Seventy-two Years of Methodism in Beaufort and District.

METHODIST CHURCH.

SEVENTY-SECOND ANNIVERSARY CELEBRATED.

The seventy-second anniversary of the Beaufort Methodist Church, which was opened in 1861 and attained its jubilee year in 1911, was celebrated at special services on Sunday, which were conducted by the Rev. A. W. Pederick, Th.L.

There was a good attendance at the morning service. Miss M. Jackson acted as the organist. The anthem, "Hark, Hark, My Soul," was well rendered by the choir (Mr A. A. Grace taking the solo part). Rev. A. W. Pederick had an instructive talk to the children in the form of a story, which was based on the text, "I have come that you might have life, and to give you a new incentive." He also delivered a helpful address to the older folk, and chose as his text, "That ye may be sincere till the day of Christ."—Philippians, I, 10.

During the service, the minister distributed the Sunday school prizes, with the assistance of the superintendent (Mr N. Lyons).

The evening service was also well attended. A bowl of pink and white heath adorned the table below the pulpit. An anthem was nicely sung by the choir (the solo parts being pleasingly taken by Mr H. Brown and Miss D. George). Miss M. Jackson presided at the organ.

Rev. A. W. Pederick welcomed to office Mr Robt. Woodall, who was recently appointed as Church steward.

As the text of a thoughtful address, the Rev. A. W. Pederick chose, "And the Lord showed him a tree, which, when he cast into the water, the waters were made sweet."—Exodus, XV, 25. Mr Pederick described how Moses made the brackish waters sweet for the Israelites in the wilderness by using this tree. Some people advocated curing our national ills by a process of subtraction, not by addition—in other words, by revolution. Touching on the history of Bolshevism in Russia, the reverend gentleman traced the story of the revolution, and the taking out of religion from the system, and the creation of a new secular system. They would not find Utopia by breaking up the present system. Was there no sweetening influence that could be put in to cure the ills of the world? There was the gospel of Christ, which was a practical gospel for the present, and an eternal gospel. Jesus cared for the needs of men, and loved them. Jesus came to fulfil, not to destroy. He came not to subtract, but to add. Jesus put his own self, love, spirit, and personality into it, and the wrongs and injustices of the world began to disappear. There was an immediate reformation when men came into contact with Jesus. Men also began to talk about the outlawing of war when Jesus came. He showed how two republics in South America were on the brink of war, and at Easter Week the preaching of the gift of the love of God by the way in the lines of the armies availed the tragedy, and resulted in the dispute being settled by arbitration. Commemorate the occasion, a figure of Christ was cast, and placed on one of the highest peaks of the Andes. That was the hope of the world that war and hate would be

DISTRICT NEWS ITEMS

CARRANBALLAC.

In the Miniera and district football competition, on Saturday, Rovers (7.5) defeated Carranballac (5.10). Carranballac were without the services of the captain (R. Waldron), who will not be able to play for some weeks. The game was rough, but evenly contested. Carranballac lost the game through faulty kicking. McKay acted as central umpire, and had no control of the game at all. At half-time Carranballac led by 4.8 to 3.2, but in the third quarter, Rovers put in a great run, and with some luck, added 4.8 to their tally, whilst Carranballac did not score. In the final term, Carranballac had much the better of the play, but only scored 1.2; their opponents failing to increase their tally. The goal-kickers were:—Rovers—W. Holdworth (2), Brown, McIvor, R. Geddes, Knight, and Delvin; Carranballac—W. Waldron (3), T. Liston, and G. Gollie. Tatyoon (8.11) defeated Streatham (4.14).

Arbour Day was celebrated at the Carranballac school on Friday, 23rd June. Over 100 trees were planted in the school grounds by the parents and children. The Rev. A. W. Pederick (Mr Cardiff) presided at the school, and under his supervision the trees and garden have shown a great improvement in the last three years. Afternoon tea was provided by the ladies, and was particularly enjoyed by the children. Mr W. L. Woodall presided at the children's Arbour Day, and gave them some good advice on the value of tree-planting. Mr Cardiff, on behalf of the children and himself, thanked all who had helped in the planting, and especially the ladies for the splendid treat provided.

MOTORISTS HELD UP.

On Sunday the Beaufort police (Senior-constable R. McCormick and Constable J. Duke) held up passing motorists in Neill street, to examine their drivers' licences and car registration certificates.

Woods' Great Peppermint Cure For Influenza Colds.

no more. That was his hope and his wish. They could not do these things by an upheaval. He instanced an attempt in New Zealand to purify a stream used for water supply by removing the watercress, which was unsuccessful till the aid of a scientist was sought. It was the bringing in of other energy which did it. The way to eradicate the wrongs within and the wrongs of the world was to call in the divine power to remove the cause. They must not try to outlaw God. Many a man wrestled with himself, and forgot the great, eternal arm of God that could pick him up, put him into position, and re-adjust him. He showed how revolution was averted in England in the 18th Century by the great religious revival which brought God into community, national, and civic life. God could save this world. All its ills would disappear if they could only catch the vision of Him Who made the world. If they allowed God to put His addition into their lives, they would rise to higher planes. This was the message of the Church—that they should realise this gift of God, which would make for better order in their own lives and the lives of the community.

FOOTBALL.

BEAUFORT DISTRICT COMPETITION.

MATCH BETWEEN COMBINED TEAMS.

Owing to lack of interest by both the players and the public, the match at Beaufort on Saturday between combined teams in aid of the Injured Players Fund, very nearly ended in a farce. As it was, the original combinations had to be departed from, each side was able to muster only about a dozen men, and the colours of four different teams were worn. Only four Raglan players turned out (three of whom live in Beaufort). It mustered eight men (seven playing), Middle-Creek-Buangor eight, and Waterloo five (two of whom did not play). Sides were chosen as evenly as possible; Beaufort and Waterloo playing Middle-Creek-Buangor. The game was not taken very seriously, and was won by a point by Raglan and Middle-Creek-Buangor. The Injured Players' Fund benefited to the extent of £2/8/. Mr W. Gray officiated as central umpire, and Messrs H. Dunn and J. Howitt were the scorers. The Beaufort ladies kindly provided refreshments at half-time.

In the first quarter, Raglan and Middle-Creek-Buangor had the better of the encounter, although their goal-shooting was rather inaccurate. The scores for the term were:—Raglan and Middle-Creek-Buangor, 2.2; Beaufort and Waterloo, 1.2.

The second term was notable for erratic goal-shooting by Beaufort and Waterloo, who obtained 1 goal 5 behinds to their opponents' 2 goals 2 behinds. Tallies at half-time were:—Raglan and Middle-Creek-Buangor, 1.7; Beaufort and Waterloo, 2.7.

The tallies were small in the third quarter; Raglan and Middle-Creek-Buangor having four scoring shots to two, and registering 2 goals 2 behinds to the other side's 1 goal 1 behind. The scores at three-quarters-time were:—Raglan and Middle-Creek-Buangor, 6.9; Beaufort and Waterloo, 3.9.

Beaufort and Waterloo asserted themselves in the closing quarter, and had 13 scoring shots; their goal-shooting again being poor, as they obtained six major and seven minor points. The other side had six scoring shots for 4 goals 2 behinds. A redeeming feature of the term was that on several occasions there was a difference of only from a point to three points in the scores; the match being won by a point. Final scores:—Raglan and Middle-Creek-Buangor, 10 goals 11 behinds (71 points); Beaufort and Waterloo, 9 goals 16 behinds (70 points).

The goal-kickers were:—Raglan and Middle-Creek-Buangor—J. O'Brien (4), G. Grant (3), D. Coburn (2), and J. Bowd. Beaufort and Waterloo—H. Lardner (5), L. Fitzpatrick, J. Hancock, J. Evans, and A. Marshall.

On the winning side W. Meadows, Jack O'Brien, Jack Jess, G. Grant, A. Day, D. Coburn, W. Clark, and Jack Finch were the best players; whilst for Beaufort and Waterloo H. Lardner, K. McErvale, J. Evans, R. Hancock, C. Robertson, R. Dunn, and T. Kelly were prominent.

Following are the fixtures for today (Saturday):—Beaufort v. Raglan, at Beaufort; Middle Creek and Buangor v. Waterloo, at Buangor.

BASKET BALL.

BEAUFORT DISTRICT ASSOCIATION.

On Saturday a scratch game was played between the Green teams of the Beaufort District Club. Miss D. Parker captained the former team and Miss P. K. the latter. The Greens won, goals to 11.

BEAUFORT GOLF

SATURDAY'S MATCH.

Three events were got on at Beaufort Golf Club on Saturday. Mrs W. W. Ashley won the Ladies' Singles in A division with a net score of 70; the winner in B division being Mrs J. B. Hall (81 net). A Four Ball, Best Ball Competition against bogey, for men, resulted in a win for H. V. Martin and N. H. Oddie, whose score was 10 up. Following are the leading scores:—Ladies' Singles, 18 holes.

A Division.

Mrs W. W. Ashley, 96—28—70; Miss B. Schlicht, 100—23—77; Mrs A. W. Bossence, 114—35—79; Mrs T. M. Bowe, 111—31—80; Mrs J. E. Day, 101—19—82; Mrs D. F. Troy, 117—34—83; Mrs J. A. Harris, 106—23—83; Miss R. Christie, 120—36—84; Mrs T. Williams, 110—24—86; Mrs A. M. Parker, 120—33—87; Mrs P. J. Kelly, 119—31—88.

B Division.

Mrs J. B. Hall, 117—36—81; Miss E. Nickols, 118—36—82; Mrs E. S. Crouch, 122—36—86; Miss D. Ward, 123—36—87; Mrs H. Hodger, 125—36—89; Mrs A. Dunn, 128—36—92.

Men's Four Ball, Best Ball, Against Bogey, 18 holes.

H. V. Martin and N. H. Oddie, 5 up; T. Williams and P. George, 4 up; G. H. McKay and R. Beggs, 3 up; J. R. Joyce and Dr. S. E. Humphreys, 2 up; S. Young and R. C. Hodggets, 2 up; N. B. Acton and R. T. Macdonald, 2 up; A. A. Grace and J. L. Kelly, 1 up; M. Watkin and A. Dunn, sq.; W. Glover and F. Laird, sq.; J. F. Wotherspoon and H. J. Miller, sq.

THE SPEAKER.

We take the following from "The Sun":—"After the freedom of the six months' recess, the dignity that is part and parcel of sitting in the Speaker's chair once more compelled Sir Alexander Peacock to curb his famous outbursts of laughter when Parliament resumed on Wednesday. Not that members will not hear Mr Speaker voice his merriment occasionally, for a habit of a long life of 72 years cannot be completely subdued. When the new session is a week or two old, Sir Alex. Peacock will have completed five years as Speaker. This is an infinitely short period, compared with the length of his Parliamentary career, which began in 1889, when the electors of Clunes and Allendale first sent the young legal mining manager to the Legislative Assembly. By many years the father of the House, Sir Alex. Peacock has been in 14 Ministries, and has been three times Premier.

FOOTBALL.

BEAUFORT DISTRICT COMPETITION.

(Continued from Page 1.)

The third term started with Beaufort 23 points to the good. They moved forward, and Hancock passed to Lardner, who raised two flags for them. Beaufort attacked again, and Lardner got another single. Pringle passed to Lardner, who again only managed a single. Raglan took the ball to their end several times, but failed to score. Hancock passed to Dunstan in front, but he did not add to Beaufort's score. Raglan seized the initiative, and Bending got a goal for them with a "grubber." P. Gillingham checked the next two Beaufort thrusts. Pringle marked in position, and secured a single for Beaufort. An exciting crush in front of Beaufort's goal was broken up by Maher, who was playing a good game on the back line for the visitors. Raglan's next thrust was futile, owing to the good work of Pringle, who was marking well. A fine mark by G. Grant in front of Beaufort's goal held up a strong attack. Tresize passed to Lardner, who registered a goal for Beaufort, and soon after, snapped another. Three-quarter-time scores:—Beaufort, 10.12; Raglan, 5.4.

At the outset of the final quarter, the home team had a lead of 35 points. Early in the term, Beaufort took the offensive, and Dunstan had a futile shot. G. Grant passed to his brother Ivan, who raised one flag for Raglan. Lardner had a shot for Beaufort, which resulted in a single being obtained; R. Hancock getting another. Pringle goaled for Beaufort with a free. Soon after, J. Wilkinson snapped a goal for Raglan. The play was now very crowded. Yawkins passed to Dunstan, who secured a goal for Beaufort at an angle. Dunstan's next shot, which was a free, hit the post, and only a single was scored. Scrambling play followed near Beaufort's goal, and H. Lardner was responsible for a single. Raglan took a hand, and Drew got their seventh goal. Crowded, uninteresting play followed, and H. Lardner registered Beaufort's thirteenth goal with a "grubber. Drew snapped another goal for Raglan in the closing stage of the game. Final scores:—Beaufort, 13 goals 16 behinds (94 points); Raglan, 8 goals 5 behinds (53 points).

The goal-kickers were:—Beaufort—H. Lardner (7), A. Dunstan (3), C. Pringle (2), and Hancock. Raglan—E. Drew (4), G. Grant, K. McErvale, V. Bending, and Jack Wilkinson.

On the winning side the best players were H. Lardner, T. Tresize, J. Cole, A. Dunstan, C. Pringle, J. Yawkins, E. Turner, R. Hancock, and I. Cheeseman. At times E. Hopkins and C. Robertson were prominent. For Raglan excellent service was rendered by G. Grant, C. Irving, I. Grant, J. Wilkinson, E. Drew, P. Gillingham, L. Welsh, S. Maher, and K. McErvale; and occasionally J. Cuthbertson, M. Drew, and R. West did useful work.

Following are the fixtures for today (Saturday):—Raglan v. Middle Creek-Buangor, at Raglan; Waterloo v. Beaufort, at Waterloo.

BASKET BALL.

BEAUFORT DISTRICT ASSOCIATION.

Matches played in connection with the Beaufort district girls' basketball competition on Saturday resulted as follows:—

Beaufort Golds (16 goals) defeated Beaufort Greens (6 goals).
Raglan defeated Waterloo by five goals.

Woods' Great Peppermint Cure For Influenza Colds.

FIRE BRIGADE.

Seventeen active and reserve members of the Beaufort Fire Brigade were present at the monthly meeting on Monday night; Captain W. F. Smith presiding. A circular was read from the Country Fire Board, forwarding special instructions in regard to ringing of firebells. Accounts amounting to 12/1 were passed for payment. The secretary (Fireman J. Duke) reported that there had been a profit of 25 12/2 on the recent dance, which was considered to be satisfactory as far as the euchre tournament was concerned. The secretary said they were very fortunate in the response they got from the business people of the town; eight different firms donating prizes. Fireman J. J. Fitzpatrick moved that a euchre tournament be run once a month, with two £1 orders as prizes. Seconded by Fireman R. Hancock, and carried. The next euchre tournament was fixed for July 26th. The secretary mentioned that a donation of 5/- had been received from Mr J. W. Harris. It was resolved to fix the date of the annual ball at next meeting, and to procure a load of wood. Mr C. Pringle was placed on the reserve list. The secretary was instructed to have some broken windows attended to. It was decided to apply to the board to have the fire reel painted and repaired, and to run a One-man Marshall competition for Captain Sinclair's trophy next practice night. Firemen J. Cole and P. Brown were appointed for patrol duty at the hall for the month.

FULL-TIME HEALTH INSPECTOR.

Advice to "lie low and allow the Health Commission to take what action it thought proper" was given to the Bungaree Shire Council on Monday by the Buninyong Shire Council in regard to the insistence by the Commission to the appointment of a full-time health inspector for the district municipalities in the neighbourhood of Ballarat. The commission had previously given the council till July 6th to make an appointment. Cr. J. Hancock, the municipal representative on the commission, wrote saying that in a general way, he was in accord with the council's protest.

"THE AUSTRALIAN JOURNAL."

Medical student, lecturer, freelance journalist, engine driver, cattle drover, buffalo, and alligator hunter, seaman, pearl diver, navy, novelist, and talkie-scenario writer—Xavier Herbert, contributor to the "Australian Journal," has been all these things in a little over 30 crowded years of wandering life. His story, "The Miser," a yarn of amusing happenings on the North-west coast of West Australia, is a featured item in this month's "Journal." Other fiction contributors are Myra Morris, Elizabeth Powell, Laura Millard, Rex Grayson, Osmar E. White, J. A. Hetherington, Marcos Gray, and Mavis Newton, while the fashion, cookery, and radio sections are, as usual, in capable hands. The ubiquitous knitter is catered for, while crochet enthusiasts have a section to themselves. Splendid illustrations, a crossword puzzle, and prizes for children's stories and essays complete an issue that appeals to everybody. Sixpence is all that this 128-page magazine costs at all newsagents and booksellers.

Ripon Shire Council Receives Advice to Lie Low Regarding Health Inspector

HEALTH INSPECTOR.

APPOINTMENT OF FULL-TIME OFFICIAL THREATENED.

The Ripon Shire Council on Monday received a letter from the Shire of Buninyong, intimating that in the matter of the mandate of the Public Health Commission respecting the appointment of a qualified health inspector on or before 6th July, they have decided not to take any action, but to lie low and allow the commission to take what action it thinks proper, and are recommending all other municipalities concerned to do likewise.—The councillors received the letter without comment.

RIPON SHIRE COUNCIL.

MONDAY, JULY 10, 1933.

Present—Crs. D. Stewart (president), H. M. Elder, J. Kirkpatrick, R. A. D. Sinclair, D. F. Troy, C. H. McKay, P. Russell, A. C. Roddis, and D. McDonald.

The minutes of the previous meeting, as typewritten and circulated, were taken as read and confirmed.

Correspondence.
From Country Roads Board, stating that Council's attention has been drawn by its district engineer to the large number of wandering cattle on the Western Highway, between Burwood and Buangor, within Ripon's municipal district, and it is understood that Mr Muntz has verbally requested the rangers to impound any stock found wandering on the highway. The Board would be glad if instructions could be given by the council for Mr Muntz's request to be complied with.—Cr. Troy asked if the C.R.B. engineer had passed that on to the adjoining shires. If he had done so, they should back him up. He moved that that information be obtained. Seconded by Cr. McKay, and carried.

From Victorian Railways, inviting shire secretary and secretary of local Caledonian Society to meet Mr L. C. Bromilow, a member of the Betterment and Publicity Board, at the Shire Office, on 3rd July, to discuss local arrangements in connection with visit of Scottish delegation. A later letter was received, postponing the visit of Mr Bromilow.—Received. Cr. Russell—They did not yet know what they were wanted to do.

From same, thanking council for promise to display posters.—Received.

From Department of Lands and Survey, asking for complete return, showing all roads and frontages occupied, with present-day valuations, on or before 1st February, 1934.—Cr. Sinclair—He thought the Government had a darned cheek. In answer to Cr. Russell, the secretary said the return had been last sent in in Mr Muntz's time as engineer. Cr. Russell—The Department collected the revenue, and should carry out their own work. They should send an officer up and make full enquiries. Cr. McDonald—It was being brought up at the municipal conference. Cr. Russell—He was prepared to move that the Department should carry out the details. The secretary—The council was compelled to supply the information by the Local Government Act. Cr. Sinclair—The association would ask the Government to amend the bill so that they would do the work themselves.

He moved that a letter be sent to the Municipal Association, asking them to urge the Government to amend the bill and do the work themselves. Seconded by Cr. Roddis, and carried.

From same, asking opinion of council as to whether "wild sage" is regarded as a noxious plant, and whether its proclamation as a noxious weed should continue in force in the municipality.—The president—He did not know it. Cr. Sinclair moved that no action be taken. Cr. Russell—They should ask for a description of the plant to be sent. It was understood that the secretary would get that.

From District Surveyor's Office, Ararat, stating that Mr O. G. Pearson was arranging to inspect road from allot. 12, sec. XV A, parish of Smythesdale, to Snake Valley—Smythesdale road, with the surveyor, and asking engineer to meet them, so that they could go over the survey together, with a view to amending it, if required.—The engineer reported that he met Mr Pearson and the surveyor on the ground on 13/6/33. The alignment referred to would be altered. Part of 21B should not become part of the Crown grant, but 1 chain along the N.E. boundary reserved for relocation of road; Mr Pearson to see if this can be remedied later. In answer to Cr. Russell, the engineer said the portion just surveyed would be corrected, and an attempt made to correct that taken up under lease when the ground was alienated. The letter was received.

From District Architect, Public Works Department, asking, in view of Department's decision to purchase two acres in gravel reserve, and provision of school at Mena Park as an urgent matter, permission to occupy the land pending survey and transference of title, so that tenders may be called at once.—The secretary—That was in connection with the school site at Mena Park.

From same, forwarding account form for £7 for two acres of land in south-east corner of gravel reserve adjoining allot. 12, Trawalla Estate.—The shire secretary wrote, granting permission to occupy site, and also enquired whether Crown grants were issued, when the reserve was purchased by the shire. The secretary's action was endorsed, on the motion of Crs. McDonald and Russell.

From secretary Closer Settlement Commission, stating that both Crown grants for gravel reserves of 16 a. 12 r. 7 p. and 8 a. 0 r. 13 p. were issued in the name of the shire, dated 18/2/1926, and are still awaiting delivery at the Office of Titles. Notice was forwarded to this effect in August, 1926, and it is suggested that receipts for balance and fees be forwarded to the Titles Office to enable the titles to be lifted.—The secretary—The council had never collected their titles for these gravel reserves, and he had written the Closer Settlement Board, asking for them. Cr. Russell moved that the secretary apply to have those titles transferred. Seconded by Cr. McDonald, and carried.

From W. C. Cheeseman, herdsman, West riding, reporting that he visited all roads and by-lanes in West riding, and impounded 25 head of cattle off the C.R.B. road at Monnot in Skipton pound, otherwise all roads were clear.—Received.

From G. V. Slater, ranger, Skipton, reporting that he had impounded one horse and 10 head of cattle; that he had destroyed an old bull by order of the poundkeeper; and that he had not received payment for a bull impounded on March 11th.—Received.

From T. W. Schlicht, valuer, Beaufort, stating that he had valued the whole of the Trawalla Estate, including all improvements; therefore the valuation of the manager's residence on this property was an excess valuation, which he should have deducted from the total valuation of the property.—Received.

From Royal Automobile Club of Victoria, forwarding for distribution among councillors copies of notes from evidence given by the club before the Transport Regulation Board.—Received.

From R. J. Millar, Beaufort, applying to lease unused road running east and west, north of his allotment.—To lie on table for a month, and engineer to report.

From Hume Pipe Co., giving list of pipes stored after completion of water supply contract, asking if any had been used by the Trust, and if he council would take them over at price named referred to Water Commission. The engineer said some of the pipes were 8 inch ones. Cr. Russell—If they could be used for small culverts, he moved that the engineer should place a value on them. He would like the engineer to report. The engineer—They were somewhere near a reasonable price, and the cheap price of 12-inch pipes made it undesirable to buy smaller than 12-inch. Occasionally there was use for 6-inch pipes round the township. Cr. McDonald seconded Cr. Russell's motion, which was carried.

From Shire of Bellarine, re excessive taxation, stating that they had decided to co-operate with Shire of Stawell, and send delegates to conference in Melbourne on 1st August.—Received.

From St. Anthony's Foundling Orphanage, appealing for inclusion in annual charity vote.—Received.

From St. Andrew's Presbyterian Hospital, soliciting donation.—Received.

From Dr. J. B. Donaldson, health officer, East riding, reporting that there were the usual colds for this time of the year, as well as chronic ailments.—Received.

From Dr. C. Reid, health officer, West riding, reporting for June that impetigo has been very prevalent amongst the school children. Many cases of tonsillitis have been seen, followed in a great number of cases by kidney complications. Carranballee State school has again been visited by the bush nurse from Skipton.—Received.

From Country Roads Board, asking engineer to furnish information relating to works carried out during the year ending 30th June on main and developmental roads in the district.—Received.

From Secretary to Law Department, stating that request to have Court House, Beaufort, lighted with electricity would receive consideration.—Cr. Sinclair—That was all it would receive. The letter was received.

BASKET BALL.

BEAUFORT DISTRICT ASSOCIATION.

Matches in the Beaufort District Girls' basket ball competition on Saturday resulted as follows:—
Beaufort Golds (14 goals) d. Waterloo (13 goals).
Beaufort Greens (13 goals) d. Raglan (11 goals).

DISTRICT NEWS ITEMS.

SAILOR'S GULLY.

The Sailor's Gully school has purchased a piano, and monthly socials are being held to pay off the debt on the instrument. The social held at the school on Friday night, 7th inst., was, as usual, a great success. The suchre prizes were won by Mrs McIntyre and Mr T. Stewart. Mr J. Hewitt kindly donated both prizes. Mr W. Cheeseman was an efficient and energetic master of ceremonies, and he has a happy knack of making everybody enjoy themselves. Arrangements have been made for another social, and a hearty invitation extended to all who desire to attend.

On Friday afternoon, 7th inst., the Sailor's Gully school children gave a penny concert, in aid of the Junior Red Cross funds. The items given by the children were appreciated by all, and a pleasant afternoon was brought to a close with a tea and a dance. The children expressed himself.

A Young Farmers' Club has also been formed at the school. Already five projects are being taken up. The secretary is J. Wallish, junr.

BEAUFORT GOLF CLUB.

Men's Singles, played over 18 holes on Saturday by members of the Beaufort Golf Club, were won by A. R. Beggs, with a net score of 62. The winner of the Ladies' Singles against Bogey, was Mrs P. J. Kelly (sq.) Following are the leading scores:—

RIPON SHIRE COUNCIL.

(Continued from Page 1.)
From Public Health Department (per Laird & Buchan, architects), stating that as a certificate has been received from the shire engineer that Commission's requirements have been substantially complied with, no objection is offered to the use temporarily of the additions to Rest Room, Country Women's Association, Beaufort, pending official inspection. Received.
From J. R. Cheesman, Snake Valley, stating that both Mr Cameron and the school committee appreciated the way in which the site of the school residence had been levelled off. The work had been carried out in a very satisfactory manner, and they were grateful to both the engineer and the members of the council.—Received.

The secretary—They had no private streets.
The secretary—He had instructions to cut all miners off the sustenance roll, excepting where they had a Government grant. They would only keep a man on mining if he were doing some good. He explained alterations in regard to increased pay.
Cr. Sinclair—The sustenance committee had not arrived at any decision in regard to payment of the secretary to the sustenance committee. The secretary arranged a meeting of the sustenance committee for the following Thursday.
Cr. Roddis congratulated the president on the meeting being concluded before lunch.

ENGINEER'S REPORT.

The following report by the engineer (Mr E. S. Crouch, C.E., L.S.) was dealt with at the Ripon Shire Council meeting on Monday.
1. Olinda Street, Beaufort.—Three chains on the southern end of this road, adjoining the Ballarat—Ararat road, are in a particularly bad state. The road is totally unmade. To form the three chains referred to, and cover with surface gravel, it is estimated would cost £10. Formation could, with advantage, be continued northerly about 8 chains at little added cost.
Clause 1—Referred to North riding members.

Referring to C.R.B. payments on main roads, Cr. Troy said the writing was on the wall. He commented on the whole board visiting one shire and discouraging another.
General Business.
Cr. Sinclair said that the deplorable state of the Waterloo—Trawalla road had been mentioned in the Press. The engineer—He did not understand that at all. The North riding members had approved of planing part of it, which had been done, and the rest had been referred to the estimates. He could understand its being heavy, but not impassable.
Cr. Russell referred to two bad holes in a bridge at Chpstone that required filling. He also asked the engineer about a road towards Bo Peep, which was a joint work with Ballarat Shire, and on which work had not started till last month.
The engineer said that work had been completed there, although the contractor had started late. He had disallowed one load of material. He wished the council would be more strict with contractors starting late.

2. Bituminous Work.—Re-sealing work during the past season was effected at an average cost of £165 per mile. It is possible that next season's work may be effected at an even lower figure.
Clause 2—In answer to Cr. Russell, the engineer said the cost was coming down, and was much cheaper than a few years ago. In answer to Crs. Kirkpatrick and Elder, the engineer said the price mentioned was for re-sealing, but the cost of putting it on a new road would be more.
Clause 3—Received. Cr. Troy—He had asked the secretary to write to the Fish Society in Ballarat, who were prepared to let the shire have trout for £7/10/ a thousand. It was a question whether they should do it out of public money, or by private subscription. The secretary read a letter from the Fish Society to the same effect as Cr. Troy's remarks.
Cr. Troy—Should the council help the movement financially? Cr. Elder—He did not think they should.
Cr. Sinclair—The secretary should get in touch with the fishing men, and ask them to collect the money.
Cr. Russell—The council should not give any of their money. It was a splendid thing to put trout in, but they should have some perch, which would keep the yabbies down.
Cr. Sinclair—I will give a trophy to any yabby getting through that bank. (Laughter). Cr. Troy—He would contribute to a public movement to get the fish. Cr. Kirkpatrick—When the Goldfields Reservoir overflowed, hundreds of young fish were caught by boys in the creek. Cr. Elder—They should apply to the Fisheries' Department for a grant. He moved to that effect. Seconded by Cr. Kirkpatrick, and carried. Cr. Elder said the Skipton Club would help them to net young fish.

The president—The engineer had power to deal with them.
Cr. Troy—The North riding members had decided to meet and prepare estimates before striking a rate, and they would be pleased if the other ridings would do the same. It was suggested that the council visit Jonathan's dam this afternoon to see the work there.
The secretary said the riding members should meet before next meeting.
The Revision Court was fixed for Monday, 24th July, at 2 p.m.
The secretary said that nomination day would be Thursday, 10th August.
Cr. Elder—Some work in the West riding on the Cemetery and Baangal roads had not been done yet.
The engineer—He had that in mind to do when the present job was done. He would do the two jobs in succession.
Cr. Elder—What about the hole at the dam on the Mt. William road?
The engineer—He was moving the men down there shortly.
Cr. Russell—That road up the hill at Skipton, near the bridge, needed patching.
Cr. Russell asked if all the works detailed in the East riding had been completed. A few chains on a hill had not been done, and also a few chains on the Carngham—Ballarat road, between McLean's and Pope's. The engineer noted these remarks.
Cr. Elder moved that notice be sent to the Skipton common managers to cut sweet briar and Bathurst burr. Seconded by Cr. Russell, and carried.

3. Beaufort Water Supply.—The works at Jonathan's Reservoir were sufficiently advanced during the month to allow a commencement to be made in replenishing the storage, and a level of 5 ft. 6 in. has now been reached.
Clause 3—Received.

BUTTER WRAPPERS, printed cheaply on grease-proof paper, obtainable at "RIPONSHIRE ADVOCATE" OFFICE, Beaufort.
"THE HIGHWAY," Beaufort, is now open to receive paying guests. Home comforts, and every attention assured. Apply to Mrs. JEPHSON, above address. Phone 78.

DISTRICT NEWS ITEMS.

CARRANBALLAC.

In the Miniera and district football competition, Carranballac was at home to Tatyoon on Saturday, and a splendid game resulted. The home team won by the narrow margin of two points—9.9 to 8.13. In the first quarter the visitors had the advantage of a slight breeze, but could only manage 1.0 to 1.1. In the second quarter the home team added 6.1 to 2.6, and looked like winning easily. In the third term, however, the visitors scored 4.5 to 0.4. In the final term the visitors were the first to score; adding 1.1, which gave them a lead of 12 points. Then the home team took control, and added 2.3 to one further point. The game was fast and open, and some good football was witnessed. Galvin was central umpire, and gave satisfaction. The goalkickers were:—Carranballac—H. Waldron and W. Waldron (4 each), and R. Hinton. Tatyoon—Ferguson, Joyce, Angel (2 each), S. Hamilton, and J. Carr. A dance in the hall was well attended.

MIDDLE CREEK.

The monthly meeting of the Middle Creek branch of the A.N.A. was held in the local Public Hall on Saturday evening, 8th July. The president (Mr O. Bowd) presided, and there was a fair attendance of members. Mr J. Clifford was elected a clearance member from the Olifton Hill branch. Accounts amounting to £21/13/4 were passed for payment, and included in which was £20 from the endowment fund to Member J. Hillman, who was congratulated by members on being the first member of the branch to receive this.
A nice, steady rain set in on Monday night; about half-an-inch being registered locally. This was followed on Thursday by another steady, soaking rain, which will be of great benefit to crops and pastures, as the recent frosts and dry weather were having a bad effect.

RAGLAN.

FOOTBALL CLUB DANCE.
The Saturday night dance was well patronised last week. The euchre tournament was won by Miss E. Wilkinson and Mr E. J. Wilkinson; the booby prizes going to Miss D. Maher and Mr J. Fisher. Messrs L. Tucker and F. A. Gillingham shared the duties of M.C. Mr V. Welsh, with the accordion, assisted Mr H. D. Panther at the piano. A novelty dance was won by Mr A. Finch and Miss S. Gillingham. Further dances will be held weekly during the football season. The aggregate euchre competition is now halfway through. On the ladies' side, in particular, the competition is still open, as few ladies have played regularly. Mr J. Madex is at present in the lead for the men's trophy, with several others pressing him closely.
RAINFALL.
As an indication of the comparative dryness of the winter season, the total rainfall for June was 138 points, compared with 405 points for June last year. The half-year's total was 1077 points, as against 1487 points for the first half of 1932.
A definite break in the weather set in on Monday night last, when 50 points were registered overnight. Cloudy, overcast weather seemed likely to continue.

CHURCH MATTERS.

A memorial service for the late Mrs. M. Cuthbertson was held in the Raglan Church recently. Rev. A. W. Pederick preached to a large congregation. There was no atmosphere of mourning; rather one of praise and for the sermon; rather one of praise for a good life lived, and of the Christian belief in death as a transition to a greater life in eternity. The preacher stressed these points in his address. The choir sang as an anthem, "Te Deum Laudamus." Mrs A. E. Panther and Miss Tucker sang the duet, "Saved by Grace," and Mr K. W. Lewis sang the solo, "Crossing the Bar."

MINING NEWS

The yield at the Beaufort Hope mine for the week ended on Thursday was 16 oz. 6 dwt.
At the Monte Carlo mine, Beaufort, the party have passed from black into brown wash, and the work is still chiefly confined to prospecting.
R.V.I.B. AUXILIARY.
There was an attendance of 22 residents at the annual meeting of the Beaufort R.V.I.B. Auxiliary, held in the Fire Station on Thursday afternoon. Mrs D. F. Troy (president) was in the chair. The principal office-bearers for the ensuing year were elected as follows:—President, Mrs D. F. Troy; vice-presidents, Miss Lewis and Mrs J. P. MacDougall; secretary, Mrs A. L. Wotherspoon; assistant-secretary, Mrs A. M. Parker. An informative address on the work of the Royal Victorian Institute for the Blind was given by Mr Van Ashe, from the Institute in Melbourne. A fuller report is held over.
The castle moat, grown foul with time, Exhales its moist and poisoned breath, A harvest of disease and death. The germs of plagues from days long sped, New forms of dire infection spread; Surcharged with septic silt and slime, And all who thus dread fluo endure Need first-aid Woods' Great Peppermint Cure.

The young People's Society continues to flourish. The most interesting syllabus item to date was a debate, "That it is better to belong to a large family than to a small family," which was won by the Blues, with the affirmative, mainly owing to the greater experience of their leader. The next debate is being keenly looked forward to.
Last Monday night Mr Pederick concluded his description of "A Day in the Life of a Missionary." His description of the various services, etc., on a special mission Sunday were graphic and highly interesting, and were thoroughly enjoyed by those present, who were impressed by the great advances towards civilization made by savage native tribes, when brought under mission influence.
On Monday next the society's meeting will be suspended to allow of the Beaufort Young People's Society repeating their recent successful concert in the Raglan Hall, and on the Monday following, Rev. J. P. MacDougall will address the society.
The Sunday school and Church Trust held a social on the 3rd inst., which was well attended. Games were played by the children and young people. A memory test competition was won by C. Gillingham. Short programme was rendered by Norma Panther, Miss S. Gillingham, Mrs A. E. Panther, Mr D. M. Panther, and Mr K. W. Lewis. Mr Pederick presented prizes (which had been held over since the anniversary) to Linda Tiley, Joan and Wilfred Panther, and Robert Joyce, and Audrey Johnston. He announced that the Sunday school committee intended to present prizes next year to all those who attended reasonably regularly.
TEACHER TRANSFERRED.
Mr Phillip Smith, head teacher of the Middle Creek State school, has been transferred to Trawalla.
SCHOOL SAVINGS BANK.
The figures available in connection with the school banks in the Beaufort district shows that steady progress is being made by the children in their school bank accounts. This is most pleasing, as the foundation laid by these children in adopting the regular habit of thrift, while at school, means that in most cases, they continue to save in later years. In 1928 the number of school bank depositors was 321, with balances totalling £780. In 1933 the number of depositors was 343, with balances totalling £836. Following are the figures of the individual schools at the figures of the accounts, 2/14/3/6, deposits during year, £103/3/3; Brewster—Accounts, 28; balances, £119/15/1; deposits during year, £31/17/10. Lake Goldsmith—Accounts, 18; balances, £19/13/3; deposits during year, £3/4/7. Main Lead—Accounts, 7; balances, £19/10/10; deposits during year, £2/5/10. Mont Emu—Accounts, 8; balances, £40/17/6; deposits during year, £6/0/10. Raglan—Accounts, 7; balances, £15/18/5; deposits during year, 2/6. Saliors Gully—Accounts, 14; balances, £36/18/7; deposits during year, £11/3/5. Trawalla—Accounts, 15; balances, £36/2/8; deposits during year, £3/12/3. Waterloo Flat—Accounts, 31; balances, £118/16/11; deposits during year, £8/14/10.

OBITUARY.

MR. J. C. BEVERIDGE.

The death occurred on Monday, 3rd July, of Mr James Campbell Beveridge, a highly respected resident of the Glengower district, and a former member of the Talbot Shire Council. Deceased, who was 60 years of age, was the eldest son of the late Mr and Mrs John Beveridge, who were highly-esteemed residents of that district. He was born at Glengower, and had, with his family, lived the greater part of his life there, where he had engaged in grazing and agricultural pursuits. He had lived a short time in the Taradale district, but returned to Glengower about eight years ago. He had been in indifferent health for many years. His condition grew worse recently, and his end was not unexpected. He leaves a grown-up family of three sons and two daughters, who have the sincere sympathy of a large circle of friends in their bereavement. Mr H. Beveridge, of George street, Clunes, is a son, and Cr. J. Beveridge is a brother. One of the daughters is Mrs N. S. McLeod, of Beaufort. Mr Beveridge's wife predeceased him about five years ago. The funeral took place on Tuesday, and was largely attended by friends and relatives from all parts of the district. The remains were interred in the Presbyterian portion of the Campbelltown Cemetery; the ceremony at the graveside being conducted by the Rev. J. S. Anderson, of Clunes. The coffin-bearers were Messrs H. Beveridge (son), N. S. McLeod (son-in-law), H. Beveridge, A. Coultis (nephews), A. D. and R. Fawcett. The pall-bearers were Cr. E. Wyatt (president of Talbot Shire), Crs. G. Fraser, H. Pickford, A. McLennan, Messrs W. L. Mountjoy, E. A. Luff, N. Dowie, C. Coultis, J. McVior, W. Trembath, T. Fawcett, R. Clarke, A. D. Clarke, and R. Wariner. The funeral arrangements were carried out by Mr W. Barkell, of Clunes.

MR. HARRY HERBERT.

Mr Harry Herbert, who died at Waterloo on the 13th July, had lived in the district during his lifetime of 66 years, with the exception of a short period when he resided at Stawell. Early in life he followed mining, and subsequently gave his attention to grazing. A man of retiring disposition, he was highly esteemed. His illness laid him aside for 12 months. His wife predeceased him by seven years. He leaves three sons to mourn their loss. One of the sons is at present residing in Queensland. The funeral took place on Saturday from his residence to the Waterloo Cemetery, at which there was a large attendance of residents of the surrounding districts and Beaufort. The chief mourners were Messrs C. and H. Herbert (sons), Mrs J. Ball (step-daughter), Mr R. Ward, and other family relatives. The bearers of the casket were Messrs J. Ball, B. Ward, W. Rutherford, J. Rutherford, J. Nothnagel, and Peter Grant. The usual floral tributes were received. Rev. A. Talbot, of Beaufort, officiated at the house and grave. Messrs F. W. Barnes & Son, of Ballarat and Beaufort, had charge of the funeral arrangements.

FOOTBALL.

BALLARAT DISTRICT LEAGUE. COUNTRY CHAMPIONSHIP.

BEAUFORT ELIMINATED.

The first of the eliminating matches in the third annual competition conducted by the Ballarat Council of the Country League for the country championship was played at Skipton on Tuesday between teams representing the Western Plains Association, comprising Lilmore, Berrybank, Derrinallum, and Cressy clubs, and the Beaufort Association, also comprising four clubs. Both associations were taking part in the competition for the first time, and they mutually agreed to play on a country ground instead of in Ballarat, as was the case with all the eliminating matches last season. The other associations that have entered are Rokewood-Cape Clear, the winners for the past two seasons; Learmonth, whose team has been runners-up each season, and Creswick. The defeat of Beaufort on Tuesday reduced the teams to four, and they will be reduced to two prior to Saturday, 29th inst., when the final will be played in Ballarat.

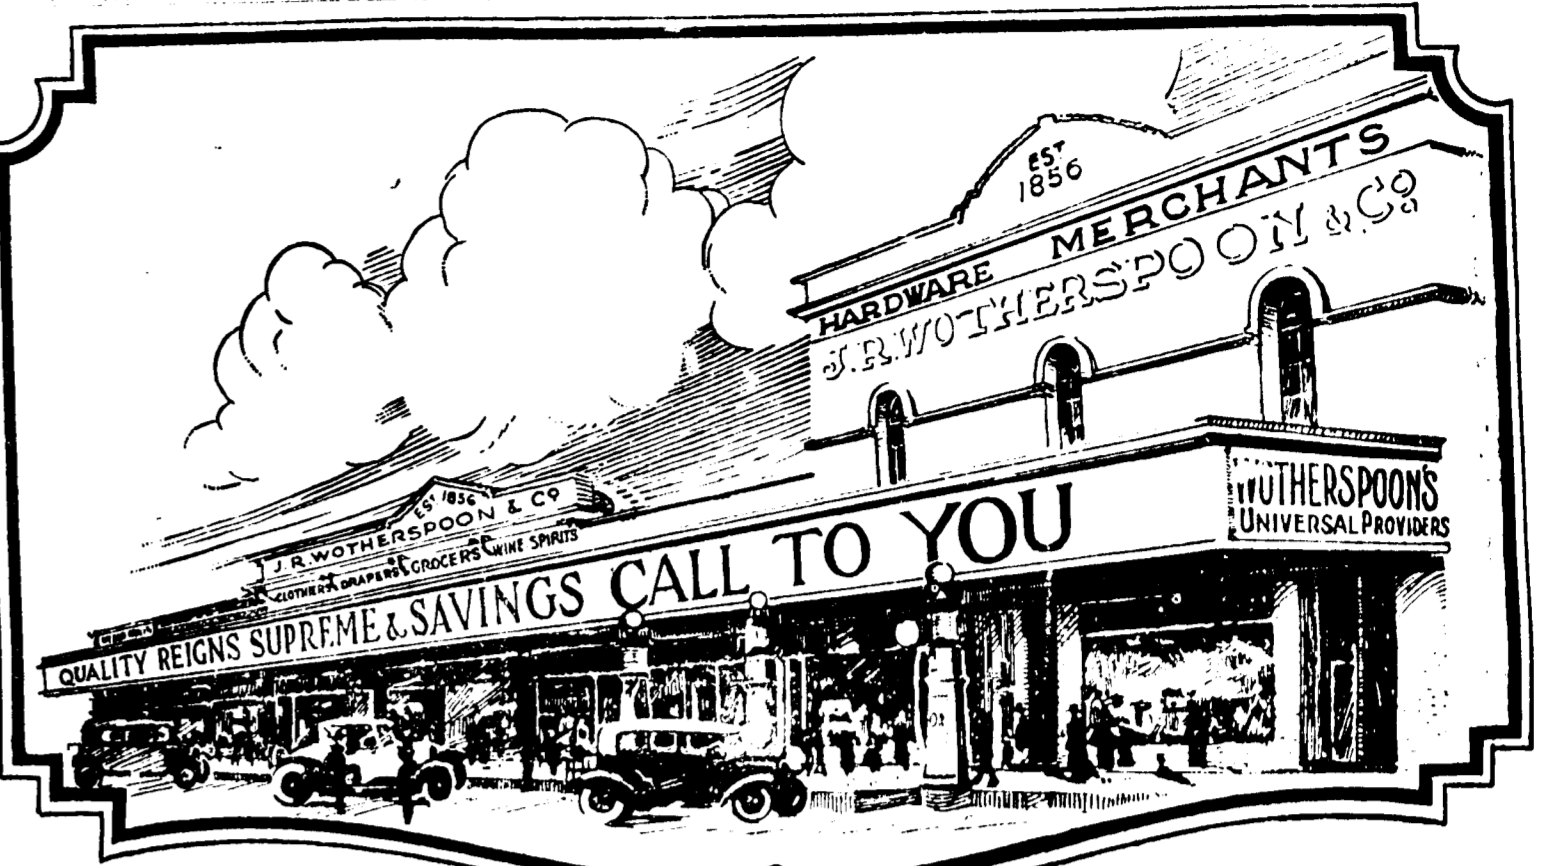

The weather on Tuesday was ideal for football, and a gathering which represented receipts amounting to nearly £10 witnessed an interesting game, with the Western Plains combination showing the better football. The president of the district council (Mr A. R. Stewart), the vice-president (Mr H. Jacobs), the district councillor (Mr E. Dunbar), and Mr A. J. Rogerson, of the Country Week committee, were amongst the gathering, and they were met by Mr A. Elder, of the Skipton Club, one of the sporting enthusiasts of the district, and a great worker for football and cricket. The chief drawback to the play was the rather rough state of the ground, which caused the ball to bounce at all angles, and players were unable to judge its antics. It is also on the small side, and that militated against open football. The Western Plains was captained by T. Bown, and J. Yawkins led the Beaufort Association 18, which included Tom Tresize, the ex-Imperial player. The teams were:—

Beaufort.—Back: E. Hopkins, J. Jess, L. Fitzpatrick. Half-back: J. Lamb, G. Grant, J. Bowd. Centre: L. Welsh, T. Tresize, C. Irving. Half-forward: K. McErval, J. O'Brien, I. Grant. Forward: C. Waldron, H. Lardner, W. Murray. Followers: C. Pringle, J. Yawkins. Rover: J. Cole.

Western Plains.—Back: T. Brown, L. Ingles, C. Humphrey. Half-back: J. Walker, J. Wilson, C. Kelly. Centre: F. Cossar, Stone, B. Murray. Half-forward: R. McKenzie, C. Caldwell, T. Bown. Forward: F. Nicol, G. Dunn, J. Spall. Followers: A. Rock, J. Chengin. Rover: R. Blythe.

Western Plains had the better of the play in the first quarter, but they were slow in settling down. In the meantime, Beaufort had scoring opportunities, but could not avail themselves of them. The ball puzzled them, and they lacked direction in their kicking. Apart from that, however, the defence of Western Plains was very solid; Wilson frequently marking over his opponent. The football was rather ragged and congested at times. Pringle worked hard for Beaufort in the ruck, but Western Plains, a more even combination, gradually prevailed. After a couple of points had been scored, Dunn twice, and Bown, registered goals. With one of his long kicks, Tresize led an attack on Western Plains' goal, but Beaufort were weak forward, and the opposing full back relieved. Welsh did good work for Beaufort on the wing, but Beaufort again broke down forward, and for the remainder of the term, they had to defend their goal. J. Spall, the tall Western Plains forward, had three scoring chances for two points. Beaufort did

not score for the quarter. In the second term the game was more even; each side adding 15 points. Tresize, with his long kicks, was one of the factors in Beaufort's attack. Frequently, however, Beaufort spoiled their play by attempts at short passing, whilst the reliable Western Plains' defenders repeatedly checked their approaches to goal. Lardner recorded Beaufort's first goal. Dunn followed with one for Western Plains, as the ball bounced through whilst the full back was out of position. Beaufort's form on the whole, however, was better at this stage. Each side added another goal, Lardner for Beaufort and Spall for Western Plains, whilst Yawkins, Beaufort's captain, who was in fine form in the ruck, hit the post. In the third term Beaufort's weakness forward was their chief drawback. Their captain played a hard game, but the tall Western Plains' side, spoilt many of Western Plains' efforts. Some fine high marks were taken. Beaufort made determined attempts to reduce the gap in the scores, but they just about managed to hold their own, and entered upon the last stage of the game 23 points to the lead. This was soon increased to 36, as Spall scored twice. For his second opportunity he took a fine mark, but was badly shaken down heavily, and was badly shaken. It did not, however, affect his kicking. After that, Beaufort had somewhat the better of the play, but Western

Plains were in a strong position. Continued attacks by Beaufort gave Ingles, Western Plains' full back, opportunities, which he seized. Time after time he turned attacks which threatened to end in goals. He was very reliable. For the last few minutes Beaufort hammered away at their opponents' goal, but could manage to score only minor points, and Western Plains had a comfortable victory. Scores:— First quarter—Western Plains, 3 goals 4 behinds (22 points); Beaufort, nil. Half-time—Western Plains, 5 goals 7 behinds (37 points); Beaufort, 2 goals 3 behinds (15 points). Three-quarter time — Western Plains, 8 goals 9 behinds (57 points); Beaufort, 5 goals 4 behinds (31 points). Final—Western Plains, 11 goals 10 behinds (76 points); Beaufort, 6 goals 5 behinds (43 points). Goal-kickers:—Western Plains — Dunn (4), Spall (3), Bown, Murray, Rack, Chengin. Beaufort—Lardner (3), Cole, McErval, Yawkins. Undoubtedly the better team won. Western Plains had a more evenly balanced side, and they played better football. Western Plains had some very effective tall men. Wilson on the half-back line was consistent all the time. Ingles and Humphrey were reliable in defence. Dunn and Spall were good on the forward line, and other players contributed to the victory. Beaufort had hard workers in Pringle and Yawkins in the ruck,

Welsh on the wing, Cole roving, Hopkins back, McErval, Lardner, Murray, and O'Brien. J. Ryan gave a very good display of umpiring.— "Courier."

Writing of the match, a contributor states:—Pringle, Yawkins, and Cole were O.K. Lamb was a most useful player on the half-back line. G. Grant was below form, but did many useful things at times. Tresize, in the centre, played a great game, and his long kicking was a feature of the match. Our team relied too much on short passing, and were too weak forward. Lardner obtained three goals, and played a great game, opposed to the best man on the ground, "Snowy" Wilser. The Beaufort team was greatly weakened, owing to several leading players from outside clubs not putting in an appearance. Emergencies had to be called in at the last minutes and most of them gave good service.

RAINFALL.

Sixteen points of rain fell at Beaufort on Sunday, and five points on Thursday.

INJURY TO KNEE.

Mr J. P. Fraser, of Lake Goldsmith, severely wrenched his knee when working in a paddock.

ESSAY COMPETITION.

An essay competition, in connection with the illuminated advertising van, which recently visited Beaufort, was won by Mrs N. Lyons. The competition was organised by the Prestige Hosiery Co.

Ladies Tailoring

In Line with
Fashion's Dictates.

Women who are well versed
in the finer points of
fashion and equally con-
versant with superior fabrics
and excellent workmanship, will
appreciate the graceful charm of our
Tailored Costumes.

Their smooth, smart finish remains,
and the coat retains its shape because
our Ladies' suits are moulded by ex-
perts in the art of Tailoring. Our
models, in any modish fabric, have a
distinctive attractiveness that appeals
at once to every good dresser.
There are various materials, and
prices are most reasonable.

BEAUFORT GOLF CLUB.

MIXED FOURSOMES.

Entries were numerous for Mixed
Foursomes, played over 18 holes, by
the members of the Beaufort Golf
Club on Saturday. The event was
won by Miss J. D'Helin and F. J.
Martin, with a net score of 62. The
leading scores were:—

Mixed Foursomes, 18 holes.
Miss J. D'Helin and F. J. Martin
86—24—62
Mrs L. Watkin and R. T. Macdon-
ald, 92—26—66; M. E. L. Watkin and
Mrs M. E. L. Watkin, 90—22—68;
Miss D. Ward and H. J. Troy, 94—
26—68; Miss A. Stewart and H. V.
Martin, 86—18—68; Mrs Bossence
and H. Carmichael, 96—27—69; Mrs
Kelly and J. Kelly, 94—23—71; Mrs
Williams and P. T. Stevenson, 92—
21—71; Mrs Halpin and R. E. Hal-
pin, 90—27—72; Miss B. Schlicht and
J. A. Harris, 93—20—73; Mrs Ashley
and W. W. Ashley, 97—24—73; Mrs
J. A. Harris and G. F. Ellis, 100—
26—74; Mrs A. M. Parker and J. R.
Joyce, 104—28—76; Miss A. Norman
and T. M. Bowe, 104—28—76; Mrs
V. Dunn and A. A. Grace, 104—
27—77.

AVOCA GOLF TOURNAMENT.

At the open meeting of the Avoca
Golf Club last week, the following
Beaufort and Lexton players did
well:—Men's four ball, 18 holes. A.
J. Saph and P. Stevenson (Beau-
fort, 18—62, tied for third. Mixed
foursomes, 18 holes—H. P. Briody
and Mrs Briody (Lexton), 29—70,
tied for second. Men's bogey, 18 holes
—J. Kelly (Beaufort), (11), 1 up;
H. P. Briody (Lexton), (7), W. J.
McDonnell (Maryborough), (11), A.
J. Saph (Beaufort) (14), 4 down. Wo-
men's 18 holes—Miss M. Briody, 30—
73, third.

POLICE COURT.

The only business listed at the
Beaufort Police Court on Monday
was a debt case that had been settled
out of court.

OUT OF THE PAST.

Twenty-five years ago trappers in
the Buangor district were making up
to £10 a week, catching and consign-
ing rabbits.—Rev. F. McQueen, the
popular minister of the Skipton Pres-
byterian Church, was farewelled 25
years ago, prior to his departure for
Fairfield. Mr A. Angus, superin-
tendent of the Sunday school, pre-
sided, and presentations from the
central and other churches totalling
£132 in sovereigns, as well as other
valuable gifts, were made. The
speakers were Messrs Geo. Russell,
A. R. Slater, and C. Cairns.

SOLDIERS' CONFERENCE.

At the annual conference of the
Returned Soldiers' League in Mel-
bourne, on Friday, Mr J. B. Roderick
(Beaufort) moved: "That the Minis-
ter concerned be asked to amend
the existing regulations to provide
that workers receiving mining sus-
tenance shall be eligible to obtain
employment on railway works equal-
ly with persons receiving ordinary
sustenance." Mr Roderick contended
that men on mining sustenance
should be allowed to take ordinary
work offering. If they got other work
and were off sustenance, they had to
hand in their equipment, which
should be kept for them at the police
station until they were ready to be-
gin their mining work again. The
State President (Mr Holland) sug-
gested that the matter be left in the
hands of the League. He was endea-
vouring to get in touch with the Min-
ister for Sustenance. There was a lot
that could be said about mining sus-
tenance, and the State executive in-
tended to pursue this to a satisfac-
tory conclusion. The suggestion was
adopted.

For Influenza Colds.

STREATHAM C.W.A.

Thirty-four members were present
at the July meeting of the Streatham
branch of the Country Women's As-
sociation, and the vice-president (Mrs
Doery) presided in place of the pre-
sident (Mrs Cordingley), who has re-
signed. A minute of appreciation of
Mrs Cordingley's work for the branch
during her six months' presidentship
was recorded on the books. A demon-
stration on cake icing, by Mrs M.
Lindon, of Lake Bolac, proved most
interesting. Miss Lindon brought
with her some beautifully decorated
cakes, and showed the members many
tricks in the art of cake decorating.
Miss Hannah won the day's competi-
tion for the best pot of melon jam;
the judges being Mrs Philip and Mrs
Carstairs. The market stall realised
17/6, and £1/11/ was made by the
sale of the June birthday cake. It
was made by Mrs Thompson, who is
the branch's first prize winner at the
C.W.A. show in Melbourne, and Mrs
Carstairs led it. During the after-
noon members said farewell to Mrs
Roberts, who is leaving for Sassa-
fras, and they presented her with a
framed copy of the C.W.A. creed.

"THE HIGHWAY," Beaufort, is
now open to receive paying
guests. Home comforts, and every
attention assured. Apply to Mrs.
JEFFSON, above address. Phone 78.

als from or to any part of the Com-
monwealth.

OPTICAL NOTICE.

GLARE is that light which, regard-
less of its character or its source,
is uncomfortable, tiring, and
harmful to the eyes.

TINTED LENSES.—Their scien-
tific properties, not their color, ab-
sorb the dazzling rays of light, but
permit the ordinary light to pass
through.

Let us replace your lenses with
Tinted ones, which will protect
your eyes from the glare.
