OBITUARY.

MRS SELINA WELSH

Very few direct links with the original pioneers of the district now remain, and we regret to record the severance of another by the death on Monday, 31st May, of Mrs Selina Welsh, aged 87 years, who was a resident of the town for nearly 80 years. Deceased was born in London, and was the daughter of the late Mr and Mrs E. Missen, who were among the older pioneers of Beaufort in 1861. Mrs Welsh came here 76 years ago, and was married to the late Mr Thomas Welsh when 19 years of age. She had a family of five sons and one daughter (the late Mrs E. Everett, who died in Perth, W.A., a few years ago) Four sons survive her, namely, Messrs. Edward P. Welsh (Melbourne), Ernest H. Welsh (Geelong), Arthur C. Welsh (Beaufort), and Reginald O. Welsh (Ballan). There are also a number of grandchildren. With her husband she was engaged in the hotelkeeping business for many years. In 1890 they were in the Camp hotel, and 45 years ago in the Golden Age hotel. Deceased afterwards lived with a son, Mr Ernest H. Welsh, in the old Beaufort hotel. She was highly respeted, and was endowed with many fine traits of character, and her death is regretted by many old friends throughout the town and district. Mrs Welsh came of a longlived family. Her parents and two of her sisters were octogenarians. Her youngest son (Mr R. O. Welsh) served with the A.I.F. in the Great War. On Wednesday afternoon the remains of the late Mrs Welsh were interred in the Beaufort Cemetery. The casket, which was covered with many beautiful floral tributes of sympathy (including a special wreath from the directors, management, and staff of the Victorian Wheatgrowers' Corporation) was borne to the grave by Messrs. Edward P. Ernest H. Arthur C., and Reginald O. Welsh (sons). In addition to the abovenamed, the chief mourners were Mesdames Ernest H., Edward P. and Reginald O. Welsh (daughtersin-law). Rev. W. J. Tame, of St. John's Church of England, Beaufort, conducted the service at the graveside. Messrs. H. Evans & Son, of Ballarat, carried out the funeral arrangements.

FOOTBALL.

(Continued from Lage 7.) inent on the back line. Beaufort District was well served by J. Yawkins, G. Grant, W. Cleary, F. Wilson, H. Lardner, E. Kirkpatrick, J. and W. Fitzpatrick. These received good support occasionally from E. Grant, R. Saph, F. Sheehan, and R. Macdonald.

Ararat Competition .-- In the Ararat and District Football Association's competition last Saturday, St.: Andrew's defeated Buangor by 9-10 to 5-1.

To-day (Saturday) Beaufort District team has the bye; Miners' Rest will be at home to Waubra, and Learmonth will visit Burrumbeet.

FOOTBALL NOTES AND DOINGS.

(By "Wingman.") BEATEN by a better team on the day's play. I consider Burrumbeet the best side in the association to date. We were defeated in almost every department of the game. Their handling of the ball and kicking were much superior to ours. Combining greater ruck strength with a winning centre line and better forward play gave Burrumbeet their well-deserved victory. You have a lot to learn, chaps, about the game. We have the material and a good coach, so try and take in every word same-160 in the primary school, and he tells you; otherwise, you will finish well down on the list. One of Beaufort's best men on Saturday up a wonderful job. He was supgame. His marking was great. and he showed us that he has not forgotten all he knows about football. H. Lardner worked hard all day, and kicked five goals; thus bringing his total to 30 for the season. He was staunchly supported by R. Saph and N. Dromey. R. Macdonald, who has been seeking experience at Mildura, has yet to become acclimatised to the side. J. Fitzpatrick, G. O'Neil, and F. Sheehan all did well on the back line. W. Cleary and E. Kirkpatrick at times showed out prominently. J. Nugent, for his size, gave us a grand exhibition. W. Dale, who half-time, was always played: till R. Pringle showed an noticeable. improvement on his first game. The 19th man, G. Maher, is much in need of match practice. We have the bye to-day, boys, but that does not mean a holiday. The selectors wish to see every registered man present at the Park to-day for training, so no excuse will be taken. Don't forget the usual Saturday night social to-night. See you at training to-day.

BEAUFORT CYCLING

J. MARTIN WINS 10-MILE ROAD RACE.

A DOZEN riders faced the starter in a 10-mile road race, held by the Beaufort Cycling Club on Satutafternoon. The officials were Messrs. E. R. Martin and W. Manson. Results:-

J. Martin, 4 min. 30 sec. 1 M. Crick, 1 min. 55 sec. .. . 2

Winner's time-30 min. 2 sec. Fastest time-G. Loft (scr.), 25 min. 57 sec.

The winner had 100 yds. to spare at the finish, but there was a great tussle for the other places; 11 riders finishing in a bunch, and only inches separating second and third.

SCHOOL COMMITTEE.

MONTHLY

THERE was a varied business sheet at the monthly meeting of the Béaufort School Committee, held on Monday night at the Spire Hall; four members and Mr L .R. S. Dalrymple (head teacher) attending. Mr S. We'lls presided. Apologies were recrived for the absence of Messrs. H. Drake and W. J. Scriven. Correspondence was read from Mr A. J. Hughes (chairman) apologising for his absence, owing to illness. The Helucation Department wrote, stating that owing to the limited number of dentists in the service, it was regretted that no extension of the dental scheme could be undertaken at present. An offer was received from the 3BA Melodists, to give an encertainment for the school for £6 15/, including pianiste and transport .- The correspondent (Mr H. J. Buchanan) said he had written for further particulars. In the event of a satisfactory reply being received, Mr J. Cole moved that the concert be held at a date to be fixed. Seconded by Mr R. Mackay, and carried. The correspondent and Mr Daltymple were empowered to finalise the date. The prices of admission were fixed at 2/ and 1/6. Mr Dalrymple reported that the school attendance was keeping about the 53 in the H.E.S. portion. He expected an influx of little ones in July. They had lost Mr Woodruff's was Eric Grant, who in defence put services through 'illness, and Mr Raymond was the relieving teacher. ported well by N. Hobson, J. Yaw- The district inspector (Mr Heathkins, as usual, gave us another good | cote) paid his final visit to the school on Thursday, 17th inst., before leav-Captain G. Grant was back in the ing for Melbourne, and was particuside on Saturday, and he opened up larly pleased with the improvements the game on many occasions with made to the school ground. The Corsome nice wing play. F. Wilson onation medals had been presented played his first game this season, to the children by Crs. Troy and Mothers' Club Sinclair, and the the children thoughtfully gave sweets and apples. The cost of the burst piping at the school had been borne by the Department, and 50 ft. of new piping had been put down. The fencing on the embankment had been painted, and the gate oiled (the action of the correspondent in this matter being endorsed). On Friday, 17th June, 680 trees were planted in the school plantation by 60 boys, with the help of Messrs. H. J. Buchanan and W. J. Bruce Johnson. A bag of lime had been spread in the school garden. The combined district schools' concert had been a success, and the profit was £31/18/; the Ballarat Hospital, Ballarat Benevolent Asylum, and Beaufort B.N. Hospital receiving £10/12/ cach. The acting-chairman said they appreciated the fact that the school was in a very satisfactory state at the present time. Mr Dalrymple acknowledged the compliment. Mr Buchanan said that if a fire was not allowed in the science room at the H.E. School, the children who used it should be accommodated somewhere else in the winter time. The head teacher reported that the Shire Council had reduced the charge for the sanitary service at the school by £2/10/. Mr Wells moved that the correspondent ask the Department for an increased firewood allowance at the school. Seconded by Mr R. Mackay, and carried. It was decided to approach the Board of Inspectors when they visited the school on Tuesday in regard to heating arrangements in the science room in the H.E. School. It was resolved to also ask the board for a permanent teacher, instead of relieving ones, on
