Elmhurst had the better of the encounter in the second term, with six scoring shots to two. A nice kick by A. Dawson gave Elmhurst their second goal, and after the ball had been forced out of bounds near the objective, R. Douglas got the visitors' third goal with a beautiful snapshot. Then Raglan came into the picture. A. Spicer sent the ball spinning straight for the opening, but Baker saved brilliantly for Elmhurst right in the goal mouth. Cleary again drove the ball forward, and G. Grant marked in slashing style, and registered Raglan's second goal. Out of a scramble in the forward area, Nugent secured the home side's third goal with a snapshot. "THE AUSTRALIAN JOURNAL."

REVIEW OF THE JUNE ISSUE.

In quality, quantity and variety, the June number of "The Australian" Journal" reaches an even higher standard than ever before. This issue contains no less than fourteen brightly written short stories by the cream of Australian and New Zealand fiction writers. The cookery fashions and radio sections are well handled, while needlework, dress-making and knitting departments, paragraphs and children's section, complete a splendidly illustrated is-sue. CATHOLIC BALL

PAGE THREE.

AN UNQUALIFIED SUCCESS TWO HUNDRED COUPLES ATTEND.

THE popularity of the Beaufort

Catholic ball as an annual function needs no better proof than the fact that on Wednesday night 200 couples braved bleak, wet weather to attend. The dancers came from all parts of the district, and many neighbouring towns. Rev. Father Callaghan, of Ararat, represented the clergy. The ballroom at the Picture Theatre presented a gay scene. The decorative scheme was an artistic one, and reflected credit on its designers. Streamers of pink, yellow, and green, and Chinese lanterns were suspended from the ceiling, and trellised flowers of matching hue embellished the platform. Bryce's Orchestra from Ballarat supplied lively dance music and Blay's local orchestra kindly played during the interval. Mr W M. Fitzpatrick was a thoroughly efficient M. C., and during an interval. he thanked those present for their patronage, on behalf of the Church committee. Novelty dances were won by Mr Martin and Miss Curley and Mr Lawson and Miss Allen. A very tasty supper was provided by the ladies of the congregation, and served in Mr W. J B. Johnson's large building across the street. The tables and supper room were tastefully decorated and there were many appetising little extras on the menu. For the first time the services of the young men of the congregation were enlisted as waiters. The secretarial duties were well carried out by Messrs. W. M. Fitzpatrick and B. McHugh, who were assisted by a strong committee, of which Mr W. Lynch was president. Mr W. I. Halpin gave the secretaries valuable help. Mesdames E. Sullivan and W. Gleeson superintended the

supper arrangements. Among the many pretty and modish dresses worn were the follow-

FOR MEN.

MANY men have the impression that a Savings Bank Account is suitable only for women and children, and that it is neither convenient nor dignified enough for business men.

Certainly those business men who have many payments to make over a considerable area need cheque accounts, but even those, in common with all other men. will find the Savings Account a most useful and convenient aid to money accumulation.

There is nothing undignified in the transaction of Savings Bank business, but there is interest profit to be earned on such monies as would otherwise lie idle.

MONTHLY MEETING COMMITTEE.

HALF-AN-HOUR sufficed to transact the business on Saturday night at the monthly meeting of the committee of the Ripon sub-branch of the Returned Soldiers' League. Mr C. H. McKay (president) was in the chair, and the meeting was held at the Shire Hall, and attended by 10 members.

A circular was read from the State branch, pointing out that opportunities for casual employment in the P.M.G's. Department were being missed by returned soldiers through unemployed soldiers not being registered.

The president urged members desiring employment in the P.M.G's. Department to hand their names to the secretary.

An invitation was received to the Clunes sub-branch's smoke night on 20th June. — Received,

ASSOCIATION RIPON ELIMINATED.

THE team representing the newlyformed Ripon Association was easily defeated by the Burrumbeet Association's team at the Beaufort Park on Wednesday, in the first eliminating match of the country championship competition, conducted by the Ballarat District of the Country Football League, for the Beaurepaire Shield, which is at present held by the Mininera Association. The final scores were:-Burrumbeet, 15-11; Ripon, 7-14 Burrumbeet only having five more scoring shots than Ripon.

Burrumbeet's even eighteen show ed better team work (particularly on the forward line), superiority in the air, and took more advantage of opportunities than did their opponents, who lacked cohesion, but nevertheless, came to light with some brilliant individual fiashes of football. The only time Burrumbeet's commanding lead was seri ously challenged was half-way through the second quarter, wher Ripon, by showing some excellent form throughout that term, got within nine points of their opponents, and for a while looked like making a close game of it. However, these men on the whole should strengthen the team when they settle down, and the players moved get more used to their new positions. Raglan attacked strong ly in the first quarter, and soon had four goals up. Warrak came back strongly and scored two goals against the wind. Raglan led by

Positional changes strenghtened the attack, and with the Raglan defenders sharpening up their work, the light Warrak forward division were unable to score at all. Raglan's tally increased to 9-7 at half-time. The third quarter was repetition of the others. The home side's score steadily mounted while Warrak were unable to break through. Raglan had 13-9 to 2-C at the final change. Warrak did their best work in the last term but could not score goals. With the Raglan defenders often bunched around the goals, the ball came back from the Warrak half-forward and half-back lines, M. FOR MEN.

MANY men have the impression that a Savings Bank Account is suitable only for women and children, and that it is neither convenient nor dignified enough for business men.

Certainly those business men who have many payments to make over a considerable area need cheque accounts, but even those, in common with all other men, will find the Savings Account a most useful and convenient aid to money accumulation.

There is nothing undignified in the transaction of Savings Bank business, but there is interest profit to be earned on such monies as would otherwise lie idle.
