MONTHLY MEETING.

MEETING OF COMMITTEE

A special meeting of the committee of the Ripon sub-branch of the Returned Soldiers' League was held at the Shire Hall, Beaufort, on Saturday night; Mr C. H. McKay (president) occupying the chair, and 11 members attending. Apologies were received for the absence of Messrs. A. Ringin and J. Wallish.

On the motion of Messrs. S. Pascoe and F. Webster, it was decided to nominate Mr C. H. McKay as Ballarat district State councillor; it being understood that Mr McKay had the right to withdraw his nomination if he thought it desirable.

It was resolved that delegates to the annual State branch and Soldier Settlers' conferences would be nominated at next general meeting.

Mr Collier moved that the branch hold a smoke social on the 4th July. Seconded by Mr Jacobs, and carried.

Arrangements were made to have a pasty supper and some form of entertainment.

It was resolved to proceed with the business of the ordinary monthly meeting, instead of meeting in a fortnight's time.

It was decided to invite Mr W. Fitzpatrick to next meeting to make a small presentation to the committee.

Correspondence was read from the State branch, stating that there had been no alteration in the pension allowance to holders of the D.C.M. of 6d a day extra.

An outward letter to Mr and Mrs Lakey, sympathising with them in their recent bereavement, was read, and the president thanked Mrs Webster for making a wreath.

It was reported that a resolution for inclusion in the agenda paper of next conference had been sent in as follows:—"That the Government provide headstones for returned soldiers who have died in indigent circumstances."

A letter was read from the Forests Commission, stating that any returned soldier absent from work on the morning of Anzac Day (a Saturday) was not entitled to pay for that time, and that the men came under the A.W.U. award.

The secretary (Mr S. Wells) reported a credit balance of £19, and a membership of 78; including 16 new ones.

Mr Pascoe said the Ballarat sub-branch had now reached a membership of 500.

The secretary read a file of correspondence in regard to arrangements for the forthcoming State branch and soldier settlers' conferences.

The president asked how Mr E. S. Buchanan was, and Mr McLeod reported on the matter.

A circular was read in regard to the new form in which "Mufti" is to be published, and bound copies of "Aussie," as published in France, were offered for sale.

A letter in regard to music for the annual ball was referred to the ball committee.

The close observance of Anzac Day and the advisability of some change in the present mode was discussed at length, and arrangements were made to fully debate the matter at next general meeting.

It was arranged that the committee meet in future at 8 p.m.

VISIT OF REV. DR. C. N. BUTTON.

£130 COLLECTED IN AFTER-NOON.

Being in some financial difficulty, the Beaufort Presbyterian Charge set out on Sunday afternoon to raise £500, when a special service was conducted in St. Andrew's Church, Beaufort, by the Rev. Dr. C. N. Button, of St. Andrew's, Ballarat. The singing was led by St. Andrew's Choir, Ballarat, under the leadership of Mr W. Boustead, who also acted as organist. There was a very large attendance, representative of all parts of the Charge, and other denominations. Suitable hymns were sung, and the service was a most impressive one. The solo, "God is Our Refuge and Our Strength," was beautifully rendered by Mrs Elsie Morrison, the possessor of a very sweet soprano voice.

THE CHEERFUL GIVER.

Rev. Dr. Button, speaking of the nature and aims of the service, said it had been called a united service of dedication, offering, and thanksgiving. He considered the people of the charge thought in sections rather than as a whole, and he wanted them to leave in the past the habit of pitting one section against the other. In the visiting he had been doing, he had been careful not to discriminate. They wanted them to give themselves long before they gave the money. The real crux of the problem in every charge was not financial, but getting dedicated men and women. Where they had dedicated men and women, financial problems settled themselves. An undedicated life was a useless and perilous life, and went to pieces inwardly sooner or later. This was a service of offering in the material sense if they liked. There was a world of difference between an offering and a collection. He wanted this to be an offering—something of their best that God would have them give. He had heard the nimble threepence called "The Church's One Foundation." He did not expect them to give £500 this afternoon, but wanted them to think in terms of £500. If Buninyong people could put £187 in the plate in one day, and St. Andrew's (Ballarat) congregation £1800 and £1200, they thought Beaufort was somewhere in between. He would not insult the Beaufort people by putting it lower. Whatever they gave in the sum-total, they would at least send the visitors away with the feeling that they had done their best. He had heard of all the difficulties. He wanted them to realise that they owed considerable arrears to the Lord God. He urged them to make it a matter between themselves and God, and to mind their own business in the matter of giving, but only give in the spirit of sacrifice. A Church was a wonderful thing—different to any other. The Church was a big thing in this changing world. Theodore Roosevelt had said that a non-church-going community was a community on the down grade. The speaker quoted a number of passages and proverbs from the Old Testament, applicable to the subject of his address. Those sayings, he pointed

out, showed that they could not get past God. Quoting from the New Testament, Dr. Button said, "there is to be no compulsion about it, for God loveth the giver who gives cheerfully."

The choir sang the anthem, "Glorious is Thy Name," in very pleasing style.

ROADMAKERS' ALL.

Rev. Dr. Button preached impressively from the text, "Lift up the hands that hang down, and straighten the paths for your feet."—Hebrews, 12, 12, and 13. In plain English, the preacher said, it meant pull yourselves together. They were all road-makers, and were making roads all the time. He described how habit and memory took control of the brain. They were makers of habits till they were 25 years old, and after that were creatures of habit. Habits were their masters. What kinds of roads were they making—straight roads that were getting somewhere, or straggling ones that were leading nowhere. There was a lot of travelling motion and speed in modern life, but where was it getting to for all its progress? A lot of them were like a soft-headed negro who spent all his money and time riding on a merry-go-round, but got nowhere. When the Romans landed in the British Isles, there were no roads, only cattle tracks. The Romans laid their roads in England to preserve a straight course from point to point. Were their roads like that? Let them ask themselves that before God. George McDonald, a Scottish preacher and author of half-a-century ago, was a good Roman roadmaker of the spirit. He said he came from God, and was going straight to God. They were also urged to make straight roads for the other people interested in their roads. All their lives were touching moral cripples and weaklings, who looked to them for guidance. Were they going to further lame these people or shield them? It was not their own business what they did with their lives. God gave fathers and mothers a tremendous responsibility when he gave them a child to train for Him. What kind of roads were they making for their children? Would they be able to look back over a slimy, crooked track, or a straight, clearly defined road when the end came?

Dr. Button thanked Mr Boustead and his choir for their help, and also those who had lent cars.

Prior to the close of the service, Dr. Button announced that the collection was £108/8/11, and he thanked them for this generous response; afterwards announcing that the amount had been increased to £110.

The amount was further increased to £134, and it is expected that more will yet come in.

The ladies of the charge entertained the visitors at afternoon tea at the Sunday School Hall.

TELEPHONE SERVICE.

To facilitate the removal of faults and to enable the Beaufort linesman (Mr S. Jacobs) to patrol trunk lines on the Adelaide-Melbourne service, the local postmaster (Mr R. Macray) has been successful in his endeavour to get the Department to provide the linesman with a motor truck, which is being supplied at an early date.

The captain of the Beaufort Fire Brigade (Mr J. Duke) was in the chair at the monthly meeting at the Fire Station on Monday night; twelve active and reserve members attending. Correspondence was read from the Country Fire Board, stating that Captain A. McPherson, assistant-chief-officer, would inspect the brigade on the following Thursday night. The Black Crows' Dance Band wrote, thanking the brigade for engagement for annual ball on Wednesday, July 8th. The Mayor of Ballarat forwarded a circular re late King George V. Memorial.—Attended to by secretary. The Country Fire Board invited subscriptions to a presentation to Chief-officer W. M. Chellew on his retirement. A circular was also read from the board, re maintenance, etc., of motor pump, attendance of pump at fires outside fire district, and explaining new squad drill. A letter was received from A. E. Marks, Ballarat, re bringing a 'bus load to the forthcoming ball. Accounts amounting to £5/7/6 were passed for payment. The secretary (Fireman W. Bridges) reported a credit balance of £14. It was decided, on the motion of Fireman W. Fitzpatrick and Lieut. Smith, to donate 10/6 towards the presentation to be made to Chief-officer Chellew on his retirement. It was decided to engage Mr Marks' 'bus for the ball; the owner to be paid 1/ per head for each passenger, and if two 'bus-loads come, Mr Marks to receive an extra 5/. The captain said they had to decide what they were going to do about looking after the pump. He suggested a roster of members; two to be appointed for the work each month. The pump had to be used from still water twice a month. It was decided to get two trays made for underneath the engine of the fire-pump. It was decided that one driver, two firemen, and a reserve member look after the hall and the fire-pump each month, and that a roster be drawn up, on the motion of Firemen W. M. Fitzpatrick and A. Beer. Mr Sheridan is to be written to and thanked for a donation of half-a-ton of firewood. It was resolved to give the four garage-owners of the town a turn every three months for the supply of petrol and oil. The captain reminded members that there was a brigade social next Tuesday night, and the Ladies' Social Club would hold one next month. It was decided to have a pasty supper at the social next Tuesday, and to charge 3d for supper. Arrangements were made for two drivers to take the pump out and use it from still water twice a month. A working-bee was fixed for Saturday afternoon at 3 o'clock to make a lawn in the Fire Brigade reserve. Arrangements in regard to selling tickets for the annual ball were made. Apologies were received for the absence of Firemen Trezise and Dunstan and Reserve-member L. Stephens. For hall and fire-pump duty for the month Lieut. W. F. Smith, Captain J. Duke, Firemen A. C. Day, J. H. Fitzpatrick, and W. Bridges were appointed.

FOOTBALL.

The Beaufort C.Y.M.S. footballers forfeited their match to Waubra in the Burrumbeet district football competition on Saturday. Burrumbeet (9-10) defeated Learmonth (4-3).

CHURCH OF ENGLAND.

PRESENTATIONS TO REV. A. AND MRS. TALBOT.

District Anglicans and representatives of other congregations gathered in force at St. John's Parish Hall, Beaufort, on Monday night to say farewell to the vicar (Rev. A. Talbot) and Mrs Talbot, who are leaving for Rupunyup after 8½ years' stay here. Cr. R. A. D. Sinclair acted as chairman, and the programme consisted of songs, dancing and community singing. Bouquets were presented to Mrs Talbot by Little Lesley Trezise and Miss Betty Rogers, and a buttonhole bouquet was handed to the Rev. A. Talbot. Songs were contributed by Kevin Kelly and Mrs E. S. Crouch; the accompaniments being played by Miss DeBaere, Mesdames P. J. Kelly and A. Guyatt, and Mr W. V. C. Jenkin. An apology was received for the absence of Mrs K. A. D. Sinclair.

Cr. Sinclair said his wife and he greatly regretted the departure of the Rev. A. and Mrs Talbot.

Mr H. J. Buchanan said he came here out of regard for their departing vicar, and because of his pleasant associations with him. He wished him all the good that could come to him in his new sphere.

Mr A. R. Beggs (a committee-man) expressed his regret at the departure of the vicar and his wife. Mr Talbot had given them faithful service. He had admired Mr Talbot for his straight talking, and wished the vicar and his wife God speed and happiness in their new parish.

Mr J. Pickford, who spoke for the congregation of St. George's, Middle Creek, said they had enjoyed Mr and Mrs Talbot coming to Middle Creek. Mrs Talbot had for some time taken the organ. He wished them a very happy time at Rupunyup.

Cr. C. H. McKay said they were losing from this parish Mr and Mrs Talbot, who were held in the very highest regard in the community. There was not one of the soldiers on the settlement at Brewster who did not think the world of Mr and Mrs Talbot. Mr Talbot had been an inspiration to them, and he deeply regretted the departure of this worthy couple, and wished them both health and happiness.

Mr R. C. Hodgetts said it was not the desire of the parishioners for Mr Talbot to leave them, but they must applaud that gentleman for his action. He was one of the most broad-minded, tolerant clergymen one could come in contact with. Mr and Mrs Talbot were leaving behind a host of friends. He wished them God speed and good health at Rupunyup.

Mr D. Stevenson spoke on behalf of the Methodist Church, and Mr H. Glenister on behalf of the Main Lead Church.

Mr W. V. C. Jenkin said Mr Talbot was a very conscientious man, and one they could be proud of. Mrs Talbot had ably filled her position as the vicar's wife, and he hoped Mr and Mrs Talbot would have just as happy a time at Rupunyup as they had had in Beaufort.

Miss L. Stuart apologised for the absence of her father, and wished Mr and Mrs Talbot every happiness in their new home.

Mr E. J. Muntz spoke on behalf of the parishioners. He said that on account of his very old connection with the vestry, he was glad they had given him the honor of making this presentation. It was from the different parts of the parish, all but Brewster, where the people had made a presentation on their own. They all regretted the departure of Mr and Mrs Talbot from Beaufort. There were plenty of openings for such a man as Mr Talbot, and he did not leave by the desire of the committee or congregation. This gathering to-

night showed the regard Mr and Mrs Talbot were held in here. They had enjoyed their ministry in Beaufort, and he hoped they would gain by going to Rupunyup.

A cheque was then presented to Mr and Mrs Talbot by Mr Muntz, with the very best wishes of the parishioners.

Mrs T. McNaughton presented to Mrs Talbot a silver entrée dish from the ladies of the congregation, and said she had been a wonderful help to them in mission work and in the choir. She had always been ready to do her part in every sphere of Church activity.

Mrs Talbot thanked the ladies for their gift. They had had some very happy times together, and she hoped they would give the new vicar and his wife the great help they had given her husband and herself. They had sent some wonderful things to the mission from the Ladies' Guild, and Mr Talbot and she wished them well, as they had wished them well.

Mr W. J. Scriven, on behalf of the Boys' Club, said all the boys were sorry to lose their vicar. On their behalf, he presented him with a fountain pen.

In responding, the Rev. A. Talbot said the committee did not wish him to leave, but he had come to the conclusion that a change would perhaps be a good thing. He had been here 8½ years. There was one thing he would miss, and that was the beautiful hills round Beaufort. Why should they have to say these farewells? The vicar and his wife came in contact with those who were in trouble, and they formed deeper ties than others. They also shared in the parishioners' great joys. He had given them his best. He would miss Beaufort very much indeed, and he would miss all his friends. He hoped he would always be able to retain their friendship. He had received very much kindness from them. He especially thanked Mrs H. P. MacKenzie (Trawalla), Mrs Russell (Mawallok), Dr. Humphreys, the lay readers, Mr Muntz, Mr Jackson, Mr A. R. Beggs, Mr Brudenell White, the members of the vestry, and the ladies for the way they had stood by them; and also the choir, Miss DeBaere, and Mr Jenkin. His wife had been his right hand in all these years of his ministry, and he hoped the people would stand with his successor, and give him their very best support. He expressed their very sincere and deep appreciation of what the people of the Church had done for Mrs Talbot and himself.

THE V.L.G.U. TOURNAMENT.

A very high standard of golf should be seen at the V.L.G.U. tournament at Beaufort, as in addition to other noted players who have announced their intention to compete, information has been received by the associate secretary, Miss A. L. Stewart, that Miss Mona MacLeod, winner on four occasions of the championship of Australia, will also be a competitor. It is expected that a new course record will be established somewhere between 76 and 80, as never before have so many players of high grade played on the Beaufort course.

OBITUARY.

MR. THOMAS CUSHING.

One of the best-known residents in the Creswick district in Mr Thomas Cushing died on Wednesday, after a long illness. ENGINEER'S REPORT.

The following report by the engineer (Mr E. S. Crouch, C.E., L.S.) will be dealt with at the meeting of the Ripon Shire Council on Monday:—
1. Tenders.—(a) Tenders were called on the 25th May for contract No. 10/36, East riding, and the only tender, that of A. Nunn, £27/10/0, was accepted.
(b) Tenders on the same date were also received for contract No. 11/36, West riding, and are reported under the minutes of North riding committee.

2. Springthorpe's Lane, Nerring. The conditional terms for the exchange of roads were decided at a committee meeting of the North riding on 10th December last. On 7th February, Mr Kirkpatrick indicated verbally to me that such terms were not acceptable. I find, on inspection, that the road has been closed and the suggested new road fenced, and Mr Kirkpatrick states he has done the work, acting on information seen in the press. I would suggest that a formal acceptance of the terms (ref. 36/393) should be first obtained, the necessary transfers made, and the works be put in hand.

3. C.R.B. Works.—Applications for money for main roads maintenance and for developmental and other road construction close with the Country Roads Board on the 30th and 15th inst. respectively. A schedule of estimated requirements is in preparation, and will be submitted for consideration at the meeting on 8th inst.

POLICE COURT.

There was a clean charge-sheet at the Beaufort Police Court on Monday; Mr L. Smith, J.P., being in attendance.

A THOUGHT FOR TO-DAY.

"The integrity of men is to be measured by their conduct, not by their professions."

SATURDAY, JUNE 6, 1936.

A WRONG PRACTICE.

It may not have occurred to the North riding representatives in the Ripon Shire Council that it is improper to allow a building that was erected as a memorial to be used for advertising purposes, and so we respectfully bring the matter under their notice. For a number of years past energetic organisers of local entertainments and other functions have been in the habit of hanging placards announcing such events on the railing of the Beaufort Band Rotunda, which bears an inscription that it was erected as a memorial to Her late Majesty, Queen Victoria. It may be somewhat late in the day to check a wrong practice, but discouraged it should be. What a sensation would be caused if one of these placards was attached to the War Memorial, a little further up the street! There is no guarantee that the next generation will not use that sacred building for advertising purposes, if it is not set a better example by the present one in regard to the other memorial mentioned. We hope the councillors, in their wisdom, will see fit to let it be known that there is a place for everything, and that everything should be in its place.

RAINFALL.

Ten points of rain fell at Beaufort on Wednesday night; making a total of 163 points for a week.

FOREST WORKERS.

Seventeen men arrived at Beaufort on Tuesday for relief work in the State forest at Mt. Cole. They were met at the train by the forest officer (Mr T. D. Bailes). Five local men were also engaged.

SHEEP STEALING.

Thefts of sheep are still being reported in the Beaufort district. On Langi-Kal station, which is stocked with 20,000 sheep, the average loss from thieving is estimated at 500 a year. Mr H. C. Williams, of Beaufort, is losing three or four sheep a month.

SHOP WINDOW BROKEN.

On Saturday night one of the large windows in Mr G. H. Coughle's book store was accidentally broken by some passers-by.

MECHANICS' INSTITUTE.

The monthly meeting of the Beaufort Mechanics' Institute Committee on Monday night was postponed, owing to a number of members desiring to attend another function.

FOOTBALL UMPIRE.

H. Dunstan is to be the umpire today (Saturday) in the match in the Burrumbet district competition between Learmonth and Beaufort C.Y.M.S. at Learmonth.

FINGER SEVERED.

A Euramben boy named Max Barby was on Monday showing his mother how his brother cut his finger in the chaffcutter, when he had the misfortune to sever the top of one of his fingers.

DONATION TO QUEEN.

A large bottle of Old Court whisky was donated by the Federal Distillers Ltd. to the Queen of Wattle (Miss D. Parker) for disposal of by competition; the gift being left by the firm's traveller with Mrs D. Sievwright, of the Beaufort hotel.

TEAM BOLTS.

When a lad employed by Mr S. Hayward, of Brewster, was driving a team of horses in a cultivator on his farm on Monday, a greyhound ran past and caused them to bolt. The horses finished up in contact with a fence, and considerably damaged the machine.

FIRE BRIGADE INSPECTED.

Captain McPherson paid his first visit to Beaufort since his appointment to the position of Acting-Chief-officer, on Thursday night. There was a good muster of firemen under Captain J. Duke and Lieut W. Smith, and the inspecting officer was well satisfied with the way they turned out.

DRIVE FOR NEW MEMBERS.

Encouraged by the added interest in the Beaufort Mechanics' Institute library, since the purchase of over £12 worth of new books, a special drive for new members is being made to permit of the purchasing of a further supply over and above the usual additions. Would every member endeavor to secure one other? Later, they will be most grateful to you, for once a reader, there is always that added interest in life, and additional pleasure and contentment.

AN UNPLEASANT EXPERIENCE.

On Monday Mr Harry Brown, of Beaufort, had an unpleasant experience that might have ended disastrously, but for his presence of mind and skill as a motor driver. Driving a loaded truck, he was half-way up the steep incline on the Western Highway, between Euramben and Beaufort, known as Box's cutting, when the differential broke, and the truck started to run backwards downhill, gaining momentum as it went, owing to the brakes not being strong enough. Mr Brown successfully steered the truck backwards for about three-quarters of a mile. Then he was able to pull it up.

NEW BOOKS AT MECHANICS' INSTITUTE LIBRARY.

The following books have recently been added to the library at the Beaufort Mechanics' Institute:—"The Listening Post" (Grace Richmond), "The Seven of Diamonds" (Max Brand), "Egypt Lane" (Don Portbury), "Wild Memory" (Annie Duffield), "His Excellency, Governor Wallace" (Alexander Wilson), "Winterness" (Hugh Walpole), "Regency Buck" (Georgette Heyer), "Silver Mist" (Joan Sutherland), "The Knife Through the Ace" (William MacLeod Raine), and "Somebody Must" (Alice Grant Rosman).

A BRILLIANT SPECTACLE.

BAND QUEEN CARNIVAL.
THE CROWNING CEREMONY.
MISS MIRIAM LISTON QUEEN OF QUEENS.
£362 RAISED BY THREE QUEENS

Never before in the history of Beaufort has so successful an effort been made for the Town Band, and very few other organisations for that matter, as the queen carnival which was brought to a conclusion after six weeks' duration, by a concert and crowning ceremony on Wednesday night, at the Picture Theatre, which had been very tastefully decorated for the occasion in purple, red, black, and gold, with the platform arranged as a throne-room. The building was packed with an enthusiastic and expectant audience, and as the greater part of the seating accommodation had been reserved days before the great event, scores were turned away.

Cr. C. H. McKay presided, and the excellent concert programme contributed by Ballarat and local artists was greatly enjoyed. All the performers were loudly applauded, and several recalled. The items were as follows:—Song, "Bird Songs at Eventide," Miss Selma Bolton; quartette, "Good-bye," Messrs. George Coughle, J. Liston, S. McCracken, and J. H. Fitzpatrick; song, "Hills of Donegal," Miss Monica Miller; comic song, "In the Year Two Thousand and One," Messrs. George Coughle, J. Liston, and J. H. Fitzpatrick (who scored with many local hits); comic song, "Waiting at the Church," Miss Nellie O'Brien; song, "Red Devon by the Sea," Mr Stan Hillman (encored and responded); song, "My Heart is a Silent Violin," Miss Bessie Lockett; ballet, six local boys; song, "Poor Wandering One," Miss Ena Crocker (encored and responded); mouth organ solo, "The Church Parade," Mr M. Crick (encored and responded); sleight of hand turn, Mr Lealie. The accompaniments were played by Mesdames Warburton and S. E. Humphreys, and Miss Connie Baker.

Next came the queen crowning ceremony, and a brilliant and beautiful spectacle it was. Cr. C. H. McKay, who apologised for the absence of Cr. Sinclair, said he had been called upon to preside at the eleventh hour. The president of the band had asked him to thank them for the generous way in which they had supported the queen carnival. They thanked the girls who had acted as queens, and the ladies and gentlemen of their respective committees, who had worked so hard to make in the money. It had cost them all a little for the carnival, but they did not know what a task it had been for these girls and their people, who had been put to no small inconvenience and mental strain. The public's loss was nothing, compared with that of these folk. They had lost time and put in quite an amount of money themselves. The time they had given to this work was given in order that they might have a band in Beaufort. Although some seemed to consider that the cause was not a very commendable one in one sense, he thought they would rejoice as the band progressed and they had music in the town, that they had spent the money on a really good thing. The band was now under a competent bandmaster, and they should have a band of which they would be very proud. He thanked them for the way they had supported the queens and turned up to-night.

Mr J. H. Davey, of Ballarat, acted as Lord High Chancellor (the 60th occasion on which he has officiated), and the incidental music was played by Bandmaster A. E. Collins, and Bandsman M. Crick, R. Saddler, L. Hill, and E. Wilson.

The various queens and their retinue (who were all prettily attired and made a pleasing picture), proceeded through the aisle of the hall to the throne room on the platform. There was great applause as each party arrived. The queens were announced by the Lord High Chancellor (Mr Davey) and entered as follows:—

Queen of Wattle (Miss D. Parker), attended by Misses Lorna Anderson, Audrey Anderson, Jean Day, Marj. Kewley, Shirley Macdonald, Heather Williams, Helen French, Lesley, Trezise, and Jean Gordon. Knight, Mr Sean McCracken.

Queen of Violets (Miss G. Brown), attended by Misses Betty Brown, Laurel Woodall, Gwen Ward, Violet Meredith, Joan Skene, Dorothy Ellis, Verna Wilson, and Masters Norman Day, Alan Hughes. Knight, Mr W. Manson.

Queen of Roses (Miss M. Liston), attended by Misses Kath Liston, D. O'Neil, C. Pope, Elva Holdsworth, Judith Wotherspoon, Gweneth Humphreys, Eva Blay, Loretta Davies, and Masters Douglas Coates, and Brian Gleeson. Knight, Mr Lance Hobart.

The queen of queens (Miss M. Liston) and her group took the central position on the platform, with the other queens and their groups at either side.

The proclamation was read by Mr Davey with due ceremony, and Cr. C. H. McKay placed the crown on the winning queen's head. The coronation song, "Land of Hope and Glory," was sweetly rendered by Miss Selma Bolton.

Favors were then bestowed by the winning queen on Messrs. Stan McCracken, W. Manson, and Lance Hobart.

Other workers, whose name is legion, did much towards the success of the carnival, including the mothers of the three queens.

After bouquets galore had been presented to each queen, Cr. C. H. McKay presented a gold wristlet watch to each queen from the band.

The presentation of gifts and souvenirs to the attendants of each queen followed.

The queens and their attendants filed out of the hall amidst great applause, and thus ended a memorable ceremony.

The chairs used as thrones were borrowed from the Masonic Lodge. Cr. McKay announced the financial result as follows:—

Queen of Roses, £147/1/7; Queen of Violets, £128/7/1; Queen of Wattle, £86/14/5; total, £362/3/1.

The National Anthem was then sung.

Following is a description of the queens' dresses:—

Queen of Roses (Miss Miriam Liston)—Pearl satin gown, shirred bodice, finished at back with small satin buttons; skirt molded to the figure, forming a short train at the back; wide shirred belt, fastened in front with an old-world posy, long sleeves fitting to wrist, pearl headress, silver shoes. Attendants—Tiny tots, white and red; maids of honor, deep red satin; two boys, satin suits.

Queen of Violets (Miss Grace Brown), white pan velvet, the V neck finished with violets, the winged sleeves finished with violet velvet, and the skirt molded to the knees, and flaring to the feet. Attendants—Violet taffeta, with two little boys in green and violet satin suits.

Queen of Wattle (Miss Dulcie Parker), Antique gold satin; the sleeves of the Renaissance bodice crossing in front and falling to the feet at the back from the shirred shoulder line; the skirt closely molding the figure

to the knees, where it flared to the ground, forming a short, pointed train at the back. Gold and silver lame train, gold sandals, and a sparkling silver coronet completed the ensemble. Color scheme of the nine attendants—Deep gold to pale yellow, and deep green to pale green.

The receipts at the concert were £35.

The dance that followed was well attended; the Sunbeam Orchestra supplied the music.

The secretarial duties were in the hands of Mr A. G. Cowell, who was assisted by the band president (Mr J. Holdsworth), and Bandmaster A. E. Collins.

DOLL DISPLAY.

On Tuesday night the C.W.A. doll display was open for inspection and was attended by a large number of people. The Younger Set took the opportunity of making a presentation to their president (Miss C. Pope), who is shortly leaving the district.

THE MONTHLY MEETING.

A wonderful collection of dressed dolls of every variety and description was on display at the Beaufort C.W.A. Club Rooms on Thursday afternoon. Many were in national dress, others represented useful articles, while much exquisite hand and knitted work had been put into the others; the whole effect being really unique.

When the collection was taken up at the Beaufort Presbyterian Church on Sunday afternoon, a motor driver's licence was found in the plate. It was returned to the owner, who had put it there in mistake for a cheque for £20, which brought the total amount received up to £134.

QUEEN CARNIVAL MONEY MUST BE USED WISELY.

Editor, "Riponshire Advocate." Sir,—A large sum of money is now available for the establishment of a band in Beaufort. This is chiefly due to the self-sacrificing, hard work of a large number of women (I am not overlooking those men who helped so splendidly, but who, I am sure, would be the first to admit that the result in this case is due to the enthusiasm of the women).

It is up to the women to see that the money is expended as they intend. I would go so far as to suggest that if (a) practices are not fully attended and interest not sustained, and if (b) there is not a marked improvement in individual and ensemble work of the band in, say, three months, steps should be taken to apply the remainder of the money to the school band fund. It should not be necessary to stress the obvious; but uniforms will not make a band, neither will instruments. What is needed is musicianship and hard work.

MAGISTERIAL INQUIRY.

CHILD KILLED BY WAGGON.

The magisterial inquiry into the circumstances surrounding the death of Roy Lakey, 2 years of age, who was accidentally killed at a Brewster farm on 18th May, was resumed by Mr R. A. D. Sinclair, J.P. (Deputy-cornor) and Mr L. Smith, J.P., at the Beaufort Court House on Monday afternoon; evidence of identification having been taken at the preliminary inquiry on 18th May.

Dr. S. E. Humphreys, Beaufort, gave evidence that in response to a telephone call at 2 p.m. on 18th May, he went to Brewster, where he saw the body of Roy Lakey, aged two years. The body was lying on a bed prepared for burial, and was still warm. The witness then described in detail the injuries received by the child. In his opinion, death must have been instantaneous, and was due to crushing injury of the spinal cord and nerves and blood vessels of the neck.

Thos. Lakey, farmer, Brewster, deposed: During the afternoon of 18th May, 1936, I was carting hay from my stack to the hay shed. The deceased and my son Thomas, aged 4 years, were with me. I gave them a ride on the waggon from the stack to the shed. My son Thomas climbed in to the loft of the shed, and I lifted the deceased on to the ground, where he started playing with an empty oil drum. I got down from the waggon, and put a chock under two wheels, and a rail in front of the two horses I had in the waggon, and then walked across the yard to give another horse a sheaf of hay. Before I got back, I heard a crash, and on running back, I found that the horses had broken through the rail, and were making towards the paddock. I stopped the horses, and looking back, saw the deceased lying on the ground about 10 yds. from where the waggon had been standing. When I picked him up, I found that he was dead. The position in which I found him was right in line with the waggon wheels. I carried him inside, and my daughter then rang Dr. Humphreys, and that gentlemen on examining the child, stated that death had been instantaneous.

First-constable John Duke, Beaufort, deposed: At about 3 p.m. on Monday, 18th May, 1936, from information received, I proceeded to Mr Thos. Lakey's farm at Brewster. I there saw the body of the deceased lying on a bed in Mr Lakey's house. Dr. Humphreys, of Beaufort, who was present, stated that death had been instantaneous. From enquiries made, I was shown a two-horse waggon, which was standing alongside the hay shed. There were two large chocks of wood on the ground under the right hand side wheels. These chocks were driven into the ground, and appeared as if the waggon had run over them. An opening in the fence in front of the waggon was blocked by a rail through horsehoes that had been driven into the posts. These horsehoes had been forced out of the posts. In the centre of the rail there was a mark where the wheels of the waggon had evidently passed over it. The spouting on the side of the shed had been broken off, evidently by the framework of the waggon. All these marks had been freshly done, and could be caused by the horses moving off suddenly without anyone in control. Thos. Lakey, who was present, pointed out a spot on the ground where he had found the deceased lying. This spot was directly in line with the left-hand side wheels of the waggon, and about 10 yds. from where it had been standing. From my investigations, it appeared as if the deceased had climbed to the front of the waggon and caught hold of the reins. Then, when the horses moved off and ran

BURRUMBEET DISTRICT COMPETITION.

C.Y.M.S. v. LEARMONTH.

The Beaufort C.Y.M.S. team
 journeyed to Learmonth on Saturday,
 and after a most exciting game, was
 defeated by the narrow margin of
 one point. Umpire S. Ryan officiated
 in good style. The C.R.M.S. was
 handicapped by having only 13 men,
 and Learmonth, while having a full
 team, was not at full strength. The
 rival captains were J. Rush
 (C.Y.M.S.) and L. Deans (Lear-
 month). The goal-keepers were Mes-
 srs. J. B. Hewitt and H. Wilson,
 the boundary umpires K. Liston and
 W. Ryan, and the timekeepers Mes-
 srs. W. Lynch and W. Ryan.

Scores:—
 First quarter—C.Y.M.S., 3-0;
 Learmonth, 1-3.
 Second quarter—C.Y.M.S., 1-0;
 Learmonth, 3-3.
 Third quarter—C.Y.M.S., 2-3;
 Learmonth, 1-2.
 Fourth quarter—C.Y.M.S., 1-4;
 Learmonth, 2-0.
 Totals:—Learmonth, 7-8;
 C.Y.M.S., 7-7.

The goal-kickers were:—C.Y.M.S.:
 M. McInmy (3), B. Lynch (2), G.
 Grant, and J. Rush. Learmonth: J.
 Blain (2), J. Ryan, senr. (2), S.
 Hjørner, G. Dean, and J. Ryan, junr.

The match was notable for the re-
 appearance of one of Learmonth's old
 players, in the person of Syd. Hen-
 der, who wished to be remembered
 to his Beaufort friends of years ago.
 He had the pleasure of kicking
 Learmonth's first goal, and also of
 playing when Learmonth had their
 first win for the season.

Waubra (13-6) easily defeated
 Burrumbeet (6-9).

To-day (Saturday) Waubra will be
 at home to Learmonth, and the
 C.Y.M.S. will visit Burrumbeet.

THE LOCAL PARLIAMENT

ENGINEER'S REPORT.

The following report by the engi-
 neer (Mr E. S. Crouch, C.E., L.S.), was
 dealt with at the Ripon Shire Council
 meeting on Monday:—

1. Tenders.—(a) Tenders were
 called on the 25th May for contract
 No. 10/36, East riding, and the only
 tender, that of A. Nunn, £27/10/-,
 was accepted.

Clause 1—Received, and action of
 North riding members endorsed.

(b) Tenders on the same date were
 also received for contract No. 11/36,
 West riding, and are reported under
 the minutes of North riding com-
 mittee.

Clause 2—Cr. Troy moved that
 the decision arrived at at the Decem-
 ber meeting be adhered to, and the
 necessary action taken by the engi-
 neer. Seconded by Cr. Sinclair, and
 carried.

2. Springthorpe's Works.—The
 conditional tender for completion of
 change of roads were accepted at
 committee meeting of the North rid-
 ing on 10th December last. On 7th
 February, Mr Kirkpatrick indicated
 verbally to me that such terms were
 not acceptable. I find, on inspection,
 that the road has been closed and the
 suggested new road fenced, and Mr
 Kirkpatrick states he has done the
 work, acting on information seen in
 the press. I would suggest that a formal
 acceptance of the terms (ref. 36/393)
 should be first obtained, the
 necessary transfers made, and the
 works be put in hand.

3. C.R.B. Works.—Applications
 for money for main roads mainte-
 nance and for developmental and other
 road construction close with the
 Country Roads Board on the 30th and
 15th inst. respectively. A schedule
 of estimated requirements is in pre-
 paration, and will be submitted for
 consideration at the meeting on 8th
 inst.

Clause 3—The engineer submitted
 the following:—Estimates main and
 developmental roads, 1936-37.—
 Ballarat-Ararat, £250; Skipton road,
 £2500; Ballarat-Hamilton road, £2770;
 total, £5320. Developmental road
 (Trawalla West (if desired), £300.
 Of the total amount the council will
 pay £1700.

Cr. Troy moved that the esti-
 mates be adopted. Cr. McDonald said
 the two alignments should not be con-
 sidered, as it would mean a big ex-
 pense. Cr. Troy said the Park re-
 alignment should be carried out,
 and both from a Park and road point
 of view. The president (Cr. Kirkpat-
 rick): He was not in favor of the re-
 alignment of curves on the Lake
 Goldsmith road. They did not want
 to make speedways of their roads,
 and should conserve every shilling. It
 was the shire roads that really want-
 ed attention. Cr. Sinclair seconded
 Cr. Troy's motion. Cr. McDonald:
 The East riding members were not
 prepared to spend money not abso-
 lutely required. The Lake Goldsmith
 road was quite safe at a reasonable
 speed. Cr. Wills agreed with the
 previous speakers, and said that devi-
 ations were very expensive. Cr.
 Troy: The type of car on the road
 now was absolutely dangerous on a
 sharp turn. Talking about speedways
 was obsolete. They must move with
 the times. The president had bought
 a tractor. The engineer said the road
 at the Park was dangerous to the en-
 trance, and detracted from the Park.

CYCLING.

F. FINCH WINS 10-MILE ROAD RACE.

Five riders faced the starter in a
 10-mile road race, held on the West-
 ern Highway on Saturday by the
 Beaufort Cycling Club. Messrs. E.
 R. Martin and A. Pedder were the

 art, 27 min. 38 sec.

Finch won easily by several hun-
 dred yards; there being about 20 yds.
 between second and third.

G. Lofts is leading in the club's ag-
 gregate competition for a massive
 silver cup (the gift of Mr E. R.
 Martin), with F. Finch next on the
 list. The competition will be com-
 pleted in the next five or six races.

BEAUFORT GOLF CLUB.

SATURDAY'S PLAY.

A couple of competitions were held

BEAUFORT RIFLE CLUB.

On Saturday afternoon the Beau-
 fort Rifle Club held a practice match
 at 300 yds., and the leading scores
 off the rifle were:—Jas. Oddie, 33;
 M. Johnson, 32; W. J. B. Johnson,
 30; J. O'Brien, 30.

The engineer said Mr Williams'
 other contract was let in February
 for eight weeks, but he would not let
 him start till he had done the other.
 Messrs. Brown & Williams had put
 in 10 effective days' work on the other
 contract for the month.

In answer to Cr. Russell, the engi-
 neer said £75 was intended to be
 spent on the boundary road work
 done by Contractor Collins.

The engineer said in regard to
 Williams' contract, 6/36, it would be
 sufficiently salutary.

The engineer's recommendation was
 adopted, on motion of Crs. Wills and
 Russell.

CORRESPONDENCE.

We do not in any way identify ourselves with opinions expressed by our correspondents.

Editor, "Riponshire Advocate."

Sir,—In last week's issue of your journal there appeared a letter written by Mrs. Emma Humphreys concerning the administration of the £362 raised for the Beaufort Town Band by the recent queen carnival effort. To us, the letter conveys the meaning that we are not capable of placing this money to the best advantage of the band. It was also mentioned that the trustees are under a heavy responsibility regarding the care of the money. We desire to inform Mrs. Humphreys that the trustees are in no way connected with the financial problems of the band; their duties being confined to the care of all property, such as instruments, etc. A school band was also mentioned, which, unless carried on in conjunction with the local band, is not practicable. To commence with, a conductor would have to be appointed, and apart from Bandmaster Collins, there is not one man at present in the town who is competent to instruct children in the correct method of brass band work. How would the school finance the conductor's salary? Another very important fact to take into consideration would be the purchase of instruments, which would cost anything from £500 to £1000. These would have to be purchased, as most of the local bandsmen possess their own. How would funds be raised for a proposed school band? Another queen carnival! We do not think this possible—at least not for a few years. It was also stated that uniforms and instruments do not make a band. We agree that without the bandsmen they do not. Uniforms are not really essential, being more or less only an aid to discipline and appearance. On the other hand good instruments are absolutely necessary, and without a full set in excellent condition a band may as well close up. At a committee meeting held immediately after the termination of the carnival, it was decided to place £200 on fixed deposit. If anyone can say that this money has been frittered away, we are content to go out of office and make room for a committee of Jews, whom we do not think could act with any more prudence. If the writer of last week's letter had only been patient enough to await our decision, correspondence on a matter of such a nature as this would have been quite unnecessary.—Yours, on behalf of the Beaufort Town Band Committee,

J. HOLDSWORTH, President.
A. G. COWELL, Secretary.

Editor, "Riponshire Advocate."
Sir,—I noticed in your last issue that the trustees were responsible for the money raised in the recent queen carnival. I for one, as a trustee of the band instruments, etc., only have nothing to do with the financial part of the band, as that is entirely in the hands of a very capable committee to deal with to the best advantage.

BEAUFORT BRASS BAND

COMMITTEE INVEST £200 OF CARNIVAL MONEY ON FIXED DEPOSIT.

A meeting of the above band held during last week was attended by seven members of the committee, and presided over by Mr. J. Holdsworth. A long discussion, took place on the investment of the money raised at the recent queen carnival. It was at last decided, on the motion of Mr. E. Wilson and Mrs. Newey, to invest £150 in the State Savings Bank on fixed deposit, and to open a current account at the E.S.A. Bank. The president and secretary were detailed to make all necessary arrangements. A series of socials, etc. has been suggested for a later date, so that reserve funds need not be drawn on. DISTRICT NEWS ITEMS

BREWSTER.

The Education Department has notified the Brewster head teacher that the Minister of Education has approved of the action being taken to provide a teacher's residence at this school. It is very pleasing information to the residents of the district, as the matter of obtaining board for teachers in the past has been very difficult, and it should also be a big help to the teacher. It is also understood that the Department is going to enlarge the present school building. This decision has been long overdue, as the school has been filled to capacity for a number of years, which means a certain amount of handicap to the children in their studies, as well as to the teacher in his work.

It is the intention of the basketballers to hold a euchre social and dance in the school at an early date, to raise funds. As this is only a new venture, it requires money to start with, the same as any other sporting club. It is to be hoped that the local people will turn out in large numbers on that night, and help the young ladies of the district along.

CARRANBALLAC.

In the Miniera and district football competition on Saturday Carranballac was at home to Tatooon, and easily defeated them. Tatooon is finding it difficult to field a team this year; several old players having retired from the game, and some of the recruits showing poor form. Both teams fielded a full side. Tatooon won the toss, and kicking with the wind in the first quarter, scored 1-3 to 2-3. In the second term the home side had advantage of the wind, and scored 10-6 to 1 point. Final scores, 27-16 to 2-7. Goals were kicked for the home team by T. Hovey (9), M. Timms (4), W. Waldron, R. Hinton, J. Keating, and L. Stevens; and for Tatooon, M. Joyce (2). Rovers defeated Wickliffe; Streatham a bye. The position of the clubs at the end of the half round is:—Streatham (undefeated), 16 points; Carranballac, 12; Rovers, 8; Wickliffe, 4; Tatooon, nil.

Only light rains have fallen here, but grass is making fair growth on the top-dressed country, and hand-feeding has slackened off a little. For May 167 points were registered.

BEAUFORT C.Y.M.S.

HALF-YEARLY MEETING.

The half-yearly meeting of the Beaufort C.Y.M.S. was held in the Mechanics' Institute on Monday night and Mr J. Rush (vice-president) presided. Twenty members were present.

The chairman welcomed Mr P. Denigan, M.L.A., to the meeting, and congratulated him on his success in the last election.

Mr Denigan briefly returned thanks and said he felt honored to be present, and pleased to see such a fine gathering of young men carrying on the good work of the organisation. He hoped that they would never forget any of the high aims of the society, and would always endeavor to support and help the society, not only socially, but in its more important work regarding the spiritual welfare of its members. He was delighted to have the honor of installing the officers in their respective positions, more especially as he was an old C.Y.M.S. boy himself; being one of the founders of the now strong Creswick branch. He urged every young member to take part in all departmental work, and never neglect his duty to his benefit in the well, cream, milk, and vegetables; years to come. He little thought,

when he took part in mock parliaments years ago, that he would one day be in the real thing. He congratulated their football team on the fine performance put up on Saturday, in spite of shortage of players.

The following officers elected for the half-year were then installed by Mr Denigan:—President, Mr J. Rush; vice-president, Mr W. Fitzpatrick; treasurer, Mr J. Liston; secretary, Mr J. Fitzpatrick; assistant-secretary, Mr K. Collins; editor of magazine, Mr A. King; press correspondent, Mr J. Hewitt; librarian, Mr C. Flynn; warden, Mr K. Liston; auditors, Messrs. J. Collins and B. Lynch; committee, Messrs. W. Lynch, D. Lynch, D. Mulcahy, B. Collins, and J. O'Sullivan.

Mr F. Webster, junr., was elected as a new member.

Mr F. P. Sheehan was nominated for membership by Mr W. Fitzpatrick.

Accounts amounting to £15/17/10 were passed for payment. Mr Hewitt gave a detailed report of all Football Club matters to date. A letter was received from Carranballac, relating to the proposed debate, and it was resolved to accept the challenge and travel to Carranballac on June 28th; taking two teams each, consisting of four a side. A grade team is to take the negative side of the subject, "That Transport should be State-owned," and B grade team to take the affirmative side of the subject, "Has the League of Nations Failed?"

It was decided to journey to Ballarat and play St. Patrick's College on Friday, August 23rd.

Members were reminded that next Sunday was quarterly Communion Sunday.

The president was asked to interview the Mechanics' Committee about the hanging of the Manning Shield (recently won at Lake Bolac) in the meeting room.

An old-time dance is to be held in the Beaufort Picture Theatre on July 15th; tenders to be called for music. Upon the subject of football being introduced, the meeting livened up considerably, and several spirited discussions took place. Arrangements were made for what appears to be a most promising season.

At the close of the meeting, the president thanked Mr Denigan for the great help he had been to the society that night, and hoped he would be with them again in the near future. He formally moved a vote of thanks, which was carried by acclamation.

Ltd., forwarding a donation of £3/9/1, and from the Beaufort Mark Masons' Lodge, forwarding a donation of £1.—The secretary's action in writing to the donors and thanking them was endorsed. Accounts amounting to £80 1/4 were passed for payment, and included one of £50 for the installation of a hot water service. The secretary (Mr P. T. Stevenson) said the staff were very pleased with the hot water service. A substantial credit balance was reported. The following donations were received for the month:—Miss B. Ward, scones and butter; Mrs. Schlicht, quinces; Mrs. Stone, well cream, milk, and vegetables;

Misses Ward, cakes, butter, and jam; Miss Noldt, jam; Mr Roberts (Middle Creek), quinces; C.W.A., milk and vegetables; Miss Cushing, cakes; Mrs T. G. Beggs, vegetables; Miss M. RIPON SHIRE COUNCIL.

MONDAY, JUNE 8, 1936.

Present: Crs. J. Kirkpatrick (president), T. Wills, R. A. D. Sinclair, D. F. Troy, C. H. McKay, P. Russell, A. C. Roddis, and D. McDonald.

The minutes of the previous meeting, as typewritten and circulated, were taken as read and confirmed.

Correspondence.

From Department of Lands and Survey, asking if council had any objection to road between sections 31 and 32, Parish of Carranballac North, being leased to C. A. Wills.

To lie on table for a month, and engineer to report, on motion of Crs. Roddis and Sinclair.

From same (per Mr P. L. Denigan, M.L.A.), re rabbits on Mt. Einn Reserve, stating that reserve was being acquired by Closer Settlement Commission, with six acres in south-western corner of Mr Young's land adjoining, and the whole area will be granted to Mr A. Bruty as additional land at an early date.

Cr. Russell moved that Mr Denigan be written to and thanked. It was good to hear that the Department was granting the reserve to Mr Bruty, but they had not let the council know the conditions. He would like to know the conditions. The secretary: The Department dodged the issue about the scours. Cr. Wills: The matter should be settled before the incoming leaseholder took his lease. Cr. Roddis: They had nothing to do with it. The president: Mr Denigan was in Beaufort, and might be along to-day to the meeting. Cr. Russell said they would find out the conditions from Mr Bruty, but some conditions should be imposed with the grant. If no conditions were imposed, they would still be getting complaints. Cr. Roddis seconded the motion, which was carried.

From P. L. Denigan, M.L.A., promising to bring request for grant of £500 to effect improvements to main creek before Department, and to draw attention of Crown Law Department to the dilapidated state of fencing surrounding the Beaufort Police Court, and advise result later.

The president: Mr Denigan had inspected the proposed work, and said it would get favorable consideration in Melbourne. Cr. Troy said he was glad Mr Denigan had seen the creek. The North riding members should have a conference with Mr Denigan, and if necessary, follow it up by going to Melbourne.

From Municipal Association of Victoria, notifying that a new determination of the excavation or road work State wages board came into operation from 19th May, 1936, providing for payment of 69/8 per week of 44 hours outside the metropolitan area.

The secretary drew attention to the fact that if the men were worked over 44 hours, they had to pay them overtime rates. The matter was referred to the engineer, and deferred for a month, to enable him to report, on motion of Crs. Roddis and Sinclair.

From Victorian Bush Fire Brigades' Association, soliciting donation towards accident insurance of voluntary workers, and asking that employees be provided with equipment, and also to see that shire contractors had suitable equipment for subduing bush fires.

Cr. Russell moved that the council grant the request. They should encourage the work of the brigades. They had already provided for equipment to be given to the employees. A donation of £1/1/ should be given. Seconded by Cr. McKay (who said that the Government was lax in not prohibiting the manufacture of matches called "woodies.") Cr. Troy supported the motion, but said the insurance should cover the whole of

the men at a fire, who would not all be registered members. Cr. McDonald said no man not a member of a brigade could come under it, as it was contributory by members of the brigades. Cr. Troy moved, as an amendment, that the letter be received, as he thought the scheme did not go far enough. Cr. McDonald said he would second the amendment, if Cr. Troy added that the matter be deferred till it came before the brigades. Cr. Troy agreed. Cr. Wills pointed out that the general public at a fire was not under the control of a brigade captain. The amendment was lost; only the mover and seconder voting for it.

From Kevin R. Taylor, Baangal, Skipton, stating that some time back the West riding councillors agreed that his front track should be topped with gravel, and asking that engineer's attention be drawn to the fact that this had not yet been done. The secretary replied that the engineer advised that the matter was held up pending information as to whether this road was on the proper surveyed line. Mr Russell Wilkie was asked for a tracing of his land, showing the road running into Baangal, and he sent an authority for the engineer or other accredited representative to inspect the title deeds at the National Bank, Skipton.

Referred to West riding members, on motion of Crs. Wills and McKay. The president said they were moving in the matter.

From R. C. Guthrie, Warrawidgee, Linton, applying, as secretary of Skipton branch of Graziers' Association, for recommendation to Minister as a permit officer under the Sheepowners' Protection Act.

Replied to by secretary to the effect that he did not think a recommendation was needed. Cr. McKay: It was necessary to apply. He moved that a recommendation be sent for this appointment. Seconded by Cr. Russell, and carried.

From Department of Agriculture, inviting attention to requirements of Sheep Owners' Protection Act re the obtaining of a permit to carry sheep by road and the appointment of permit officers.

Cr. Troy moved that the secretary apply for a book of permits for each councillor. Seconded by Cr. Roddis, and carried. Cr. Wills asked what happened if a man was not licensed by the C.R.B. to carry beyond a certain distance. Cr. McKay: That was a licence, not a permit.

From W. Manson and A. M. Parker, applying for use of Beaufort Park on Saturday, May 30th, for a fancy dress football match in connection with the Band queen carnival.—Granted by secretary.

Fram Partially Blinded Soldiers' Association, thanking council for assistance, and promising to forward tokens.

Received. The secretary said the appeal was not till August. He would distribute the tokens among the councillors.

From Shire of Rochester, stating that as verdict of Full Court was against shire in test case as to whether or not residences owned by State Rivers and W.S. Commission and occupied were rateable, they had decided to concentrate on political action with the view of securing legislation which will definitely provide that these and similar residences shall be rateable, and asking support when brought before the next annual municipal conference.

Cr. Sinclair: They should have tried to get the legislation altered at first. He moved that £1/1/ be passed. Seconded by Cr. Roddis, and carried.

From Minton Boys' Homes, soliciting donation.—Received.

From Australian Legion, soliciting co-operation.

Cr. McKay moved that the letter

be not received. Seconded by Cr. Wills, and carried.

Tenders. The following tenders were dealt with:— Contract 12/36, West Riding.—100 cubic yds. Gravel on Vite Vite Road. A. Nunn, £21/19/ (accepted); Broadbent Bros., £31/3/; W. H. Williams, £32/2/10.

Contract 13/36, North Riding.—100 cubic yds. Gravel, Town of Beaufort.

Three tenders received, and referred to North riding members for discussion, with power to act.

QUOTATION.

Supply of Secondhand Bricks, No. 2 Yard, Beaufort.

H. J. Troy, 750 bricks, £1 (accepted).

Deferreed Letter. In regard to A. J. Skene's letter re wireless set at O'Brien's garage being used to the annoyance of his tenants (deferred from last meeting), Cr. Sinclair said that Mr O'Brien had been a "sport," and the nuisance had abated. He moved that the letter be deferred till a later date. Seconded by Cr. McDonald, and carried.

Municipal Conference. Referring to the next municipal conference, Cr. Russell said there might be a chance of councils being relieved of all payment to infectious diseases hospitals. He moved that a resolution to that effect be included in the business sheet of the conference.

This was agreed to.

Motion by Notice. Pursuant to notice, Cr. Roddis moved—"That the regulations relating to the management of the recreation reserve at Snake Valley be adopted." Cr. Roddis said that this should be called the Carngam Sports Ground to distinguish it from the Recreation Reserve.

Cr. Russell seconded the motion, which was carried. The secretary: He would like to go through the local regulations with the East riding members.

Collection of Dog Tax. The secretary: The North riding dog registrar had handed him a list of defaulting owners.

On the motion of Crs. McDonald and Roddis, the dog registrars in each riding were authorised to prosecute defaulters.

Cr. Roddis congratulated the president on concluding the meeting before lunch.

HEALTH REPORTS.

The following health reports were dealt with at the Ripon Shire Council meeting on Monday:—

Dr. C. C. Reid, health officer, West riding, reported for May that no notifiable infectious diseases occurred, and that influenza had not been more than usually prevalent at this time of year.—Received.

From same, stating that following communication with Dr. Brennan regarding the immunisation of school children against diphtheria, Dr. Brennan suggested that, as approximately two-thirds of the children attending Skipton school were from Hampden Shire, that shire be asked if it was willing to bear half the cost. If they agreed to this, Skipton school could then be done as a whole. He would be glad to assist in any way, if desired. Regarding fees, those laid down by the B.B.A. and followed by the council in the past would be quite satisfactory. He could arrange car hire for Dr. Brennan, the health inspector, and himself on the usual basis of 1/ per mile.

Received, on motion of Cr. Russell, who said the shire should urge immunisation of all school children. The secretary: That had been done, and Dr. Brennan could do nothing for three months.

Cr. Russell moved that Hampden Shire be written to, and asked to pay half the cost of immunisation at Skipton. Seconded by Cr. McDonald, and carried.

The secretary: All the forms had been prepared, and would be distributed by the health inspector.

Cr. Russell: All the teachers should be circulated, and asked to prepare the parents. The secretary said the circulars were ready to send to the parents.

From Dr. J. B. Donaldson, Linton, re diphtheria at Hill Crest, stating he wrote to Dr. Brennan re Schick test, and would meet him any time.—Received.

From Arthur Duke, H.T., Hillcrest, stating that he noticed some inaccuracies in the health inspector's report re the diphtheria epidemic at Hillcrest, as reported in the "Courier." On making inquiries, he found that there was no truth in the statement re the "possum in the school tank. The tank was a closed one, and it was impossible for such an animal to get in. During the summer months the children had had sufficient clean water from another tank. The new one had recently been obtained, and when the inspector visited the school, had not been placed in position. He would suggest that their health officer refrain from making statements until he had verified "gossip." He trusted the matter would receive the council's attention.

Cr. McDonald moved that the letter be sent to the health inspector. Seconded by Cr. Troy, and carried.

From Department of Public Health, forwarding copy of regulations amending the Food and Drug Standards Regulations, also regulations relating to the manufacture and sale of margarine; also nightsoil and sewage purification regulations, and circular re grazing of cattle on land used for deposit of nightsoil or sewage.

Cr. Troy moved that the matter be referred to the North riding members. This was agreed to.

From Ballarat Hospital, reporting another case of diphtheria at Hillcrest.—The secretary said that since October the council would have paid the Hospital £137/2/ for diphtheria and scarlet fever cases. He had tried to collect it. He asked the East riding members to go through the list. In answer to Cr. McKay, the secretary said the council had to pay for all cases taken to the Hospital, whe-

ther suspects or not. Cr. McKay: That was pretty tough. He asked the East riding members to discuss the matter of the council paying for suspects, and see if they could evolve a solution.

Dr. S. E. Humphreys, M.O.H., North riding, reported as follows for May:—Infections, nil. Common colds and several cases of shingles. Arrangements being made about immunisation against diphtheria of all schools in North riding. Infant Welfare: Forty attendances at infant welfare clinic at B.N. Hospital. General health satisfactory. Sanitation: Inspector's report satisfactory.—Received.

Dr. J. B. Donaldson, M.O.H., East riding, reported for March that all infectious diseases were being treated at the Ballarat Hospital. Diseases (not infective) were mostly due to remic decay. There were a few cases of malignant trouble. He visited Hillcrest three times re diphtheria. There were very few infants in the riding; Ballarat being their infant welfare depot.—Received.

Dr. J. B. Donaldson, M.O.H., East riding, reported for May that colds were common, with mild cases of influenza. The diphtheria epidemic at Hillcrest appeared to be over. He would immunise with Dr. Brennan shortly. The local ailments were mostly septic, with a few accidents. All swabs from diphtheria suspects proved negative. He had nothing urgent to recommend.—Received.

**LANDS AND SURVEY DEPART-
MENT WANT 275 OF BEAUFORT
COMMONS FUNDS.**

North Riding Members Prepared to
Put Up a Fight For Retention.

At the Ripon Shire Council meeting
on Monday, the following letter was
read:—

From Department of Lands and
Survey, intimating that the area
comprised within the boundaries of
the Beaufort Common was Crown
land, and the monies received for ag-
riculture may be regarded as territorial
revenue of the State. Whilst the
Department was prepared to consider
any reasonable request for expendi-
ture on improvements to the Com-
mon and for extra provision for graz-
ing by way of top-dressing, it could
not be recognised that the whole of
the monies received must be expend-
ed on the Common. Having regard to
all the circumstances, it was consid-
ered that the expenditure of an am-
ount of 275 for the improvement of
the Common and the provision for im-
proved grazing by means of top-
dressing would be sufficient. The sum
of 275, it was considered, should be
forwarded to this office for payment
into the consolidated revenue of the
State.

Referred to North riding members,
on motion of Crs. Sinclair and Rod-
dis.

Cr. Sinclair: They would get no-
thing as far as he was concerned.

Cr. McKay: He thought the North
riding members would refuse to send
the money down. This was a case of
attempted misappropriation of pub-
lic funds, and he preferred to fight
the Department. The only thing they
could do was to resume the common
land, and the people would not sit
down and let them do that. The Gov-
ernment had no right to take money
conserved for improvements.

Cr. Sinclair said the North riding
members could talk the matter over.

BEAUFORT'S NEW VICAR.**CHURCH OF ENGLAND.****INSTITUTION AND INDUCTION
OF REV. W. TAME AS VICAR OF
BEAUFORT PARISH.**

In the presence of the congrega-
tion, an impressive service was held
at St. John's Church of England,
Beaufort, on Tuesday night, when
the Rev. W. J. Tame (formerly of
Rupanyup), successor to the Rev. A.
Talbot, was instituted by the Ven. J.
Best, Archdeacon of Ballarat, and in-
ducted to the vicarage of the Parish
of Beaufort by Rev. G. E. Menlove
(vicar of St. John's, Ballarat) and
the Rev. A. Bell (vicar of St.
Peter's, Ballarat). Hymns appropri-
ate to the occasion were sung by the
congregation and choir; Miss E. Nick-
ols presiding at the organ. In addi-
tion to the Ven. Archdeacon Best,
the members of the clergy who took
part in the service were:—Revs. C.
Y. Eggleton, precentor of Christ
Church Cathedral, Ballarat; Rev. G.
E. Menlove, vicar of St. John's, Bal-
larat; Rev. A. Bell, vicar of St.
Peter's, Ballarat; Rev. W. Douglas
Scott, priest in charge of All Saints';
Ballarat; and Rev. T. Pickburn, as-
sistant at All Saints', Ballarat.

The clergy and representatives of
the vestry entered the Church to the
strains of a processional hymn. The
necessary oaths having been taken
and the declarations made, the in-
stitution of the Rev. W. Tame was
carried out by the Ven. Archdeacon
Best.

The service of induction of the in-
coming vicar was conducted by the
Revs. G. E. Menlove and A. Bell;
the Ven. Archdeacon Morgan-Payler
having been called away to Sydney.
The ringing of the Church bell by
the Rev. W. Tame formed part of
the service, and portion of it was
conducted at the baptismal font, the
lectern, pulpit, and altar.

Rev. C. Y. Eggleton preached
eloquently from the text, "And the
woman said unto her husband, 'Be-
hold, now I can see that this is a
holy man of God that passeth by us
continually.'"—II Kings, 9, 4. He
pointed out that although the sinner
changed, the bible story was un-
changing. What a nice comment the
text was for the woman to make! A
good deal of their effort in life was
directed to preventing people seeing
through things, but this woman saw
through them. This little vignette
of life in bible times was something
they were doing every day. It was
possible for success to be of the
wrong kind, and he urged them to
judge the right kind of success. Let
them search their hearts and ask
what were the really important
things they should look for. The
Church was the body of Christ, and
the means by which Christ was work-
ing and pleading for the heart of
man. Christ was always conscious
that the approval of God was upon
Him. The Church, if she would do
the work of her Lord, must always
live in fear of heaven, and in consi-
cious union with the life and heart of
God. The imitation of the Lord Jesus
Christ was the only perfect standard.
The spiritual world that permeated
this earthly world was not far away.
The first thing they had to look for
in their priest was that he was a man
of prayer, and that he brought with
him a breath of the other spiritual
world. They must see the harrowing
details of parish life in their true
perspective. A Church got the min-
istry it deserved. If they laid all the
details of organisation on the priest,
it was possible for him to become
perfect in those details, but to lose
sight of the purpose of the organisa-
tion. The Holy Spirit was the spirit
of leadership and expectancy, and
they must expect movement. They

could expect and look for leadership
in their priest. The first Christians
relied on the spirit of leadership.
They must be prepared to follow, and
to free the mind from the frozen
conscience—the passive state. The
third quality they could look for was
an unquenchable gaiety of spirit.
They had a right to expect that from
the servant of the Lord Jesus Christ.
The follower of Christ was the only
rational optimist. "Be of good cheer,
I have overcome the world." Their
gaiety, that quality of being debon-
air, was proof of their sincerity.
What might the priest ask of the pa-
rish? He might ask that the parish-
ioners come with joy to worship his
Lord. He might expect that the faith-
ful would come on swift feet to take
their communion, because they knew
their need of grace. The priest might
also expect that as he went the
round of his duties, their prayers
would go with him—that their hearts
and hopes would be with him, and
that they would surround his work
with their intercession. The greatest
hope of a priest was that someone
would say, "He made the love of God
so real to me." What joy, if some-
one should say, looking at him through
the window, "Well, I know that that
man is a holy man of God."

The service concluded with the
singing of the hymn, "The Church's
One Foundation."

WELCOME SOCIAL.

A well-attended social followed in
the Parish Hall. The Ven. Archdeacon
Best, who presided, apologised
for the absence of the Vicar of Ara-
rat and the Ven. Archdeacon Mor-
gan-Payler.

Mr E. J. Muntz, speaking on be-
half of the parishioners, warmly wel-
comed the new vicar and his wife.
He made no promises, but they were
stickers and would do their best for
the Rev. W. J. and Mrs Tame. They
were all faithful to the Church, and
he hoped they would have many good
years together, both temporal and
spiritual. Their job was to relieve
the vicar of worries in regard to
Church government and finance. He
felt that Mr and Mrs Tame would do
their part well. Although the climate
was cold, the people were warm-
hearted.

Mr A. R. Beggs, also speaking on
behalf of the people of the parish,
extended a hearty welcome to Mr
Tame and his wife. They had come
here with the fullest of hope. They
should try to make Beaufort the best
parish in the diocese. On an occasion
like this, they could make the new
resolution to give all their faith and
help to the new vicar, not as buttres-
ses on the outside of the Church, but
as pillars on the inside.

Mr J. K. Pickford, for the congrega-
tion of St. George's, Middle Creek,
also welcomed the new vicar and his
wife, and said the people there would
attend his services and assist him in
every way.

Rev. J. P. MacDougall, M.A.
(Presbyterian Church) said he ap-
preciated the Rev. A. Talbot's in-
vitation to the induction service. He
had had pleasant relationships with
the late Canon Wood and the Rev.
A. Talbot. He was greatly struck by
the address from the preacher to-
night, and by the induction and in-
stitution service. The preacher spoke
some home truths to them very elo-
quently and gracefully. It was a
high privilege they all had to be peo-
ple of prayer, and one they did not
all avail themselves of. He was con-
vinced that if only the people would
avail themselves of this high privi-
lege the churches would be fuller
than they were, and the cause of
Christ would be further advanced.
He heartily welcomed the Rev. and
Mrs Tame, and anticipated the same
happy relationship with them as with
their predecessors.

Rev. G. E. H. Vertigan said he
esteemed it a privilege to join in
this welcome, on behalf of the friends
of the Methodist Church. There was
a happy relationship in Beaufort be-
tween the Protestant churches, which
was a fine thing. They agreed upon
more things than they differed on.
Militant materialism and militant
nationalism were foes of the kingdom
of God, and they could only combat
them by co-operation.

Rev. Arthur Bell, vicar of St.
Peter's, Ballarat, extended a welcome
on behalf of the rural deanery. They
felt pleasure in admitting another
member to that brotherhood. For the
vicar this was a land of beginning
again. He knew they would take to
heart the advice given them to-night.
He urged them not to be ashamed to
tell the vicar their names, and asked
them to make him at home here.

Rev. G. E. Menlove, vicar of St.
John's, Ballarat, spoke in a humorous
vein. This was no "Tame" affair,
judging by the array of clergy. He
extended a real welcome to Mr Tame
to the rural deanery.

Rev. C. F. Eggleton, precentor of
Christ Church Cathedral, Ballarat,
also prefaced his remarks with a lit-
tle humor. He said he felt that Mr
Tame could count on their sympathy
and love. He knew Mr Tame well,
and his great gift was that of inspir-
ing love. He congratulated them on
their singing, which was the best con-
gregational singing he had heard in
Australia.

Ven. Archdeacon Best (Ballarat)
said they varied in temperament, ide-
als, outlook, and personality. He
had known the new vicar many
years, and the longer he knew him,
the more he came to appreciate that
he was made of the stuff that the
saints were made of. When with Al-
lan's forces in Palestine he (Arch-
deacon Best) came by Bethany and
other holy places, and got the link
with their Lord. There were some
places in the archdeaconry he took his
hat off to, and in other places a dif-
ferent temperament came in. They
had had a fine record at Beaufort.
There had been a bond. They had
been bearing one another's burdens,
and fulfilling the law of God. There
was the unfolding of the old to the
new. No two vicars were ever made
alike. Whatever came to Beaufort,
let love rule throughout, and in that
love confidence, and in that confi-
dence discussion, and from that united
resolution. He commended the Rev.
and Mrs Tame to them in all confi-
dence. The Archdeacon addressed a
few, well-chosen words to the vicar,
and hoped the blessing of God would
be with the congregation and the pa-
stor and his wife.

Rev. W. J. Tame, in response,
said he came with the purpose in
mind of serving the Lord, which
would be in the front of everything
he would do. He would serve the
Lord in the persons of those he had
the privilege to work among. The
sick parishioners took the first con-
sideration. The Archdeacon celebra-
ted the marriage of Mrs Tame and
himself 25 years ago, and baptised
their eldest girl. At Rupanyup they
had as secretary of the Church a
shire engineer, and he believed they
had an engineer on the committee
here. Church work must be a weak-
ness of engineers. He thanked the
precentor of Christ Church, Ballarat,
for his splendid message to-night. He
thanked them for this welcome, for
which his wife and he were very
grateful. He followed in the steps of
men who had served the Church in a
wonderful way, and he had a difficult
ask to perform. Unless he had their
neatly co-operation, that task would
be impossible, and he looked forward
to that co-operation. He trusted that
all they laid their hands to would
prosper under the guidance of God.

Supper, provided by the ladies, was
served.

**LANDS AND SURVEY DEPART-
MENT WANT £75 OF BEAUFORT
COMMON'S FUNDS.**

North Riding Members Prepared To
Put Up a Fight For Retention.

At the Ripon Shire Council meeting
on Monday, the following letter was
read:—

From Department of Lands and
Survey, intimating that the area
comprised within the boundaries of
the Beaufort Common was Crown
land, and the monies received for ag-
riculture may be regarded as territorial
revenue of the State. Whilst the
Department was prepared to consider
any reasonable request for expendi-
ture on improvements to the Com-
mon and for extra provision for graz-
ing by way of top-dressing, it could
not be recognised that the whole of
the monies received must be expen-
ded on the Common. Having regard to
all the circumstances, it was consid-
ered that the expenditure of an amount
of £75 for the improvement of the
Common and the provision for im-
proved grazing by means of top-
dressing would be sufficient. The sum
of £75, it was considered, should be
forwarded to this office for payment
into the consolidated revenue of the
State.

Referred to North riding members,
on motion of Crs. Sinclair and Rod-
dis.

Cr. Sinclair: They would get no-
thing as far as he was concerned.
Cr. McKay: He thought the North
riding members would refuse to send
the money down. This was a case of
attempted misappropriation of pub-
lic funds, and he preferred to fight
the Department. The only thing they
could do was to resume the common
land, and the people would not sit
down and let them do that. The Gov-
ernment had no right to take money
conserved for improvements.

Cr. Sinclair said the North riding
members could talk the matter over.

BEAUFORT'S NEW VICAR.

CHURCH OF ENGLAND.

**INSTITUTION AND INDUCTION
OF REV. W. TAME AS VICAR OF
BEAUFORT PARISH.**

In the presence of the congrega-
tion, an impressive service was held
at St. John's Church of England,
Beaufort, on Tuesday night, when
the Rev. W. J. Tame (formerly of
Rupanyup), successor to the Rev. A.
Talbot, was instituted by the Ven. J.
Best, Archdeacon of Ballarat, and in-
ducted to the vicarage of the Parish
of Beaufort by Rev. G. E. Menlove
(vicar of St. John's, Ballarat) and
the Rev. A. Bell (vicar of St.
Peter's, Ballarat). Hymns appropri-
ate to the occasion were sung by the
congregation and choir; Miss E. Nick-
ols presiding at the organ. In addi-
tion to the Ven. Archdeacon Best,
the members of the clergy who took
part in the service were:—Rev. C.
Y. Eggleton, precentor of Christ
Church Cathedral, Ballarat; Rev. G.
E. Menlove, vicar of St. John's, Bal-
larat; Rev. A. Bell, vicar of St.
Peter's, Ballarat; Rev. W. Douglas
Scott, priest in charge of All Saints',
Ballarat; and Rev. T. Pickburn, as-
sistant at All Saints', Ballarat.

The clergy and representatives of
the vestry entered the Church to the
strains of a processional hymn. The
necessary oaths having been taken
and the declarations made, the in-
stitution of the Rev. W. Tame was
carried out by the Ven. Archdeacon
Best.

The service of induction of the in-
coming vicar was conducted by the
Revs. G. E. Menlove and A. Bell;
the Ven. Archdeacon Morgan-Payler
having been called away to Sydney.
The Rev. W. Tame, Church bell by
the ringing of the parishioners, warmly wel-
comed the new vicar and his wife.
He made no promises, but they were
stickers and would do their best for
the Rev. W. J. and Mrs Tame. They
were all faithful to the Church, and
he hoped they would have many good
years together, both temporal and
spiritual. Their job was to relieve
the vicar of worries in regard to
Church government and finance. He
felt that Mr and Mrs Tame would do
their part well. Although the climate
was cold, the people were warm-
hearted.

Rev. C. Y. Eggleton preached
eloquently from the text, "And the
woman said unto her husband, 'Behold,
now I can see that this is a
holy man of God that passeth by us
continually.'"—II Kings, 9, 4. He
pointed out that although the sinner
changed, the bible story was un-
changing. What a nice comment the
text was for the woman to make! A
good deal of their effort in life was
directed to preventing people seeing
through things, but this woman saw
through them. This little vignette
of life in bible times was something
they were doing every day. It was
possible for success to be of the
wrong kind, and he urged them to
judge the right kind of success. Let
them search their hearts and ask
what were the really important
things they should look for. The
Church was the body of Christ, and
the means by which Christ was work-
ing and pleading for the heart of
man. Christ was always conscious
that the approval of God was upon
Him. The Church, if she would do
the work of her Lord, must always
live in fear of heaven, and in consci-
ous union with the life and heart of
God. The imitation of the Lord Jesus
Christ was the only perfect standard.
The spiritual world that permeated
this earthly world was not far away.
The first thing they had to look for
in their priest was that he was a man
of prayer, and that he brought with
him a breath of the other spiritual
world. They must see the harrowing
details of parish life in their true
perspective. A Church got the min-
istry it deserved. If they laid all the
details of organisation on the priest,
it was possible for him to become
perfect in those details, but to lose
sight of the purpose of the organisa-
tion. The Holy Spirit was the spirit
of leadership and expectancy, and
they must expect movement. They

could expect and look for leadership
in their priest. The first Christians
relied on the spirit of leadership.
They must be prepared to follow, and
to free the mind from the frozen
conscience—the passive state. The
third quality they could look for was
an unquenchable gaiety of spirit.
They had a right to expect that from
the servant of the Lord Jesus Christ.
The follower of Christ was the only
rational optimist. "Be of good cheer,
I have overcome the world." Their
gaiety, that quality of being debon-
air, was proof of their sincerity.
What might the priest ask of the parish-
ioners? He might ask that the parish-
ioners come with joy to worship their
Lord. He might expect that the faith-
ful would come on swift feet to take
their communion, because they knew
their need of grace. The priest might
also expect that as he went the
round of his duties, their prayers
would go with him—that their hearts
and hopes would be with him, and
that they would surround his work
with their intercession. The greatest
hope of a priest was that someone
would say, "He made the love of God
so real to me." What joy, if someone
should say, looking at him through
the window, "Well, I know that that
man is a holy man of God."

WELCOME SOCIAL.

A well-attended social followed in
the Parish Hall. The Ven. Archdeacon
Best, who presided, apologised for
the absence of the Vicar of, Ar-
arat and the Ven. Archdeacon Mor-
gan-Payler.

Mr E. J. Muntz, speaking on be-
half of the parishioners, warmly wel-
comed the new vicar and his wife.
He made no promises, but they were
stickers and would do their best for
the Rev. W. J. and Mrs Tame. They
were all faithful to the Church, and
he hoped they would have many good
years together, both temporal and
spiritual. Their job was to relieve
the vicar of worries in regard to
Church government and finance. He
felt that Mr and Mrs Tame would do
their part well. Although the climate
was cold, the people were warm-
hearted.

Mr A. R. Beggs, also speaking on
behalf of the people of the parish,
extended a hearty welcome to Mr
Tame and his wife. They had come
here with the fullest of hope. They
should try to make Beaufort the best
parish in the diocese. On an occasion
like this, they could make the new
resolution to give all their faith and
help to the new vicar, not as buttress-
es on the outside of the Church, but
as pillars on the inside.

Mr J. K. Pickford, for the congrega-
tion of St. George's, Middle Creek,
also welcomed the new vicar and his
wife, and said the people there would
attend his services and assist him in
every way.

Rev. J. P. MacDougall, M.A.
(Presbyterian Church) said he ap-
preciated the Rev. A. Talbot's invita-
tion to the induction service. He
had had pleasant relationships with
the late Canon Wood and the Rev.
A. Talbot. He was greatly struck by
the address from the preacher to-
night, and by the induction and in-
stitution service. The preacher spoke
some home truths to them very elo-
quently and gracefully. It was a
high privilege they all had to be peo-
ple of prayer, and one they did not
all avail themselves of. He was con-
vinced that if only the people would
avail themselves of this high privi-
lege the churches would be fuller
than they were, and the cause of
Christ would be further advanced.
He heartily welcomed the Rev. and
Mrs Tame, and anticipated the same
happy relationship with them as was

their predecessors.
Rev. G. E. H. Vertigan said he
esteemed it a privilege to join in
this welcome, on behalf of the friends
of the Methodist Church. There was
a happy relationship in Beaufort be-
tween the Protestant churches, which
was a fine thing. They agreed upon
more things than they differed on.
Militant materialism and militant
nationalism were foes of the kingdom
of God, and they could only combat
them by co-operation.

Rev. Arthur Bell, vicar of St.
Peter's, Ballarat, extended a welcome
on behalf of the rural deanery. They
felt pleasure in admitting another
member to that brotherhood. For the
vicar this was a land of beginning
again. He knew they would take to
heart the advice given them to-night.
He urged them not to be ashamed to
tell the vicar their names, and asked
them to make him at home here.

Rev. G. E. Menlove, vicar of St.
John's, Ballarat, spoke in a humorous
vein. This was no "Tame" affair,
judging by the arrival of Mr Tame
by the rural deanery.

Rev. C. F. Eggleton, precentor of
Christ Church Cathedral, Ballarat,
also prefaced his remarks with a lit-
tle humor. He said he felt that Mr
Tame could count on their sympathy
and love. He knew Mr Tame well,
and his great gift was that of inspir-
ing love. He congratulated them on
their singing, which was the best con-
gregational singing he had heard in
Australia.

Ven. Archdeacon Best (Ballarat)
said they varied in temperament, ide-
als, outlook, and personality. He
had known the new vicar many
years, and the longer he knew him,
the more he came to appreciate that
he was made of the stuff that the
saints were made of. When with Al-
lanby's forces in Palestine he (Arch-
deacon Best) came by Bethany and
other holy places, and got the link
with their Lord. There were some
places in the archdeaconry he took his
hat off to, and in other places a dif-
ferent temperament came in. They
had had a fine record at Beaufort.
There had been one another's burdens,
and fulfilling the law of God. There
was the unfolding of the old to the
new. No two vicars were ever made
alike. Whatever came to Beaufort,
let love rule throughout, and in that
love confidence, and in that united
discussion, and from that united
resolution. He commended the Rev.
and Mrs Tame to them in all confi-
dence. The Archdeacon addressed a
few, well-chosen words to the vicar,
and hoped the blessing of God would
be with the congregation and the pas-
tor and his wife.

Rev. W. J. Tame, in response,
said he came with the purpose in
mind of serving the Lord, which
would be in the front of everything
he would do. He would serve the
Lord in the persons of those he had
the privilege to work among. The
sick parishioners took the first con-
sideration. The Archdeacon celebrat-
ed the marriage of Mrs Tame and
himself 25 years ago, and baptised
their eldest girl. At Rupanyup they
had as secretary of the Church a
shire engineer, and he believed they
had an engineer on the committee
here. Church work must be a weak-
ness of engineers. He thanked the
precentor of Christ Church, Ballarat,
for his splendid message to-night. He
thanked them for this welcome, for
which his wife and he were very
grateful. He followed in the steps of
men who had served the Church in a
wonderful way, and he had a difficult
ask to perform. Unless he had their
ready co-operation, that task would
be impossible, and he looked forward
to that co-operation. He trusted that
all they laid their hands to would
prosper under the guidance of God.

Supper, provided by the ladies, was
served.

LITERARY AND DEBATING SOCIETY.

A debate with a team from the Horsham Apex Club was the chief attraction at the fortnightly meeting of the Beaufort Literary and Debating Society, held at the Mechanics' Institute on Tuesday night, under the chairmanship of Mr R. C. Hodgetts. Fourteen members and a number of visitors attended. The secretary (Mr Rex Johnson) reported on the visit of the society's team to Waubra, where they won the inter-club debate. Correspondence was read from the University Extension Board, agreeing to two lectures being given at Beaufort—one by Mr McMahon Ball and the other by Mr Maxwell. The lectures are:—October 27, "Japanese Foreign Policy," Mr McMahon Ball; September 17, "Lawrence of Arabia," Mr Maxwell. Messrs. Crawford, H. Hooke, J. Hooke, Briggs, and the members of the Horsham Apex Club debating team were cordially welcomed by the president (Mr A. R. Beggs). He also welcomed Mr Lance Hobart, a new member. One of the best debates in the history of the society followed, and was listened to with deep interest. The visiting debaters were members of the Horsham Apex Club, and the subject was, "That All Tariffs Should be Abolished." The Horsham team took the affirmative side; Mr Nattress acting as leader and being supported by Messrs. W. Lawrence and Tippett. The negative side was taken by the following Beaufort speakers:—Messrs. W. L. Williams (leader), A. R. Beggs, and C. H. McKay. The adjudicator was Mr Briggs, of Ararat. Many sound arguments were advanced by the speakers on each side, and the debate was a valuable one from an educational point of view. After the leaders had replied, the adjudicator (Mr Briggs) gave his verdict in favor of the affirmative side (Horsham) by 338 points to 312, scored by the negative side (Beaufort). He also passed a few helpful remarks on the technique of debating, and analysed the various speeches. Mr Williams moved a hearty vote of thanks to the adjudicator, which was seconded by Mr Nattress, and carried by acclamation; Mr Briggs responding. The syllabus item for next meeting is a lecture by Mr Rex Johnson. A tasty supper, supplied by Mrs R. Macdonald, was served in the library. Mr Lawrence (president of the Horsham Apex Club) thanked the Beaufort folk for their hospitality. Mr H. Grant was appointed by the president (Mr A. R. Beggs) to take the chair at next meeting.

POLICE COURT.

At the Beaufort Police Court on Monday, before Messrs. R. A. D. Sinclair and D. F. Troy, J's.P., applications for hawkers' licences by J. R. Witherspoon and G. H. Cougle were granted; the police having no objection. A couple of undefended debt cases were also dealt with.

RETURNED SOLDIERS' LEAGUE.

At a meeting of the No. 20 District Council of the Returned Soldiers' League, held at Ballarat, Mr Stan Walker (Ballarat) and Mr H. Costello (Avoca) were elected president and secretary respectively. Mr C. H. McKay (Beaufort) was elected as State councillor for the district.

COLLISION AT INTERSECTION.

Sprung by the force of the impact when two cars collided at the corner of Mair and Armstrong streets, Ballarat, shortly before 7 o'clock on Monday night, the door of one car opened, and a passenger, Miss Dorothy Mackie, aged 28, of Mena Park, fell on to the roadway. Miss Mackie, who was subsequently admitted to the Base Hospital for observation, was riding in a car driven by Jeffrey Horace Cook, of Mena Park, via Beaufort. The car was travelling west along Mair street, and on the intersection of Armstrong street, a collision occurred with a car which was being driven by Clarence Edward Pullin, of 104 Armstrong street south. The front of both cars received minor damage. Miss Mackie, who received abrasions and minor head injuries, is not in a serious condition.

SCHOOL COMMITTEE.

MONTHLY MEETING.

The chairman of the Beaufort School Committee (Mr A. J. Hughes) presided at the monthly meeting on Monday night, which took place at the Shire Hall. Three members and the head teacher (Mr R. G. Scott) were present. It was decided to send a letter of sympathy to Mr J. Cole, who has suffered a bereavement. Correspondence was read from the Education Department, sanctioning minor repairs at the school, to cost £4/15/. Mr P. J. Donigan, M.L.A., wrote, enclosing reply of Department, re woodwork room at the school and removal of building from Eurambeen thereto, which stated that specifications were being prepared.—It was mentioned that tenders had since been called. The head teacher said that was satisfactory. The correspondent (Mr H. J. Buchanan) said that permission had been given to proceed with the gateway at the school, to be erected in memory of the late Sir Alexander Peacock. The head teacher reported that the work on the school playground had been finished. It was resolved to have a pine tree in the school ground grubbed if the work could be done at a certain cost. The head teacher also reported that minor works at the school residence were in progress. The inspector was reporting on improving the lighting of one of the school rooms, and other requirements at the school. Trees to the number of 680 had been received for the school plantation; these being sufficient to plant an acre. The trees were all pines. The head teacher produced a copy of the Ballarat High School Old Students' Association he had received. He also mentioned that the H.E. School roll was now down to 49, and deplored the fact that children 14 years of age had left school without having positions to go to.

GOLFER'S SUCCESS.

At Hamilton on Saturday, Mr Gilbert Smith, of Melbourne (formerly of Waterloo), won the A.I.F. Cup, with a score of 84—21—63; the event being organised by the Hamilton sub-branch of the Returned Soldiers' League.

THE "AUSTRALIAN JOURNAL."

The June issue of "The Australian Journal" is remarkable for the quantity, quality and variety of its fiction. An interesting feature is a competition in which £25 is offered to readers for identifying a number of world celebrities, whose portraits are reproduced. Certainly "Journal" readers get plenty for their 6d. Obtainable at all newsagents.

KNOCKED DOWN BY CAR.

Mr George Henry Hutson, aged 74 years, of Sturt street, Ballarat, was recently knocked down by a car in Raglan street. Mr Hutson was taken in an ambulance to the Base Hospital, where he was admitted in a serious condition, suffering from head injuries. The driver of the car, Francis Martin Curley, farmer, of Mortchup, was interviewed by Constable Cooper. The car was in Raglan street north, and was turning east into Sturt street, when Mr Hutson walked in front of it. A strong north wind was blowing at the time.

Doery presided over a good attendance of members at a business and social meeting of the Streatham branch of the C.W.A. last week. The most important discussions related to the branch's annual effort and to the agenda for the forthcoming annual conference. Tree planting also had a prominent place in the afternoon's business, and it was decided to extend the street planting on the eastern approach to the Streatham township by putting in 20 more Oriental plane trees. The social part of the afternoon was devoted to tea and a treasure hunt; Mrs Smith winning the trophy donated by Mrs Doery.

EXHIBITION OF HOME HANDICRAFTS.

An admirable exhibition arranged by the handicrafts and home industries' committee of the C.W.A. of Victoria, in connection with the annual conference, was opened by Lady Huntingfield in the Lower Town Hall, Melbourne. The doll exhibit sent in by Beaufort members, although not a community exhibit in the technical sense, is a remarkable feat. There are "bride dolls"—comic bride-set "being all in wool"—typical "Australian boy and girl dolls," "fuzzy little nigger boys," in fact a doll for every occasion! The soft toy section is rather disappointing, but there are some blissful wooden engines and "inventive toys." An aeroplane would appeal to every boy, but to girls nothing could come up to the model bush house with its corrugated cardboard roof, or the complete doll's wardrobe with doll owner.

MAGISTRATE'S ADVICE ACCEPTED.

Two residents of Streatham were the principals in a case brought under the notice of Mr H. Bond, P.M., at the Skipton Police Court recently. James Olney, a poultry farmer, laid an information against Irene Drummond, charging her with having assaulted him in a public street. A question by defendant as to what Olney knew about her dog brought a reply that he knew nothing, whereupon Drummond, it is alleged, attempted to strike him. He caught hold of the woman and she then kicked him, inflicting several painful bruises. Mr S. Young, who appeared for the defendant, questioned the complainant and some witnesses, and was about to put his client in the box, when the Police Magistrate offered a few words of friendly advice, suggesting that the couple should have a quiet talk over their troubles. Judging from what had already been placed before him, he thought the defendant was at fault in taking the law into her own hands. He knew something of the feuds in these small country towns, and did not like to see neighbors bringing their troubles into court. He was rather loth to record a conviction. After a brief retirement, Mr Young informed the Police Magistrate that a satisfactory explanation had been made, and Mr Olney had agreed to withdraw the charge.

OBITUARY.

MRS. LENA PHILLIPS.

Following a rather lengthy illness, the death occurred at Geelong on Saturday night of Mrs Lena Phillips, a respected and lifelong resident of the Beaufort district, and a dweller in the town for over 30 years. She was a daughter of the late Mr and Mrs Trainer, of Waterloo. Deceased, who was 69 years of age, was the widow of the late Mr John Phillips. Her death is regretted by a wide circle of friends, as she was a good friend and neighbor. She was very fond of a game of cards, and was well-known to frequenters of local euchre tournaments, and for many years she was a keen follower of football, and a staunch supporter of the Beaufort Club. She rarely missed a match. The deceased leaves a daughter (Mrs K. Stillman, of Queenscliff) and three sons (Messrs. Richard Phillips, of Geelong; Robert Phillips, of Beaufort; and Leslie Phillips, who resides in Western Australia). She also had four grandchildren, one of whom (Max Calaby) lived with her for many years. Her sister (Mrs W. Sandlant) resides at Beaufort. The remains of the late Mrs Phillips were interred in the Beaufort Cemetery on Monday; the funeral being attended by a number of relatives and old friends. Among the floral tributes was a special wreath from the Beaufort Mothers' Guild, of which the deceased was a consistent supporter. The coffin was borne to the grave by Messrs. Robt. Phillips (son), Reg. Sandlant (nephew), K. Stillman (son-in-law), and E. J. Wilson. The pall-bearers were Messrs. J. King, H. Featherstone, A. M. Parker, D. Sieve-wright, and E. Smith. The chief mourners at the graveside were Messrs. Richard and Robt. Phillips (sons); K. Stillman (son-in-law), Mrs G. Phillips (sister-in-law), Mrs W. Sandlant (sister), Mr W. Sandlant (brother-in-law), Mr P. Sandlant, Mr R. Sandlant (nephews), Mrs Hutchinson, Mrs Groyland, Mrs Wilson, Mrs G. Nothnagel (nieces), Mr E. J. Wilson, Mr E. Smith (nephew), and Miss Milligan. The Church of England burial service was conducted by the Rev. W. J. Tame. The funeral arrangements were in the hands of Mr Alex. Monro, of Geelong.

MRS. NELLIE R. HILLMAN.

Mr J. Cole, of Beaufort, has suffered a bereavement in the death of his sister, Mrs Nellie Rose Hillman, of Ballarat. She leaves two sons, two brothers, and one sister.

MR. THOS. CUSHING.

In the course of an obituary notice which exceeds two columns, the "Creswick Advertiser" refers as follows to the late Mr Thos. Cushing:—"A man who loved his fellow men, expressing this in a lifetime of public work, and holding their love in return." The funeral of the late Mr Cushing took place to the Creswick Cemetery on Wednesday afternoon, June 3rd; the large attendance testifying to the high esteem in which the deceased gentleman was held by the people of the town and district. The cortege moved from St. Augustine's Church, where Requiem Mass was celebrated at 9 a.m. Deceased had filled almost every public position in Creswick, and had won the confidence of the citizens. The coffin-bearers were the five sons of the deceased, Hugh, Paul, William, Patrick, and John, and Mr D. J. Dugan (son-in-law). There was a representative gathering at the graveside of men connected with Parliamentary, municipal, business, sporting, agricultural, pastoral, and Church organisations in all parts of

the Ballarat district. The casket was laden with beautiful floral tributes, including many from public bodies. The last sad rites were performed by the Rev. Father S. O'Rourke, assisted by the Rev. Father Mulcahy (Bangaree). Messrs. A. Pasco and Sons were the funeral directors.

MR. E. A. KARSLAKE.

The death occurred at a private hospital in Ballarat, early on Monday morning, 25th ult., of Mr Edward Alfred Karslake, a well-known resident of Lexton. The deceased, who was 70 years of age, was born at Evansford, but had resided at Lexton practically the whole of his life. He was a son of the late Henry and Jane Karslake, pioneer residents of the district. Although of a quiet and retiring disposition, he was widely known and esteemed. He followed farming and grazing pursuits for many years with his three brothers. Karslake Bros.' threshing plant was well-known, and they often travelled great distances in the course of their work. For the past two years he has suffered ill-health, and he passed peacefully away. The funeral took place from his residence on Tuesday afternoon, 26th ult., and was very largely attended by friends and various organisations from the surrounding districts, and as far afield as Lismore. The casket-bearers were Messrs. William and John Karslake, Leslie Smith, E. Edwards (nephews), Joe and Bernard Briody, Rev. P. O'Shannassy (Clunes) officiated at the graveside, and the mortuary arrangements were carried out by Messrs. A. W. Hager & Sons, Ballarat.

MR. GEO. YOUNG.

The death of Mr George Young, a well-known resident of Mena Park, took place on 21st ult. The deceased, who was the eldest son of the late John and Sarah Young, of Mortchup, was born at Mount Bolton in December, 1863. For the greater part of his life he resided at Mortchup, and latterly at Mena Park. The deceased had always taken a very keen interest in Church affairs. For many years he was a member of the Presbyterian Church at Mortchup and Chepstowe. Mr Young had suffered indifferent health for some years past, and for eight months was completely bedridden. The funeral took place on Saturday, 23rd ult., to the Carngam Cemetery, and was largely attended by representative residents of the surrounding districts, including Mrs. D. McDonald (Ripon Shire), H. G. Kennedy, and I. Bedford (Grenville Shire). Among the chief mourners were Mr and Mrs E. Lightfoot and Mr and Mrs T. Fenton (sons-in-law and daughters). The Rev. G. H. Elliott, who officiated, referred in appropriate terms to the life of the late Mr Young. The casket, on which was placed floral tributes, was carried by Messrs. C. L. W. C., and D. Young, N. L. McIntosh, I. Fenton, and J. Nunn. The funeral arrangements were carried out by Messrs. F. W. Barnes & Son.

MOTORING MISHAP.

BEAUFORT BRASS BAND

THE ANNUAL MEETING.

Few bands are in a better financial position than the Beaufort Town Band at the present time, and the annual meeting at the Shire Hall on Wednesday night was attended by 24 ladies and townsmen. Mr J. Holdsworth (president) occupied the chair. An account for 10/ was passed for payment.

The balance-sheet for the past year showed receipts amounting to £407/1/2 and expenditure to £84 7/6, leaving a credit balance of £322 13/8.

Mr W. H. Williams said it was ridiculous to have a £33 house at the crowning ceremony, and only make a profit of £3.

The secretary detailed the various expenses in connection with the coronation, and said they were heavy.

The balance-sheet was adopted, on the motion of Messrs. R. Saddler and M. Crick.

The secretary (Mr A. G. Cowell) presented the fifth annual report, which mentioned, inter alia, that the band had been dormant for the greater part of the year, and that a queen carnival last month realised £362; the various queens working very hard. The annual sports meeting was run at Easter at a small profit. The band was making good progress with recruits, and £200 of the queen carnival proceeds had been placed on fixed deposit at the bank. All who had assisted during the year and with the carnival were thanked. The report was adopted.

The president presented the retiring secretary (Mr Cowell) with a set of military brushes, in appreciation of his valuable services for five years, and made a few, appropriate remarks; Mr Cowell responding.

Mr A. E. Collins (bandmaster) gave a verbal report of the band's progress during the 10 weeks he had been in charge. He mentioned that he had 12 pupils, whom he expected to soon see in the band. He pointed out that the band should have a constitution, and a separate ladies' social committee. He hoped to take trips with the band around different centres, and to have a district bands' club. In connection with such visits the ladies were a great help to them.

An apology was received for the absence of Mrs S. E. Humphreys.

The following officers were elected for the ensuing year:—President, Mr Eric Wilson (who briefly returned thanks); vice-presidents, Messrs. C. Broadbent and R. Davey; secretary, Mr A. Duncan (the president referring in appreciative terms to the good work of the retiring secretary); treasurer, Messrs. A. E. Collins, R. Saddler, H. Brown, A. Cowell, M. Crick, L. Hobart, W. Fitzpatrick, and J. Holdsworth; bandmaster, Mr A. E. Collins.

Mr Collins moved a hearty vote of thanks to the retiring committee, and especially the lady members.

This was carried by acclamation. On the motion of Messrs. H. Brown and J. Holdsworth, it was decided to form a ladies' social committee.

The president (Mr Wilson) said that not too many of the bandmen were willing to pay 1/ a week for tuition.

Mr W. H. Williams: Then they were not worth calling bandmen.

After a spirited discussion, it was decided that the citizens present recommend to the band that the bandmen pay 1/ a week for tuition; the bandmen to decide the matter among themselves.

The secretary read a list of instruments in possession of the band.

Mr R. Saddler moved that any bandman who missed three consecutive practices, without good reason,

leave the band. Seconded by Mr Williams, and carried.

The committee afterwards met; Mr Wilson (president) presiding. On the motion of Messrs. Davey and Crick, it was decided to purchase a euphonium, at a cost of £15/15/. It was also decided to buy half-a-dozen music stands, on the motion of Messrs. Broadbent and Hobart. The bandmaster said he hoped to have the band out in three or four weeks' time, and suggested an after-church Sunday night concert. It was resolved to draw up a constitution. The bandmaster suggested that a cabinet be secured to keep music in. The matter of obtaining a practice-room was discussed. The bandmaster suggested that the band entertain the queens and their committees at a social evening. Details were left to a future meeting to arrange, but the proposal met with general approval.

NEW BOOKS AT LIBRARY.

Recent additions to the Beaufort Mechanics' Institute library include:—"The Cattle King" (Ian Idriess), "All This I Gave" (Jan Tempest), "Heather" (Ruby M. Ayres), "Marry in Haste" (Maise Grieg), "From This Dark Stairway" (M. G. Eberhart), "Soho Racket" (Crier among themselves).

The secretary read a list of instruments in possession of the band.

Mr R. Saddler moved that any bandman who missed three consecutive practices, without good reason,

leave the band. Seconded by Mr Williams, and carried.

A STUDY IN BLACK AND WHITE

A contributor sends the following:—"Crows are again making their presence felt on the local golf links, where many of the town and district champions are suffering heavy losses by the birds taking possession of their golf balls. The two guardians of the law were present on Saturday, but no arrests were made. From every report to hand, the ball has been lifted after the player has made his longest drive since he took up the game, and when it was beautifully 'teed' for the next shot. The birds do not pay any attention to a dirty ball or a cheap make. This was twice proved on Saturday, when an official of the local branch, R.S.L., playing on the ninth and tenth fairways, fully expected his ball to be lifted and taken away. On both occasions the birds flew close to the ball, and without landing, made a noise that sounded like 'Coles' special', and then deliberately 'picked up the nearest ball in the vicinity, which proved to be a 'Kro Flite.' On making enquiries from this prominent player, it was ascertained that the ball referred to as 'Coles' Special' was one procurable anywhere at 1/-, or three for 2/6. At any rate, preference was not given in this case to a returned soldier."

FOOTBALL

BURRUMBEET DISTRICT COMPETITION

C.Y.M.S. v. BURRUMBEET

At the Burrumbeet Park on Saturday, Burrumbeet easily defeated the C.Y.M.S., whose team seemed to lack the interest necessary for them to win. Wet, wintry conditions made good play impossible, but Burrumbeet was the faster side, and more effective in every department of the game. S. McGregor's exhibition of umpiring was fairly good under the sloppy conditions that prevailed. J. Rush (C.Y.M.S.) and J. Cuthbertson (Burrumbeet) were the rival captains, while J. Hewitt and R. Dobson had control of the flags. During the third quarter D. Lynch and J. Whittle came into violent contact with each other, and received slight injuries. C.Y.M.S. players were unfortunate enough to hit the goal post three times in their limited number of shots. The scores in each term were:—First quarter: C.Y.M.S., 0-1; Burrumbeet, 0-3. Second quarter: C.Y.M.S., 0-1; Burrumbeet, 2-3. Third quarter: C.Y.M.S., 1-2; Burrumbeet, 1-2. Fourth quarter: C.Y.M.S., 0-5; Burrumbeet, 1-5. Totals:—Burrumbeet, 4-13; C.Y.M.S., 1-9. The best players were:—C.Y.M.S.: J. Jess, M. McInnery, B. Lynch, J. Rush, T. Trezise, and W. Fitzpatrick. Burrumbeet: J. Cook, J. Cuthbertson, W. Walton, J. Whittle, M. and G. Driffin. Goal-kickers: C.Y.M.S.: K. Collins. Burrumbeet: M. Driffin (2), J. Cuthbertson, and W. Walton.

The following team will represent the C.Y.M.S. in the match against Wauabra, at the Beaufort Park today (Saturday):—J. Rush, B. Lynch, G. Grant, H. Lardner, T. Trezise, D. Lynch, K. Collins, J. Fitzpatrick, R. McCormick, J. Jess, E. O'Brien, J. Nugent, M. McInnery, T. Kelly, J. Liston, T. Ryan, T. Ahern, F. Sheehan, W. Nugent, J. Collins, P. McKenna, G. Maher, J. Jess, and J. O'Brien. All players available for Country Week are requested to send their names to the local secretary at once.

V.L.G.U. MEETING AT BEAUFORT

Although there are many open golfing tournaments at next week-end, the entries of the associates for the Beaufort meeting have exceeded all expectations, both in number and calibre of players. Representatives of 28 clubs will be present, and never before in Victoria have so many first-grade players tried conclusions on sand scrapes. The course is in excellent order, and the local associates are conducting luncheon arrangements. The entries include Miss Hutton (Eastern), Misses M. C. and N. Millar (Metropolitan), Miss Moira McLeod and Mrs. A. Russell (Royal Melbourne), Miss Pat. Davis (Kingston Heath), Miss M. A. Syme (Kew), Miss Alice Pickford and Miss M. A. Breen (Ballarat), Mrs. Day, Miss Athole Stewart, Mrs. Ashley, and Mrs. Young (Beaufort), Miss Monica Briody (Lexton), Mrs. H. Gordon Philip (Barwon Heads), Miss E. Ramsay (Winchelsea), and Mrs. K. Learmonth (Chalambra). The meeting will commence on Thursday morning at 8.30 a.m., owing to the large number of entries, and continue throughout Friday. On Saturday afternoon the Beaufort Club will hold an open mixed foursomes for two trophies, valued at £1 1/4 each (presented by Miss Ephie Lewis), for second. Entries for this event will be taken until Saturday morning, and visiting associates have been given preference by the club.

OPTICIAN'S ACCURATE INSTRUMENT

Diagnosis of probable eye trouble and the correction of probable defects, if present, are much more certain and accurate if made with the Copeland Refractoscope. This instrument is used exclusively by Mr Whinery, optometrist, who visits here regularly, and will be in Beaufort at the Mechanics' Institute, on Thursday, 26th June.

CORRESPONDENCE

We do not in any way identify ourselves with opinions expressed by our correspondents.

Editor, "Riponshire Advocate."

Sir.—Allow me space for a note regarding the remark in reference to the local school report which appeared in your paper from the head teacher last Saturday. He says only four children attended in 1935 without missing a day. He does not think the school keeps children home. If the chilly rooms in the mornings, and the children were allowed to warm themselves occasionally, it would help the parents to send them along in the mornings, instead of perhaps only half a day. Then, on the other hand, the children do not get sufficient education, allowing for the time they are at school. Only lately several small children were punished for not bringing cardboard and scissors to school. Then, again, the older children have to take picks and shovels, grabbing out old-time stumps during the school hours. They don't know what is going on in school, and at the term exams, only a small majority pass their test. It is alleged that Mr. Scott has not time to teach the E.S. grades a certain subject, and he has mentioned that he is going to keep them in after the day's work finishes and teach them. I say if he can't do his duty to the scholars in five hours, it is time he moved on and let someone else do it. I think it is the men's committee's work to grub stumps and other things in the school ground.

ALLANDALE ELECTION.

LABOR SOCIAL ENTERTAINED.

MR. P. L. DENIGAN, M.L.A., ENTERTAINED.

The best-attended Labor social gathering held in Beaufort for years took place at the Picture Theatre on Thursday night, when Mr. P. L. Denigan, M.L.A., was entertained in honor of his recent victory in Allandale.

Among the visitors present in addition to Mr. Denigan, were Messrs. T. Tunnecliffe (Leader of the Labor Party), H. M. Creamean, and W. McKenzie, M.L.A., Cr. J. Kirkpatrick (Member of Ripon Shire), Cr. R. A. D. Sinclair, Dr. A. R. Haywood, Messrs. A. A. Caldwell (Central Executive, A.L.P.), P. J. Kennelly (Organising Secretary of the A.L.P.), J. Russell (Campaign Secretary), W. Rowe, A. Goldsworthy, A. Greenhalgh, A. R. Jones (Clunes), R. Monteith (Bullarook), J. Keating, D. Clarke (Bungaree), J. Callaghan (Snake Valley), and W. Chibbald (Ballarat); also representative residents of various parts of the Beaufort district.

The first part of the evening was devoted to cards and dancing; the euchre prizes being won by Mr. R. Vowles and Mrs. A. M. Parker and Miss Kelly. The trophies at the secret table were secured by Mrs. A. Newey and Mr. Goldsworthy. Mr. F. Bly's orchestra supplied the dance music, and a very enjoyable time was spent. A feature of the evening was an exhibition of Polka Mazurka and the Valse Vienna by Mr. T. Rodgers and Miss L. Stuart and Mr. A. MacPhie and Mrs. E. Broadbent, given for the benefit of modern dancers.

Mr. H. M. Stuart welcomed the visiting Members of Parliament, shire councillors, and the public. For 60 years he had fought for this victory. He hoped to live to see Labor rule by themselves. He knew their Labor members would treat friend and foe alike.

Mr. Denigan, M.L.A., congratulated Beaufort Laborites on the splendid gathering to do honor to the great victory gained by their party. He thanked them for the assistance given him during the campaign. He hoped to be present at many local functions when he had settled in the electorate. He also hoped to double the number of his supporters by next election.

Hon. T. Tunnecliffe, M.L.A. (leader of the State Labor party), who suggested that a State election should be held early in October, said he wanted to draw their attention to the conditions under which the present Ministry came into existence. Labor undertook to support them in implementing their policy. They had no regrets for their action, and when the House met would support them in putting as much of their legislation on the statute book, and as much of Labor's, as they could. A bill was required for the reform of the Upper House. It was good policy to keep their powder dry and be ready for anything that might occur. A Greater Melbourne Council Bill was also expected to be brought down, and would be generously supported by Labor. Unemployment and destitution reared their ugly heads, and they would not be content until every willing man was found work at the basic wage at least. To send men to work in the forests in the winter months was inhuman and undesirable. Before they talked of further reductions in taxation, they should be certain none was wanting the necessities of life. Housing reform was a matter they expected the Government to take seriously. It was not a very galling problem, and it was the duty of the party to inspire the present Government, and bring them into action in connection with these matters. The U.A.P. was beginning to realise that it made the mistake of its life when it went into Opposition. All he could promise them was that this party would press for consideration of all these proposals, and bring about reforms which would reach down to the masses of the people.

Mr. McKenzie, M.L.A. for Wonthaggi, said he came to join in this wonderful gathering in honor of their new member. They looked to the people to get into harness for the next election. That was the only way they could retain the seat for Labor. They had in Mr. Denigan a sincere Laborite from the start. He urged them not to expect too much from their new member, and not to overwork him. He was pleased to see such a fine sprinkling of young people, and it was up to them to carry on the banner. They did not realise what it meant to them. He appealed to them to put all their weight and might into the fight for Labor ideals. They were assisting to mould the policy of the present Government, and he hoped that before long they would have a Labor Government. They would advise and help the present Government as long as their policy benefited the workers of this country. He thanked all those who had worked to return a Labor member.

Cr. Sinclair (speaking on behalf of the shire president and the shire council) congratulated the new member. They were delighted with his actions at present in regard to the council. They wanted £500 to clean out the Beaufort Creek, and objected to the Government asking them for £75 from the Common funds. The Court House had not been repaired for 40 years. They wanted 50-50 for Beaufort men when unemployed were put on relief work on Mt. Cole. He asked the Parliamentarians present to bear these matters in mind.

Mr. Creamean, M.L.A., said he was surprised to hear that so much was required in Allandale after 50 years' U.A.P. representation. (Laughter.) Dr. Haywood congratulated Allandale electors on the return of Mr. Denigan. The shire councillor who had spoken must think Mr. Denigan was the Premier of Victoria. (Laughter.) He thanked them for the support given him (Dr. Haywood) at last Federal election. The young people had to choose not so much between two candidates, but two sets of thought—one fighting for the under-dog, and a party on the other side believing in the old British Navy tradition, "What we have we hold." Those people wanted reduced taxation on their big estates and city properties. If the mass of the people were not looked after, the nation must fall. The people who opposed Labor said 34/- a week was enough for a sustenance worker—people who spent £2 a week on meat for Alsatian dogs. As long as they had the vested interests on one side and the invalid pensioners who got 17/6 a week on the other, he was sure the people of this country would do their best to defeat those who said "What we have we hold"; and would give the rightful owners God's inheritance.

Mr. Creamean thanked the Beaufort people who had organised this function, notably Miss Stuart. Among those present were visitors from distant parts, including Melbourne, Ballarat, Clunes, Bullarook, and Bungaree. They had been greatly aided by Mr. H. M. Stuart (86 years of age), Mr. H. Featherston (76 years of age), and Mr. W. Chibbald (77 years of age), to whom they were grateful.

On Tuesday morning a horse attached to the Beaufort B. & W. Co-operative Co's. lorry bolted from the railway station. The horse, dragging with it the forecarriage, became separated from the body of the vehicle, and running on to the footpath and over the cellar at the Beaufort hotel, just missed the corner of the building. Mr. E. Nash, who was standing near the hotel entrance, narrowly escaped being knocked down. The horse was caught by a man near the Shire Hall.

The following officials were appointed for Country Week:—Goal umpire, J. B. Hewitt or F. Ryan; boundary umpire, R. Newton or W. Fitzpatrick; timekeepers, W. Millar or W. Lynch; boot stopper, L. Paterson; trainers, Dean and Mansfield.

Would your lamps burn for 6 days — 144 hours — without attention?

Incubator test — hardest of all for ANY Kerosene — proves LIGHT OF THE AGE best for home use

Mr. T. E. Jarman, Carlingford, New South Wales, one of Australia's best known and noted authorities in the poultry industry, made an exhaustive practical comparison test in two of his mammoth incubators, and of this test he says—

"I allowed certain burners to run without cleaning for six days (144 hours). There was a minimum of wick incrustation, a continued regularity in the flame... wicks in excellent condition... This clearly demonstrated to me the

superior burning qualities and greater margin of safety of Light of the Age Kerosene."

Isn't this just what you want? A cleaner, safer kerosene, one that will give you, in your stove, a steady, constant heat without smell or smoke, ensuring properly and tastefully cooked food — and in your lamps a continuous, constant, even, white light that will give greater comfort and protection to your eyes. MAKE SURE NEXT TIME THAT YOU GET—

THE DAYS THAT ARE GONE.

Twenty-five years ago the head-
master of Waterloo State school, Mr
J. Hillard, reported that the follow-
ing children had been awarded the
departmental certificates for regular
attendance:—Richard Saddler (at-
tended every day for eight years),
Clement Newey (seven years), Thos.
DeGraff (seven), Eddy Smith (six),
Jack Evans (five), Daisy and Violet
Saddler (three).—Mr Robert Thomp-
son, who had acted as home mission-
ary in the Beaufort Presbyterian
charge for six years, was farewelled
by a very large gathering, and several
presentations were made. The speak-
ers were Rev. Chas. Neville, Messrs.
J. R. Wotherspoon, R. A. D.
Sinclair, A. Nicholson, D. Lindsay,
E. J. Muntz, J. H. Gazzard, Jas.
Stringer, and A. H. Sands, and har-
mony was contributed by Messrs. J.
R. and A. L. Wotherspoon, H.
McKinnon, A. Sands, and J. S.
Smith.

Mount Cole tribe of aboriginals
was at one time very powerful, but
the sole survivor 50 years ago was an
old lubra known as "Lady," who re-
sided at Waterloo. A little before
that time she had a nephew, but he
died in the Mazyborough Hospital.
Candidates who passed the Pharm-
acy Board examinations 50 years
ago included John William Harris
and Alexander Cathie, of Beaufort,
and Harry London, of Ballarat.

MAINTENANCE OF WIFE.

Jeffrey Horace Cook, of Mena
Park, via Beaufort, was called upon
at the Ballarat City Court on Thurs-
day, 4th June, to explain non-pay-
ment of arrears of maintenance to
his wife, Evelyn Vera Marjory Cook.
Mr H. R. Coldham appeared for Mrs
Cook, and Mr T. E. Byrne for the
husband. Cook said he was a farmer
and grazier at Mena Park. He ad-
mitted that the order had been made
against him in the September, 1935,
to pay his wife 15/ a week. Costs of the
proceedings had also been allowed
against him. Since that date he had
paid £2 as part of the costs and one
payment of 15/. His farm, he said,
was being conducted under the super-
vision of the Closer Settlement
Board, and in the last 12 months the
board had advanced him £203. This
was for the maintenance of himself
and family, and the property. The
sum would have been less if he had
not had a wife to maintain. Since she
had been living apart from him, he
had been supporting somebody else in
her place. He had had a return of
£60 from his cows since September,
and on May 20 his credit balance was
£22/13/4. He owned a motor car. To
Mr Byrne, Cook said that he had, by
direction of the board, sold his wool
through Dalgety & Co, and had been
sent £100 by the board through the
firm, to pay specific debts. Before
his marriage to complainant, he had
been a widower with three children.
His sister was now with him. In re-
ply to Mr A. Bickart, J.P., defend-
ant said that the board had a mort-
gage of £100 on his wool clip for
1936-37. The Bench decided that
Cook had the means and ability to
pay, and ordered payment of £24
15/, with £1/16/6 costs, within one
month, in default imprisonment for
two months.

CARRANBALLAC.

In the Miniera and district foot-
ball competition on Saturday, Car-
ranballac met the Rovers on the
Westmere ground, and defeated them
by 11-10 to 8-5. No rain fell dur-
ing the match, but the ground was
wet, and the play was rather crowd-
ed and at times rough.

Streatham defeated Tatyoon by
8-16 to 3-10.

The players chosen from the Car-
ranballac team to represent the As-
sociation in the country week com-
petition are M. Timms, L. Stephens,
W. Waldron, H. Waldron, and T.
Hovey.

A typographical error in our last
issue showed the final scores in the
Carranballac v. Tatyoon match as
27-16 instead of 17-16.

MIDDLE CREEK.

The monthly meeting of the Mid-
dle Creek branch of the A.N.A.
was held in the local Public Hall on
Saturday evening, 13th June. The
president (Mr C. Ahern) presided,
and there was a good attendance of
members. A letter was received
from the Ararat branch, asking as
possible to attend a meeting at Ar-
arat in connection with the forma-
tion of a district council, as the Chief
President and general secretary
would be present. Several members
signified their intention of being
present. Three members were re-
ported on the sick list, and one can-
didate was proposed for mem-
bership. Accounts amounting to £13
were passed for payment. In the ab-
sence of the secretary, the assistant-
secretary submitted the half-
yearly balance-sheet, which showed
the different funds to be all in
a sound financial position, and it
was adopted by the meeting. It was
decided that letters, conveying the
members' sympathy, be sent to Mes-
srs. W. J. Roberts and J. D. Kneebone,
both of whom were in hospital.
At the conclusion of business, a very
interesting debate on "Rail versus
Road Transport" took place between

the following teams:—Rail: Messrs.
G. McNeil (leader), J. Ahern, J.
Franc, O. Bowd, J. Bowd. Road:
Messrs. E. A. Fay (leader), F.
Liston, W. Torney, Q. Farish, and
C. Ahern. Mr J. K. Pickford was
adjudicator, and gave his decision in
favor of the Rail team by a very nar-
row margin. He also imparted some
helpful hints to members who took
part; this being very much appre-
ciated. A vote of thanks was accorded
the adjudicator for his fair and im-
partial decision. It was arranged to
hold another debate in the near fu-
ture.

OBITUARY.

MRS. IVY M. LIGHTFOOT.

A particularly sad death occurred
at Ballarat on Wednesday, when Mrs
Ivy Marguerita Lightfoot, wife of
Mr Thomas Edward Lightfoot, of
Mcna Park, passed away at the early
age of 29 years. The deceased, who
was highly esteemed and respected
by her friends and neighbors, leaves
a son and three daughters besides
a widower and other relatives to
mourn her loss, and deep sympathy
is felt for them in their bereavement.
The deceased was the daughter of the
late Mr George Young, of Mena
Park, who died only a few weeks ago.
The remains of the late Mrs Light-
foot were interred in the Carngham
Cemetery.

MR. JOHN K. TULLOCH.

We regret to record the death on
16th June, at Croydon, South Aus-
tralia, of Mr John Kennedy Tulloch,
brother of Mrs A. L. Wotherspoon
and the Misses Tulloch, of Beaufort.
Deceased was the eldest son of the
late Mr and Mrs John Tulloch, of
this town.

SINEWS OF COUNTRY JOURNALISM.

The best support you can give your
newspaper is your job printing. If
you do not feel able to run an adver-
tisement, surely you can afford to
give the newspaper your cards, dod-
gers, billheads, letterheads, envel-
opes, and all business printing to
execute. The newspaper man needs
it, and it helps him to pay his print-
ers for setting up the thousand and
one free notices he gives you when
a newspaper can live simply upon the
revenue obtained from advertising
and subscriptions, but no ordinary
newspaper in any ordinary town can
exist without the auxiliary support
derived from job printing.

SPORTING GLEANINGS

FOOTBALL.

BURRUMBEET DISTRICT COMPETITION.

BEAUFORT v. WAUBRA.

On Saturday last Waubra visited Beaufort and defeated the local C.Y.M.S. team by the wide margin of 69 points. Although the weather was ideal, there was a small attendance of spectators. The game was umpired by Dunstan, and the other officials were:—Timekeepers, Messrs. W. Lynch and W. Millar; goal-umpires, Messrs. F. Chute and J. B. Hewitt; boundary umpires, Messrs. F. Dunn and Geo. Cogle. F. Harrison was the skipper of the visiting team, and J. Rush the C.Y.M.S. captain. The ground was in perfect condition, but the display of football was below the usual standard. The game opened with a slight breeze favoring the northern goal, which was the end that had to be defended by the C.Y.M.S. Play in this quarter was rather in favor of Waubra. Both teams handled and kicked the ball badly, with the result that it was forced out of play close to goal on several occasions. The quarter ended with the scores in Waubra's favor by 3-3 to 2-2. In the second term the home side had 10 scoring shots to Waubra's six. From the outset the players seemed to liven up, and the football played in this quarter was the best seen for the day. C.Y.M.S. scored six minor points in succession before McIntyre secured their third goal. Then H. Lardner, as the result of smart play, raised the twin flags for the home team on two occasions. For Waubra T. Morvell and Les. Harrison were particularly prominent in this quarter. Half-time scores:—Waubra, 7-5; Beaufort C.Y.M.S., 6-3. The play became very rough and congested during this term, and half the men on the field were on the ball. Several players showed fight, but after being cautioned by the umpire, calmed down. The umpire was rather slow with the whistle, and allowed the game to get somewhat out of control. Waubra had much the better of the play, and it appeared to be a foregone conclusion that they would be victorious. The tallies at three-quarter-time were:—Waubra, 10-12; Beaufort, 7-8. In the closing quarter Waubra dominated the play. They have in Les. Harrison, a fine forward. He was always in position, and secured major points on five occasions in this term. Final scores:—Waubra, 18-14; Beaufort, 7-11. For the winning team good service was rendered by Les. Harrison, A. Harrison, G. Stalker, T. Harrison, W. Walsh, and H. Harrison; good work being done at times by Dyer, O. Boothroyd, and C. Quarrell. The most prominent players on the C.Y.M.S. side were G. Grant, M. McInnery, J. Rush, H. Lardner, and E. Kelly. These were well supported at times by T. Trezise, B. Lynch, T. Ahern, and Jack Jess.

The goal-kickers were:—Waubra: Les. Harrison (8), A. Harrison (5), T. Morvell (2), O. Boothroyd, T. Harrison, and Walsh. Beaufort: H. Lardner (5), McInnery, and G. Grant. To-day (Saturday) C.Y.M.S. will play Learmonth at Beaufort.

BASKET BALL.

BEAUFORT DISTRICT COMPETITION.

METHODISTS v. BEAUFORT.

The local Methodists were at home to Beaufort on Saturday afternoon, but after a hard-fought match, in which the play was not so one-sided as the scores indicate, Beaufort was successful by 25 goals to 7. The scores at the end of each quarter were:—

First quarter: Beaufort, 9 goals; Methodists, 1 goal.

Second quarter: Beaufort, 15 goals; Methodists, 5 goals.

Third quarter: Beaufort, 21 goals; Methodists, 7 goals.

Fourth quarter (final scores): Beaufort, 25 goals; Methodists, 7 goals.

Miss Joyce Lyons captained the Methodists, and Miss Dulcie Parker the Beaufort team. Miss Kath Lisan gave a good and impartial exhibition of umpiring. Afternoon tea was served after the match.

WATERLOO v. NERRING.

On Saturday, 20th June, Waterloo visited Nerring, and one of the best games ever witnessed in the district was played. Goal for goal all the way, the game was very fast, and the spectators were on their toes the last 10 minutes with excitement, to see the home team come out on top by a margin of one goal. This was Waterloo's first defeat, which makes Nerring and Waterloo level; Waterloo beating Nerring in the first round at Waterloo. The scores were:—Nerring, 19 goals; Waterloo, 18 goals.

BEAUFORT GOLF CLUB.

CYCLING.

TEST RACE FOR JUNIOR CHAMPIONSHIP.

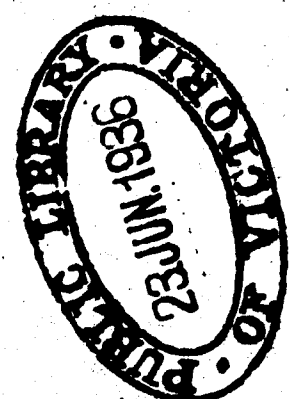

On Saturday afternoon a test race was held at Beaufort, in connection with the Malvern Star five-mile championship, under 16. The winner was V. Wilson, K. K. Liston second. The winner's time was 14 min., and he received a silver cup, donated by Messrs. J. R. Wotherspoon & Co.

BEAUFORT A.N.A.

That charges by hospitals for treatment of infectious diseases patients should be made uniform and that there should be municipal or Government responsibility for payment is advocated by the A.N.A., according to a communication received by the Beaufort branch of the Association on Tuesday night. Eight members were in attendance, and Mr W. Gillingham (president) presided. An apology was received for the absence of Mr R. G. Scott. Correspondence was read from the general secretary (Mr Parker), re advertising literature, and also in regard to the next conference. He drew attention to the fact that members could be appointed who did not desire medical practice. A further communication was read, relative to the Association's policy of decentralisation of industries, organising a children's day picnic, and urging uniformity of policy of hospitals in regard to charges for treatment of infectious diseases, and advocating that the charges be made a municipal or Government responsibility.—It was decided to write, asking the Ripon Shire Council to support the association's policy in regard to hospital charges for infectious diseases patients. One full benefit member was proposed. A credit balance of £22/19/4 was reported. Accounts and sick-pay amounting to £36/2/3 were passed for payment. The secretary (Mr W. J. Gray) presented the audited balance-sheets for the past half-year, which showed a debit balance of £88 2/5 in the sick fund, and credit balances of £119/9/11 and £10/19/4 respectively in the medical and management and contingency funds. Assets exceeded liabilities by £314/14/5, and the membership is 149. The position showed an improvement of £20 on the previous half-year. For the year there was a sick fund debit balance of £54/9/, and £216/8/4 was paid in sick-pay. The balance-sheets were adopted, on the motion of Messrs. L. Smith and N. S. McLeod.

A TALL STORY.

(BY "BALLASTITE.")

Having received a very kind invitation from the Beaufort Gun Club to attend the Back to Beaufort celebrations, and to invite some of the members of the Melbourne Gun Club to accompany me, I was fortunate in persuading that well-known shooter, "Calrossie," to say he would go. A monster crowd assembled at the G.P.O. to see us off and wish us every success. The traffic was held up for a considerable time, but punctually at 10 o'clock, after the Lord Mayor had handed us a message to the Lord Mayor of Beaufort and wished us a safe journey, we set off on our scooters, heavily laden with ammunition. We took things leisurely and arrived at the entrance to the town, a distance of 100 miles, at 11.40, 15 minutes ahead of schedule time. Here another huge crowd was waiting to greet us. The newly-formed band in elaborate uniforms and the firemen, all mounted on their new fire engines, escorted us to the Council Chambers. Immediately the band stopped playing, an up-to-date wireless set in a local garage hit up, "See the Conquering Heroes Come." We found out later that this was prearranged by 3DB. What a reception we received at the Council Chambers! A fat man in a funny little hat received us right royally, and after the usual toasts we were granted the freedom of the city. As our programme did not actually commence till next day, we spent the afternoon sightseeing. Beaufort experienced the greatest dust storm in the history of the place. What took our eye immediately was the birds flying backwards. On making inquiries, we were informed that this was a usual custom with the birds there, as it keeps the dust out of their eyes. Then rain came down in torrents, and a very sad thing happened. The local solicitor had made great pets of a number of fish, and as rain had been unheard of at Beaufort for weeks, these fish had been roosting and feeding around the yard with the poultry. As soon as the storm had finished, the fish had fallen off their roost into the water, and had all been drowned, whilst the roosters and fowls were giving a wonderful display of high diving. After dining with the Mayor, we accompanied him to the city square for the fireworks display, which was excellent. Immediately the moon came up, the silent barber (the only silent barber in the world) was introduced. He entertained us by climbing up to the moon with a huge hammer and nail, which he drove right through the face of the moon, and then walked around and clenched it on the other side. What had us beaten was how he was going to get down, but he calmly greased the seat of his trousers and slid back to earth on a rainbow. Next day we set out for Eurambeen East, with representatives of the local Gun Club, for a day's shooting. The first paddock we came to the rabbits were so plentiful that we had to lift them out of their seats to set our rabbit-traps. Then we went across to the adjoining paddock, which was even worse. We could not open the gates—so thick were the bunnies that we had to lift the gates off their hinges. You can imagine that our supply of cartridges and shot soon gave out. Nothing else for it but to make tracks back to the car. Hares were now jumping up everywhere, and "Calrossie" was disgusted to think of the shooting he was missing. Suddenly he remembered the chewing gum he had in his mouth! After putting a supply of powder down into his muzzle-loader, he inserted the chewing gum. The first hare got it fair in the forehead, but it only stunned him. He ran

round and round in circles, until he collided head-on with another hare. They stuck together, and we obtained a beautiful brace. Then I found some paper clips in my pocket, and handed them to him. More powder in the gun, then the paper clips. Two hares came galloping along the fence, and these were securely clipped together by the ears. We had nothing left but the ramrod. This he put into the gun, and sneaked up on to the Piery Creek. Up got a black duck, bang went the gun, and the rebound knocked my companion over. When I swam in to recover the rod, to my great surprise there was an 8 lb. perch pinned to the bottom, with two large crayfish hanging to its tail. "Calrossie," on picking himself up, found that he had fallen on to a bandicoot and killed it, and when he lifted it up, there was a brand new 45 note in its seat. On our way home the fox terrier leaped out of the car, and made off down into Italian Gully to the foxes' den. She held us up there for a considerable time. Eventually we got her out, but there was no sign of any foxes. She refused to leave, and kept running around the top. Fifty-five yards away from the mouth of the den, she rolled over on her back and put three of her legs straight up in the air, then only her two small front legs, and she kept moving her tail in all directions. We could see that she was drawing our attention to something. "Snowy" commenced digging, and 18 inches underneath where she was performing these capers, he hauled out three full-grown foxes, two beautiful little baby foxes, and then a huge snake. He tried to convince us that she always accurately described the contents of every den in this manner. Do you think she is clever, or was it only a fluke? This story may appear tall, but it is nothing to the ones told on the local golf course this week, when the Victorian Ladies' Golf Union was holding a tournament. Beaufort, 13/6/1936.

NEW DRIVING CODE.

Regulations Should be Studied.

The new traffic code for the Melbourne and metropolitan area came into operation on June 9. It has been stated that the code can be extended to country towns. There is much to commend this idea, as it would enable country residents to become familiar with the main principles of safe driving, thus making visits to the metropolis less onerous. Several amendments, however, will need to be made to fit the code to the requirements of country towns. For instance, the definition of a major street as being one in which trams run, will be meaningless in country towns, which have no trams. The regulations were published in full in this month's issue of "The Radiator," the official journal of the Royal Automobile Club of Victoria, and they should be carefully studied by all interested in the elimination of road risks.

OBITUARY.

FUNERAL OF MRS. IVY M. LIGHTFOOT.

Mrs Ivy M. Lightfoot died in Ballarat on 17th June. In the Mena Park and surrounding districts the deceased, her husband, and her parents were well-known. Mrs Lightfoot was the daughter of Mrs Lillian and the late George Young, and was born at Mortchup 29 years ago. Besides her husband, Mr Thomas Edward Lightfoot, she leaves a young family of one son and three daughters. The funeral took place from her home at Mena Park on 18th June, and was attended by friends from far and near. Rev. Mr Elliott, of Carnham, conducted impressive services, and at the graveside in the Carnham Cemetery made feeling reference to the early death of the young wife and mother, and who expressed the sympathy of their friends. The casket, on which was placed many floral tributes, was carried by Messrs. George, Ron, and John Lightfoot, Charles Young, Norm. McIntosh, and Tom Fenton. The chief mourners were Mr Thomas Edward Lightfoot (the widower), and his children; Mrs L. Young (mother), Mr Charles Young (brother), Mrs N. McIntosh, Mrs T. Fenton (sisters), Mr John Lightfoot (father-in-law), Mr E. Lightfoot, Mr N. McIntosh, and Mr T. Fenton (brothers-in-law), Mr George Lightfoot, Senior-constable and Mrs Shields (cousins), and other family relations. The funeral arrangements were carried out by Messrs. F. W. Barnes & Son.

BEAUFORT H.E. SCHOOL.

NOTES ABOUT VARIOUS ACTIVITIES.

The school were fortunate in having such a fine day for Arbor Day, for every child in the elementary school was thus given the opportunity of planting a tree. It is estimated that now practically every child in the school has planted at least one tree in the school plantation. The more difficult task of digging the holes necessary for the planting was carried out by the boys from the fifth and sixth grades and from E and F forms.

Among the improvements made in the school ground is the removal of one pine tree, which previously grew in the centre of the ground, and thus cut off quite an appreciable portion of the playing space. It is also satisfactory that all the old tree stumps have now been cleared out and the holes filled in, thus considerably improving the appearance of the school.

The district inspector, Mr Heathcote, paid his visit of inspection to the school on 15th inst., and expressed himself as very well satisfied with the work of the school. He mentioned the neat and tidy appearance of the grounds and buildings, and commented very favorably on the organisation and instruction throughout the elementary school, and on the work of the staff in general.

On Friday, July 10th, junior basketball and football teams from Ararat are expected to visit Beaufort to play the Beaufort school teams. This is a return visit for a similar trip made to Ararat by the Beaufort teams last year.

FOOTBALL NOTES.

(By "Dark Blue.")

To-day's Team.

The team to play Learmonth at the Beaufort Park to-day (Saturday) will be chosen from the following:— J. Rush, J. Blaikie, G. Grant, H. Lardner, T. Trezise, D. Lynch, E. Lynch, J. Fitzpatrick, R. McCormick, J. Jess, M. McIneney, T. Ahern, J. Sheehan, E. O'Brien, J. Nugent, J. Liston, W. Fitzpatrick, T. Ryan, T. Kelly, W. Nugent, K. Collins, J. Collins, and G. Maher.

Last Saturday's Match.

Waubra won well. C.Y. lacked stamina. Beaten again, boys. Last quarter was not your true form. Paste this in your hat—you must all train, only seven matches to go. Hats off to Waubra. Speed, stamina, and system won for them. But, look out! A fine game, Les. Harrison—congratulations.

Comments on C.Y. Men's Form.

Your best yet, George Grant. More of them. Your usual, solid game, Mick McIneney. You haven't played a poor game this year.

Tommy Trezise, Bryan Lynch, John Jess, well done—good service. Practise the Rugby tackle, Johnny. Get them by the hips. You got some

kicks, Tommy, and nearly got some more.

A welcome re-appearance, Horry Lardner—some good goals. We want to see more of you. You use your—er, er, buttock well.

"Sam" Fitz—you showed glimpses of your old dash. Don't forget to use your "nut."

You stuck to him well "Chappy" O'Brien. Run in two or three yards, and you'll punch out better.

Captain Rush thought the game was cricket. How's that? It worked. A good beginning Jim Nugent. Keep it up.

Terry Ahern made his presence felt. Bill Fitz. and Jack Liston—good effort. Get rid of that ball.

Ted Kelly, a tiger—but don't quarrel.

Kevin Collins, Dick McCormick, Gordon Maher, Bill Nugent. We'll get there yet. Keep going. We all missed Joe's moral support.

Training.

We can't all get together. Train yourself. Walk, run, skip, gallop. Get your wind for next match. We are going to annihilate Learmonth.

We hope to have our best side. Be there, be early.

Are you training for the ball on July 15th. Select your partners for the foxtrof competition. They say there are sheep tracks at Trawalla, but it's only Tom Rodgers training for the Polka. He was in the hands of Trainer Len Breen on Friday.

MEMORIAL GATEWAY.

The ornamental gateway being erected at the Beaufort H.E. School as a memorial to the late Sir Alexander Peacock, formerly M.L.A. for Allandale, has been commenced; the contractors being Messrs. Stevenson Bros.

Field firing contests for rifles, Lewis, and Vickers guns will be conducted by the whole of the 8th Battalion on Monday next (King's Birthday) at Beaufort. The men will travel to Beaufort by motor bus. The signallers will bivouac here over the week-end.

A COLD NIGHT ON THE ROADS.

On Tuesday morning a man 54 years of age named Charles Patterson, a resident of Ballarat, was brought to the Beaufort police station wet through and suffering from the effects of a cold night spent on the roads. It appeared that the man was riding a bicycle near Burrumbeet, when he rode into a roadside drain and was thrown off and partly stunned, and wandered about the roads all night. He was provided with dry clothes and an overcoat by First-constables J. Hargreaves and J. Duke, and sent back to his relatives at Ballarat by train.

A THOUGHT FOR TO-DAY.

"If a man is in the wrong, enlighten him, but persecute him not."

SATURDAY, JUNE 27, 1936.

USING SUSTENANCE LABOUR TO ADVANTAGE.

IN our columns on more than one occasion we have advocated the utilisation of sustenance labour for the carrying out of work that would not otherwise be done, are a permanent improvement to the town, and do not deprive other workers of employment. The Ripon Shire Council has always endeavored to make use of its sustenance gang along such lines, and ratenayers have no doubt noticed with satisfaction that recently these workers have been employed to make necessary and permanent town improvements in the way of reforming footpaths and replacing water mains. The council is to be heartily congratulated upon carrying out such useful work. We are well aware of the difficulty of continuously finding work for the sustenance men to do which comes under this category, owing to the ebb and flow of the supply of such labor, but when town improvements of a permanent nature are carried out, our local Parliament is fulfilling the spirit and intention of legislation enacted by the State Government to enable the less fortunate workers of the community to keep body and soul together. Another fact that must not be lost sight of is that there is a good time coming when sustenance labor will no longer be available, and full award rates of wages will have to be paid. In the interests of the workers themselves, their families, and the whole community, we hope that time will not be very far distant.

A COMPLIMENT TO BEAUFORT.

ON Thursday the "Argus" paid a compliment to Beaufort by issuing an excellent souvenir aerial photograph of the town, which shows its principal features in bold relief. Discerning people have long admired the sound and progressive lines upon which this important metropolitan journal is conducted, both in regard to news service and special features. Even those who do not agree with the political policy of the "Argus" freely admit its consistency and singleness of purpose. After all, the news columns are the principal field of usefulness of a newspaper, and in these the "Argus," whilst preserving the good old English style of presenting news, as far as accuracy, fair play, and avoidance of mere sensationalism are concerned, is not too conservative to utilise many of the better American methods of dressing up

items. Readers of the "Argus" know when they see big headings on an item in this paper that it is really important, and not some trashy stuff under scare headlines, put there merely to entice people to read it. The "Argus" has always given prominence in its columns to country interests and news, and is deservedly widely read in the rural districts of the State. The "Argus" has also specialised for many years in sporting news, and is the recognised Victorian authority on horse racing.

FOOTBALL UMPIRE.

Mr G. Kent has been appointed umpire for the C.Y.M.S. v. Learmonth football match at Beaufort to-day (Saturday).

KICKED BY HORSE.

Mr J. Holdsworth, of Beaufort, had a very lucky escape from serious injury during the week, when he was kicked by a horse in the abdomen. The force of the kick was almost spent, and Mr Holdsworth received a grazing blow.

SATISFACTORY RESULT.

The receipts at the recent Beaufort Catholic ball were £82/15/-, and the expenditure £22/3/4; leaving the satisfactory profit of £40/11/8.

A NEW LEASE OF LIFE.

The Beaufort Town Band has received a new lease of life, thanks to the recent queen carnival that brought in £360. The bandsmen are now doing their best to show that they are worthy of this generous support.

COLD WEATHER.

Bitterly cold weather has been experienced at Beaufort of late, and there have been many hard frosts. On several occasions water taps have been frozen. In the early hours of Tuesday morning, there was a light fall of snow.

POLICE COURT.

Messrs. D. F. Troy, C. H. McKay, and J. R. Wotherspoon, J's.P., attended the Beaufort Police Court on Monday. The only case listed for hearing was an application for a prohibition order, which was dealt with in chambers.

TOWN IMPROVEMENTS.

Utilising sustenance labor, the Riponshire Council has recently made a number of improvements in connection with water supply and footpaths that are of a permanent nature, and would not have been carried out for some time under ordinary conditions of labor.

BUILDING ACTIVITY.

That Beaufort is making steady progress is manifest by building activity in recent months. All the houses erected are of modern type and improve the appearance of the streets. During the past few weeks new houses have been built for Messrs. J. Blaikie, W. W. Ashley, G. F. Ellis, A. Dunstan, and D. Nash.

£7,880,000 COLLECTED IN UNEMPLOYMENT TAX.

Statistics compiled by the Taxpayers' Association, show that £7,880,000 has been collected in unemployment relief tax in Victoria since 1930, and that £7,681,000 has been spent on unemployment relief and sustenance. It is estimated that unemployment relief taxation in 1935-36 will amount to £1,760,000.

LIGHT RAINFALL.

The rainfall in the Beaufort district up to the present is far below the average for the first half of the year. Sufficient rain has fallen to enable farmers to proceed with ploughing and harrowing. Grass is very short, but stock are still in good condition. More hand-feeding than is customary in these parts has had to be done.

SOCIAL HAPPENINGS

NOTES ABOUT PEOPLE AND EVENTS.

Mr C. V. Reddie, Clerk of Courts at Ararat, entered upon his annual leave on Wednesday of three weeks' duration. During his absence, the duties of the Ararat and district courts will be attended to by Mr R. H. Goss, of the relieving staff.

Mr H. M. Stuart and Miss Lily Stuart, of Beaufort, went to Melbourne to witness the opening of the State Parliament on Tuesday, when the new Labor member for Allandale, Mr P. L. Denigan, took his seat for the first time. For over 60 years Mr Stuart has taken a very keen interest in politics, and for many years has been recognised by Beaufort district Laborites as their leader. He is 86 years of age.

Mr L. French, of Beaufort, has been ill for a fortnight, and unable to follow his occupation.

Mr W. Linke, of Beaufort, who recently received a severe injury to one of his eyes, is making good progress, and the sight of his eye is likely to be saved.

Mr Harry Stoddart, of Beaufort, had one of his eyes badly injured recently by a piece of steel, and it is feared that the eye may have to be removed.

Miss Daphne Campbell, of Mt. Emu, has been spending a holiday at Trawalla as the guest of Mr and Mrs L. Smith.

Mr A. McPherson, who will succeed Mr W. M. Chellew as chief officer of the Country Fire Brigades' Board on July 1st, has been a fireman for more than 28 years, and is one of the most popular executive officers of the service.

Those who represented the Beaufort branch at the recent C.W.A. conference in Melbourne were Mrs L. Watkin (president), Mrs R. G. Beggs, Mrs S. E. Humphreys, and Miss Hilda Miller.

Mr W. Hall, formerly of Trawalla, has been visiting Beaufort.

FIRE BRIGADE SOCIAL.

There was a large attendance at a card social and pasty supper held by the Beaufort Fire Brigade at the Fire Station on Tuesday night. Special prizes were won by Mrs A. Newey, Mr O. Hare, Mrs Willaton, Mr S. George, Mrs Sykes, and Mr A. McGregor. The winners of the euchre prizes were Mr A. Duncaan, Mrs Sykes, and Miss M. Smith. The organisers were Messrs. W. Bridges and J. Duke.

HIGHLAND BALL.

Cold, wet weather was experienced for the Beaufort Thistle Club's Highland ball, held at the Picture Theatre on Wednesday night, but it passed off enjoyably. About 70 to 80 couples attended, including many visitors from Ballarat and Skipton. The Victorian Scottish Union was represented by the president (Mr John Keith) and the Ballarat Caledonian Society by Mr A. McKenzie. The ballroom had been prettily decorated, and many becoming frocks were worn. The Alberts Dance Band, from Ballarat, supplied excellent music, and Mr L. Symons officiated as floor steward. Miss C. Baker and Mr W. Day played for extra dances. The winners of the novelty dances were Mr J. O'Sullivan and Miss K. Conlin, and Mr Armstrong and Miss N. Stewart. A very tasty supper was provided by the caterers, Mr and Mrs R. T. Macdonald. Mr W. Manson acted as secretary, and was assisted in carrying out the function by the chief (Mr C. H. McKay) and members of the committee.

RAINFALL.

On Tuesday and Wednesday 16 points of rain fell at Beaufort; Thursday's registration being 17 points.

GASH ON HEAD.

On Thursday afternoon Billie, the son of Mr and Mrs L. Symons, of Nerring, received a severe cut on the head whilst cutting wood. Surgical aid was sought, and several stitches had to be inserted in the wound.

BEAUFORT TOWN BAND.

On Wednesday night 10 members of the committee of the Beaufort Town Band attended a meeting, which was presided over by the president (Mr E. Wilson). On the motion of Messrs. Reg. Davey and H. Brown, accounts amounting to £18 16/5 were passed for payment. Mr Davey moved that the bandmaster be a member of the committee, and be entitled to a vote. Seconded by Mr W. Fitzpatrick, and carried. Mr Fitzpatrick moved that the bandmaster's salary be paid each fortnight. This was seconded by Mr N. Wetterspoon, and carried. A discussion took place concerning financing the band in future, and it was decided to draw up a syllabus of socials, etc, and also a constitution at next meeting.

CAR'S WILD CAREER.

When a touring car was rounding a bend in the bush on the Skipton road, near Nintingbool, at 7 o'clock on Monday morning, it crashed into a wagon team, killed the off-side leader, swung off the road, crashed into a tree, smashed it down, and broke it in two, but no one was injured, yet the car was badly smashed. The car, owned by Mr G. Brown, of Ballarat, was travelling towards Smythesdale, and the wagon, drawn by six horses, was rounding a timbered bend. The leading off-side horse was struck in the chest, and sustained injuries from which it died immediately. The wagon, owned by Mr James Stevenson, of Snake Valley, was undamaged, and its driver escaped injury. Leaving the road, the car struck a tree, snapping it off at the ground, and as it fell against another tree, the front of the car straddled and ran up the trunk, snapping it off about 6 ft. from the ground. The car did not overturn. The Smythesdale police made inquiries.

C.Y.M.S. POLKA MAZURKA CHAMPIONSHIP.

(By "Watch on the Rhine.") Outstanding interest is being taken in the C.Y.M.S. ball, which will take place at Beaufort on July 15. The C.Y.M.S. has been responsible for staging various championships, and on July 15, the Polka Mazurka championship of Victoria will be held for valuable prizes. There will also be championships in other old-time and modern dances, but the Mazurka commands unprecedented popularity. The music shops report an enormous demand on "Clementine," and their stocks are being continually replenished. The writer has been in touch with many competitors, and learns that representatives from Bungere and Wannambool will compete. Our district has some fine exponents of the hopping art, and they are putting plenty of hop (not "hops") into their work. They tell me they will have the "hops" after. The following are a few track notes from the various kitchens:—Mr and Mrs A. MacPhie, of Chute, break eight cups, seven saucers, and five plates when the cupboard crashes in the midst of polka practice. Other members of the family are suffering from shock. Stevenson Bros. had an urgent call to Lake Goldsmith to repair Lynch's floor. Bill's right foot went through the flooring board while perfecting

BREWSTER.

ARBOR DAY. Arbor Day was observed at the school on Friday, June 19th, when the residents turned out in large numbers; taking advantage of the beautiful day also to do their part of the work arranged. As very little room is left in the school ground for tree-planting, only 24 trees were planted. Advantage was taken of the day to do improvements to the ground in the form of grading and graveling the entrance to the east side gate, also top-dressing the basketball court with sandy loam. A feature of the day was the good spirit that everyone put into the work, with the result that it was finished in record time, and the rest of the day was spent with the children, when races in all grades were run; each child receiving a silver coin, also lollies. The ladies, in their usual efficient manner, provided a tasty afternoon tea. The president of the School Committee (Mr McIntyre), in the course of his address, thanked all present for doing their part in making the day a brilliant success.

tune to slip and fall in the back yard; hurting her back. Miss Mary Wilson, of Eastbourne (Eng.), daughter of the late John Wilson, of Victoria, left £325,794. Among her bequests were £50,000 each to her nephew, John Bridges, and her nieces, Olive Bridges, Alys Luttrell, and Marjorie Wilson, and £50,000 on trust for the children of her niece.

CARRANBALLAC.

In the Miniera and district football competition on Saturday, Carranballac were at home to Wickliffe, and defeated them rather easily by 14—10 to 4—9. The home team was never extended, and led all the way. Goals were kicked for Carranballac by T. Hovey (6), J. Keating (3), M. Timms (3), W. Waldron, and L. Stevens. For Wickliffe the goal-kickers were Ford, Bretag, McInnes, and Shalders. Streatham defeated Rovers by two goals.

ARBOR DAY was celebrated at the local school on Friday, June 19th, when a number of trees was planted; the choice being flowering gums and pines. The ladies provided a tasty afternoon tea. The second of the series of euchre tournaments and dances being held by the C.Y.M.S., was held on Monday, June 22nd. Mrs Ellingham won the ladies' prize, and Mr Frank Woods the men's trophy.

BASKETBALLERS SOCIAL.

The basketballers held a very successful euchre tournament and dance on Saturday, June 20th, and a substantial profit was the result. Mr McIntyre had charge of the euchre, while Mr Campbell had charge of the floor for dancing. Mrs Campbell supplied the music, which left nothing to be desired. The winners of the euchre prizes were Mr and Mrs C. Broadbent. The novelty dance was won by Norman Watts and Mrs Watts. A box of chocolates was won by Miss D. Lakey.

WATERLOO.

Excellent improvements have been made at the Waterloo sports ground, as the result of a series of working bees. By the removal of the arena fence, a perfect trotting track has been made, and as this track will run three laps to the mile, trotting enthusiasts may look forward to the Easter Saturday sports. The cyclists have also been considered, as the trotters will compete outside their track, so there is no danger of the cycle track being interfered with.

While the "bee" spirit was active the opportunity was also taken to put a heavy layer of fine sand on the children's basketball court at the school. Such a fine working spirit in a community is something to be proud of, and well worth cultivating.

Miss Boyd, of Melbourne, is spending a holiday with her brother, Mr E. Boyd, of Trawalla.

Mr and Mrs E. Dawson and family motored to Melbourne to be present at the wedding of their eldest son, Constable H. Dawson, which took place last Saturday night.

The renovations recently carried out by Mrs H. P. Mackenzie at the Trawalla Church have added to the beauty of the building, and the new vicar, Rev. W. J. Tame, preached his first sermon there last Sunday. Mr Ray Mayne, of the Ballarat railway depot, who has been working at Trawalla for the past 18 months, has received notice of a transfer to Korong Vale.

The Trawalla school committee met on Thursday, July 2nd, and arranged to hold a euchre social and a dance in aid of the school funds. Miss K. Rodgers had the misfor-

the down-step. Geo. Anderson spent three days in bed with a twisted ankle received while practising the turn. Henry Montgomery complains of sleepless nights whilst T. Rodgers and his daughter whistle "Clementine" and shake the floor with their hopping. Dan Mulcahy still hops at the wrong time. He says he learnt it from the grasshoppers. They nearly made him poor. Waterloo's hope, W. Kay, has had the flu, and has not been on the track, but he says they'll be hopping to beat him.

WEDDING BELLS.

RUSSELL—WELSH.

A quiet but pretty wedding was celebrated at the home of Mr and Mrs Bert Russell, of Waterloo, on the 23rd May, when Olive Freda, the elder daughter of Mrs G. Russell, was married to Lewis Leslie, younger son of Mr and Mrs M. Welsh, of Raglan and Trawalla. To the strains of the "Wedding March," played by her aunt (Mrs B. Russell), the bride, carrying a bible and wearing a charming frock of pale pink georgette, entered the room on the arm of her uncle. The bride's frock was made with very deep shirring round the neck and shoulder; forming a full pleated sleeve, tightening at wrist, with cuff. The flared skirt was gored, and fell softly to the ankles. A widely-stitched belt, caught by a silver buckle, and pink posy on the shoulder with a pale pink hat to match, completed the toilet. The bride was attended by her cousin, Miss Grace Russell, who wore a pale pink georgette frock, made on similar lines to the bride's. A pink and silver halo, with matching shoulder spray, and black suede shoes, were also worn by the bridesmaid. The bridegroom was attended by Mr W. Russell. During the signing of the register, Mr V. Welsh sang "Because." As the bride left the room, lucky horseshoes were placed on her arm by Nettie Pitcher, Betty Russell, Kevin Marr, and Mr R. Boyd. The ceremony was celebrated by the Rev. G. E. H. Vertigan, of the Beaufort Methodist Church. Afterwards a reception was held in the dining room, where the tables were decorated with autumn tonings and pink roses. After the cutting of the wedding cake, the usual toasts were honored. The bride received many useful gifts, including cheques. Amidst showers of confetti, the happy couple left by car for Healesville; the bride wearing a tailor-made costume, with halo hat to match.

THE MAYOR OF BUANGOR.

IN THE BAD OLD DAYS.

(By "Rugby Robert.") "No, sir, he was not what you'd call a full-sized man, but I measure a man by the size of his heart, and Jack Lamper's heart was the biggest part of him. He was mayor of Buangor, when I hove in around the seventies. He was a popular public man, but hadn't much time for civic matters. In private life he was 'side kick' to the cook on Challicum Station, and only came in when his cheque wanted cashing. He would walk in on Saturday and hand it over to 'Auntie,' as they called her, who managed the Buangor 'pub,' and her husband. Then the mayor attended to himself and all who waited for him. The cheque was cut out, and he was back in the kitchen on Monday, when he woke up. The station trap always came in and collected this important man on Sunday evening. Yes, sir, it was a live town in those days—no idle people then, what with the saw-millers, splitters, fencers, bullock-drivers, teamsters, shearers, harvesters, station hands, horse-breakers, and others all coming in with their cheques. Yes, sir, those were the days. The principal houses in the town were the two 'pubs' and the big store. Marks Kozminsky kept the store and a saw-mill. The Buangor 'pub,' had been the stopping-place for Cobb & Co's. coaches, although they had stopped running when I came there. It was a fair house, and an easy place to drink at—a beautiful bar, with a rail to rest a foot on, with sawdust underneath to catch any overflows or spit. Yes, sir, I saw many strange sights there in

the early chapters of my youth. What with song, dance, and fight all hours of the night, and the young squatters riding into the bar on their horses and playing cock shy and Aunt Sally with the bottles and glasses. Of course, it was only innocent fun, and had to be paid for. The big tap room behind the bar held those who had no home, and those who couldn't get home after hours. They laid on the hard boards like sardines. They were handy to the bar next morning, and started all over again. Some of their women used to call for them, but as they never brought a barrow, it was hopeless, and they finished up by wiping their mouths with their aprons themselves. 'A drop of ale,' they called it, 'for the stomach.' It was no wonder that this place went up some years after by spontaneous combustion, and nothing was left of it. Cobb & Co's. big stone stables are still there, with the long, wide loft above the horses' heads, where all the lads and lasses held their dances for many years. It was up-stairs by a big ladder, and the girls had to be helped up and down, so many boys got a chance to become better acquainted with those they now call 'their old woman.' It also acted as a target for those who went too often to see 'Auntie.' Behind the stables is a hill on which was an iron target, and I have seen men ramming bullets down their rifles and trying to hit it; but it soon fizzled out, as the target was only hit once by accident. 'Auntie' got some men to sow a crop on the hill, and when it was ready to cut, Angus and Sandy got the job with their old reaping machine. Although I say it who shouldn't, there were Ben, Tiger, Martin, and I, the fastest team who ever tied sheaves behind a reaper (like O'Brien's team of shearers to-day). We had the latest lightning hand, and could tie a sheaf while the old chaps were fiddling with the lock band or the goose-neck. We were in great demand at five bob a day, and so we came to bind for 'Auntie.' First off, we must go in to open a contra account against our wages. 'Auntie' pretended to be shocked that boys under 16, as we were, calling for beer. What would our mothers say? Though she was a married woman, she had never been a mother herself, so she carried no weight with us. Our people must trust to luck against our becoming drunkards, and also the respectable blue blood from which we sprung—though I have since heard that some of my forebears never let up on the beer till everybody else was under the table. 'Auntie' wanted the crop cut, so we saw our names go on the slate for 3d each, and we stood behind four pewter pots of beer. We rested our feet on the rail, and blew the froth off the top, and between the sips and gurgles, we spat on the sawdust, or thereabouts. Our wages were running on, and 'Auntie' bucked about paying us to drink beer, so we headed for the hill. The day was hot, and by the time we arrived there, the salt in the beer had done the trick. We were too dry to work, and so the first union and strike took place on the harvest hill in Buangor. It was soon settled. 'Auntie' had to agree to four gallons in the morning, and four more after dinner. Sandy reckoned that it was a two-day job, but it took the full week. So all that time and half the nights we were living, so to speak, in an atmosphere of beer. On the Saturday, to make things better, the mayor hit the town with his cheque, and as soon as he had slaked his thirst, he thought of his fellow workers. No, sir, we will never see those times any more. Never again will we sit on the harvest hill among the bound sheaves on a hot day, and see two new buckets full of beer, with a frothy head on it coming up in the hands of the lord mayor of Buangor himself, and that person being under

very heavy weather at the time. And scrap on over in Afghanistan or somewhere. I don't feel too well, sir. If I should live over this afternoon, I will be 80 this coming Xmas. Thank you, sir, you have a good, kind heart, like our old mayor that was. If you don't mind, we could dodge round and into the tap room at the back." Then come, come, come along with me. Don't be so bashful and so shy. We'll sail up and down the Murray. We'll take our time—no hurry. For they all know Rugby Robert, on the tramp.

OBITUARY.

MR. WILLIAM A. MCCOOK.

The death occurred at Willaura on Tuesday, 16th June, of Mr William Archibald McCook, who was well-known and highly-respected throughout the Linton and Beaufort districts. Mr McCook, who was 62 years of age, managed the Mt. Bute station for 10 years, and later he left for Willaura, and managed the Yarram Park station there for the past 11 years. A widow, two daughters, and two sons are left to mourn their loss. The daughters are Mrs Cassie (Glenthompson) and Miss Joyce McCook (Melbourne), and the sons are Messrs. William A. McCook (N.S.W.), and Claude E. McCook (Melbourne). Two brothers, Messrs. Bert and Archie McCook, reside at Mt. Emu. The burial of the late Mr McCook took place at the Linton Cemetery on Wednesday, 17th June. The coffin was carried to the grave by Messrs. Bert and Archie McCook (brothers), Archie and Eric (sons), and R. Cassie (son-in-law). The pall was held by Messrs. W. T. Hargrave, C. C. Cain, A. Hamilton, Oddie, J. Ringin, A. Bruty, H. G. Kennedy, J. O'Beirne, F. O'Beirne, G. G. Bennett, W. J. Sandow, and T. Purcell. Rev. Mr. Elliott, of Carngham, officiated at the grave, and the funeral arrangements were carried out by Mr J. Dunn, undertaker, of Ararat.

MAVIS D. PEDERICK.

The Rev. A. W. Pederick and Mrs Pederick, of Chrystobel Crescent, Glenferrie (formerly of Beaufort), have suffered a bereavement by the death of their daughter, Mavis Dorothy, aged 3 years and 10 months. Much sympathy is felt locally for the parents in their sad loss. The remains of the deceased child were privately cremated on 20th June.

THE STUDENT TEACHER SYSTEM.

Should be Recruiting, not a Staffing System.

In a constructive criticism of the student teacher system in Victoria, the Victorian Teachers' Union makes the following claims:

- 1. The student teacher system should be used for recruiting only, as laid down in the 1933 Act.
2. The numbers, therefore, should be kept at about 600—not 1900 as formerly, or 1300 as at present.
3. All students should be College trained before classification.
4. The student teacher system should not become a sweated labour system.
5. It should not be freely availed of as a temporary relieving staff—a bigger staff of relieving teachers is necessary.
6. Adults should, as in the public service, receive an adult wage.
7. Students should be paid allowances while in College. It should not be a case of survival of the fittest financially; but a survival of the fittest to undertake the responsible work of teaching.
8. While the present system remains, recruits for the Secondary service should be selected from the ranks of student teachers, and not taken from outside the service.

RULE FOR PEDESTRIANS.

Face Oncoming Traffic.

Although the rule of the street for pedestrian traffic is to keep to the left, it seems a safer plan when there are no footpaths, as in country districts, to revert to the old rule to keep to the right. It is very difficult for motorists at night time to see a person walking on the roadway, especially when the road surface is black and wet, and the clothing of the pedestrian is dark. When meeting oncoming motor traffic, the motorist is frequently compelled to drive blind for a few seconds until he gets out of the range of the other driver's lights. In these few seconds he might easily run down a pedestrian walking in the same direction; the latter being unaware of the car approaching him from the rear. Complaint was made at a recent meeting of the Huntly Shire Council of pedestrians patrolling at night time the roads leading into Bendigo, and the Royal Automobile Club of Victoria has been asked to warn pedestrians of the risk they run in this direction. If pedestrians must walk on the roadway, they should walk for their own safety on the side of the road facing oncoming traffic. White faces can be seen by motorists more readily than black heads. Moreover, the pedestrians themselves in that position cannot fail to be aware of approaching cars.

MINING NEWS
CENTENARY CO. ON GOOD
GOLD.

This week the Centenary Gold
Mining Co., a co-operative party
working at Main Lead, has been on
good gold. On Monday the party ob-
tained a yield of 10 oz. 11 dwt, in-
cluding a nugget weighing 6 oz. 11
dwt. For the past two months ap-
proximately 40 oz. of gold has been
won from this mine, and for the past
three months 50 oz. of the precious
metal has been produced.

RABBITS IN DEMAND.
MAY TOP PRICE 97d PER
POUND.

During the last few months the de-
spised rabbit has won a place among
the remunerative products of the
land. Only on very rare occasions
has the price of rabbit skins been so
high as recently. The carcasses have
been selling well, also. Not only is
the rabbit an item of profit at the
moment, but many land owners are
effecting savings in the purchase of
poisons and other means of eradi-
cation. The top price for rabbit skins
in Melbourne during May was 97d
per lb., and the average price at the
May sales was 47.92d per lb. In the
following list for Melbourne, top
prices in May for 1930 onwards are
shown beside the average May prices
for the years stated:—May, 1930, top
price 42d, sale averages 21.4d; May,
1931, 52d, 10d; May, 1932, 18d, 7d;
May, 1933, 56d, 13.5d; May, 1934,
May, 1935, 70d, 18.84d;
May, 1936, 97d, 47.92d. The whims of
fashion play a chief part in deter-
mining the price of skins. For some
time there has been marked increase
in the demand for rabbit fur, owing
to the growing popularity of cloths
containing a percentage of hair. Fabrics
have been so constructed as to
give the surface of the cloth a furry
"feel." Novelty yarns containing An-
gora rabbit hair have been used ex-
tensively for women's costumes and
knitted wear, and so fashionable have
these goods, made of what is called
Angora yarn, become, that the sup-
ply of genuine Angora hair at a rea-
sonable price proved to be inade-
quate, and substitutes had to be
found. Synthetic fibres were tried,
but were found to be unsuitable as
substitutes. The more expensive ma-
terials still include Angora hair, and
there are cloths containing skunk,
otter, musk rat, and pole cat fur, but
these, also, are costly. The fur of the
common rabbit, therefore, has come
into favor for the more popular uses
and now, as one trade journal in Eng-
land states, a new field for the pro-
duction of Angora cloths, giving novel-
ty effects, is found for the fur of the
humble and fecund rodent, which
is a nuisance to Australia. Although
Australian rabbit fur is of a mixed
character, varying in colors from
white, through all shades of brown to
black, it is possible to sort out the
shades and bleach them so that they
resemble real Angora. Most adap-
table, the common rabbit fur mas-
querades frequently as the fur of
rarer animals. Coats of coney seal
have a sle all over the world. Rab-
bit skins are used also extensively for
trimmings for hats and gloves, and
glue varnishes, and even for gelatine
lollies. If, in addition, "Angora"
cloths and knit wear, having a soft,
furry surface, remain the vogue of
fashion, the continued demand for fur
will help to facilitate control of the
common rabbit. This recognised pest,
therefore, though unwanted, may to
some extent justify its existence by
becoming, for the time being at any
rate, a useful source of income.

GOLF
V.L.G.U. TOURNAMENT AT
BEAUFORT.
LEADING PLAYERS COMPETE.
MISS MONA MACLEOD WINS
CHAMPIONSHIP.

The Victorian Ladies' Golf Union's
country meeting, held on the Beau-
fort golf links on Thursday and Fri-
day, opened in misty rain on Thurs-
day morning, which continued at in-
tervals throughout the day. A record
entry had been received, representa-
tive of 28 clubs, and competitors
were present from the Royal Mel-
bourne, Eastern, Metropolitan, Mel-
bourne, Kingston Heath, Barwon
Heads, Kew, Lexton, Beaufort, Bal-
larat, Skipton, Colac, Chalambar,
Yarra Yarra, and Geelong clubs, and
included leading players of the State.
Trophies were presented by Mrs J.
B. Bellair, Mrs S. A. Cheney, Mrs
H. G. Colombe, Miss M. C. Mill-
ear, Mrs Austin Gatehouse, Mrs C.
W. Marriott, Mrs S. Young, Mr R.
B. White, the V.L.G.U. Council,
the Beaufort Golf Club, and the
Beaufort golf associates. The course
record (82) was held by Miss H.
Seeck, of Kooyonga, South Australia,
and with so many first-class golfers
and with so much expected of the
competing, it was expected that the
record would be broken. The course
was in excellent order, thanks to the
attention paid to the scrapes, greens,
and fairways by the caretaker (Mr
R. Woodall) and his assistants, and
visitors were well pleased with the
links. The officials who represented
the V.L.G.U. were Mrs J. B. Bell-
air (president), Miss M. A. Imrie
(secretary), and Miss F. Green
(hon. treasurer), whilst the Beaufort
manager was Miss N. E. Walsh. The
Beaufort associates' officers present
were Miss Helen Beggs (president),
Miss A. T. Stewart (hon. secre-
tary), and Mr S. Young (captain).
The local secretary (Miss A. T.
Stewart) was greatly assisted in mak-
ing the arrangements for the tourna-
ment by the secretary of the Beau-
fort Club (Mr S. Young), a capable
and experienced organiser. All the
competitors were the guests of the
Beaufort Associates at morning and
afternoon tea, and were made honor-
ary members of the club over the
week-end, when several events were
held. The Beaufort ladies, under the
able leadership of Miss A. T. Stew-
art, also provided lunch at the pavil-
ion on Thursday and Friday; the or-
ganisation of the catering arrange-
ments involving a good deal of co-
operative work. The Beaufort Club
also published a programme and
time-table of the tournament.

On Thursday crows were trouble-
some, and stole four balls, including
the one used for Miss Mona MacLeod's
second drive. Visitors were very
pleased with the picturesque sur-
roundings of the links, and keenly
appreciative of the hospitality ex-
tended to them by the club. There
were many house parties in the dis-
trict during the tournament.
Friday was showery, cold, and
foggy, but that did not deter the
so-called weaker sex from playing
their rounds. At intervals the
sun showed up for a while.
Miss Mona MacLeod won the
championship with a score of 86-84

Before calling upon Miss Helen
Beggs (president of the Beaufort As-
sociates) to present the trophies,
Mrs Bellair (president V.L.G.U.)
spoke on behalf of the union officials.
She said that this tournament had
been one of the best ever seen in the
country—everything had been so well
organised that all the officials had
had to do was to enjoy themselves.
She congratulated the greenkeeper,
also Miss Lalla Stewart, who had
been in charge of the luncheon, and
the other catering arrangements. The
golf had been of a high standard, and
the inter-change of town and country
players gave each a chance to learn
from the other. She hoped that the

Beaufort Club would accept the
thanks of the Union, as they had all-
so thoroughly enjoyed the tourna-
ment.
Miss Helen Beggs then responded,
thanking the V.L.G.U. Council,
members, and all the local members
who so generously donated towards
the lunch; also the men, who had
helped to make things go so smooth-
ly. Miss Beggs then handed the
many valuable trophies to the win-
ners of the various events.
Mrs Bellair presented Miss A. T.
Stewart (Beaufort associates' secre-
tary) and Mr S. Young (Beaufort
Club secretary) with a solid silver
mug each, as a token of appreciation
from the V.L.G.U. of their untiring
work.
Miss Stewart suitably responded.

V.L.G.U. TOURNAMENT AT
BEAUFORT.

LEADING PLAYERS COMPETE.

MISS MONA MACLEOD WINS
CHAMPIONSHIP.

The Victorian Ladies' Golf Union's
country meeting, held on the Beau-
fort golf links on Thursday and Fri-
day, opened in misty rain on Thurs-
day morning, which continued at in-
tervals throughout the day. A record
entry had been received, representa-
tive of 28 clubs, and competitors
were present from the Royal Mel-
bourne, Eastern, Metropolitan, Mel-
bourne, Kingston Heath, Barwon
Heads, Kew, Lexton, Beaufort, Bal-
larat, Skipton, Colac, Chalambar,
Yarra Yarra, and Geelong clubs, and
included leading players of the State.
Trophies were presented by Mrs J.
W. Bellair, Mrs S. A. Cheney, Mrs
B. G. Colombie, Miss M. C. Mill-
ear, Mrs Austin Gatehouse, Mrs R.
W. Marriott, Mrs S. Young, Mr R.
B. White, the V.L.G.U. Council,
the Beaufort Golf Club, and the
Beaufort golf associates. The course
record (82) was held by Miss H.
Seeck, of Kooyonga, South Australia,
and with so many first-class golfers
competing, it was expected that the
record would be broken. The course
was in excellent order, thanks to the
attention paid to the scrapes, greens,
and fairways by the caretaker (Mr
R. Woodall) and his assistants, and
visitors were well pleased with the
links. The officials, who represented
the V.L.G.U., were Mrs J. B. Bell-
air (president), Miss M. A. Imrie
(secretary), and Miss F. Green
(hon. treasurer), whilst the Beaufort
manager was Miss N. E. Walsh. The
Beaufort associates' officers present
were Miss Helen Beggs (president),
Miss A. T. Stewart (hon. secre-
tary), and Mr S. Young (captain).
The local secretary (Miss A. T.
Stewart) was greatly assisted in mak-
ing the arrangements for the tourna-
ment by the secretary of the Beau-
fort Club (Mr S. Young), a capable
and experienced organiser. All the
competitors were the guests of the
Beaufort Associates at morning and
afternoon tea, and were made honor-
ary members of the club over the
week-end, when several events were
held. The Beaufort ladies, under the
able leadership of Miss A. T. Stew-
art, also provided lunch at the pavil-
ion on Thursday and Friday; the or-
ganisation of the catering arrange-
ments involving a good deal of co-
operative work. The Beaufort Club
also published a programme and
time-table of the tournament.

On Thursday crows were trouble-
some, and stole four balls, including
the one used for Miss Mona MacLeod's
second drive. Visitors were very
pleased with the picturesque sur-
roundings of the links, and keenly
appreciative of the hospitality ex-
tended to them by the club. There
were many house parties in the dis-
trict during the tournament.

Friday was showery, cold, and
foggy, but that did not deter the
so-called weaker sex from playing
their rounds. At intervals the
sun showed up for a while.

Miss Mona MacLeod won the
championship with a score of 86-84

Miss Helen Beggs then responded;
thanking the V.L.G.U. Council,

helped to make things go so smooth-

Mrs Bellair presented Miss A. T.
