynch, and Winnie Glover. Many visitors were present from Middle Creek, Bawtry, and Ararat. Mr. W. Lynch acted as chairman, and acted next him was the Rev. Father Mulcahy.

The toast "The Pope and the King" having been honored, Mr. C. M. Flynn proposed "The Hierarchy and Clergy" (headed with the name of Father Mulcahy). He assured all that asking him to propose this toast was one of the most important occasions in his life. He had not had the privilege of attending a function of this kind before. He only regretted that he was not capable of doing the toast justice. He could assure them that any deficiency in oration on his part would be amply compensated for by the sincerity of the little he had to say. He hoped to like to offer his hearty wishes like his colleagues on the success of the morning's gathering. He had heard of such functions in other places, but he could assure Father Mulcahy that he did not think any such manifestation of Catholocism had been more popular than this. As they sat in in years, they might come set in their ideas, but with youth they had wonderful scope. This society assisted to cater for the youth of the parish, and went hand in hand with the work of the clergy. It had various activities to interest the youth of the parish. He urged them not to put to day without some definite step in the direction he had indicated. If a few were to go to the school, he hoped they would remain there to effect upon the community.

"Catholic Action" was proposed by Mr. Briggs of Ararat (Mr. Egan, who was to have proposed the toast, being unable to attend). Mr. Briggs said he was the 12th man to speak. Mr. Egan was not present. He was very conscious of the responsibility placed on him. It gave him great pleasure to be at the function. They had every reason to be proud of the turnout they had. It was very pleased to be one of the delegation from Ararat. The Catholic Church was composed (by Christ) of the hierarchy, energy, and laity. One essential component part of the Church was its hierarchy. Their membership by recommendation was made up of religious as well as laymen. In time of trial and tribulation they could turn to their sacred religion for consolation. In modern times they had seen an economic breakdown, worldly interests about them tumbling down in ruins. Nothing seemed to stand up to the strain. The Catholic Church was their sheer anchor. It had stood for centuries, and would stand for centuries to come. As far as the world goes, they had a word of praise for the waitresses. The responsibility of that membership went hand in hand with it. It must be gratifying to Father Mulcahy and the clergy of the parish to see men turn out like this. There must be no snobbishness or self-satisfaction about it, for that was a danger. They had to think what they could do in a practical sphere. They had the responsibility of attention to their religious duties, but it was up to the simple reason that he had lived in the same town as "Rose of Tralee." It certainly brought back many memories—indeed, it did not suggest the girl he left behind him. (Laughter.)

In response, the Rev. Father Mulcahy said it was with some feeling that he rose to the occasion, after the song just sung, for the simple reason that he had lived in the same town as "Rose of Tralee." It certainly brought back many memories—indeed, it did not suggest the girl he left behind him. (Laughter.)

He thanked Miss Fitzpatrick for singing this very appropriate song. In response to the toast so ably proposed by Mr. Egan, he had carried out his duties. They could rejoice in the activity of Catholic laymen. As far as the activity of Catholic laymen was concerned, the pages of history were witness to the fact of their worthiness of their work.

The biggest task was not to be had, as far as the activity of Catholic laymen was concerned, the pages of history were witness to the fact of their worthiness of their work.

It was decided to have the name of "Men's General Communion and Communion Breakfast" on the title of that of that of the C.Y.M.S. to be held annually.

Local branch of C.Y.M.S. to be formed.

CHARGES AGAINST YOUNG MAN.

Rev. Father Mulcahy, in responding, said he appreciated Mr. McCormick's remarks, which he knew came from the depths of his heart. A deal of the success of this function was due to Mr. McCormick himself. He always lent a helping hand in any work for the Church. Whatever he did was done wholeheartedly. He considered a function of this kind a very efficacious means of bringing the Catholic men together.

USE OF SCORIA.

DEPUTATION FROM CARRAN-
PALLAC.

At the meeting of the Ribbon Shire Council on Monday, a letter was read from Mr. W. Baldwin, secretary, stating that at a meeting of the Carranbulle Progress Association on Saturday, 25th February, attention was drawn to the fact that it was a direction to them to bring before the council of the Ribbon Shire the following motion, carried by Messrs. Wills and Mr. W. Baldwin:

"That, we, the ratepayers in the West riding, are very much surprised at a further quantity of scoria

left on the main Skipton-

Strachan road, as in our opinion

the first lot near Skipton was a

rank dirt and a very bad

driveway, the present time is a

danger to the public as there have

been several accidents and

waste of a great deal of

public money; and we would very

much like an inspection by Roads Board engineer."

Mr. Lister, who had written to the Country Roads Board, stating that a complaint had been received from the ratepayers in the West riding, that a shire engineer had left a quantity of scoria

left on the Ballarat-Hamilton road between Skipton and Strachan;

and that a deputation would be sent

on Monday, 13th March, to protest against scoria being used, and asking if it would be pos-

sible for one of the board engineers

to give his views to the meeting.—Mr.

E. J. Muntz, district engineer for

the C.R.B., was present.

He said he had been suspended to

hear the deputation from the Car-

ranbulle Progress Association (Mes-

srs. Wills, W. Baldwin and Lister) in

regard to the use of scoria.

Cr. Elder introduced the deputa-

tion.

Mr. Wills said that they were here as

deputies from the Carranbulle Pro-

gress Association. They had come in

an antagonistic spirit, but had

for advice and assistance. There had

been an "epidemic" of scoria in the

West riding. Last year they looked

upon what was put on in the course

of an evening or at night

on each side of the road, and they were on blue metal.

It was put on again, and soon off

more, and again, and again, and

so on. This could not be stopped.

They could not use the C.R.B. road,

the side roads, or the grass paths

in winter. They were going

back to the days of the early Govern-

ment of Praetorius—days of

being taxed, and so on.

They were told to go to Kirkpatrick

or Crouch—there was no one else.

They were told to go to the head-

quarters to meet the West riding

councillors and representatives

of the Progress Association. The most

engineer in the world had seen

that he had made mistakes.

One in Egypt, who had made a mistake,

had admitted it, and had ad-

could find a lot more ta.

Mr. E. J. Muntz, district C.R.B.

engineer, said he had been given

instructions. The use of scoria had

been proposed to make an ef-

fective road. What had been said to

date did not point against scoria,

but probably against the method

of applying it.

Mr. Crouch said he had come to

the time when something had to be

done.

It was a deplorable state of

affairs, and a danger. It must cost a

lot of money to grade

it down.

It would be hard to get the

rates in, and the money could be

more judiciously spent. He could

not see how it could be done.

He would be happy to do what he

could.

ENGINEER'S REPORT.

The following report by the engineer, S. Crouch, C.E., L.S., was read at a recent Riponshire council meeting on Monday:

1. Dooley's Road.—This road runs east and west from Chesham's road to the Travall West developmental road, and a substantial bridge has been erected thereon. The length is approximately three miles; two miles in the East riding, one mile in the West riding, on two chains of hills. In the East riding the road is formed, but not surfaced. A light coat of gravel at an estimated cost of £250 would complete the surfacing of this road.

Clause 1—Cr. Russell—It meant that the East riding would have to find most of that £250. They should do something. He moved that the local authority take the road over, sell the water turned off, and the water tables cleaned out. The East riding cost £200 to open up the road. The engineer said it would cost £50 to do the worst section of the road. Cr. Roddis—They might do it. In the mean time we will wait.
