RIPON COMPETITION.

THE FINAL.

BEAUFORT FOOTBALLERS V. BUANGOR.

The final match of the Ripon cricket competition, which started in the Beaufort Park on Saturday, 18th inst., when Buangor scored 121 runs, and the Beaufort Footballers lost four wickets for 150, was concluded at Buangor on Saturday last. The Beaufort Footballers won by 9 wickets and 8 runs. The two not-out men of the Beaufort Footballers, R. Macdonald (81) and W. Cleary (3), resumed their innings. At 12 minutes to 3, Eric Lewin, bowling to Macdonald, was no-balled for his first effort. Macdonald's first score was a boundary hit for 4, and his tally of 85 beat S. McCracken's best club score of 84 for the season. In J. Meadows' first over, Macdonald was missed by S. Murray (who was fielding as substitute for Byrne Kelly) when his score was 90. Meadows was bowling with hard luck, as Cleary was missed by the wicketkeeper (Forster) when his tally was 5. Macdonald made a nice leg glance for 4 off Lewin, but this was his last score, as he was given out l.b.w. to Meadows at 95. The total was 5 for 171. Yawkins (captain), the next man in, livened up the pace between the wickets, and the scoring became much faster. A nice leg hit by Yawkins off Meadows went into the next paddock for 4. Eric Mathews took Lewin's place at the bowling crease, and dismissed Cleary with his first ball. Cleary had made 12, and the score-sheet showed 6 for 194. F. Tiley, the next batsman, quickly added 14 runs, when he was caught by Lewin off Mathews, and the total was 7 for 198. Dale, who was clean bowled by Mathews for a "duck," saw Yawkins carry the total to 200 with a 4 off Phelan, and 8 wickets were down for 203. Mathews' average was then 3 for 5. Forster made a single, and was bowled by W. Clough, who had relieved Phelan. Nine wickets had now fallen for 209. B. Tiley, the last man, was run out for a "duck," although told by his skipper to go back, and Yawkins carried his bat for 19. The innings closed for 213—92 ahead of Buangor. Scores:—

C. Petrie and W. Meadows opened Buangor's second innings; Yawkins and F. Tiley being the bowlers. Petrie scored two fours off Tiley before the afternoon tea adjournment. The Beaufort captain (Yawkins) thanked the Buangor ladies for their kindness in providing refreshments, and the Buangor captain (Lewin) responded. On play being resumed, Petrie got Yawkins for two more fours, and lifted one close to Harris. Meadows was caught by Dale off Tiley for 3, and the first wicket fell at 25. E. Mathews was the next batsman, and started with a four off Tiley. L. Lowe relieved Yawkins, and after an unsuccessful appeal by the wicketkeeper against Petrie, that batsman was bowled by Lowe, for 29; the score being 2 for 45. J. Murray was missed by the wicketkeeper, and survived a later appeal by Lowe for l.b.w. Mathews, when he had scored 10, was caught by Macdonald off Lowe—3 for 50. E. Lewin hit a six off Lowe. Saph replaced Tiley. Murray scored two fours off Saph, who later got him caught in the slips by Lowe, after reaching 16—4 for 65. The next wicket fell to Saph; F. Tiley catching Lewin for 18—5 for 89. Phelan hit up 16 before Lowe bowled him—6 for 99. McGuiness narrowly escaped being run out. He had stayed in a long time for 10, when Yawkins bowled him—7 for 107. Farish was caught by Gellie off Lowe for 1—8 for 107. N. Kelly had only scored one when Yawkins bowled him—9 for 109. W. Clough was also bowled by Yawkins for 10; the innings closing for 112. Yawkins secured 3 wickets for 20 runs; F. Tiley, 1/25; Lowe, 4/22; and Saph, 2/31. Scores:—

Macdonald and Gellie opened the Beaufort Footballers' second innings; 21 runs being required to win. J. Meadows and E. Mathews were the bowlers. Macdonald scored a couple of fours by leg strokes, but Meadows clean bowled Gellie with a yorker when he was only 3 —1 for 16. L. Lowe, the next man in, signalled his arrival with a leg hit for 4, and also made the winning hit with a single. The over, however, was played out, Macdonald hit an upplsh one to Kelly for 4, and the score stood at 1 wicket for 28; Beaufort Footballers thus winning the premiership by 9 wickets and 8 runs—241 to 233.

At the call of Captain Yawkins, cheers were given for Buangor, the umpires, and Jim Murray; Buangor responding with cheers for Beaufort Footballers and the umpires. Messrs P. Trengove and H. V. Martin officiated as umpires.

Mr R. C. Hodgetts, the president of the Ripon Association, in presenting the cup donated by Mr C. Lang (vice-president), whose unavoidable absence he apologised for, took the opportunity to heartily congratulate the Beaufort Footballers upon their very good performance, and said he felt sure the general opinion was that the best team won. From the start he thought that they had the better team, and that opinion had proved right. It looked promising for the future when so many young men were taking part, and if they kept that going there would be no fear but that the association would continue. There was the greatest friendliness between every player, and it was a most remarkable thing that there had not been one protest. He hoped the teams would keep it going. He also tendered his congratulations to the Buangor team, who had put up a good fight to get into the final.

Congratulations were also nicely expressed by Mr Lewin, captain of the Buangor team; Mr H. V. Martin, secretary of the Ripon Association; and Mr H. Dunn, on behalf of the Waterloo team.

Mr Hodgetts, in a few well-chosen words, then handed the cup to Mr Yawkins, who, in returning thanks for the present and the many kind words of congratulation, said they had played to win, and that his team was the easiest lot to handle he had ever been associated with. They were very fortunate to have a man like Mr Lang to present such a cup to the Association, which added considerable interest to the game, and he hoped they would have him with them for a long time. The president and secretary had battled on for years to keep the Association going, and had he known in time that it was going to lapse last year, he would have formed a team from the station men, and even now thought it would be wise to get such a team. The only difficulty had been to pick a side, as they had 15 or 16 men in every week, and it had been the greatest worry to him to help in picking a team. If they could form another club, it would mean that every man would be playing. He would like to see a team go to Melbourne, where they would learn a lot. In conclusion he referred to the good job done by the umpires.

Subsequently Mr Yawkins consulted with his team as to who should take charge of the cup. Messrs Yawkins (captain), A. M. Parker (president), and J. Cole (secretary) were suggested, and the choice ultimately fell on Mr Cole, who had worthily filled the position of secretary for years. Mr Yawkins made the presentation in a few well-chosen words, and Mr Cole suitably returned thanks.

Cyclist Killed.

SAD OCCURRENCE AT BEAUFORT.

The consequences of a collision between a cyclist and a motor car at Beaufort on Saturday evening, at about 6 o'clock, were particularly sad. The accident resulted in the death of Mr Alfred Joseph Diamond, of 101 Hope Street, Brunswick, who was 39 years of age, and was employed as a night watchman at East Brunswick. The car, which was proceeding in a northerly direction along the intersection of Lawrence and Pratt streets, near the "Ripon shire Advocate" office corner, was being driven by Mr Ted Cuthbertson, of Main Lead, whose father, Mr Jas. Cuthbertson, was with him. Mr Diamond was riding a bicycle in a westerly direction along Pratt Street, and is stated to have crashed into the side of the car. His skull was fractured and neck broken. He was placed in a passing motor van, but died before reaching Dr. S. E. Humphreys' residence, about a quarter of a mile distant. A gloom was cast over the community by the tragic event, as the deceased was well-known and highly respected in the district, in which he spent his boyhood. He had often spent his holidays at Beaufort, and at the time of his death was, together with his wife and son, staying with Miss E. Conway, an old friend, who resides on the Ballarat road. The previous night he accompanied the C.Y.M.S. tug-of-war team to Ararat. Deceased leaves a widow, two sons, a brother, sister, and other relatives to mourn their loss, and deep sympathy has been expressed for them throughout Beaufort and district. The matter was reported to the District Coroner (Mr A. R. Hill, P.M.) by the Beaufort police. On Saturday night an inquest was formally opened by Mr R. A. D. Sinclair, J.P., Deputy-Coroner, who issued an order for burial, and adjourned the inquest to Monday, 4th April.

The funeral of the late Mr A. J. Diamond took place late on Sunday afternoon; the cortege, which was a lengthy one, moving from the St. John the Baptist Catholic Church (where a service was held), to the place of interment in the Beaufort Cemetery. The coffin, which was covered with beautiful floral tributes of sympathy, was borne to the grave by Messrs. Thos. McGillgan, H. White (brother-in-law), R. Baker (nephew), W. Hales, F. Touhy, and W. I. Halpin. The pall-bearers were Messrs. K. Frewen, W. M. Fitzpatrick, J. H. Fitzpatrick, C. Jaensch, A. J. Hughes, J. Callaghan, and C. Mudree (the two last-named being officials of the Ararat tug-of-war committee). The chief mourners were Mrs Diamond (widow), Donald and William Diamond (sons), Mr Thos. Diamond (brother), Mrs White (mother-in-law), Mr and Mrs Bishop (brother-in-law and sister), Messrs Herbert White and Hugh White (brothers-in-law), Messrs Russell Baker and R. White (nephews), Mrs E. White (sister-in-law), and Miss E. Conway. Among the wreaths was one with a card reading, "A tribute from the boys." The Roman Catholic burial service was conducted by the Rev. Father Day. The funeral arrangements were carried out by Messrs. F. W. Barnes & Son, of Ballarat and Beaufort.

Waste Not.

"WASTE not, want not," is a saying old as the hills, but only one man or woman in a thousand has heeded it. Those who learn not to waste any article of value take the first step towards the ultimate acquisition of wealth. H. W. Beecher tells us that "Wealth created without spot or blemish is an honest man's and the working bee on Good Friday. So far there were 10 entries for the woodchops, and Mr Connor considered he would get another 20 before the sports.

Many other details in connection with the sports were arranged, and also concerning the dance at night.

The secretary said the Salvation Army Band from Melbourne was prevented to play at the sports.

A credit balance of £85/10/7 was reported.

Skipton Carrier's Experience. — Trapped in the shattered cabin of a truck, which was hurled into a culvert by the Skipton goods train at Smythesdale level crossing on Monday morning, Frank Ellingham, aged 50 years, a Skipton carrier, was released just before the vehicle burst into flames. Ellingham was admitted to the Ballarat Base Hospital suffering from severe shock, injuries to the head and chest, lacerations, and abrasions. Owing to his shocked state, it was difficult to assess the extent of the injuries.

New Books. — The following new books have been added to the library at the Beaufort Mechanics' Institute:—"Cause for Alarm," by Eric Ambler; "The Founder of the House," Zaomi Jacob; "God and Mr Aaronson," Countess Barcynska; "A Question of Honour," H. W. Davis; "The Killing of Paris Norton," Roger Garnett; "Susan Takes a Hand," Anne Hepple; "No Greater Love," Baroness Orczy; "Death in Downing Street," John G. Brandon; "Ship by Herself," Humfry Jordan; "According to Plan," Graham Seton; "The Ball of Fortune," Sydney Horler; "Gun Cotton in Mexico," Rupert Grayson; "Flying Colours," G. Bowyer Chichester; "The D.A. Calls it Murder," Erle Stanley Gardner; "All the Tomorrows," Richard Starr; "Promenade," E. B. Lancaster; "Roaming Through the West Indies," Harry A. Compulsory National Register.—The Prime Minister (Mr Lyons) announced on Wednesday the decision of the Government to introduce a compulsory national register of man-power (15 to 64). "The compulsory national register," said Mr Lyons, "has been decided upon:—(1) to enable a survey to be made of the supply of various classes of skilled persons in relation to the demands of the Army, Navy and Air Force, Government munition factories, essential industries and other industries. (2) To establish an individual record of skilled persons in a schedule of reserved occupations, so as to ensure that the requirements of the Navy, Army and Air Force are provided for by allotment of persons through technical units in which they are required. (3) That persons in factories, annexes and essential industries remain at their work and that additional numbers required are allotted from non-essential industries and general production."

The Commonwealth Bank advises that recently falsified £5 notes have come under its notice. They bear a portrait of wholly or joined portions of several genuine notes, or a combination of portions of genuine notes and forged counterparts.

Beaufort Town Band.

COMMITTEE MEETING.

The committee of the Beaufort Town Band met on Thursday night at the Shire Hall, and there was an attendance of 10 members. Mr F. Bray (president) was in the chair.

Correspondence was read from A. P. Sykes & Co., stating that they had forwarded a cup for the sports; also giving prices for drums and illustrations of same.

The Shire of Ripon wrote, granting use of Park for Easter Monday, under usual conditions.

A programme of the St. Arnaud Diggers' Sports on April 15 was received.

The balance-sheet of the band recital held on Sunday, March 26, showed a credit balance of £2/7/6, and it was reported that a donation of 10/ had been received from Mr E. J. Muntz.

Mr Dalrymple spoke in appreciation of the services rendered by the band at the recent combined schools' sports.

It was resolved to leave the matter of purchasing a drum till the end of the year.

Mr A. Lewell is to be written to and thanked for a donation of a medal.

The secretary (Mr R. Davey) reported on the arrangements for procuring the logs for the sports, and the working bee on Good Friday. So far there were 10 entries for the woodchops, and Mr Connor considered he would get another 20 before the sports.

Many other details in connection with the sports were arranged, and also concerning the dance at night.

BEAUFORT DISTRICT COMPETITION.

LEXTON DEFEATS BEAUFORT IN FINAL.

The final match of the Beaufort District Tennis Association's competition was played on the Beaufort Club's courts on Saturday afternoon between Beaufort and Lexton. It was a keenly-contested finish. Both teams scored an equal number of rubbers and sets, and Lexton won by a margin of nine games. Results (Beaufort players mentioned first):—

H. Norman and A. Shannon lost to K. Bishop and E. Dawson, 3—6, 6—6.

Mrs G. Cuthbertson and Miss D. Parker lost to Mesdames Murray and Bishop, 3—6, 2—6.

Q. W. Gregory and L. Ball d. R. Roxburgh and E. Herbertson, 6—5, 6—0.

L. Ball and Mrs M. Cuthbertson lost to K. Bishop and Mrs Bishop, 4—6, 4—6.

H. Norman and Mrs Norman lost to R. Roxburgh and Mrs Giles, 6—3, 4—6, 6—1.

Q. W. Gregory and Miss D. Parker d. E. Dawson and Mrs Mann, 6—5, 6—1.

A. Shannon and Mrs Gregory d. E. Herbertson and Mrs Murray, 6—4, 6—5.

Mesdames Norman and Gregory d. Mesdames Giles and Mann, 6—2, 1—6, 6—4.

Totals:—Lexton, 4 rubbers 9 sets 84 games; Beaufort, 4 rubbers 9 sets 75 games.

Mr W. M. Fitzpatrick (president), on behalf of the association, said they had witnessed fine tennis, and he congratulated both teams. He congratulated Lexton on going through the season successfully. It had been a fine sporting season. Beaufort, the runners-up, were a bit unlucky, but the best team won. He then presented to Mr Bishop the association's perpetual cup, and also the cup donated by the president, which Lexton will retain.

Mr A. Campbell (secretary of the association) added his congratulations to both clubs.

Responding on behalf of Lexton, Mr Bishop thanked the speakers for their congratulatory remarks. The game had been very enjoyable, and to the last was anybody's. It was Lexton's first year in the association. He congratulated Beaufort on the way the matches had been played throughout the season. He thanked the Beaufort Club for the hospitality shown to all clubs during the season.

The Lexton players gave three cheers for the runners-up.

BUANGOR.

FAREWELL SOCIAL.

One of the largest gatherings seen at the Buangor Hall for some years assembled on Friday night, 24th March, to do honour to First-constable and Mrs A. J. Fellingham and family, who are leaving to reside in Ballarat. Dancing occupied the greater part of the evening, and musical items were rendered by Mesdames Hunt and Ferguson and Miss T. Ord. Mr A. Macrae, who occupied the chair, spoke with regret of the pending departure of Mr and Mrs Fellingham, and referred to their many fine qualities as citizens. His remarks were ably supported by Rev. B. H. Dewhurst (Church of England), Messrs. G. Brehne (Presbyterian Church, Sunday School, and P.W.M.U.), G. Brennan (School Committee), H. K. Parker (Hall Committee), Q. Parish (sporting bodies), R. W. Pickford (Honour Avenue and Progress Association), F. Liston (Bush Fire Brigade), J. P. Fay, and Superintendent F. J. P. Beattie, of the Wimmera Police District. In presenting the guests of the evening with a well-filled wallet of notes, Mr J. K. Pickford extended to them the best wishes of the people of Buangor and district, and expressed the wish that they would purchase for themselves and the children some suitable gifts as a reminder of their many friends in Buangor, and a token of the esteem in which they were held. Beautiful bouquets were presented to Mrs Fellingham by Kathleen Brennan (music pupils), Catherine MacInnes (P.W.M.U.), and Dorothy Parker (Sunday School scholars). In the course of a feeling response, Mr Fellingham thanked the people for their gifts, and the speakers for their kind remarks regarding the work that Mrs Fellingham and he had done while in Buangor. He felt that it was only his duty to take an active part in the social and sporting life of the district, and they had derived much pleasure from their association with this work. It was a particular pleasure to him to see his superintendent present. Mr Fellingham also briefly responded. A very tasty supper was served by the ladies, and at the close of the function all joined in singing "Auld Lang Syne." Mr T. Thomas (Mrs Fellingham's father) was also present.

A SUCCESSFUL GATHERING.

The annual gathering of the Beaufort District Schools' Sports Association, held at the local Park on Saturday, was a particularly successful one, and the result of the experiment of holding it on the last day of the week should prove very satisfactory to the organisers. Previously it had been held on Fridays, which prevented a large number of parents from attending, because they could not leave their work to do so. Over 70 motor cars lined the arena, and the gate takings amounted to £15; the members of the Beaufort Mothers' Club also taking £15 at the ice cream and afternoon tea booths. As all school children were admitted free, the attendance of adults and children must have totalled between 600 and 700. The programme was a very interesting one, and comprised 73 events. Some fine performances were put up by the competitors, and about half-a-dozen boys and girls stood out as promising athletes. A hard-working team of officials was under the capable leadership of Messrs. L. R. S. Dalrymple (president) and T. Ryan (secretary). A special word of praise is due to Mr Ryan for his methodical organising work, and the great amount of effort he put into the sports. The whole of the proceeds were devoted to the Bush Fire Relief Fund. Following is the list of officials:—Messrs. A. MacPhie, W. McKenzie, T. Ryan, V. C. Jenkin, D. Denehy, I. Lawson, L. R. S. Dalrymple, K. Lewis, A. Shannon, Rye, Martyn, Shanley, H. Briody. Campbell, L. Symmons, C. M. Flynn, S. Young, J. H. Boyce, Le Coutier, and H. Featherston. The certificates for the prize-winners were filled in by Misses Allan and Cheatley. The members of the Mothers' Club also worked energetically, under the leadership of their president (Mrs S. E. Humphreys) and secretary (Mrs H. A. Stowell). An enjoyable programme of popular airs was played by the Beaufort Town Band, under the conductorship of Mr R. Saddler. The Thistle Club shield was won by Beaufort for the first time for many years, with Waterloo second, and Sailor's Gully third. Among the visitors were Mr P. L. Denigan, M.L.A., Mr Le Coutier (district inspector), and Mr J. H. Boyce (president of the Victorian State Schools' Amateur Athletic Association). Following are details of the various events:—

FOR
ALL CLASSES OF CEMETERY WORK.
To make the most of ourselves, we must cut off whatever drains vitality — physical or moral — and stop all the waste of life. We must cut off everything which causes friction, or which tends to make our efforts weaker or to lower the ideal and drag down the life standard — everything which tends to kill the ambition, or to make us satisfied with mediocrity.
Multitudes of people, enslaved by bad physical habits, are unable to get their best selves into their work. They are kept back by a leakage of energy and vital force, through bad habits or dissipation.
Some are hindered by little peculiarities of disposition, by stubbornness, slovenliness, meanness, revengefulness, jealousy or envy. These are all handicaps.

HANDS DENOTE THE AGE.

You may talk about wrinkles on the face, but a person's age can be ascertained from the marks on his or her hands. Hands show the ravages of time as much as any other part of the body. Scientists attest the fact, and the hands of celebrated beauties prove the theory beyond argument. Between the ages of seventeen and eighteen the hand develops into the beauty of beauty and symmetry. Until nearly thirty, the hand, if subjected to rigid care, practically remains unchanged.

At thirty an almost imperceptible change begins, and despite constant attention, the beauty wanes. The skin wrinkles and grows dry, the joints grow shapeless and enlarged. The shrinking of the flesh displays the fatty tissue which the plumpness of youth had covered up. The fingers are no longer nimble, and the muscles begin to stiffen with increasing age. When the maiden responds tardily to the orders of the brain the first warning of departing youth is sounded.

RE-CAPTURE OF AN ESCAPED CONVICT.

Some forty years ago an attempt to escape from Dartmoor was nearly successful. A prisoner succeeded in creeping along one of the beams sustaining the roof of the hall in which were the warders eating their supper, without attracting their attention. He got thence over the wall, and next broke into the doctor's house. There he possessed himself of a suit of clothes, and left his convict suit behind. Next he entered the doctor's stable, and took his horse out. But he was unable to enter the harness-room, owing to the strength of the lock, and so was obliged to escape, ride the horse, indeed, but without saddle, and direct it not with a bridle, but with a halter.

He rode along at a swinging pace till he reached Two Bridges, where there is an ascent rather steep for a quarter of a mile, and this he necessarily slackened pace. To his great annoyance, as he passed the Station-house a man emerged from the public-house and jumped on a horse. This was a moor man. The moor-man was appointed for a drift, and he was going to make preparations to drive his quarry of the moor. He leaped on his horse and trotted after the convict, little knowing who he was.

That night was one of moonlight. The moor man saw a gentleman in black riding a good horse before him, and he pushed on to be abreast with him and have a little talk.

"Where are you for, sir?" "Out of riding with at night?" asked the moor man. "I'm the new escaze," said the convict, "going round on my pastoral duties."

"Oh, indeed, without saddle or bridle."

"I was called up to a dying person. My groom was away. For souls one must be quick."

"Indeed, and your clothes don't seem to fit you," observed the moor man.

Now the doctor was a fat man, and the man who wore his clothes was lean.

"My duties are wearing to the carnal man," said the rider.

"And the horse. By ginger! it's the doctor's," exclaimed the moor man.

The convict kicked the flanks of his steed and away he bounded. The hill had been surmounted. The moor man gave chase.

Then he recollected that the doctor's horse was an old charger, and he thundered out, "Halt! Right about face!"

Instantly the old charger stopped — instantly — stopped dead, and away over his head like a rocket shot the sol-disant curate.

In another moment the moor man was on him, had him fast, and said grimly, "You're a five-pounder to me, my reverend party."

Five pounds is the reward for the apprehension of an escaped convict.

LIFE'S HANDICAPS.

It is a terrible thing to go through life with chained ability, conscious of powers that cannot be used to advantage.

To make the most of ourselves, we must cut off whatever drains vitality — physical or moral — and stop all the waste of life. We must cut off everything which causes friction, or which tends to make our efforts weaker or to lower the ideal and drag down the life standard — everything which tends to kill the ambition, or to make us satisfied with mediocrity.

Multitudes of people, enslaved by bad physical habits, are unable to get their best selves into their work. They are kept back by a leakage of energy and vital force, through bad habits or dissipation.

Some are hindered by little peculiarities of disposition, by stubbornness, slovenliness, meanness, revengefulness, jealousy or envy. These are all handicaps.

Many people go through life galled by their chains, without making any serious, conscious effort to emancipate themselves.

A Woman's Wife.

The conductor said there was room for a few more inside, but when the tram reached a busy thoroughfare, a large—too large—contingent of shoppers got in and there was an uncomfortable crush.

But the little man in the corner kept his eyes on his paper. He also kept his seat.

"Pardon me, madam," said a polite man, handing by a strap, addressing a lady with a burden of purchases, who was standing by him. "Please excuse the remark, but you are standing on my foot."

"Oh, I'm so sorry!" said she. "I—I thought it belonged to the man sitting down."

Then the little man's eyes rose from his paper, and she got his seat.

Quite Prepared.

Ascum: I hear that French count your wife and daughter met abroad is going to visit you this summer?

Richman: Yes, I believe he is.

Ascum: Better take French lessons before you?

Richman: Oh, I'm prepared! I got a professor to teach me how to say "Sorry, but I have made it a rule never to lend money."

Fair Graduate: Which is the proper expression to use—"Girls are" or "Girls is"?

Chemistry of Schoolmates: "Girls are," of course!

Fair Graduate: Of course; schaw! Girls, are my hat on straight?

Unlawful Assault.

FATHER CHARGES SON.

CASE DISMISSED.

A case that occupied the attention of the Bench — Messrs. A. R. Hill, P.M., and L. Smith, J.P. —for some considerable time at the Beaufort Police Court on Monday, was that in which Joseph Walter Goodie charged his son, William Alfred Goodie, with having, at Beaufort, on March 29, 1939, unlawfully assaulted him. The case was dismissed.

Mr S. Young appeared for defendant, who pleaded not guilty. Inspector J. T. Davis said that although he had received no instructions, he was prepared to conduct the prosecution.

Joseph Walter Goodie, laborer, Beaufort, stated on oath that defendant was his son. He was working with him and two other men, on the morning of March 29, when an argument between defendant and himself started over a little mining show they had at Main Lead. He (complainant) had had his youngest son working his share at this mine, but as this son was going away, he found that he would have to put a stranger in. Defendant said that he could not do that, and started arguing the point. He (complainant) carried on with his work, and kept answering back. Defendant then rushed at him, struck him in the face with a shovel, and knocked him down. He did not go to the doctor, but about a quarter of an hour afterwards, he went to the police. He heard Walter Morris, one of the men working with them, call defendant a coward. He was working with Morris loading dirt into a wheelbarrow, and his son and McCallum were working with another barrow.

In answer to Mr Young, witness said that he did not have a violent temper. He did not lose his head, and run at his son with his shovel raised. His son charged at him. He denied using filthy language, and that he ran around McCallum in order to get at defendant. He also denied that his son only protected himself, and that he slipped on a heap of dust and fell over, when he was rushing at defendant.

Walter Morris, laborer, stated on oath that he was working with the two Goodies and McCallum on the day in question. He heard the argument between the two men. It started over a mine, and then got into family matters. He did not see the son strike his father. He saw the father down on the ground with his ear bleeding, but did not see how it happened. He was wheeling a barrow load of dirt away at the time.

In answer to Mr Young, witness said they were working with matocks and shovels, digging dirt, putting it into barrows, and carrying it away. The two barrows would be about two or three feet apart. After the incident, he apologised to defendant for calling him a coward, because he did not see what had actually happened.

Joseph McCallum, laborer, of Waterloo, gave evidence to the effect that he was working with these men on the day of the assault. The two men were arguing for over an hour. Goodie, junr., was beside him (witness) loading a barrow, and had it about filled, when Goodie, senr., picked up a shovel, and using bad language, said he would stick it through his son. Goodie, junr., only protected himself, and his father fell over. He then got up, and went away, saying that he would give his son in charge. Fifteen or 20 minutes later, he returned. Later the police arrived. Goodie, senr., then said, "I have got the best of the gaol, and I will keep him there."

In answer to Mr Young, witness said that Goodie, senr., was the attacker. He picked up a shovel, and moved quickly. Defendant did not attempt to strike.

To Inspector Davis — He could only see a slight scratch on Goodie, senr's., face.

To the P.M. — He thought Goodie, senr., fell over the heap of dirt. He was sure that it was not a blow from a shovel that knocked him over. Morris was wheeling a barrow of dirt away at the time. The son was quite calm, but the father was very heated. Defendant did not run at his father. The barrows were about 14 ft. apart.

The P.M. — Morris said they were three feet apart.

Witness — They were more than that.

According to you, Morris must be telling lies?—The barrows were about 14 ft. apart.

Why should Morris tell lies?—He could give no reason.

Perhaps Morris is telling the truth, and you are wrong? — He did not think so.

First-constable J. Duke stated on oath that at 9.30 a.m. on March 29, complainant came to the police station, and from the information received, he, with First-constable Hales, went to the Beaufort Park, where the four men were working together. He said to Mr Goodie, senr., "I believe you have a complaint to make?" Complainant said that he wanted to give his son in charge for assaulting him with a spade. Defendant was taken to the police station, and complainant signed the charge-sheet. Later, defendant was allowed bail. He (witness) noticed a cut on complainant's ear.

In answer to the P.M., witness said there was a fair amount of congealed blood on complainant's ear. It appeared to have been bleeding freely.

Mr Young submitted that complainant had not proved his case, and the defence would be a direct contradiction of his statements. Complainant lost his temper, and rushed at his son, who only tried to defend himself from being struck. Goodie, senr., fell over a heap of dirt, and in his temper, got on his bicycle, and rode to the police station. Instead of proceeding against his son on summons, he decided to "put him in gaol and keep him there." He would put defendant in the box.

William Alfred Goodie, laborer, Beaufort, stated on oath that on the day in question he was working with his father, McCallum, and Morris, in the Beaufort Park. They were loading wheelbarrows which were 10 to 15 yds. apart. He had a conversation with his father about a mine, and angry words resulted. His father then rushed at him, and said he would stick his shovel through him. He (defendant) raised his shovel, only with the natural action he would use in loading the barrow, but ducked his head, in order to prevent his being hit. McCallum, who was working on his left-hand side, jumped out of the way of his father. He did not lose his temper, nor did he attempt to strike complainant.

In answer to Inspector Davis, defendant said that the argument about the mine had been going on for about 45 minutes. His father had a violent temper. He (defendant) had a temper, but did not lose it that day, and he had no intention of striking his father. He did not rush at his father, swinging his shovel in the air, and he did not knock his father down. Morris was wheeling the barrow away, and had back to them when the incident occurred.

To the P.M.—The barrows were 10 to 15 yards apart. His father came at him from his left-hand side.

The P.M. — Why did you not step back? — Because he did not have time.

You say your father's barrow was 10 to 15 yds. away. You should have had plenty of time to step back before he reached you. He did not see him until he was on top of him.

The P.M. — You say the barrows were 10 to 15 yds apart. One of your witnesses said they were 2 to 3 ft. apart, whilst the other one said they were 14 ft.

Mr Young — They are not defendant's witnesses. They were summoned by complainant.

The P.M. — He would say they were defendant's witnesses.

The P.M. — In this case they had heard about one-tenth of what took place, whilst nine-tenths had been hushed up. On the evidence, the charge would be dismissed.

BEAUFORT RIFLE CLUB

MECHANICS' INSTITUTE.

SUCCESSFUL GYMKHANA.

On the Beaufort Croquet Club's lawn on Saturday afternoon, a successful gymkhana was held in aid of the funds of the local Mechanics' Institute, and the proceeds amounted to about £16. The arrangements were carried out by the wives of members and committeemen, the ladies of the Croquet Club, and members of the Mechanics' Institute Committee; Mr A. S. Duncan acting as secretary. Several events were contested by the ladies, and a number of competitions held. Those who assisted were:—Mesdames R. C. Hodgetts, C. H. McKay, A. McGregor, W. W. Ashley, V. C. Jenkin, H. Dunn, R. T. Macdonald, A. S. Duncan, T. Trafford, T. McNaughton, R. J. O'Neil, W. J. Scriven, Misses D. Beggs, I. Duncan, W. Wotherspoon, Messrs. S. Wells, V. C. Jenkin, C. H. McKay, and R. C. Hodgetts.

A programme of popular music by the Beaufort Town Band (under the conductorship of Mr F. Blay) enlivened the proceedings.

During an interval, Mr R. C. Hodgetts (president of the Institute), said that, on behalf of the Committee, he desired to thank all those ladies who had interested themselves in the gymkhana. He also sincerely thanked the bandsmen, who had added greatly to the enjoyment of the function, and had attended at a great deal of personal inconvenience. He was sorry that they had to run things of this kind to maintain the Institute in Beaufort, but unfortunately, they had to do so. They could not get sufficient support from the public, although they thought the Institute deserved it; so they ran events similar to this for people who had come along to spend their money on behalf of the Institute. They did not know how much the gymkhana would realise, but they hoped their funds would be augmented to a considerable figure. They were much obliged to the ladies who had run the different stalls, and who would much prefer watching or playing tennis. The ladies of the Croquet Club had kindly lent them a lawn for them for the occasion, and the yewre beholden to them, and hoped the competitions they had organised would be well patronised.

The various competitions resulted as follow:—Tunnel — Mr Tambling; 1; Mr R. C. Hodgetts, 2; Bullseye — Mr Q. Gregory, 1; Mrs P. George, 2.

Rising Sun — Mrs G. Cuthbertson, 1; Mrs R. T. Macdonald, 2.

Ladder — Mr E. S. Crouch, 1; Mr W. W. Ashley, 2.

Golf — Mr N. H. Oddie, 1.

TRUCK DRIVER FINED FOR OVERLOADING.

At the Beaufort Police Court on Monday, before Messrs. A. R. Hill, P.M., and L. Smith, J.P., Leonard F. Brush (Inspector for the Country Roads Board) proceeded against Clement V. Clark for driving a motor truck near Beaufort on February 14; 1939; the loading of which exceeded the 10 per cent. excess of weight shown in certificate of registration.

Defendant pleaded guilty.

Leonard F. Brush, C.R.B. inspector, stationed at Stawell, stated on oath that at 5.45 a.m. on February 14, he saw defendant driving a Maple Leaf truck between Beaufort and Buangor. He weighed the truck, and found that the load on it exceeded the permissible weight by 2 tons 10 cwt. 3 qr. The goods on the truck consisted of apples, pumpkins, and tomatoes, and were being carried from Horsham to Melbourne.

Clark, who had no questions to ask, said that he had no idea of the weight of the load. One of the reasons why the weight was excessive was that he was helping another man whose truck had broken down, and who asked him to take 25 cwt. of tomatoes on and transfer them on to another transport vehicle in Horsham. On reaching that town, he found that the other truck could not take them. Rather than see the tomatoes go to waste, he decided to take them on himself.

The P.M. — Without the tomatoes the load would still exceed the weight.

Clark — The variety of stuff he was carrying was no guard to compute the weight. He did not know just how heavy it was.

The P.M. — Fined £3, with costs amounting to 6/6.

Easter Telegrams. — In recent years the introduction of special occasion telegraph forms has been an interesting feature of the advance of telegraph communication. At the Easter period the brightly coloured and appropriately decorated greeting telegram is made available by the Post Office for the conveyance of greetings and Easter messages. While we can commend the use of ornamental forms for the delivery of Easter greetings, it is necessary to insert the words, "Easter Greeting," just before the address of the telegram. Country telephone subscribers may call the nearest telegraph office or metropolitan subscribers may dial M.075 and dictate the message, intimating that the use of the special stationery is desired. The special facility will be available from the 3rd to the 11th April, 1939, both days inclusive.

C. Lamb Wins Woodchopping Double at Waterloo

WATERLOO SPORTS.

VERY SUCCESSFUL GATHERING.

GATE RECEIPTS NEARLY A RECORD.

Considering that about four inches of rain fell on Easter Thursday night and Good Friday, the Waterloo Sports Club was particularly favoured by weather on Easter Saturday, which was cool and fine. There was a large attendance; over 130 motor cars lining the arena. The gate receipts (£47 7/) were nearly a record, and £7 was also received for members' tickets. This year's gate takings were only exceeded on one occasion, and that was the first Back to Beaufort year (1927), when they reached the sum of £69. The programme was a varied and interesting one of footraces, woodchops, trots, cycling, and novelty events, and the meeting was well contested. The prize money was increased this year, particularly in the woodchops. Mr J. J. Dunn acted as president—a post he has very capably filled many times since the club was revived 20 years ago. As secretary, Mr T. Ryan carried out his duties so well that no fault could possibly be found in either the preliminary arrangements or those on the day of the sports. All the officials worked together energetically and harmoniously. Following is the list:—Messrs J. J. Dunn, G. Boyd, T. Ryan, Jun., Dunn, Harry Dunn, T. Hilton Dunn, Harry Dunn, T. Smith, Gil. Smith, W. Kay, R. Wangler, E. R. Martin, H. Stewart, Galvd, Whelan, C. Lewis, A. C. Flynn, H. Lewis, C. Lewis, A. MacPhie, B. Russell, Reg. Herbert, A. E. Crick, John McErvale, R. Vowles, Rex Dunn, R. Boyd, L. Dromey, L. Martyn, J. Rutherford, and A. Laney.

An innovation at the sports, and one that was greatly appreciated, was a megaphone and amplifiers, operated by Mr Jager, of St. Arnaud, who announced all the results, and called competitors to the starting point. Four bookmakers were present, and punters had every opportunity to bet on local and other events in the country the State. Under the baton of Mr R. Saddler, the Beaufort Town Band played a lively programme of popular music, and when the specially marched through the arena, were given a well-deserved ovation. Mrs Lewis conducted the refreshment booth; Mr J. Dowsley (Buangor) having charge of the publican's booth, and Mr R. T. Macdonald of the fruit, sweets, and soft drinks booth. First-constables J. Duke and W. Hales were in attendance at the sports, but their duties were light.

A tasty luncheon was provided for the officials by Mrs Lewis.

After the local sports had been honoured, the president (Mr J. J. Dunn) apologised for the absence of Brigadier G. A. Street (Minister of Defence), who regretted that he could not leave Canberra, owing to the death of the Prime Minister. He also apologised for Mr P. L. Denigan, M.L.A., who was unable to be with them. It was a trying time at present, and they accepted these apologies, but would have been pleased to have them with them.

On the proposition of Mr G. Boyd (vice-president), a toast was drunk in silence to the memory of the late Prime Minister, Hon. J. A. Lyons. Mr Boyd said they were all greatted to hear of the death of Mr Lyons. Death came to all of them, whether Prime Minister or peasants.

T. Lewis won the Half-mile Bicycle Race by less than half-a-wheel; W. Anderson being second, and A. Young Waterloo axeman, C. Lamb, won a double, upon which he was heartily congratulated. He secured first place in the Underhand Chop by a blow; the second man being A. Biessart. Lamb won the Standing Block Chop by five or six blows, with E. Boase filling second place. G. Walker got home by six inches in the final of the Sheffield Handicap; the second man being W. J. Anderson. W. Smith's Alway was the winner of the J. Meaney Trot, 1½ miles, and finished three-quarters-of-a-length in front of J. L. McErvale's Darkie. G. Lotts' Blue Ribbon won the J. Dunn Handicap Trot, 1 mile, by four lengths; J. L. McErvale's Darkie being second. E. Lotts had a victory by four lengths in the One-mile Bicycle Race, T. Lewis being the second man. Jack and Joe Lamb had a fairly easy win in the Teams' Chop; second place being filled by M. Martin and A. Biessart.

At night a euchre tournament and dance took place in the Mechanics' Hall; the building being crowded. The takings amounted to £25. Mr W. Kay officiated as M.C., and the music was supplied by Mr F. Blay's Dance Band. The winners of the novelty dance were Mr C. Stewart and partner. Mr R. Gardiner won the men's prize in the euchre tournament, and Mrs Mann the ladies' prize.

MR. and Mrs. CURRIE, of Mawallok, Beaufort, wish to thank all those who gave such great sympathy in their sad bereavement; especially to Mr Barnes, Ballarat, for his kindness, and to all the employees of Mawallok Estate.

IN MEMORIAM.

BROADBENT. — In loving memory of our dear brother, "Masher," passed away 16th April, 1930.
No space of time, no lapse of years
Can dim our loved one's past;
A loving memory holds it dear,
Affection holds it fast.
—Inserted by his loving sister and brother-in-law, Elsie and King, and nieces, Thelma and Valma.

DAVIES. — A tribute of love to the beautiful memory of our loved son and brother, Jack, who passed away the 13th April, 1930.
We think of him in silence,
We often speak his name;
What would we give to clasp his hand,
And see him smile again !
—Inserted by mother, father, sisters, and brother.

DAVIES. — In loving memory of our beloved brother, Jack, who passed away April 13th, 1930.
They say that time can heal the wound, and teach us to forget;
But time, so far, has only proved how much we miss you yet.
—Inserted by his loving sister and brother-in-law, Reta and Ivan Laney.

KIRKPATRICK. — In affectionate remembrance of our dear sister, Bertha, who passed away on 17th April, 1933.
Sadly missed.
—Inserted by Mary, Agnes, and James.

KIRKPATRICK. — In loving memory of dear Barbara, died 17th April, 1938; also Robert, died 16th May, 1936.
Deep in our hearts your memory is kept;
We loved you too dearly to ever forget.

A THOUGHT FOR TO-DAY.

"We ought to avoid the friendship of the bad, and the enmity of the good." — Epictetus.

Backbiting.

FEW men and women have the moral courage to say in a fellow creature's presence what they have no hestitation in saying in his or her absence. Backbiting is an old as the world itself, and one which taints the lives of many folk who are otherwise lovable and companionable. On the other hand, habitually outspoken people earn the reputation of being tactless, and cause a good deal of unpleasantness in the world. Therefore, it is wise, if one can say nothing good of another, to remain silent until attacked. Bagster gave good advice in the words, "Rebuke backbiters, and encourage them not by hearkening to their tale." Far better to judge others by our own experience of them, than allow our minds to be poisoned by one who is biased; but, above all, in case our judgment be too harsh, always be ready and willing to forgive and forget, for "Love is altogether too short for quarrels of long duration. Goethe may have been too severe when he wrote, "It is said that self-praise stinks in the nostrils. For the kind of smell that arises from the unjust abuse of others, people have no nose at all." We prefer to adhere to the opin- ion that the majority of human beings have ingrained in them a sense of justice, and kindness of heart that enables them to make allowances for the shortcomings of others, and not to be too cocksure about their own virtues.

Cars in Front of Fire Station.— Car owners who are in the habit of parking their cars in front of the Beaufort Fire Station are asked to discontinue the practice, as in the case of fire, the brigade would be caused much delay and inconvenience in getting their motor pump out.

Cemetery Trust. — The Beaufort Cemetery Trust held its quarterly meeting on Tuesday, 4th inst.; Messrs. J. R. Wotherspoon (chairman), E. J. Muntz, W. O'Sullivan, and A. S. Duncan (secretary) being present. The secretary reported that the receipts for the quarter were £20 15/7, and there were five interments for the quarter, two single allotments had been sold, and the present credit balance was £97 9/11.

The Far Outback. — "In the far outback" is the title of the winning "Cameroddity" in the "Argus" supplement last week, and a prize of £1/1/ goes to Mr J. R. Wotherspoon, Beaufort. The picture shows the camel mail coach to Cordelia Downs, South Australia, taken among the Cobbler shifting sandhills, about 200 miles from Alice Springs. The coach has come from Carraweena Creek at a rate of 8 m.p.h. The mails are transferred to motor-truck and transported to Innaminka, 100 miles away.

Donations Received. — Mr W. M. Fitzpatrick acknowledges the following donations to the Diamond Appeal dance:—Mr A. Lewell, £1/1/; Rev. Father Day, £1; Mr J. C. Cuthbertson, Main Lead, £1; Misses H. and W. Wotherspoon and Mr C. Lang, 10/ each; Mr L. Yates, 6/; Mr J. Pearce, 5/; Mr C. Flynn, 4/; Mr R. O'Neil, Miss Costello, Mrs R. O'Neil, 3/ each; Mr F. Popp, Mrs P. Wilson, 2/6 each; Mr M. Mulcahy, Mrs J. Bowd, Mrs W. Anderson, Mr H. E. Johnston, Captain Bonse, 2/ each; Mrs F. Jaensch, Mrs Williston, 1/ each; total, £6/12/.

Street Accident. — Cliff Crouch, aged about 10 years, son of Mr and Mrs R. S. Crouch, of Beaufort, was riding a bicycle home from school late on Friday afternoon, when, in front of the State Savings Bank, he was run into by a motor car. The car was driven by Mr Eric Chas. Howlett, of the Royal Australian Air Force, Pt. Cook. The boy was knocked over, and his leg badly injured about the knee. He was taken to the local Bush Nursing Hospital, and not until a thorough examination, will the full extent of the knee injury be known.

Successful Effort. — The financial result of the card social and dance held at Beaufort Picture Theatre on Tuesday night for the widow and family of the late Mr A. J. Diamond, is expected to be about £22. There was a large attendance, and all the prizewinners returned their trophies. In one section the euchre prize was won by Mrs Bond; Messdames Hughes and Karslake, and Miss N. Topp dividing the consolation prize. In the other section the euchre and consolation prizes were divided by the Rev. Father Day, Mr Hedi, and Mrs W. Gillingham. Miss Roma Clarke won a competition for a "hot" note. Messrs. Barney, Day's and Blay's dance bands supplied the music, and a novelty dance was won by Mr C. Wilson and Miss Joan Broadbent. Mr W. M. Fitzpatrick, who acted as secretary and M.C., thanked all who had assisted with cash donations or their equivalent.

Beaufort Golf Club.

ANNUAL MEETING.

Interest in the affairs of the Beaufort Golf Club for the coming season was plainly manifest at the annual meeting, held at the C.W.A. Hall on Thursday night, and attended by more than 40 members. The retiring president (Mr P. T. Stevenson) occupied the chair, and welcomed Misses Lalla and Athole Stewart back after their trip abroad. Apologies were received for a number of absentees.

The balance-sheet for the past year showed receipts totalling £340/9/ and expenditure £238/8/5, leaving a credit balance of £2/0/7. The year commenced with a Dr. balance of £10/14/6.

The statement of assets and liabilities was as follows:—Assets, £1009; liabilities, £620; surplus of assets over liabilities, £400.

The associates' balance-sheet showed that receipts were £28 13/4 and expenditure £18/12/3, leaving a credit balance of £10 1/1.

Messrs. J. H. Prowse and N. B. Acton certified to the correctness of accounts.

The annual reports and balance-sheets were printed and circulated; the reports appearing on another page of this issue.

Mr C. H. McKay said the secretary and committee were to be congratulated on the balance-sheet, but it was saving rather close to the wind to carry through financially on the proceeds of their tournament. He would like members to bear that in mind when fixing the subscriptions. He moved the adoption of the reports and balance-sheets, and said their money had been judiciously spent.

The president, in seconding the motion (which was carried), said they had really come out a few pounds to the good.

Before vacating his position, the president thanked the members for their support, and for the assistance they had given him during the year.

Mr A. Barber nominated Mr Stevenson for another term, and referred to his good services as president, and his tact. Seconded by Mr F. J. Martin.

Mr Stevenson was unanimously re-elected, and briefly returned thanks.

The remaining officers were elected as follow:—vice-president, Mr A. Barber; secretary, Mr S. Young (who was re-elected amidst applause, and responded; making reference to the success and work of the associates, which was greatly appreciated); captain, Mr M. E. L. Watkin; handicapper and official scorer, Mr W. V. C. Jenkin; general and greens committee, Messrs. F. J. Martin, R. C. Hodgetts, G. Beggs, N. H. Oddie, Q. W. Gregory; selection committee, President, captain, and Mr Geo. Beggs; auditors, Messrs. J. H. Prowse and N. B. Acton.

Mr Young suggested that the subscriptions be fixed at the same rates as last year:—Men, £2/2/; ladies, £1/11/; non-residents, 10/6; juniors, 10/6; sat.; 5/; entrance fees—men, £1; ladies, 10/; former member, 5/; family, one entrance fee of £1, then fees—1/ a round; 5/ a week, 10/ a month; Saturday afternoon, 2/, including green and tournament fees.

Messdames McKay and T. Beggs expressed the opinion that the green fees should be increased.

Mr Hodgetts moved, as an amendment, that the green fees on Saturdays be 3/—2/ for playing, and 1/ for entering for the competitions.

Mr McKay supported an increase in members' subscriptions, and moved that they be increased by 5/. Seconded by Miss Lalla Stewart.

Mr Jenkin said a levy of 5/ had been suggested instead of the ladies providing afternoon tea at the tournaments.

In reply to Mr Young, Mr McKay said he meant his motion to apply to ladies' and men's subscriptions.

Mr P. George moved, as an amendment, that members' and associates' fees be raised by 7/6; afternoon tea at tournament time to be provided by the club. Seconded by Mrs Prowse.

Mr Barber said they should not rush into the matter of a levy for afternoon tea.

Mr Oddie gave notice of a further amendment that subscriptions be raised 10/.

Mrs T. Beggs — She could not see what afternoon tea had to do with raising the subscriptions.

After further discussion, Mr McKay said Mr George's amendment was breaking new ground entirely, and he would have to withdraw his motion if it was considered.

Mr George then withdrew the afternoon tea part.

Mr McKay said he would withdraw his motion, but his seconder (Miss L. Stewart) objected.

Mr George's amendment was lost.

Mr Oddie withdrew his further amendment.

Mr McKay's and Miss Stewart's motion was carried by 23 votes to 17.

Other subscriptions are to remain the same, and entrance fees are also to be unaltered.

Green fees on holidays and Saturdays are to be increased by 1/.

Opening day was fixed for Saturday, April 22, on the motion of Mr Barber and Mrs R. C. Hodgetts.

It was decided to hold the annual tournament on Thursday, Friday, and Saturday, 21st, 22nd, and 23rd Sept., on the motion of Messrs. Young and Hodgetts.

The matter of afternoon tea for the tournament was lengthily discussed, and it was decided that afternoon tea arrangements be the same as in the past; an amendment that a levy of 5/ on all members be made, being lost.

A list of financial members is to be posted in July at the golf house, and left for the remainder of the season.

PRESENTATION TO SECRETARY

The president, before closing the meeting, presented Mr Young (secretary) with a bag of golf sticks and accessories. He said the club had progressed well under Mr Young's leadership, and they thought it would be nice to make a presentation to him. All the members had given freely.

Mr A. Barber said it gave him great pleasure to support the president's remarks. He appreciated the nice spirit in which he had been received in the club by Mr Young, who did everything in a pleasing way, and with a desire to forward the interests of the club. Mr Young had carried on the good secretarial traditions of Mr F. J. Martin. The club had prospered under Mr Young's leadership. He spent a great deal of time for its benefit. Mr Buchan had asked him to tell Mr Young not to dig up stones with the new mower, and Mr Gilbert Smith hoped that Mr Young would be club champion and win all the events this year. There was much room for improvement in his game. This presentation was a bit of a shock to Mr Young, but he would get over it.

Mr Stevenson then formally made the presentation, and hoped Mr Young would have a lot of pleasure out of the sticks.

In responding, Mr Young said it was an extraordinary surprise to him, and he would have enjoyed the gift, had he known anything was afoot. He had got a great deal of pleasure out of the club, and he was one of the most keen members. They had picked something useful, knowing of his old, battered clubs. He could not use his self carrying bag umbrella round, but he might make a trophy of it. Some of his friends outside who looked on night labour could see him, if they saw him with the umbrella. He then touched on the early struggles of the club when the subscription was 7/6. He was none too popular for moving that. In 1920-21, they handled about £90 a year, and now £300. That was not due to the secretary and committee, but to the loyalty of the members. Their club was a shining example to other clubs for smooth working and club spirit. He would have to pull himself together now, and be a golfer. He had considered resigning the secretaryship, but concluded that he would get old soon enough. From the bottom of his heart he thanked the committee and members for the present—the best he ever got in his life.

ASSOCIATES AND MEN'S COMMITTEE MEET.

The associates afterwards met; also the men's committee. The associates elected Mrs R. C. Hodgetts president, Mrs L. Watkin vice-president, Mrs J. E. Day captain, and Mrs V. C. Jenkin treasurer.

WEDDING BELLS.

SMITH—BELLINGHAM.

MAIDS IN RAINBOW GEORGETTE.

The Lydiard street Methodist Church, Ballarat, was the scene on Saturday afternoon, April 1, of a pretty wedding, when Edith Melva, younger daughter of Mr and Mrs Bellingham, of Errard street south, Ballarat, was married to Herbert George, eldest son of Mrs and the late Mr H. A. Smith, of Waterloo. The Rev. Dr. Pallot officiated, and Mr Bellingham gave his daughter away.

Made with a softly draped bodice and V neck, caught with a spray of orange blossom, the bridal frock was of lovely delustred ivory Faconne satin, with a panel of the same material veiled in georgette. The veil was finished with a leaf design in silk. Long, fitting sleeves were buttoned at the wrist and finished to a point over the hand. The graceful skirt fell in folds to the ground, and gradually fell into a long, rounded train. Her dainty head-dress was well was mounted over bouffant tulle, and held in place by a coronet of orange blossom, and a cascade of small sheaf of gladioli, water lilies, and begonias.

Two bridesmaids, Miss Clarice Thea Bellingham (sister of the bride), and Miss Lila Marsh, were in attendance. Their frocks were of rainbow georgette, simply fashioned with heart-shaped bodices and rucked bodices. A girdle of silver tissue ribbon encircled the waists, and on their heads were wreaths of silver flowers. Bouquets of Lorraine Lee roses, begonias, and carnations, were carried. Mr V. Bellingham (brother of the bride) was best man, and Mr T. Smith (brother of the groom) groomsman. During the signing of the register, a solo was sung by Miss Beryl Coad.

After the ceremony, a reception was held at the Alexandria, where the guests were received by Mr and Mrs T. Bellingham and Mrs H. A. Smith. Mrs Bellingham's ensemble was of amethyst wool Afrocain worn with a matching hat. A shoulder spray of gladioli to tone completed her toilette. Mrs Smith wore a blue wool ensemble, relieved with white and matching hat. Her shoulder spray was of white gladioli and carnations. When leaving for the honeymoon, the bride chose a frock of teal blue wool germaine, trimmed with white fur prize to with primrose hat and accessories. Mr and Mrs Herbert G. Smith will make their home at Trawalla.

MACKINNON — COX.

The marriage of Miss Patricia Jean Cox, only daughter of Lieut.-Colonel and Mrs C. R. M. Cox, of Hobart, Tasmania, with Mr Alan Nisbet Mackinnon, of Mooramong, Beaufort, third son of Mr D. D. Mackinnon, of Melbourne, and the late Mrs Mackinnon, was celebrated at Scots' Church, Collins Street, Melbourne, on Wednesday afternoon, 5th inst. The bridesmaids were the Misses Margaret Gellion and Dorothy Alley. Nigel Campbell acted as page boy. Mr John Gellion Coc supported the bridegroom as best man, and Mr John Featherstonhaugh was groomsman. After the ceremony, a reception was held at Menzies' House, and left for the mainland on the honeymoon.

Kitchen Tea. — A large number of friends and well-wishers gathered at the Beaufort Presbyterian Sunday School Hall on Wednesday evening, at a kitchen tea, tendered by the Girls' Fellowship to Miss Sheila MacDougall, who is shortly leaving the district to be married. A large array of useful gifts was the outcome of the function, and they were handed to the guest of honour by Mr Norman McLeod, who wished her every happiness in the future. Miss MacDougall also received a pretty bouquet, which was presented by little Verna Wilson. Rev. J. P. Cuthbertson responded on behalf of his daughter, after which everyone joined heartily in singing "For She's a Jolly Good Lassie." During the evening guessing competitions were won by Misses Mary Williamson, Margaret MacDougall, and Mesdames M. A. and G. Cuthbertson. A tasty supper, provided by the ladies of the Church, was served before those present dispersed. Upon leaving the Sunday School, it was discovered that, owing to heavy rain, much of the low-lying part of the town was covered by flood waters. However, with the kindly assistance of several car drivers, those marooned were safely conveyed home.

DISTRICT NEWS.

LAKE GOLDSMITH.

At Lake Goldsmith on March 22, a very successful function, both socially and financially, was held, the object of which was to raise funds for the relief of the bush fire sufferers. The sum of £8/17/ was realised, and this amount was sent to the Lord Mayor's Fund. The following were thanked for donations and trophies:—Mrs A. Russell, Mawallok; Country Party Committee, Ballarat; Mrs Wauchen, the B. & W. Co-op. Store, Mr McLean, Mr W. Fitzpatrick, and Messrs. J. R. Wotherson & Co. The evening passed pleasantly with cards and dancing. The winners of the euchre trophies were Mrs Daniels and Mr W. Kirkpatrick, and Miss Ruth Boyle and Mr J. Boyle won the prizes for a card dance. Blay's Orchestra supplied excellent music. The Lambeth Waltz was a popular dance. Mr W. Thompson carried out the duties of M.C. A tasty repast was served at midnight.

Deep regret was expressed by the parents and residents of Lake Goldsmith at the departure of Mr and Mrs Boyle, who has left the district for a school near Echuca. While in charge of the school, he proved a worthy self and citizen, and a good citizen. His successor is Miss C. Lynch, a daughter of Mr and Mrs W.. Lynch, of Lake Goldsmith.

TRAWALLA.

Mr W. Foreman and Miss B. Foreman, of Trawalla, and Mrs C. Lewis, Waterloo, have been in Melbourne, attending the wedding of their brother, Alfred.

The marriage of Alfred Herbert, youngest son of Mr G. Foreman and the late Mrs Foreman, of Trawalla East, eldest daughter of Mr Harding and the late Mrs Harding, of Moreland, was celebrated at St. Augustine's Church of England, Brunswick, on Saturday, April 1.

On Thursday last, a large gang of men from Ballarat was at work at Trawalla, repairing the damage done to the railway line, caused by the storm on Wednesday night.

BEAUFORT THEATRE.

TALKIE TATTLE.

Through the world's happiest heart shines life's newest delight. Deanna Durbin brings enduring joy to a troubled world, with music, love, laughter, and song. She is billed for to-night (Saturday) at the Beaufort Picture Theatre in "Mad About Music," with Herbert Marshall and an all-star cast. The supporting picture, "A bride for Henry," features Anne Nagel, Warren Hull, Henry Adollison, and Claudia Bell, which is a packed honeymoon of laughs—a convulsing comedy of a girl who married one man to spite another, then took them both on her honeymoon. The new serial, "Secret Agent X9," starts to-night at 7.40. The big attraction on Saturday, April 23, will be "Rose of Tralee."

Flood at Beaufort.

NEARLY 2½ INCHES OF RAIN IN AN HOUR AND A HALF.

WATER ENTERS SOME HOUSES.

Two hundred and thirty-five points of rain fell in an hour and a half at Beaufort, between 9.30 and 11 o'clock on Wednesday night, and caused a flood which exceeded in severity the floods of 1909 and 1922. The water reached higher levels than ever before, and got into some of the houses adjacent to the Ding Dong, Camp Hill, and Yam Holes creeks. The Camp Hill creek was roaring like a torrent, and the water covered the greater part of Bourke street and Brick-kiln road, and got over the Lawrence street railway crossing. From Ding Dong Creek the flood stretched for many hundred yards up Havelock, Pratt, Willaby, Livingstone, and Neill streets. The Yam Holes Creek flooded the eastern end of Neill street and Letchards street. Many people had to be taken home in motor cars, and then had to wade through water to their doors.

At Trawalla the Emu creek overflowed its banks, and part of the Skipton road, about a mile and a half from Beaufort, was flooded by water coming off the hills.

At Southern Cross the creek also inundated the low-lying ground.

The railway repairers had to work all night. There was a washaway on the line between Trawalla and Burrumbeet.

The water, which receded very quickly, carried heavy poles, logs, and branches of trees for considerable distances, and in the morning the streets of the town affected were littered with debris and silt, and the surface washed off the roads. At its worst, the flood was over the decking of the bridges on the Camp Hill creek.

During April five inches of rain has been recorded to date, and for the present year to 13th April 808 points.

Mawallok Fatality.

FINDING AT INQUEST.

"That deceased died from the crushing of the chest, caused by the falling of a piece of granite from the top of a tombstone," was the finding of the Deputy-coroner (Mr R. A. D. Sinclair, J.P.) at the inquiry into the death of Harold Linton Currie, at the Beaufort Court House on Thursday.

Mrs Annie Ellen Drew, of Beaufort, stated that at about 1.30 p.m. on April 6, she was in company with Harold Linton Currie. They went to the paddock at Mr Mawallok gathering pine cones. Later, they reached the old private cemetery, and Currie took through it. While in the cemetery, they continued gathering pine cones, and Currie's head started to bleed. Otherwise, he was in the best of spirits. They had a look at the monument, but that was nothing unusual. Later on they went about climbing to the top of it. She then said, "We will have to leave here as I want to get down to the creek," and she walked leisurely to the gate, about fifty yards away. She thought Currie was following her, but on reaching the gate, she just heard a dull thud and a groan. Running back, she found deceased lying on his face on the ground and noticed the top pillar of the monument lying beside him. She turned him on his side, and then ran to the Mawallok Estate Office for assistance, but about 150 yards away for help. She did not see him attempt to climb the monument after she left him to go home.

To the Deputy-Coroner—After she left him, she did not see whether he was bleeding or sitting down, or whether he was climbing the monument. She had no idea what he was doing.

Constable John Duke, of Beaufort, gave evidence to the effect that at about 2.30 p.m. on April 6, he received a telephone message from Dr. S. E. Humphreys, from Mawallok, stating that a lad named Harold Linton Currie had been accidentally killed there. He proceeded to Mawallok, and from information received, he inspected a large monument in the private cemetery situated on the property. The monument was a granite structure, about 14 feet high, and built in sections. At the top of each section there was a ledge about 10 or 12 inches wide. The first ledge was about six feet from the ground. There was a large tree with its branches extending over the monument, and the ground there was a piece of granite about four feet long, eight inches square, and weighing about 1½ cwt. A wooden peg was in the centre of the block, on which this portion had been placed. It was protruding about three inches above the block. The cement had rotted with age. He did not think it possible for the top portion to fall off unless it had been pulled. There was moss growing on the bottom ledge, and this had been broken recently, probably by a person climbing on to it. He noticed a pool of blood near a piece of stone on the ground. On inspecting the body, he found the marks on the clothes and stomach corresponded with the edging of the piece of stone on the ground.

Dr. S. E. Humphreys, medical practitioner, Beaufort, stated that at about 2.30 p.m. on April 6, he was called to Mawallok. There he was shown the body of Harold Linton Currie, aged 17½ years. He appeared that the upper part of the chest had been crushed in, and the internal organs ruptured. This would be sufficient to cause death, which, in his opinion, was instantaneous.

The jury concluded the evidence, and the Deputy-coroner gave his finding.

Engineer's Report

APRIL, 1933.

Rains.—The extremely dry conditions were broken by two good rains since last meeting; aggregating at Beaufort 560 points.

On the evening of the 12th inst., 270 points fell in Beaufort in less than two hours, a rate of fall nearly twice that for which it is usual to make provision in town drainage. Floodings in lower portions of the town resulted, particularly along the Ding Dong Creek, where levels occurred higher than previously known to residents. Other drainage lines were overtaxed. On the Goldfields' line it was fortunate the reservoir was at low level. On the night of the 12th inst., it received storm water, rising 5 ft. 1 in. from midnight to 8 a.m., and now is 1 ft. 3 in. only below full supply level. At Jonathan's Reservoir, storm water overtaxed the diversion drains and broke into their reservoir, adding two feet of level in so doing and has thoroughly discoloured the water. This reservoir has therefore been disconnected and restrictions are being finished. Until settlement takes place at Jonathan's, Jackson's Reservoir will be used in place of same. The removal of water restrictions is recommended.

Snake Valley Water Supply. — The reservoir has received a storm inflow and now stands one foot higher (5 ft. 2 in. level) than at last report. The quality has been clouded by the inflow. The removal of restrictions is recommended.

Bridges and Culverts. — All structures appear from reports and inspections to date to be in order, with the exception of one small footbridge in Beaufort, which was moved bodily from its location and was retrieved.

Roads.—The damage occasioned by rain has been widespread to surfaces, more particularly in the timbered areas, where bush leaves and twigs have caused chokages of culverts and table drains. Minor scours have also occurred. Clearing patrols are at work. The re-gravelling of sections from which blinding has been washed will take several weeks of patrol work. The full extent of damage occurring has not yet been assessed, but does not appear excessive.

FOR MEN.

MANY men have the impression that a Savings Bank Account is suitable only for women and children, and that it is neither convenient nor dignified enough for business men.

Certainly those business men who have many payments to make over a considerable area need cheque accounts, but even those, in common with all other men, will find the Savings Account a most useful and convenient aid to money accumulation.

There is nothing undignified in the transaction of Savings Bank business, but there is interest profit to be earned on such monies as would otherwise lie idle.

Beaufort Golf Club

REPORT.

We have pleasure in presenting the Report for year ended 31st March 1939.

Ten meetings were held, and business was keenly discussed by a high average attendance.

Receipts from Tournament were less, and only that we received special assistance from Geelong Club members, the profit would have been much smaller. As the Committee depends very much on this event, the practical method of retaining its standard is for club members to enter daily and invite golfing friends to stay during the tournaments, as visitors generally enter for all events for which they are eligible.

The Statement of Accounts discloses a favourable position, but the recommendation of the last Annual Meeting to make a substantial reduction of liabilities could not be done without limiting improvements and progress.

Thanks are extended to all donors of trophies, and we appreciate the help of the President, Secretary, and Committee of Associates in the smooth working of the Club. It is pleasant to record the success of the Associates' team in winning the A grade district pennant. The Kal Kal Cup was won by Lexton through defeating our team in the final after the closest finish since its inception.

Two former winners of the Club championships were again successful, and we congratulate Mrs. J. E. Day (Associates) and Mr. M. E. L. Watkin (Men) on their victories.

Wishing the Club a bright and prosperous season.

With the approval of the Committee,

PERCY T. STEVENSON, President.
SAMUEL YOUNG, Secretary.

Associates' Report, 1938.

On behalf of the committee, we have the honor to present the annual report for the 1938 season.

We are happy to state that the past season has been one of happiness and much social enjoyment. Competitions were enjoyable at both the Wednesday and Saturday matches. Reduction of handicaps exceeded any previous season, and we congratulate those members who did so upon their success.

The committee is very grateful to all those members who so generously donated trophies during the year, besides creating more interest in the matches, it is a great help financially. We would like all donors of trophies to accept this as our personal offer of thanks. Also we would like to thank all members who brought flowers and took so much interest in decorating the club house during the year.

Our club took part in the two Ballarat district pennant competitions, and we are very proud of the fact that our A team succeeded in winning the pennant without the loss of one match, and we offer this team our congratulations.

Our B team did very well in the matches for the Forbes-Gummow cup, and some enjoyable and interesting games were played.

We would like to congratulate Mrs Day upon winning the Associates' Championship, Mrs Hodder for winning the silver spoon, and Mrs P. George for winning the Associates' jug (first round).

We would like to thank the Greenkeeper and Mrs Lardner for their courtesy throughout the season.

The balance-sheet shows a credit balance of £10/1/1.

In conclusion, we would like to express our appreciation of the loyal support and help which we have received from all our members during the past year.

M. C. HODGETTS, President.
M. S. GEORGE, Hon. Secy.

TOWN BAND.

ANNUAL SPORTS.

Delightful weather favoured the Beaufort Town Band's Easter Monday sports at the Park and there was a good attendance of the public. Fifty-five motor cars lined the arena, and the gate receipts amounted to £27/12/6. An attractive programme of wood-chopping, cycling, and novelty events was provided, and there was a good proportion of close and exciting finishes. Mr C. Lang, of the Railway Hotel, conducted the publican's booth, and Mr R. T. Macdonald the fruit and sweets stall. An afternoon tea booth was in charge of the wives and lady friends of the bandsmen. The crowd at the sports was a very orderly one, and First-constables J. Duke and W. Hales had no unpleasant tasks to perform. The Salvation Army made a very nice gesture towards the Town Band, which had assisted at several of their functions, by granting the services of the Chilwell S. A. Band (under Bandmaster Freeman), which was on a week-end visit to Beaufort. A very acceptable programme of music was rendered by the visiting bandsmen.

The officials worked well under the capable leadership of Messrs. F. Blay (president) and Reg. Davey (secretary). The latter carried out his arduous duties with thoroughness, and gave every satisfaction. Following is the list of officials:—Messrs. F. Blay, Reg. Davey, L. Pearce, E. R. Martin, J. J. Dunn, W. Connor, A. C. Welsh, G. Boyd, John McErvale, J. H. Fitzpatrick, H. Brown, H. Featherston, A. E. Crick, C. Broadbent, F. Latch, A. J. Hughes, A. McGregor, C. Meredith, Geo. Wilson, F. O'Brien, junr., W. Fitzpatrick, W. M. Fitzpatrick, and R. Saddler.

The presentation of trophies took place during an interval.

Mr F. Blay (president) handed the gold medal donated by Mr A. Lewell to F. Ahern, winner of the Underhand Woodchop, and congratulated him.

Mr Ahern said he was pleased to chop against such really good "sports" and he did not think anyone begrudged him his win.

Mr Blay presented the A. P. Sykes' cup to E. Lofts, the winner of the Scratch Cycle Race, and said it was one of the best races he had seen in the Park. The Beaufort lads always had a "go."

Mr Lofts returned thanks.

In presenting the cup (given by Allan & Co.) to W. Green, who won the Standing Block Chop, Mr Blay commented on the wonderful handicapping in this closely-contested event.

Mr Green, in response, said it gave him great pleasure to win the cup in such company, and under Mr Connor's handicapping; Mr Connor doing the handicapping for all the clubs around, with one exception. He thanked his trainer, Mr Meade, and congratulated the second man, Mr Martin.

Mr Blay then presented a Plumb ring axe to M. E. Martin, the second man, who briefly responded.

The president also handed a racing axe to C. E. Lane, second man in the Underhand Chop. He thanked all the axemen who had come here and made the sports such a wonderful success, and also the officials, who had put the band sports on the map.

In response, Mr Lane said he was very pleased to win the trophy.

The logs were obtained from Mt. Cole forest by means of a working bee, and there was much favourable comment on their evenness and good quality.

The winner of the Half-mile Cycle Race, W. Clough, had 34 lengths to spare at the finish; B. Crocker being second. There was a great finish to the Underhand Woodchop; a blow separating each of the placed men. The winner was F. Ahern, and the second man C. E. Lane. W. Nugent secured first place in the Mile Cycle Race by a little over a length; W. Clough being second. The closest and most exciting finish of the day was in the final of the Standing Block Chop, which was won by W. Green, with M. E. Martin second, and F. Hains third. There was almost a dead heat between the three of them. The Three-mile Scratch Cycle Race was won by Inches by E. Lofts, with the second man (W. Clough) only half-a-wheel in front of the third (W. Anderson).

Details of the various events are appended:—

Beaufort Cycling Club's Half-mile Race — £1/5/ added to noms. First Heat — W. Clough, 50 yds., 1; G. Lofts, scr., 2; N. Simper, 15 yds., 3. Time, 65 sec. Won by two lengths. Five starters.

Second Heat — B. Crocker, 60 yds., 1; G. Cougle, 40 yds., 2; E. Lofts, 15 yds., 3. W. Nugent and A. Pedder fell and hit the fence, but were unhurt. Won by 2½ lengths. Time, 64 sec. Six starters.

Third Heat—W. Anderson, 45 yds., 1; R. Crick, 60 yds., 2; T. Lewis, 30 yds., 3. Time, 64 sec. Won by half-a-length. M. Crick fell on the grass shortly after the start. Six competitors.

Final — W. Clough, 1; B. Crocker, 2; W. Anderson, 3. Time, 63½ sec. Won by 3½ lengths; a length between second and third. Six starters.

Underhand Woodchop, logs 30 in. girth—£6 and gold medal (donated by Mr A. Lewell), £1/10/ and Plumb racing axe, and 10/. First Heat — F. Hains, 5 sec. bhd. scr., 1; E. Glenister, 12 sec. bhd., 2; H. Glenister, 5 sec. in front, 3. Time, 59 sec. Won easily by seven or eight blows. Seven competitors.

Second Heat — P. Van Every, 11 sec. bhd., 1; W. Hains, 3 sec. bhd., 2; E. Anderson, 6 sec. bhd., 3. Won by seven blows. Time, 59 sec. Six competitors.

Third Heat — C. E. Lane, 10 sec. bhd. scr., 1; F. Ahern, 5 sec. in front, 2; M. Flavell, 5 sec. bhd., 3. Won by five or six blows. Time, 56 sec. Five starters.

Fourth Heat — A. Lyttle, 4 sec. bhd., 1; T. Pearce, 8 sec. bhd., 2; F. W. Ahern, 11 sec. bhd., 3. Time, 55 3-5 sec. Won by seven blows. Five competitors.

Final — W. Green, 1; M. E. Martin, 2; F. Hains, 3. A close and exciting finish—almost a dead heat between the three placed men. Time, 63 sec. Six competitors.

Stepping the Distance. — Trophy. — H. Brown. Forty entries.

Local 3-mile Scratch Cycle Race — £1 and silver cup contested by A. P. Sykes), with eight secret lap prizes of 2/ each—E. Lofts, 1; W. Clough, 2; W. Anderson, 3. Time, 7 min. 24 sec. An exciting finish; won by inches, with half-a-wheel between second and third. Twelve competitors. Secret lap winners — T. Lewis (3), G. Lofts (2), W. Nugent, R. Crocker, E. Lofts, and F. Crocker.

Bowling at Wicket — Trophy. — Rex Dunn.

Guessing Weight of Sheep — H. J. Buchanan, L. Howlett, and H. V. McLean tied; each guessing 143 lb. The exact weight was 142½ lb.

EUCHRE SOCIAL AND DANCE.

At night there was a good attendance at the euchre tournament and dance in the C.W.A. Hall. Mr Barnes' Orchestra supplied the music. Mrs A. H. Parker won the euchre prize in one section, and the consolation prize was divided by Mesdames A. Beer and J. Duke. The euchre and consolation prizes in the other section were divided by Mr A. Pedder, Mrs W. Gillingham, and Mr R. Saddler. Supper was served. The secretarial duties were in the capable hands of Mr Reg. Davey.

BEAUFORT C.W.A.

APRIL MEETING.

C.W.A. members were entertained by an unbiassed talk from the point of view of an actual visitor to Russia, on Thursday afternoon, 6th April, when Mrs Dwyer spoke upon her journey through that land, about which most of us cherish a number of illusions gleaned mostly from our somewhat limited choice of literature. The speaker presented a picture of an industrial nation, the majority of whose citizens had gradually struggled from the morass of mass ignorance into a certain state of decent living. She described in some detail the collective farms, the old catacombs, the factories, schools, and workmen's houses of Leningrad, Moscow, and the other large centres, completely dispelling ideas of a downtrodden, half-starved nation, which people are often beguiled into believing Red Russia to be. Mrs Beggs presented a lovely bouquet to Mrs Dwyer, at the conclusion of her interesting address, and a hearty vote of thanks was accorded her, on the motion of Miss Lalla Stewart and Mrs C. H. McKay.

When the routine business of the meeting was resumed, the president (Mrs Theodore Beggs) welcomed Mrs D. Stewart and her daughters back from their Continental trip. She expressed sympathy with Mesdames A. L. Wotherspoon, W. L. Williams, and Harrison in their sad bereavements. Mrs Green was congratulated upon the birth of her little daughter.

The birthday greetings were read, and the president announced that the opportunity shop would be held on May 11; that Rev. W. J. Tame would demonstrate rug-making at the next meeting; and that a teapot competition, run on the same lines as the jug competition, would soon be held.

It was then reported that Mrs Ormond had raised £6 for the C.W.A. Bush Fire Relief Appeal by a guessing competition for a basket she had made. It was won by Mr J. R. Wotherspoon. Mrs L. R. Scott was also thanked for her effort for the same cause.

The winner of the monthly competition — the best meat pie — was Mrs Willis, and the May competition will be the best sponge roll.

The president reminded members of the Younger Set ball for the Bush Nursing Hospital on April 26, and asked for donations towards the supper.

A tasty afternoon tea was served before the meeting dispersed.

Stawell Gift.—The Stawell Gift was an excellent race, and was won by L. W. Sprague, of Ballarat, off 9½ yds. L. Dunn was second and J. A. Doyle third.

Lexton Shire Council.—At the Lexton Shire Council meeting on 14th inst., a letter was received from Department of Lands and Survey, inquiring if there are any objections to W. J. Kay leasing road reserve at end of allotment 10, section C, parish of Langi Kal Kal. From same, asking if there are any objections to W. J. Kay's application for lease of reserve in Trawalla Creek. On the motion of Crs. Smith and Clark, both letters were held over for a month. Cr. Smith said the engineer and he had that morning noticed a culvert, opposite Waterloo reservoir, with four broken planks.—Mailed.

Carngham Gymkhana.—At the annual gymkhana of the Carngham Turf Club on Easter Monday, W. Smith's Aitway, from 30 yds., behind, ridden by his owner, won the Horse Trot of one mile, easily by three lengths, in 2 min. 40 secs. A. Brown's Epohruo, 60 yds. behind, being second. In the Horse Trot, of one mile and a half, when the field settled down, Aitway went to the front and led most of the way, but entering the straight, Mt Nunni's Austral Direct made a fast run on the outside and then moved up to the leader and a great tussle between the two took place, and Austral Direct managed to win by half a length, with one length between second and third (Epohruo). Time, 3 min. 49 sec.

Beaufort A.N.A.—The fortnightly meeting of the Beaufort branch, A.N.A., held at the Mechanics' Institute on Tuesday night, was attended by six members; Mr W. Gillingham (president) being in the chair. A circular was read from the Board of Directors re alterations of rules at annual conference; including payment of medical fees in advance from the beginning of the May quarter. Another circular was read in regard to National Insurance. Copies of the report of the annual conference were laid on the table. Accounts amounting to £33/5/ were passed for payment. The repeat of A. H. Sands and J. E. Pearce) will be given at next meeting.

Beaufort Gun Club.

EASTER THURSDAY SHOOT.

The Beaufort Gun Club held a meeting on Easter Thursday, 6th April, for £123/4/ in cash prizes and 228 worth of trophies. Results were present from Melbourne, Warrnambool, Hopkins Hill, Chatsworth, Hamilton, Ararat, Grant Western, Ballarat, Geelong, Traralgon, Dandenong, Stawell, and Beaufort.

In the Easter Gift—6 starlings and 6 pigeons off handicap marks —Calvert, Kent, Gubbins, and "Snipe" tied with 10 kills each. They shot on, and the event was won on the 18th round by Gubbins; "Snipe" being second, and Kent third. The winner received a magnificent tea and coffee service, the second man a case of cutlery, and the third an entree dish.

Special prizes for the same event from respective marks were won by "Calrossie," Tubb, "Snipe," Gubbins," Kent, Saph, and Napier. Sweepstakes run in conjunction with the gift resulted:—Starlings (£3/12/)—Divided by "Snipe," Wohlers, and Kent. Pigeons (£3 12/)—Divided by Dawson, Napier, Gubbins, and Calvert. Pigeons (£8 10/)—Divided by Overall, Kent, Gubbins, "Snipe," and Calvert.

A £50 Handicap was divided as follows: — "Calrossie," Stanhope, Morrison, and each; Wilkinson, Calvert, Gubbins, Napier, Wohlers, Dawson, £7/6/6 each.

Pigeon Sweeps. — No. 1 (£10)— Divided by "Calrossie," Tubb, and Davies. No. 2 (£16)—Divided by "Calrossie," Wilkinson, and Calvert. No. 3 (£14)—Divided by "Calrossie," Gubbins, and Sands. No. 4 (£9/10/)—Won by Gubbins.

Pigeons put through the traps totalled 327, and starlings 200.

"Calrossie" acted as referee, Mr W. I. Halpin as scorer, Mr A. C. Welsh as puller, and Mr A. J. Saph as secretary.

Easter Services. — On Good Friday services were held at the Beaufort Anglican, Methodist, and Presbyterian Churches.

"The Australian Journal." — Highlight of the April "Australian Journal" is "Attorney-General," Rex Grayson's yarn of the old bushranging days. Other good yarns are contributed by Frank Franklin, Barry McKee, Arch Whitehouse, Joy West, and others. Altogether the issue contains 96 complete stories, as well as the two serials and other features, which is pretty good value for 6d.

Death of Prime Minister.—After a brave struggle against the effects of a series of heart attacks, the Prime Minister (Mr Lyons) died in the St. Vincent's private hospital, Sydney, at 11.40 a.m. on Good Friday. Later Sir Earle Page accepted a commission to form a Government, and was sworn in as Prime Minister. The appointment is temporary. Shortly after Mr Lyons' death it was announced that he intended to retire from the leadership of the Government shortly.

Visit of Chilwell S.A. Band. — An interesting week-end was spent at Beaufort by a Salvation Army band from Chilwell, under the leadership of Adjutant Parkinson and Bandmaster Freeman. Programmes that were varied and enjoyable were rendered to good congregations at the local Salvation Army's special Easter meetings (organised by Captain Bosse), and the after-church sacred concert drew a large crowd. Judging by the number of listeners, the playing of a hymn tune in the street by the local and visiting bands was of great interest. The visiting bandsmen were delighted to be of some service at the Town Band sports on Easter Monday, and finished an enjoyable week-end by partaking of a tasty afternoon tea, given at the Park by the wives of the local bandsmen.

Thunderstorm and Heavy rain.—On Thursday night and Good Friday morning heavy rain fell at Beaufort, and on Thursday night there was a heavy clap of thunder that frightened residents because of its close proximity. At Miss A. E. Schlicht's home all the electric lights were blown, and in several parts of the town the storm put telephone and electric lighting connections out of order. The rainfall on Thursday and Good Friday was 105 points, which added to the 76 points that fell on the previous Wednesday makes a total of 260 points. At Waterloo, Chute, and Lexton 41 inches fell on Thursday and Good Friday. Tanks and dams throughout the district were filled, and farmers and graziers should now be able to look forward to a favourable season.

New Council Chambers.

SHOULD RIPON TAKE THE PLUNGE?

ENGINEER TO FURNISH ROUGH ESTIMATE OF COST.

Speaking at the Ripon Shire Council meeting on Monday, Cr. D. F. Troy said that the new council chambers at Linton were a credit to Grenville Shire. He was wondering whether the time had not arrived when Ripon should take the plunge and put up decent council chambers.

Cr. Roddis — If municipalities were grouped, Linton would have an advantage. It would be better to wait a while.

Cr. Troy — He was not advocating the erection of a public hall, but council chambers only. The main point was the accommodation for the officers. Mr Crouch's room was unhealthy, and the secretary's room was inconvenient.

The engineer — Everything was on the move, and they had to move with the times. He hoped it would not be long before they launched out.

The president (Cr. Wills) — Things were moving very rapidly, and they would soon have a lot more taxation.

Cr. Troy moved that the engineer furnish a rough estimate of the cost at next meeting.

Cr. Hinton, in seconding the motion, said the farmers would have been nowhere if they had not borrowed money in years gone by.

Cr. Sinclair — Councils were paying chambers off on long terms.

The president — They were paying machinery off on long terms here.

Cr. Sinclair — Were they not saving money by it?

The motion was carried.

Cycling Club.

ANNUAL MEETING.

At the Beaufort Mechanics' Institute on Tuesday night, the annual meeting of the local Cycling Club was held, and was attended by nine members. Mr L. Pearce (president) occupied the chair. Apologies were received for the absence of Messrs A. Stowell and C. Meredith.

A letter was read from Mr K. Liston, resigning the position of secretary, as he had left the district.—Received with regret.

The balance-sheet for the past year showed receipts totalling £10/10/9 and expenditure amounting to £2, leaving a credit balance of £8/19/2. — Adopted, on motion of Messrs E. Lofts and T. Lewis.

The following office-bearers were elected for the ensuing year:—President, Mr L. Pearce; vice-president, Mr A. E. Pedder; treasurer, Mr N. Lamb; secretary, Mr C. Stewart; handicapper, Mr L. Pearce; committee, Messrs Pearce, Pedder, Lewis, Cougle, C. Meredith, and N. Lamb.

An account for 5/ was passed for payment.

Mr E. Lofts moved that another aggregate competition (10 races) be held. Seconded by Mr F. Crocker, and carried.

Mr E. R. Martin moved that the distances of the races be:—5 miles, 10 miles, 8 miles, 5 miles, 10 miles, 15 miles, 20 miles, 10 miles, 10 miles, 10 miles. Seconded by Mr G. Lofts, and carried.

Membership fees were fixed at 1/ for old members and 2/6 for new members, on the motion of Mr E. R. Martin and the president.

It was understood that nominations for the races would be 2/ each, the same as last year.

It was mentioned that there was every possibility of a good number of local cyclists competing at the Buangor sports.

Mr R. Crick moved that the club register as a professional one. Seconded by Mr E. Lofts

The motion was dropped; there being considerable opposition to it.

The committee is to decide the dates and courses for the year's road races.

Returned Soldiers' League.

COMMITTEE MEETING.

At the monthly meeting at the Shire Hall on Saturday night of the committee of the Ripon Sub-branch of the Returned Soldiers' League, there was an attendance of 17 members. Mr C. H. McKay (president) was in the chair.

A circular was read from the State branch, in regard to preference to returned soldiers in respect to State election appointments.

A letter was also read from the State branch in regard to soldier settlers' payments.—The president said the payments would now be on March 1.

A further circular referred to the A.I.F. reserve of the defence forces, and giving particulars of the service to be rendered in classes A and B.

The New Zealand Centenary trip was the subject of another circular, and it was stated that particulars would be forwarded as soon as available.

A circular dealing with the postponed special State branch conference was also read, which will deal with the universal training and voluntary enlistment.—The president reported that at a State branch meeting he had voted against a conference. He held they had no right to go into the implementation of the resolution. Mr Wells and he had only 36 hours' notice, and decided that the sub-branch would not be represented at the conference. However, the Prime Minister died, and the conference was postponed. It was in the hands of the meeting as to whether they would send a delegate if a further conference was held. Mr Pascoe moved that it be dealt with by the committee. Seconded by Mr A. S. Duncan, and carried. Mr Duncan moved that the sub-branch agree with the resolution passed by the Federal Executive on the matter on 17th March; there being no need for a conference. Seconded by Mr L. R. Scott, and carried.

A card was received from Mr and Mrs H. Currie, of Mawallok, thanking the League for expression of sympathy in their bereavement.

A letter was read from Mr Geo. Brown and family, thanking the branch for expression of sympathy in their bereavement.

An invitation was received from Rev. J. P. MacDougall to members to attend an Anzac Service at the Presbyterian Church at 7 p.m. on April 23.

The secretary (Mr Wells) reported a credit balance of £49 16/9, and a membership of 73, which was equal to that on 17th June last year.

In regard to Anzac Day, Mr Wells said the League could broadcast for children of the schools' Anzac Day Service had been arranged for 24th April, Mr J. P. Wotherspoon handling the wireless set. Mr Young would deliver an address before the broadcast service. They would assemble at 2.30. The ladies would be asked to provide afternoon tea for Anzac Day, April 25, and Mrs Webster would take the matter of divisional wreaths in hand. Extra seating would be provided, and the local ministers would be asked to participate. Medals and decorations were to be worn. The hall would be at their disposal if the day was wet. A number of committeemen were required at the Memorial Park on Anzac morning.

The president said the speaker would be Mr W. J. E. Coulson, of Caulfield.

The secretary said the members would assemble at the Band Rotunda at 2 p.m. and move off to the cemetery at 2.15, and return at 2.45 to Schlicht's corner and move off to the shrine for service at 3 p.m.

Mr Duncan said the Mechanics' committee invited the members to play a match against them at billiards and bridge.

The president suggested that the challenge be accepted.

This was agreed to and left in the hands of Mr F. J. Martin.

Anzac Day.

POLICE COURT.

NO REAR VISION MIRROR.

TRUCK DRIVER FINED.

For having no rear vision mirror attached to a motor truck he was driving at Beaufort on March 30, Theodore Harrison, of Waubra, was fined 10/ at the Beaufort Police Court on Monday.

The Bench was occupied by Messrs R. A. D. Sinclair and A. Campbell, J.'s.P., and the informant was First-constable J. Duke, who also conducted the prosecution.

Defendant did not appear.

In his evidence, First-constable Duke stated that at about 11.30 a.m. on March 30 he was on beat-up duty for drivers' licences at the corner of Lawrence and Neill streets, Beaufort. He stopped Harrison, and noticed that there was no rear vision mirror in the holder. Defendant said he broke it about a month previously, and did not replace it because he intended to get a new outfit.

A fine of 10/ was imposed.

RIDING BICYCLE ON FOOTPATH.

LIGHT FINE IMPOSED.

WARNING TO CYCLISTS.

"We are not asking for a severe penalty in this case. The object in bringing defendant before the court is to try and have this class of offence checked. It is a bad practice and the police intend to stop it, and heavier penalties would be asked for should any such cases come before the court in the future," said the prosecuting officer (First-constable J. Duke) at the Beaufort Police Court on Monday, when Rex Dunn, of Waterloo, appeared to answer a charge of riding a bicycle on a footpath in Neill street, Beaufort, on March 30.

Defendant pleaded guilty and was fined 2/.

First-constable W. Hales stated on oath that on March 30 he was on duty in Neill street, Beaufort, when he noticed Dunn ride a bicycle along the footpath for a distance of about 50 yards. When questioned on same, said the road was too rough to ride on. The road was good.

Defendant, who had no questions to ask, said that he did not know that he was on the footpath, otherwise he would not have offended. The road was too rough to ride a bike on.

Mr Sinclair (humorously)—That was pretty rough on you, Mr Rex.

Defendant, saying that the road was too rough to ride on.

A fine of 2/ was imposed.

A THOUGHT FOR TO-DAY.

"One half the world must sneer and greet that the other half may dream."

Water Restrictions. — The Shire engineer (Mr. S. Crouch) notifies Beaufort water supply consumers that restrictions are now removed.

Facial Cuts and Abrasions. — Miss Norma Cole was riding a bicycle at Beaufort with another girl, when they both received nasty facial cuts and abrasions.

Leg Gashed. — Mr. Arthur Crick, of Beaufort, had the misfortune to gash his foot severely while using an axe, and several stitches had to be inserted.

An Old Coin. — Among the recent heavy rain, Mr. Wm. Goodie, of Beaufort, picked up a silver 4d. piece, dated 1838, in the Main Lead road. It was minted 103 years ago.

Electric Bowsers. — Beaufort now has two more electric bowsers; one having been installed by Mr. V. Wilson, of Wilson's Motors, Neil street, and another by Messrs. J. R. Wotherspoon & Co., at their hardware store.

Skipton Items. — We have received the Centenary issue of the "Skipton Standard," which contains a well-illustrated, comprehensive, historical article on the front page, and reports of the various functions. The issue reflects considerable credit on the publisher.

Wool Sales. — At the Geelong wool sales on Thursday, JB conj./ R (Raglan) sup. com., sold at 15id; TJT/BFC (Beaufort), 20 bls. 15id; YALONG/M (Beaufort), aaa m 13¾d; M/R (Raglan), aaa m 13¾d; M/R (Raglan), aaa m 13¾d; CCT/Raglan, aaa m 13¾d; WA/Buangor, aaa com. 13¾d.

Better Than They Knew. — Speaking on Thursday night at Beaufort, Mr R. C. Hodgetts (president of the Mechanics' Institute) stated that if there was any way in which the Institute could help the Brigade, it would do so. In replying, Mr J. Duke said the Institute had already helped the Brigade by purchasing an unused set of carpet bowls, and they now had a social club of 70 ladies attached to the brigade playing carpet bowls.

Advice to Young Children. — In consequence of a recent street accident to a schoolgirl, Beaufort constable J. Duke, of the Beaufort police, visited the local school and gave the children some good advice. He stressed the importance of children on no account running out of the main street, and urged them to look both ways before Leichhardt street and past the tennis court, instead of the Western Highway, when leaving school for home. They should also not ride more than two abreast. Children should not walk on the roads, he said, but use the footpaths. It is hoped that parents will co-operate with the police and teachers in the endeavour to instil some first ideas into the children in regard to motor traffic.

Methuen Citizens' Visit. — To those unfortunate enough to suffer from eyestrain and headaches, Colin Campbell, Methuen opticians, extend a cordial invitation to consult their representative on his next visit to Beaufort on Monday, May 1st, at the Mechanics' Institute, from 1 p.m. till 5 p.m. The large majority of headaches and many eyestrain orders are caused by eyestrain, and your case may be in this category. A visit to Colin Campbell is a thorough sight test by their certified opticians, and your mind will be set at ease. Remember Coles & Buckley will be here every six weeks, and may be relied upon to give expert attention and honest advice.

Brewster Cricket Club. — Following are the batting and bowling averages of the Brewster cricket team for the past season:—Bowling—D. Dawson, 389 runs, 39 wickets, average 9.9; P. Hamilton, 384, 31, 12.3; M. Dawson, 201, 18, 11.1; W. Dawson, 145, 8, 18.2. Batting—M. Dawson, innings completed 14, highest score 46, total 324, ave. 25.2; D. Dawson, 15, 37, 237, 15.8; K. SOCIAL AND PERSONAL.

NEWS ABOUT PEOPLE AND EVENTS.

Miss Frelda Glenister, of the staff of the Geelong District Hospital, visited her parents (Mr and Mrs W. Glenister) as Beaufort last week-end. Mrs Bennett, of Geelong, was also the guest of Mr and Mrs Glenister.

Mr K. W. Lewis has been appointed head teacher of the Raglan school, the status of which has been raised to the fourth class. Mr Lewis was recently notified of promotion and a transfer elsewhere (having been at Raglan 12 years), but that has now been altered, to the satisfaction of Raglan residents.

Mr and Mrs J. Watters, who live in Western Australia, have been staying at Lake Goldsmith with Mr and Mrs C. Whitfield. Mrs Watters is the sister of Mrs W. Newey, of Beaufort, and the aunt of Mrs Whitfield.

Miss Joan D'Helin, of Ararat, and her fiance, Mr Fred Fox, were the guests of Mr and Mrs H. Sayers, of "Waratah," Geelong West, during Easter.

F.B. Social Club. — The Beaufort F.B. Ladies' Club held their weekly card social on Saturday night. Mr G. Nothnagel won the euchre prize in one section, and Mrs Gillingham the consolation prize. The euchre prize in the other section was won by Mrs C. Hess, and the consolation prize divided by Mesdames E. Sullivan, A. McGregor, and J. Cole. A carpet bowls competition was won by Mesdames V. Linke, W. Gillingham, A. McGregor, Messrs W. Cheeseman, I. Cheeseman, and C. Hearne. Supper was handed round. Mrs J. Duke acted as secretary.

Mothers' Club. — The meeting of the Beaufort Mothers' Club on Friday afternoon, 14th inst., at the local school was well attended, and apologies were received from three absentees. Mrs S. E. Humphreys (president) presided, and cordially welcomed a new member, Mrs Bell. A discussion (secretary of the branch) gave an interesting report on the annual conference of the Mothers' Clubs, which was also attended by the president. The action of the officers in sending wreaths to three members who had suffered bereavements was endorsed. It was reported that the club's effort for the Bush Fire Relief Fund brought in £7/15/7. Mr L. R. S' Dalrymple (head teacher) thanked the members for the successful effort they made at the school sports. Mats from the Institute for the Blind and pictures are to be purchased for the school. Arrangements were made to hold a social afternoon on the following Friday. A letter was read from Mr Les. Benoit, Ballarat, offering to conduct community singing sessions at Beaufort, and it was decided to obtain further particulars.

Progressing. — Gerald Woods, son of Mrs Woods, of the Golden Age hotel, Beaufort, who was recently operated on for appendicitis at Ballarat, is making good progress.

C.W.A. Younger Set. — The Beaufort C.W.A. Younger Set held their April meeting in the Club Rooms on Monday evening, 10 members attending. Miss J. Skene (president) was in the chair. The secretary (Miss D. Parker) presented the financial statement, and balance recently held for the local Mechanics' Institute, at which there was a profit of £3. Final arrangements were then made for the Autumn ball, to be held on April 26, to aid the B.N. Hospital appeal fund. The proprietor of the Picture Theatre will have the new supper room by then, it was decided to seat everyone at supper at the one sitting, and the girls were divided into two groups, to act as waitresses, etc. The secretary also reported that consumer for Mr and Mrs Mackenzie, of Trawalla Estate, had generously donated some lovely prizes for the novelty dances, among which were a ladies' handbag and a Dalton weapon. The hearty vote of thanks was accorded the donors. Members were asked to make a personal canvass of the town for support, and to invite everyone to the dance. Miss Jean Wood also sent an invitation to the Younger Set and their friends to be present at her 21st birthday party in the C.W.A. Hall on Saturday evening next.

Carpet Bowlers Visit Ballarat.—The ladies of the Beaufort Fire Brigade Social Club visited the Ballarat Fire Brigade Ladies' Bowling Club on Wednesday afternoon, and played a tournament. The winners during the afternoon were Mesdames A. Beer, A. McFarlane, Dav. senr., Heagney, Doull, and Harris. Mrs J. H. Hughes presented Mrs Mills, who had left Beaufort for Ballarat, with a silver cuphook, and she also gave the president of the Ballarat Club (Mrs Barlow), a fruit set, to be played for. Mrs Barlow welcomed the Beaufort Club, and a tasty afternoon tea was served.

MECHANICS' INSTITUTE.

MEETING OF COMMITTEE.

Various subjects of importance to the Beaufort Mechanics' Institute were discussed on Wednesday night at the monthly meeting of the committee, which was attended by eight members and the secretary-librarian (Mr A. S. Dinnan). — Mr R. C. Hodgetts (president) being in the chair.

The urgent need of repairs to the building was seriously considered, and it was decided to acquaint the trustees with the condition of them in the building, and to meet them in conference on a date to be arranged.

An estimate was received from Mr A. Dunstan for the renewal of spouting and down piping, — no action to be taken at present.

The secretary reported that the receipts for the month were £14/7/8, and expenditure £33/8/; the bank balance being £35/1/2.

Accounts amounting to £33/8/ were passed for payment.

The secretary reported an approximate profit of £18/14/11 on the recent gymkhana. — The president said that was very creditable.

The president was authorised to interview the secretary of the Croquet Club in regard to the division of the funds.

Other efforts brought the profit up to 30/9/11.

It was decided to write, thanking the Younger Set for an effort made by them for the Institute, and offering them two free memberships for a quarter.

The secretary said there would be a bridge tournament on Monday night.

Mr and Mrs Duncan were thanked for their work in connection with a recent euchre social for the Mechanics' Institute.

The secretary said the Returned Soldiers' League had accepted a challenge from the committee to a billiard tournament. — Referred to sub-committee.

It was resolved to hold an opening billiard tournament early in May. This was also referred to the sub-committee.

It was decided to get in touch with Mr Walter Lindrum, the billiards champion, in regard to another demonstration here, on the motion of Messrs. Crouch and Ashley.

Mr F. V. Martin said one set of billiard balls was missed. He would also like to know if one of the tables could be repaired, and the floor covering replaced. — Referred to sub-committee, with power to act, on motion of Messrs. Crouch and Jenkin.

TOWN BAND.

A CONGRATULATORY LETTER.

BALL TO BE HELD ON MAY 10.

Included in the correspondence dealt with at the monthly committee meeting of the Beaufort Town Band, held at the Shire Hall on Wednesday night, was a letter from an old Beaufort bandsman, Mr Arthur E. Pearce, of Ballarat. It read:—"I would very much like to congratulate the Beaufort Band on its very fine turnout and playing at the recent Fire Brigades' Demonstration procession in Ballarat. I am always interested in this band, it being where I learnt on leaving school. These sentiments are backed up by my friends in Ballarat and we all hope that the Beaufort Town Band will go on to better itself for the worthy cause bands are created."—It was resolved that the letter be read at next band practice.

Mr P. Bisy (president) occupied the chair, nine committeemen attended the meeting.

The secretary of the Ripon subbranch, R.S.S.I.L.A., wrote, asking the band to assist in the Anzac Day Service at Beaufort.—Band to take part as usual.

A donation of £1/1/ for the Band Sports was received from the Ballarat Woollen Co.

Accounts amounting to £1/3/7 were passed for payment.

The bandmaster (Mr R. Saddler) reported that since last meeting the band had assembled at five practices and three engagements. One recital, and also a massed recital with the Caldwell Salvation Army Band, had been held. The attendance at bandsmen had been very good. He expressed his appreciation of the good performance given by the band up in the march at the Fire Brigades' Demonstration at Ballarat, and thanked Band-sergeant F. Bisy for conducting the band in engagements during his absence on holidays. The school band had received two items at the combined schools' concert, but he was not satisfied with the practice interest shown by the boys in their practice, and especially their attendance at school assemblies with their instruments. — The report was also adopted.

Mr Saddler said the school boys played well at their recent concert, but the matter he complained mainly of was that they were not practising their instruments at school. Sometimes there was only two or three players at the school, and it sounded awful.

Mr Dalrymple said he would speak to the boys, and he felt sure that the trouble would be overcome.

The secretary (Mr J. R. Davey) said that matters in connection with the recent sports had not been finalised, but a substantial profit would result.

A donation of 10/6 was received from the district Schools' Sports Association.

It was decided to engage Blay's Orchestra (five instruments), which will be assisted by two Ballarat musicians, for the annual ball, to be held on May 10. Tickets of admission were fixed as follow:—Double (2 gents, 3/6; ladies, 2/6. 'Buses will be run from Ballarat.

A guessing competition for a cash prize was won by Lloyd Herbert (No. 247), of Waterloo.

It was decided to call a meeting of ladies, in order to form a committee.

Engineer's Report

The following report by the engineer (Mr E. S. Crouch) was dealt with at the Ripon Shire Council meeting on Monday:—

Rains.—The extremely dry conditions were broken by very good rains since last meeting, aggregating at Beaufort 1.600 points.

On the evening of the 12th inst., 235 points fell in Beaufort in less than two hours, a rate of fall nearly twice that for which it is usual to make provision in town drainage. Floodings in lower portions of the town resulted, particularly along the Ding Dong Creek, where levels occurred higher than previously known to residents. Other drainage lines were overtaxed on the Goldfields' line it was fortunate the reservoir was at low level. On the night of the 12th inst., it received storm water, rising 3 ft. 1 in from midnight to 8 a.m., and now is 1 ft. 3 in. only below full supply level. At Jonathan's Reservoir, storm water overtaxed the diversion drains and broke into the reservoir, adding two feet of level in so doing and has thoroughly discoloured the water. This reservoir has therefore been disconnected and town mains are being flushed. Until settlement takes place at Jonathan's, Jackson's Reservoir will be used in place of same. The removal of water restrictions is recommended.

Clause 1 — Matter re water restrictions referred to North Rise meeting on motion of Cr. Roddis. Cr. Sinclair drew attention to the creek at Beaufort, which required cleaning out immediately. The engineer had said it was his (Cr. Sinclair's) baby, and a dirty one too, but the engineer was in error and had to keep it clean. He moved that it be attended to. Seconded by Cr. Roddis, and carried.

Lake Valley Water Supply. — The reservoir has received a storm inflow and now stands one foot higher (6 ft. 2 in. level) than at last report. The quality has been clouded by the inflow. The removal of restrictions is recommended.

Clause 2 — Engineer's recommendation to be carried out, on motion of Crs. Russell and Kirkpatrick.

Bridges and Culverts. — All structures appear from reports and inspections to date to be in order, with the exception of one small footbridge in Beaufort, which was moved bodily from its location and was retrieved.

Clause 3 — Received.

Roads.—The damage occasioned by the rains has been widespread to surfaces, more particularly in the timbered areas, where bush leaves and twigs have caused shoaling of the water channels and drains. Minor scours have also occurred. Clearing patrols are at work. The re-gravelling of sections which blinding has been washed will take several weeks of patrol work. The full extent of damage occurring has not yet been assessed, but does not appear excessive.

Clause 4 — Cr. Troy — There was a heavy fall of rain, and he enquired on the roads; the damage being bad wherever there was a gully. Cr. Sinclair — Some of the sustenance men will be put on in the creek first to clean it out. Cr. Troy — When the creek was done, a similar attention to roads damage. Cr. Sinclair — It would help. Cr. Kirkpatrick moved that the matter be referred to the Goldfields' line committee. Seconded by Cr. Roddis, and carried.

The engineer reported as follows in regard to progress of works for five weeks ending April 13:—

Shire Roads. — Various roads, West Riding: A. L. Ransome, 13/9; £171/10/, paid £165; adjustments only required. Various roads, East Riding: Beaufort Bros., 3/9, £150/10/, paid £105; clearances required. Purchase of Power Grader: Armstrong 1939 land, 5/39, £802/19/9, paid £802/19/9; complete, other than guarantee liabilities. Waterloo and Main Lead roads: Beaufort Bros., 7/39, £63/15/, paid £50; complete, other than clearances and adjustments. Trawalla and Trawalla East roads: A. L. Ransome, 10/39, £164, paid £152; complete, other than clearances and adjustments. Ballarat-Mt. Emu and Waterloo-West roads: Alf. Nunn, 9/39; £135, should start this month. Various roads, West Riding: A. L. Ransome, 10/39, paid £8, in progress.

C.R.B. Roads. — Ballarat-Ararat: Shaping tables to emplace with gravel. Skipton: Gravelling tables.

Shire Works. — Ballarat-Carngham: Cleaning dam. Dobson's: Repairs to bridge. Main Lead: Filling and cleaning up stones. Patching. Waterloo: Patching and cleaning up stones. Trawalla-Wiggerlow: Repairs to Baldwin's bridge. Streatham: Repairs to concrete wall. Raglan: Pipe culvert at Crozier's. Beaufort Park: Bleeching

Bush Nursing Hospital.

MEETING OF COMMITTEE.

The committee of the Beaufort Bush Nursing Hospital held their monthly meeting on Monday night at the Shire Hall, when 15 members attended, and Mr R. G. Beggs (president) occupied the chair. The monthly report of the sister-in-charge was laid on the table.

The following donations were received:—Jam and jelly, Miss Tulloch; flowers, Mrs J. A. Harris; eggs, Mr H. Roberts; two cases apples, Miss Lewis; eggs, Mrs T. E. White; vegetables, Mrs Dalrymple; milk, C.W.A.

Correspondence was read from Mr H. T. Slee, Beaufort, forwarding a donation of £2/12/, — suggested that the letter be read at next meeting.

Letter of thanks forwarded by secretary.

Sir James Barrett, secretary of the Victorian Bush Nursing Association, forwarded a circular from the Premier, stating that the whole question of bush nursing hospitals was being reviewed in connection with the Government's proposals for stabilisation of hospitals and other social service institutions throughout the State.—Received.

Accounts amounting to £34/12/6 were passed for payment, and a fair profit balance reported.

Mr A. R. Beggs reported on the meeting of the Victorian Bush Nursing Association in regard to B.N. Hospitals, at which it was decided to send a deputation of 12 to the Premier. He outlined the various schemes brought forward. As showing the scarcity of nurses, 50 were advertised for, and they could only get 11. Canada had a surplus of nurses, but they could not be secured, as they were regarded as "foreigners" under the Act. The position now was that nurses were ordinary trade unionists. The whole position was frightfully unsatisfactory. He advised the committee not to embark on any building scheme until well into the next Parliamentary session. There was only a representation on the Charities' Board.

In a conversational discussion, the opinion was freely expressed that there was no doubt about the Beaufort Hospital being able to carry on.

Mr C. H. McKay said the Government was encouraging self-help, and were encouraging a Government-assistance complex. He thought the town could and would continue to function, and the smaller one-nurse hospitals were doomed.

The secretary read a letter from the Health Commission, sent to Messrs. Laird & Buchan, asking for amendment of plans of proposed additions to Beaufort B.N. Hospital.

A lengthy discussion ensued, and it was decided on the motion of Messrs Kelvey and McLeod, to leave the matter of having a properly-constructed sleep-out on the verandah to be made the subject of the building committee, who will submit the plan to the Health Commission and then call a meeting.

The secretary said Sister Simkin was on holidays, and Sister Murnane was acting as relieving sister.

OBITUARY.

FUNERAL OF MR WM. NEWEY.

The funeral of the late Mr Wm. Newey, of Beaufort, which was largely attended by sorrowing relatives and sympathising friends, took place on Thursday, April 13; the place of interment being the Beaufort Cemetery. The coffin, which was covered with beautiful floral tributes, was borne to the grave by Messrs. A. E. Crick, J. Crick (nephews), H. Smythe, A. Crick (nephews-in-law), S. White-Lloyd (brother-in-law), S. Whitfield, and E. Whitfield. The chief mourners at the Cemetery were Messrs. C. H. Newey (son), J. Watters (brother-in-law), C. Whitfield (son-in-law), W. Whitfield (son), A. Crick, H. Johnston, C. Newey, Howlett, J. Slorach (nephews), Misses R. and E. Slorach, and Mrs C. Newey (nieces). Special wreaths were received from the Mothers' Club, Thistle Club, Swimming Club, and the Ladies' Social Club, and there were many private floral tributes. Rev. G. H. Vertigan conducted the Methodist burial service. Messrs. F. W. Barnes & Sthan's Reservoir, storm water Son, of Ballarat and Beaufort, had overtaxed the diversion drains and charge of the funeral arrangements.

RESIDENT OF NATIMUK FOR 51 YEARS.

Mrs Mary Ann Whitfield, relict of the late John Whitfield (who died 30 years ago), passed away in the Natimuk Bush Nursing Hospital on Friday, April 14, after a patient for about a month, suffering from heart trouble. A daily watching, she passed away at 7.45 on Sunday morning.

Mrs Whitfield was born on February 3, 1858, she was married to John Whitfield at Natimuk in 1882, and came to the Natimuk district 51 years ago, where she had resided ever since. Of a quiet, unassuming nature, an indulgent wife, affectionate mother, and kindly neighbour, the deceased lady had naturally enjoyed the esteem of a wide circle of acquaintances. To the bereaved family has been extended genuine sympathy. Of the family of six sons and four daughters, seven are living, namely Richard John (Oakleigh), Felix Teasdale (St. Helen's Plains), Ellen (Mrs Ah. Schunke, Natimuk), Eva Iris (Mrs L. Williams, Sunshine), Grace (Mrs C. Sanderson, Natimuk), Helena (Vicar (Natimuk), and Theodore (Natimuk). Sons-in-law are James Rudolph Stanley, and Leonard Angus.

The funeral to the Natimuk Cemetery on Monday was largely attended. Rev. G. H. Vertigan, Methodist, conducted the burial service, and the arrangements were carried out by Mr. A. Sanderson, by his local agent, Mr K. Hodges. The coffin-bearers were Messrs. P. Williams, E. Boehm, and E. Smith.

Deceased was the sister of Mrs John Lamb, of Main Lead.

Riponshire Council.

MONDAY, APRIL 17, 1939.

Present — Crs. T. Wills (president), J. Kirkpatrick, J. A. Hinton, D. F. Troy, R. A. D. Sinclair, C. H. McKay, P. Russell, D. McDonald, and A. C. Roddis.

The minutes of the previous meeting, as typewritten and circulated, were taken as read and confirmed.

The president referred with regret to the death of the Prime Minister (Hon. J. A. Lyons), who had entered on the position in the depression, and had a hard task. They all knew what he had done for them.

The councillors stood in silence for a minute out of respect to the memory of Mr Lyons.

Correspondence.

From Department of Lands and Survey, notifying gazettal of appointment of Messrs. A. Mitchell, G. H. Cuthbertson, and E. J. Tiley as a committee of management of the Raglan Recreation Reserve for a period of three years.—Received.

From same, re frontage to Baillie's Creek, abutting Sec. 8, Township of Carngham, enclosing copy of letter forwarded to Mrs Davies, informing her that Ripon Shire Council has notified this Department that it objects to a slip rail being used on the above-described frontage, and requesting her to carry out the special condition inserted in her licence, which states that "suitable unlocked swing gates be erected in the fences across the frontage," failing which, action will be taken to cancel her licence for the area in question.

The president suggested that this and the two following letters be referred to the East Riding members to deal with in committee. Referred to East Riding members, on motion of Cr. Roddis.

From same, re frontage to Baillie's Creek, abutting allots. 1 to 10, section 6, Township of Carngham, stating the district surveyor reports that Mrs Chapman has fenced in her allotments, and is occupying frontage colored red on sketch, and as there appears to be more than 1½ acres in the area occupied, the secretary was asked to amend the schedule enclosed and return it so that the matter may be finalised.

Referred to East Riding members, on motion of Cr. Roddis.

From same, advising that it is not the "usual practice" to submit to shire councils all applications to graze Crown lands. An inspection of the site was made by the local inspector, and a favourable report received before the Department issued the permissive occupancy to Mr Grinham. The district surveyor has since visited the locality, and reported that subject to access to water being provided, when required, there is no objection to such occupation.

Cr. Russell — He had been complaining of the above since December, and this should be dealt with by the full Council. If that was not the usual practice, why was it that in all other cases they did apply to the council? The Council should make certain of its position. This was the only case taken up in that way during his experience as a councillor, as far as he knew. It was not within their while discussing the other cases, if the Department did that.

Cr. Russell moved that it be pointed out that this was the only case dealt with in this way, and that the Department be asked why they should they worry the Council about other cases, if they could deal with this one in that manner. Seconded by Cr. McKay, and carried.

From same, asking if Council has any objection to areas in Township of Carngham being used for sheep between allot. 10/10 and allots. 1, 2, of 5, Goldie St., between allots. 1, 2, of 5, and allots. 10, 11, 12, of 4 —being leased to H. J. Grinham, Carngham—and Lindsay street, between allot. 10/10, gravel reserve, and allots. 10, 11, 9, 8, 7, 6, 5, 4, of 3, allot. 13, of 4, being leased to Joseph Smith, Carngham.

Cr. Russell moved that the application lie on the table for a month and the engineer report, pending advice from the Lands Department. Seconded by Cr. Roddis, and carried.

From Country Roads Board, asking for particulars of work involving use of material for bituminous surface treatment of roads which will probably be carried out in the municipality from 1st July to 30th June, 1940, on roads under the Board's control.

Referred to engineer, on motion of Crs. Troy and Kirkpatrick.

From same, intimating that deviation of Skipton road has been declared part of the main road.

Received.

From same, stating that 12 gal. of white paint for painting handrails on Skipton bridge has been ordered, and will be charged to Council, and application for reimbursement of the expenditure will be included in Council's application for maintenance funds for next financial year. — The engineer having made the applications, recommended that his action be endorsed and C.R.B's. letter received.

The engineer's action was endorsed, on motion of Crs. Roddis and Hinton. The engineer said Mr Wilkie did the painting.

From District Engineer, C.R.B., stating that spraying work in Ripon Shire is included under programme for sprayer under Overseer Abrahams, and sprayer is now in district.

The engineer replied to district engineer, C.R.B., that crushing had commenced for cover gravel, and it was estimated that this work would not be completed till the end of May. Inquiries have been made to see if this could be hastened by the use of a second crusher, but so far with no success. Owing to the lack of rain and the necessity for conserving water, it has not been possible to arrange consolidation of edging works in the widening of the lengths to be re-sealed, and it appears that the bulk of the work of spraying will have to be abandoned. However, he was anxious that the section of the Ballarat-Ararat road in Beaufort be done, and was proceeding with the consolidation of this by carting water, and depending on the date on which he had to take the sprayer, additional work could be undertaken to the limit of the cover gravel then procured. The engineer also reported that dry weather has prevented economical consolidation of works. Submitted for information of Council.

The engineer — Owing to the drought conditions, the Board had been unable to do their work, and the shire was in the same boat. He was ready for them, if they could come, on the Ararat-Ballarat and Skipton road.

From C.R.B., intimating that Board will not offer any objection to erection of proposed Centenary arch over Ballarat-Hamilton road, on the understanding that the Council accepts full responsibility.

Received.

From State Rivers and Water Supply Commission, approving generally of proposals outlined in consulting engineer's report to increase storage capacity of Jonathan's reservoir at Beaufort, but noting that estimates submitted are based on a grant of £800—three-quarters towards capital and one-quarter towards interest and sinking fund—and a loan of £600, while no grant or loan funds are at present available for the Council. Should the Council be in a position to contribute £600 towards the cost from its water supply revenue, an application could be submitted to the Employment Council for a grant of £600 towards the capital cost. Where no loan funds are involved, it is obvious that a grant towards payment of interest and sinking fund could not be utilised, and the total amount of grant would, therefore, be reduced by one-quarter and the grant applied wholly towards capital.

Cr. Sinclair — The reservoir would be full by the time the Government got to work. Cr. Troy moved that the matter be referred to the North Riding members. Seconded by Cr. Roddis, and carried.

From Mines Department, requesting payment of £2/10/ royalty on 200 cub. yds. of gravel removed by Mr H. T. Brown from Deep Leads and Hobart Pasha mining dumps for use in connection with local swimming baths. Under instructions from Council, adding that the acceptance of such royalty does not condone any breach by the Council of the regulations, and they were requested to refrain in future from either removing or giving authority to others to remove any tailings situated on Crown lands, without first obtaining the necessary licence from this Department. — The engineer reported that quotations were asked for the supply of gravel, not for cartage only. No authority was sought by Mr Brown or given by me in respect of any heaps, other than the Council's private Deep Leads heap, which was to be royalty free for this job. Mr Brown's quote was from this source, and to this extent only could be considered for cartage only. As work proceeded, the gradings supplied from this source were not as required, and other material was requested and supplied; the sources being at the discretion, and stated on his account for payment rate subsequently chargeable, in accordance with relative competitive quotes received. The rates paid were such as to include royalty where met from Council's heaps.

The engineer — They were claiming royalty on the Council's own Deep Leads heap, as well as the others. Referred to North Riding members, on motion of Crs. McKay and Kirkpatrick.

From Department of Public Health, acknowledging receipt of annual reports for 1938 of Council, medical officers (Drs. Humphreys and Donaldson), and analyst.

Received.

From same, forwarding copy of letter sent to Mr W. A. Skene, giving conditional approval to additions to Public Hall, Beaufort.

Received.

From Municipal Association of Victoria, re hours of trading hawkers.

Cr. Sinclair — It was a matter for the Police Department. He moved that it be referred to the local police. Seconded by Cr. Roddis, and carried.

From City of Ballarat, notifying meeting of citizens on 4th April to consider the forming of a branch of the National Emergency Service in Ballarat; also later, asking attendance of delegate at a preliminary general committee meeting on 13th inst.

Cr. Hinton said he was at the meeting, and he could not see what else they could do but form a branch of their own. Cr. McKay —In Beaufort certain essential features were being carried out by the Red Cross. He thought no good purpose could be served by having representation at that meeting. The president — They were doing the same at Carngham-Ballse. Cr. Hinton — It was also being done at Skipton. Cr. McKay —Registration was now also compulsory. Cr. Hinton moved that Ballarat be informed that the matter was being dealt with locally. Seconded by Cr. McKay, and carried.

From same, re apportionment of costs for proposed T.B. Chalet. —The secretary. — Lexton Shire refused to join in. The letter was received. The president drew attention to the arrangement Creswick had come to with Ballarat to supply so much a year, and had obtained their own infectious diseases ward. Cr. McDonald — Creswick would be in a different position, and that was why a flat rate was insisted on. Cr. Sinclair — The proposed new legislation would do away with all that by a hospital tax.

From Shire of Buninyong, offering £45 for three road graders.—Replied to by engineer that graders had been sold, but would enquire if Council would sell one of remaining two graders of same class, and described two other idle graders. In reply to further correspondence re a baby road grader, the engineer said the shire had two baby graders listed for sale, but same have been disposed of. He would advise if Council required to dispose of either of the remaining two baby graders (wheel control type). Two other graders are for sale. One has 3 ft. blade, and the other 6 ft. blade. The engineer reported:—Offer recommended for acceptance. The price of the first-mentioned grader, Clyde, was fixed previously at the figure offered, £15. Machine was in No. 2 yard for inspection.

Cr. Troy moved that the offer be accepted. The price for two was a good one, and for the third a little light. They were only cluttering up the yard, and were better disposed of. In answer to Cr. Hinton, the engineer said they would still have a pneumatic-tyred grader, one baby grader, and two power graders. Cr. Troy's motion was seconded by Cr Kirkpatrick, and carried

From Shire of Hampden, re grant to Ripon Shire of £250 for construction of stock bridge over Mt. Emu Creek, a joint work subject to a contribution of £100 by Hampden Shire, and asking if secretary is in a position to advise when the work is likely to be commenced.

Cr. Roddis — Cr. Borbidge said Hampden thought this Council should push along with the job. Kirkpatrick spoke in a similar strain. The engineer — He would try and make it an urgent work. Cr. Roddis moved that it be done as soon as possible. Seconded by Cr. Kirkpatrick, and carried.

From D. Scott, giving particulars re treatment of hoofbound.

Cr. Russell — Would it not be injurious to travelling stock? The engineer said it was too early to be sure what effect salt would have, but present indications were that it would be good. Cr. Hinton —Salt was no good for blackberries, on which he had tested it. Cr. Sinclair — The case was not a parallel one. Cr. Russell — They should keep on with the salt, and if spraying was required, use "weedex," which was guaranteed not to be injurious to stock. He moved to that effect. Seconded by Cr. Kirkpatrick, and carried. Cr. McKay — What was interesting him was the position of the ratepayer, who could not afford to poison in his paddocks with arsenical spray. Salt also killed grass. The letter did not convey what he had expected. Cr. Russell — He was told they had to work at horehound for about three years.

From secretary Empire Day movement, asking support and co-operation by arranging celebrations.

Cr. Sinclair moved that councillors attend the various schools, if required. Seconded by Cr. Roddis, and carried.

From Mr Woskey, secretary Carngham Football Club, asking permission to use football ground for season, that ground be attended to — sand put along the boundaries, new goal posts erected, and repairs made to changing rooms.

Cr. Russell moved that permission be granted, under the usual conditions, and the other requests referred to the East Riding committee. Seconded by Cr. Sinclair, and carried.

From Australian Cement Ltd., advising reduction of 3/ per ton in cement.

Received.

From the Graziers' Association of Victoria, thanking Council for supporting suggestions for amendment of law in relation to trespass, and asking that Chief Secretary be communicated with through the member for the electorate.

Request to be complied with, on motion of Crs. Roddis and McKay.

From W. Bruty, Chepstowe, forwarding amount due for length of pipe taken from Lillico, and stating that he thought the footvalve was still there, but did not know where the other length of pipe went. It was not without permission that he took the pipe, as Mr Sutherland told him it was for the Council, and the engineer when he took it, and that when talking to the engineer one day at Lillico, he said that what he had done would be satisfactory. — The engineer submitted correspondence connected with the above, and reported that Mr Bruty is incorrect in understanding the material was for sale. On receipt of advice that one length of piping and footvalve had been borrowed, the sale of same was first considered. The a/c. as first submitted was:—1 length piping, 7/6; footvalve, 5/; total, 12/6. As directed—further length was also charged 7/6; total, £1. Cash paid, 7/6; balance of a/c., 12/6. Submitted for direction.

The engineer outlined what had happened. Cr. Roddis — He got word that the piece of piping was in the creek 5 ft. from the pump. Cr. Sinclair — You did not go in and bring it — Cr. Roddis — Engineer's hands, on motion of Crs. Troy and Hinton.

From A. Mackinnon, Mooramong, drawing attention to bad condition of a bridge on back road to Skipton. — The engineer reported that the culvert was examined and found structurally sound. Shrinkage of deck timbers had allowed filtering of gravel from same in parts, and rails required attention. Repairs arranged.

Received.

From A. T. Brumby, secretary Carngham Turf Club, applying for permission to hold a gymkhana sports meeting in Carngham Recreation Reserve on Easter Monday, with right to publican's booth and to charge admission. — Granted by secretary.

Secretary's action endorsed, on motion of Crs. Roddis and Russell.

From H. E. Cuthbertson, Beaufort, stating the North Riding councillors and engineer were aware he had been instructed by his solicitor that he would use same as residence, and asking to be granted the privilege of making it more convenient by all necessary lighting such as doors and windows, all necessary lining, and chimney.

Replied to by engineer:—Re modified application, please support your letter with a plan, and outline specification, making the extent of the proposal clear. Our Council meeting is on 17th inst.

The engineer said the amended scheme was now submitted. Referred to North Riding members, on motion of Cr. McDonald.

Dr. S. E. Humphreys reported an infectious disease at Beaufort. He also reported for March:—Infectious diseases — Notifiable, nil. Not notifiable—Infective gastritis and diarrhoea prevalent, but not severe, affecting children and adults. Common colds frequent and severe. General health good. Sanitation satisfactory. Attendances of infants at B.N.H., 64.

Received.

Dr. Reid, M.O., West Riding, reported for March that occasional cases of German measles are being met with. Gastro enteritis amongst all ages is still prevalent.—Received.

From John Wills, Carngham, applying to have Shannon's lane (leased by Mrs Wm. Watkins) thrown open.

To lie on table for a month, and engineer to report, on motion of Cr. Russell.

From Inspector Scott (noxious weeds, etc.), stating that rabbits were becoming established on Mt. Emu-Streatham road, and asking for co-operation. — The engineer reported that attention had been arranged.

From Colonial Mutual Life Insurance Co., re employees' group insurance. — Employees' contributions to be supplemented up to 3/6, on motion of Crs. McKay and Roddis.

General Business.

Cr. Sinclair said the road to Malvern was pretty bad.

Cr. Kirkpatrick — That road should be Stockyard Hill road should be touched up with the grader. — Agreed to.

Cr. Troy moved that the water cart be kept going, seconded by Cr. Hinton, and carried.

Cr. Troy said on the night of the recent heavy rain the roads were impassable in Beaufort. The street lights in the town were switched off at 11 p.m. as usual, and he got them switched on again. Later, they went out again, and he found that Mr Hall had advised the man in charge that they could be switched on once more. There had been adverse comment, as the public should know that they had been decently treated over it. This year there was no charge to the general rate for lighting, and yet the charge that they were paying £200 a year into the North Riding. They had also been treated to a display of lighting such as doors and windows, all necessary lining, and chimney.

WAR VETERANS MARCH AGAIN

Anzac Day at Beaufort.

IMPRESSIVE COMMEMORATION SERVICE.

ADDRESS BY MR. W. COULSON.

On Anzac Day (Tuesday) there was an impressive commemoration at Beaufort of one of the greatest events in the history of the A.I.F.—the landing at Gallipoli, in which our troops received their baptism of fire in the Great War. The ceremony was organised by the Ripon sub-branch, R.S.S.I.L.A., of which Mr C. H. McKay is president, and Mr S. Wells secretary.

Wearing medals and decorations, about 50 returned soldiers marched to the local Cemetery and placed poppies on the graves of 12 Diggers buried there.

The returned soldiers afterwards assembled at Schlicht's corner, and headed by the Town Band (under Bandmaster R. Saddler), marched to the Ripon War Memorial Park, where the commemoration service was conducted by the local clergy; Mr C. H. McKay (president Ripon sub-branch, R.S.L.) acting as chairman. There was a large attendance of the public. Wreaths for each division of the A.I.F. and for the Light Horse were placed on the shrine, as well as League, municipal, and many private wreaths.

Revs. W. J. Tame (Church of England), J. P. MacDougall (Presbyterian), G. E. Vertigan (Methodist), and Captain Boase (Salvation Army) occupied positions near the shrine, in front of which the returned soldiers were drawn up in two ranks.

The service opened with the singing of the National Anthem, and "O God, Our Help in Ages Past."

Rev. G. E. Vertigan led the Lord's Prayer.

Mr S. Wells (secretary) placed a wreath for the Ripon sub-branch of the R.S.L. on the shrine, and others were placed there as follow:—Mr S. Stephens, 1st Division; Mr S. Hamilton, 2nd Division; Mr R. McKay, 3rd Division; Mr Cook, 4th Division; Mr W. A. Skene, 5th Division; Mr S. Pascoe, Australian Light Horse; Cr. C. H. McKay, president, councillors, and ratepayers of Shire of Ripon.

Two minutes' silence was observed in memory of the fallen.

Rev. J. P. MacDougall offered up a prayer for the fallen.

The hymn, "Abide With Me," was next sung.

Mr W. Coulson, of Caulfield, in the course of a stirring address, pointed out that many words in our language had had a very common place of production, and had been adopted without modification. Many had arisen from the development of a new science or from industries, but one word had no such origin. From the moment it had been flung into the literature of our land, starting from a mere acrostic, it was there, vivid and alive. Whether it had been first thought of in the brain of a staff officer or of General Birdwood mattered little; the word having become part and parcel of the nation, so that they had a truly national word. The spirit of the Australians on that first day acted as a measuring stick for the forces throughout the war. Had that been some mediocre engagement, Australia's name would not have become renowned so early in the war. The spirit born of Anzac was with the Australians throughout the war. In 1916 at Pozieres and Mouquet Farm, at Messines in 1917 they rose to the same standard, and again on the anniversary of Anzac Day in 1918, when they captured Villers Bretonneux. On August 8 of the same year, when the Germans were thrown back in front of Amiens, the spirit of Anzac was with our men. After the war, when an unknown Australian and an unknown French soldier were buried at Amiens, two notable speeches were made. The Bishop of Amiens said they could not find an army more marvellous than the brahmyn that the A.I.F. Marshal Foch expressed the gratitude of the French to the Commonwealth, and said the Australians' patriotism served as an example to the world, and that they had saved Amiens and France. This was the 24th anniversary of Anzac Day, and a new generation had arisen. This generation could not realise that of every nine men at Gallipoli, two were casualties, and in France of every nine, five returned as casualties. To-day they could see visions of those happy, carefree men, who in 1914-18, willingly sacrificed themselves to save their country. They paid a tribute to those who went forth, and particularly to those who never came back—60,000 from these shores. Laurence Binyon epitomised the thought he wished to give them—They shall not grow old, as we who are left grow old.

Age will not weary them, nor the years condemn.

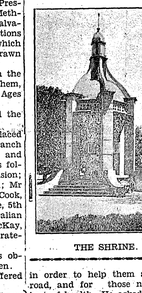
The lesson of Anzac was to pledge themselves to make the personal sacrifice again, if necessary. War clouds were looming ahead, and they did not know what the morrow might bring forth. If the call came, Australia would be as willing as in 1914-18 to uphold the traditions of the Empire. The last thought he would give them was a couple of lines of doggerel, yet beautiful, written by a man who had gone to the great beyond:—

They live whilst we remember,
They die, if we forget.

God grant they would never forget.

Kipling's "Recessional" was then sung, accompanied by the band.

The chairman made an appeal for contributions to the fund for itinerant soldiers looking for work.



THE SHRINE.

In order to help them along the path and for those not in the best of health. He asked the public to throw their contributions into the flag in front of the shrine.

There was a good response.

"The Last Post" was sounded by Bugler M. Broadbent, and the service concluded.

AT THE C.W.A. HALL.

Afterwards at the C.W.A. Hall, the returned soldiers were entertained by the lady friends and wives of the local committee at afternoon tea.

Mr McKay personally introduced Mr W. Coulson as a member of the State executive, and a man who possessed one of the keenest and balanced brains on that organisation, and a very staunch worker for returned soldiers. It was increasingly difficult to get speakers for Anzac Day. Mr Coulson had given one of the finest addresses they had heard in Beaufort, at no inconvenience to himself. Had Mrs Coulson had been a tower of strength on the Ladies' Auxiliary at the Caulfield Hospital.

Mr Coulson, in response, said he felt that anything he could do by virtue of his position, he would do in the best of his ability. He believed in seeing things through to a satisfactory issue. He was only too happy to come up here. In league activities the responsibility was greater than in the early days of the organisation. A certain amount of sentiment was attached to the league in the early days, but they had to hold their benefits to-day by clear, cold reasoning, and hard slogging. They must see that the membership of the sub-branch was kept up, and that any job given to a member to do was done thoroughly. They felt it necessary to get as many men in the league as possible, because it was imperative to impress on the public the fact that they were the speaking voice of the returned men. He was happy to contact this sub-branch, and compliment it on the way the ceremony was carried out to-day. If they were strong, they must not misuse their strength, but maintain it, in order to stand up, if necessity should arise, for something that was just and worth fighting for.

The president heartily thanked the ladies for what they had done in regard to providing refreshments on this occasion and in the past.

ARARAT SHIRE COUNCIL JOTTINGS.

At the Ararat Shire Council meeting on Friday, April 21, a letter was read from Buangor Progress Association, reminding council of its promise to make a visit to Buangor. Attention was also drawn to the state of the road running through the business portion of the town. Several bad potholes required early attention.

The engineer — He had attended to the matter.

From H. E. Bastin, Buangor, stating that during the flooding of the Fiery Creek some of the planks out of the bridge on the Fiery Creek in the lane between Mr T. Jess' and his property had been dislodged. — Engineer to attend to work.

From manager, south-western branch Electricity Supply Department, advising that negotiations had been completed for supplying Streatham with electricity. He suggested the Council arrange to instal street lights—three or four 100 watt, 5 feet bracket lights in the main street, to be alight half-an-hour after sunset to midnight.

The president moved that three lights be erected, seconded by Cr. Wilson, and carried.

Under the heading of Shire Works, the engineer reported:—Black's Bridge.—The work of putting a new concrete top on this bridge, carried on rolled steel joints, has been completed, including the underpinning and repairs to wing wall on the north-eastern abutment. The cost of the work is £373/10/, and an account for half the cost has been sent to the Ripon Shire. Jess' Bridge.—This bridge has been quite unstable for some time. The caps on both abutments have rotted out. I am having this put in good order with some of the old sound timber taken from Black's bridge. Bridge over Challicum Creek, Geelong Road — It will be necessary to at least place rolled steel joists in this bridge, as the present beams are in a bad state of decay. The span of 35 ft. is too great for a timber beam bridge.

Cr. Wilson said that two danger signs were required for the Streatham bridge.

The engineer — It was decided by the C.R.B. to widen the approaches.

In answer to Cr. Richardson, the engineer said the stringers had gone in the Challicum bridge. —"Advertiser."

Truck Overturned. — At about 8 o'clock on Tuesday night, 18th April, a motor tip truck, owned by Andrew and Ransome, and tractor, of Dowling-St., Ballarat, overturned on the Carranballac to Beaufort road. The accident was attributed to the dazzling headlights of an approaching motor vehicle. The truck ran off the road into loose earth, tipped over, and came to rest on its side. Mr Ransome was accompanied by Laurence W. Lowe, of Beaufort, and both men were pinned in the cabin. They succeeded in getting out, and were not badly injured, although the driver got a knock over the eye, and both men suffered from shock. The accident was reported at the Linton police station. — "Grenville Standard."

SCHOOL CHILDREN'S SERVICE.

On Monday afternoon, 24th inst., the Beaufort and district school children gathered at the C.W.A. Hall, to hear the Legacy Club's broadcast of the State school children's Anzac Day service in Melbourne. The receiving set was lent by Messrs. J. R. Wotherspoon & Co. Prior to the broadcast, Mr S. Young delivered an address appropriate to the occasion. The service was organised by the Ripon sub-branch of the Returned Soldiers' League.

IN MEMORIAM.

FINCH. — In loving memory of our darling baby Jeffrey, who passed away suddenly on May 3rd, 1938.
This is a sad day—it brings back the past
Of the child we loved and adored till the last;
There is a sad longing for the face we cannot see;
This little baby is silent — oh, why had it to be?
—Inserted by his loving parents.

FINCH. — In loving memory of our dear little grandchild and nephew, Jeffrey Charles Finch, who passed away, May 3rd, 1938.
Our little bud in heaven;
Away in that beautiful somewhere,
Our darling Jeffrey waits,
To welcome all who loved him
In through the pearly gates.
—Inserted by his loving Nanna and Grandad Crocker, and Uncles Enville and Noel, and Aunty Pam.

A THOUGHT FOR TO-DAY.

"In all human action those faculties will be strong which are used." — Emerson.

The Tired Feeling

ON the authority of Benjamin Franklin, "Laziness travels so slowly that poverty soon overtakes him." The man who dodges work—something from which very few can escape—not only inflicts such punishment upon himself, but upon those dependent on him. Franklin also tells us that "There are lazy hands as well as lazy bodies." We have all known lazy young people, who lacked the energy to turn their talents to good account, and so missed the joy in life, whereas plodders with less intellect but more determination were able to gain possession of some of the best things that life had to offer. There is a lot of truth in J. G. Holland's assertion, "Humanity is constitutionally lazy." To make a success of man requires a definite objective to work for, ambition to spur them onward, or an insatiable desire to acquire good or possessions, before they will throw all their energy into their everyday tasks. An ambitious, live-wire, lad will, of course, can make a great success out of a lazy man, provided he is blessed with the necessary brain power.

New Council Chambers.

SO impressed were some of the Grenville Shire councillors at the new Council Chambers of Grenville Shire at Linton, that an attempt is being made to restore the proposal to revive the relic of the past, occupied by the Ripon Shire Council's officers at Beaufort, with a modern and more substantial structure. The present building has served its day and generation well, and only sentiment would cause it to be retained it—but sentiment is something that has to be thrown overboard if a civilized community is to progress. However, there is a bigger fly in the ointment than sentiment—the Council has recently expended about £2000 in modern means of transport and road-making machinery. Will the treasury stand up to the test of another £2000, the approximate amount spent on the new Council Chambers at Linton? It is claimed that the residents are content to wait over a long term of years, without any burden whatever being inflicted on the ratepayers. If that be so, then by all means let us have new Council Chambers (a public hall is not contemplated), but if there is any risk at all of the Council being unable to balance the ledger and having to pay big sums in interest on overdrafts, with the ever-present possibility of a special general rate being struck to wipe out the overdraft, then the proposal should be left severely alone. Ripon Shire ratepayers are making adequate payment in taxation for the service they receive now, and have no desire to see their financial burden increased.

SOCIAL AND PERSONAL.

NEWS ABOUT PEOPLE AND EVENTS.

Mr and Mrs David Glover, of Melbourne, have been spending a few days at Beaufort with Mr and Mrs A. J. Saph.

Mr and Mrs S. Jacobs, of Ararat, spent the week-end at Beaufort as the guests of Mr and Mrs W. J. Scriven.

Mr Lance Hobart, of the Beaufort E.S. & A. Bank staff, is absent from the town on holidays.

Mrs Howells, together with her daughter, has been staying with her parents, Mr and Mrs E. J. Munts, of Beaufort.

Mrs Roberts, of Beaufort, spent the Easter vacation with her mother, Mrs Cornish, of "Myrtvera," Carngham road, Linton.

The engagement is announced of Jean Lesley, the second daughter of Mr and Mrs C. Ward, Sturt street, Beaufort, to Ronald Collins, the only son of Mrs Davis, 50 Grant street, Ballarat, and the late Rev. R. Collins-Davis, Queensland.

Lieut. Crick (formerly of Beaufort) was associated with Pro-Lieut. Richards in the organisation of successful Salvation Army harvest festivals at Yarloop and Cookernup, At North Dakeborough, a new outpost, the officers conducted the first religious meeting for over 20 years.

First-class Sig W. Hales, of Beaufort, is at present on holiday leave.

Mr Alex. Nicholson, a former Beaufort resident, took part in the local march of returned soldiers on Anzac Day. He served in France with the New Zealand troops.

Mrs Alex. Russell, Mawallok Beaufort, accompanied by her son, Philip, left for Adelaide on Wednesday last, and will sail by the "Orford" for Colombo, to meet her daughter, Miss Virginia Russell, who is returning from overseas. They will return to Australia, via Singapore.

Mr and Mrs E. Dawson, of Trawalla, in company with their sons, Alex. and Eric, journeyed to Melbourne, to attend a party given by Mr and Mrs H. Dawson, of Elwin Hill, on the occasion of the Caulfield, on Saturday evening, April 15. The party was held in honour of Miss Edna Dawson, who recently attained her majority. Miss Dawson was the recipient of a number of beautiful gifts.

CALL AN AUSTRALIAN BY ANY OTHER NAME.

In an article written in London by Mr Stanley Parker, an Australian journalist and caricaturist, and appearing in Melbourne "Table Talk," reference is made to a Beaufort boy performing with a French company at the London Colisseum:—

Having had my long-legged protege for the ballet worked by "The Sleeping Princess," I set forth the following afternoon for the "Ballets de la Jeunesse," the latest troupe in the town.

Although most of them are still in their teens, there was some brilliant dancin' work, particularly from one tall, fair young man whose face seemed vaguely familiar.

"What is he?" I asked my companion.

"Oh, some Russian, or other," he replied. "Leon Yungoff — or something."

But the more I saw of this dancer, the more I realised that he was NOT some Russian (or other), but an, Australian, and that his name was NOT Leon Yungoff (or something), but—

Now, where had I seen him before? On some playing field somewhere. . . . Ah! That was it, Australian football (of all things) for Geelong College, and later, at the Melbourne University. Leon Yungoff was none other than Leo Young!

Of course, I went straight round to hear by what devious route he had travelled from Leo Young to Ballet, from practising at the Bar so to speak, to practising on the stage.

"Well," he said, "I was always interested in dancing, and when the Monte Carlo company came to Melbourne in 1937, I became an incurable balletomaniac, and ran away with them as a student. Later I joined the de Basil company on its return from Australia, and toured Sweden, Finland, and Latvia with them. Then I felt some more study was necessary, and worked with the great Egorova in Paris for two years.

This was actually the wisest thing he could have done, for his next job was a definite step up—a season in Buenos Aires as premier danseur with an Opera Company, which included Elizabeth Bellburg, Lily Pons, and Madame Ida's old friend, Pedro Mirassoux.

"Then I joined the present company," he said. "Went to Rome and—"

"And changed your name?"

"No," he laughed, "I haven't changed my name. They call me Leon Yungoff for a joke."

I was relieved to hear it!

Younger Set's Autumn Ball. — The Beaufort Picture Theatre was gaily festooned with decorations in lovely tones of brown, yellow tango, and green, for the opening of the dancing season on Wednesday night, when the Younger Set held their Autumn ball, to augment the local B.N. Hospital's Building Fund. Autumn flowers also decorated the window boxes, and the supper tables repeated the colour scheme. There was an encouraging attendance; the gathering dancing to the very excellent music supplied by Mr Jack Allan's "Night Owls," of Ballarat, in good style. Some of the dancers came from as far afield as Elmhurst, Lexton, Carranballac, Buangor, Ballarat, and Ararat, and the evening was a social success. Mrs Theodore Beggs (president of the C.W.A.) and Mrs S. E. Humphreys received the parent branch, and Mrs R. T. Macdonald (vice-president), Mr P. T. Stevenson (secretary), and other members of the B.N. Hospital Committee were present. During an interval, Mr P. T. Stevenson (secretary) thanked the Younger Set, on behalf of the Hospital, for organising the effort. The prizes for the novelty dances, which Engineer-competent and Mrs H. P. MacKenzie had donated) were won by Miss Rene Macdonald and partner, and Mr Bob Collins and partner. A sit-down supper was served in the new supper room at midnight. Mr W. M. Fitzpatrick was a very efficient M.C., and the secretarial duties were in the hands of Miss Dulcie Parker, backed by a strong committee.

Birthday Party. — Miss Jean Ward entertained a number of her young friends in the C.W.A. Hall on Saturday evening, to celebrate the attainment of her majority. Dancing formed the chief entertainment; Mr Jim Barnes supplying the music. Miss Ward received a lovely collection of gifts from relatives and friends. After a tasty supper had been served, the hostess cut her two-tiered birthday cake, and "For She's a Jolly Good Lassie" was heartily sung. During the evening, Miss Ward's father, Mr C. Ward, announced his daughter's engagement to Mr Ron Davis.

Firemen's Social.—The, Beaufort Fire Brigade held a card social on Monday night at the Fire Station. In the pink section, Messrs E. Trengove, W. J. Scriven, and H. McCracken divided the euchre and consolation prizes. The euchre prize in the white section was won by Miss O'Toole, and the consolation prize by Mrs Willis. A prize of £3 for an aggregate competition (to be won three times) was secured by Mr W. J. Scriven. Supper was handled in good style. The organiser was Mr J. Duke.

F.B. Social Club. — On Saturday night a card social was held at the Fire Station by the Beaufort F.B. Social Club. In one section the euchre and consolation prizes were divided by Mesdames A. M. Parker, L. Baker, G. Wilson, and W. Linke. In the other section the euchre prize was won by Mr Geo. Foreman, and the consolation prize by Mrs L. Stephens. A carpet bowls competition resulted in a win for the following team:—Mesdames A. McGregor, J. Duke, C. Rose, and Messrs. R. Sadler, G. Foreman, and O. Hare.

Visitors From Preston.

— Thirty visitors from the Preston Social Club visited Beaufort and Mt. Cole on Saturday and Sunday by motor bus. Among them were several former Beaufort residents, including Mrs. Baker, Mrs L. Wyatt and her daughter, and Mr and Mrs S. Wyatt.

Mothers' Club. — The Beaufort Mothers' Club held a social afternoon at the C.W.A. Hall on Friday, 21st inst., and there was a good attendance. A cutie competition was won by Mrs A. M. Parker. The carpet bowls competition was won by Mesdames J. F. Wotherspoon, S. Wells, F. Harrison, and Hayes. Afternoon tea was served. Mrs. Stowell carried out the secretarial duties.

Birthday Party. — Miss Jean Ward entertained a number of her young friends in the C.W.A. Hall on Saturday evening, to celebrate the attainment of her majority. Dancing formed the chief entertainment; Mr Jim Barnes supplying the music. Miss Ward received a lovely collection of gifts from relatives and friends. After a tasty supper had been served, the hostess cut her two-tiered birthday cake, and "For She's a Jolly Good Lassie" was heartily sung. During the evening, Miss Ward's father, Mr C. Ward, announced his daughter's engagement to Mr Ron Davis.

April Rainfall. — The rainfall of 500 points for April is the heaviest April reading since local records were first officially taken in 1832. The rainfall for the past four months is 23 inches, against 7.66 for the corresponding period last year.

ECHOES OF 1905.

Owing to there having been over 60 cases of measles amongst children attending the Beaufort State school, Dr. A. G. Jackson, health officer, ordered the school to be closed for 10 days, so that the building could be thoroughly cleaned and disinfected.

The Premier (Mr Bent) delivered a characteristically vigorous speech at the Bacchus Marsh show with reference more particularly to the conduct of those wealthy persons who, having made their money here, go to England and run down the land which gave them their wealth.

Throughout the British Empire, enthusiastic celebrations were held in honour of the Trafalgar Centenary.

A complaint was made against the reprehensible practice of throwing poisoned baits about the streets of Beaufort; Mr W. H. Halpin having lost a valuable greyhound (Sweet Nell), the runner-up at a recent Stockyard Hill coursing meeting, in this way.

A well-attended meeting was held to re-organise the Beaufort Brass Band, with the result it was decided to resume practice, with a view to opening up a sacred programme for a Hospital Sunday.

Rev. R. McGowan conducted a memorial service in the Trawalla Church.

It was reported at the half-yearly meeting of the Sam Slick Company that seven parties of contractors had been working on the lease, with the following results:—Troy and party treated 242 fathoms for 149 oz. 6d dwts. of gold; Adamthwaite and party treated 105 fathoms for 49 oz. 12 dwts. of gold; Morris and party treated 296 fathoms for a yield of 509 oz. 8 dwts. of gold; Jaensch and party treated 263 fathoms for a yield of 556 oz. 15d dwts. of gold. Other parties prospecting in the shallower ground won 12 oz. 16 dwts. from 73 fathoms of dirt. Altogether 679 fathoms were treated for 1,352 oz. 18d dwts. of gold. In the general balance-sheet the receipts totalled £6,700/13/2 and the expenditure £6,559/9/8. The gold won amounted to £6,630/9/6, and £630 was paid in dividends. In the local yields for the week, Jaensch and party's tribute got 30 oz. 5 dwt.; Morris and party's tribute 13 oz. 7d dwts., and other parties 1 oz. 17 dwt.

Ballantine and party crushed a small parcel of stone at the Waterloo battery which returned about 6 dwt. to the ton, giving them a profit of £3/15/ a man for the fortnight.

HAPPENINGS IN 1890.

Mr E. P. Welsh, succeeded in forming a cadet corps of 35 members at the Beaufort State school.

A silver Waltham watch was forwarded to Ernest Elliott, who had been promoted from letter-carrier and telegraph-messenger at Beaufort to messenger operator at East Melbourne, as a memento of esteem and appreciation of the obliging manner in which he had discharged his duties.

Beaufort was the scene of a slight railway accident—the second within 18 days—when a faulty coupling gave way and a K truck was thrown off the line. The truck was loaded with wheat, and about two bags of grain was scattered along the line. A number of men were busily occupied next day in gathering cheap fowls' feed. The line was cleared in time to prevent the traffic being blocked.

The loving cup presented by Captain W. B. Bridges, R.N., for competition amongst the members of the Beaufort Rifle Club, was on view in Mr J. McKeich's drapery establishment.

Mr E. H. Austin, of St. Enoch's, paid shearers at the rate of 20/ per 100 for heavy-woolled sheep, and 17/6 for light fleeces.

Mr E. H. Austin's horse, Enue, ran a good third in the Caulfield Cup.

Mr Thos. Jess' well-known Clydesdale stallion, "Purves," took first prize at the Clunes and Talbot show for colonial-bred draught stallion, any age. That made fifty-one first prizes he had taken.

The Saxon Consols had a yield of 32 oz. 2 dwt. from four machines for the week.

A young man named George Baker, a resident of Beaufort, was run over by a dray at the corner of the axe caught in another limb and was jerked out of his hand. In falling, face downwards, the axe split his knee cap, and Dr. Adam found it necessary to put in nine stitches.

Messrs Pimblett & Fedder, blacksmiths and wheelwrights, of Beaufort, completed an order from Mr John Bickle, Jerilderie, New South Wales, for a strong double-shaft platform waggon for carting wool, which reflected credit alike on their good workmanship and township.

Captain G. A. Eddy (who was severing his connection as head teacher of the Main Lead State school for a more remunerative position in the Defence Department) was presented by Charles Troy, on behalf of the scholars, with a silver-mounted pipe, pared of tobacco and pouch, as a token of their love and esteem, with their high appreciation of his past efforts on their behalf, and best wishes for his success in his new sphere of labor.

Amongst those present at the annual meeting of the Beaufort Agricultural Society were Messrs H. Cushing (president), J. Humphreys (secretary), T. Jess, M. Kelly, M. Kirkpatrick, H. Gordon, M. Lewis, R. Ward, C. Stewart, G. Wotherspoon, D. Maher, H. H. Jackson, T. G. Archard, D. Mulcahy, J. Brennan, E. W. Hughes, and N. McIntosh. There was a Cr. balance of £34/13/4. Mr Austin was elected as president; Mr Cushing withdrawing in his favor.

A very successful concert was held at Beaufort, in aid of liquidating the debt on the local Catholic Church, which cost little short of £1000. Despite the fact that half-an-hour prior to the commencement of the entertainment rain fell in torrents, the hall was well filled. The Rev. Father Harrington acted as chairman, and gave a brief history of the church's advancement—from a tent to a weatherboard building, and from that to a brick edifice, of which the people might well be proud as an ornament to the public buildings of the town. It was a great debt for a small congregation like theirs to undertake to pay off. They had numerously, but being so few, they were unable to pay it all off. The last entertainment was in aid of the seats, but this one was to go towards the four walls of the building. A certain person had said that if a concert were got up, it would be the death blow to the debt. Another had said it would be the last nail in the coffin of the debt, but he thought, from the host he saw before him, he could confidently say they would be able to put up a tombstone to the debt.

INCIDENTS OF 1876.

The Victoria Co., Waterloo, obtained 28 oz. of gold for the week which was coarser than that procured the previous week; one piece weighing 16 dwt.

Several dogs had recently been poisoned; Mr E. Hill having lost one of the finest in the district by all appearance through poison.

Basket Ball Association. — A meeting of delegates of the Beaufort and District Basket Ball Association was held in Beaufort on Thursday afternoon; Breasher, Beaufort, Beaufort Methodists, Church of England and Nerring clubs being represented. Several of the teams reported that they did not intend re-forming this year, so that, after some discussion, it was decided to hold the meeting over till next week, in order to give all teams the opportunity to decide definitely whether they will be joining the association again.

OBITUARY.

MR. DANIEL A. BEER.

Mr Daniel Augustus Beer, a well-known and respected resident of Beaufort for 38 years, died at his home, on Saturday morning, at the age of 65 years. Deceased was born at Gawler, South Australia, where he lived for 22 years. After spending a year in Western Australia, he came to Victoria. He was employed as a carpenter for many years by Messrs. Stevenson Bros. A few years back he fell from a motor cycle, and received an injury that impaired his health. When he was 27 years of age, the late Mr Beer was married at Beaufort, and his widow, two sons, and a daughter survive him. Another son died some years ago. The surviving sons are Messrs. Allan and Walter Beer, of Benetree; the daughter (Mrs F. Hains) also being a resident of this town. The funeral took place on Monday; the remains of deceased being interred in the Beaufort Cemetery. Many sorrowing relatives and sympathising friends attended. The coffin, which was covered with floral tributes of sympathy, was borne to the grave by Messrs. A. and W. Beer (sons), Thos. Pearce (brother-in-law), J. Pearce, L. Pearce (nephews), and F. Hains (son-in-law). The chief mourners present at the graveside were Mrs M. E. Beer (widow), Mr W. Beer (son), Mr and Mrs A. Beer (son and daughter-in-law), Mr and Mrs F. Hains (son-in-law and daughter), Mr and Mrs J. White (brother-in-law and sister), Mr and Mrs Thos. Pearce, and Mr and Mrs J. W. Pearce (brothers-in-law and sisters-in-law), Mr W. Pearce (brother-in-law), Mrs E. Moore (sister-in-law), Miss Alice Pearce (niece), Messrs. Alex., Bert, Bruce, J. and L. Pearce (nephews). Included in the large number of floral tributes received was a special wreath from the Beaufort Fire Brigade. Rev. G. E. Vertigan conducted Methodist services at the house and graveside. The funeral arrangements were in the hands of Messrs. F. W. Barnes & Son, of Ballarat and Beaufort.

The death occurred on April 27 at Ripon, of Mrs Lolia Ann Smith, wife of Mr William H. Smith. Deceased was 50 years of age, and leaves a widower, two sons, and a daughter.

The death took place at Snake Valley on April 26 of Mrs Matilda Gardner, wife of the late Mr Henry G. Gardner. She was 84 years of age, and leaves three sons and three daughters.

The Buangor Catholic ball will be held on Tuesday, May 16. Music by Impey's Orchestra. Many novel novelties. Buangor ladies, always lavish in dispensing hospitality, cordially invite their numerous friends along to partake of the evening's amusement.

Attention is drawn to the advertisements of Messrs. Dingle Book, hide and skin merchants, etc., Carlton and Beaufort.

Beaufort Golf Club.

ASSOCIATES' OPENING DAY.

The Beaufort golf associates opened the season on Wednesday with a Foursomes Handicap, over a course of 12 holes. Leading scores:—Mesdames J. A. Harris and J. E. Day, 18—47; Misses L. and A. Stewart, 18—49; Mesdames Q. W. Gregory and C. H. McKay, 21—51; Mrs Ashley and Miss A. Norman, 15—52.

NOTES ON OPENING DAY.

A large number of golfers took the field on opening day last Saturday, to compete for trophies presented by the president, Mr P. T. Stevenson. Of 39 cards returned, the best net score was credited to E. S. Crouch and Mrs McMahon, whose card read as follows:—7 6 6 4 4 5 5 4 4 ; 6 5 5 3 5 6 4 6. Three pairs tied for second place with 69 net—P. J. George and Mrs George, J. H. Prowse, and Mrs Prowse, and W. W. Ashley and Mrs Ashley. Then followed P. T. Stevenson and Miss Stevenson, and N. H. Oddie and Miss A. Stewart; each pair returning 71. The first nine holes were accomplished in 41 by N. H. Oddie and Miss A. Stewart, while 42's for the second half were scored by P. T. Stevenson and Miss Stevenson, also H. J. Troy and Mrs Day. One pleasing feature of the day's play was the number of gross scores under 90. The best was an 86, coming from N. H. Oddie and Miss A. Stewart. Each of these players has been out of the game for some time, and their excellent performance augurs well for a successful season. E. S. Crouch and Mrs McMahon returned an 88, while no less than four pairs just managed to break 90—H. J. Troy and Mrs Day, Ashley and Mrs Ashley, R. James and Mrs Burness, and Mrs A. Russell and her son Philip. The last-named pair had a sensational first hole; the former sinking an eagle three from 100 yds. out. The same combination bagged a brace of birdies at the 8th and 12th. The latter was particularly meritorious, as the hole is seldom done in par figures, even in singles. N. H. Oddie and Miss A. Stewart justified their reputation for scoring birdies, with a success at the 16th. Two eclectic scores, 71 and 72, were donated by Mr A. Barber, will be held during the season; the first prize being won by Mr P. T. Stevenson, April. A fraction of the handicap held at the end of the competition will be deducted. The fraction will be so chosen that each player entering will have a reasonable chance of winning the competition. Further details will be available later on.

MEETING OF COMMITTEE.

At the April committee meeting of the Beaufort Golf Club, the president (Mr P. T. Stevenson) occupied the chair, and all members were present. The new members, Messrs. Q. Gregory and N. H. Oddie, were welcomed by the secretary, Mr. J. Main Lead, and Miss Violet Meredith. Two sons—Stanley and Harry—pre-deceased their father; the eldest (Stanley) having served with the A.I.F. in the Great war. The late Mr Meredith also leaves a granddaughter. The remains of deceased were interred in the Beaufort Cemetery on Wednesday; the funeral being largely attended. The coffin was borne to the grave by Messrs. C. Meredith (son), H. and J. Meredith (brothers), S. George (son-in-law), Troy, and J. Duke. The chief mourners were Mrs Rose Meredith (widow), Mrs S. George, Miss V. Meredith (daughters), Mr C. Meredith (son), Mrs F. Meredith (daughter-in-law), Mr S. George (son-in-law), Miss Joy Meredith (granddaughter), Messrs. H. and J. Meredith (brothers), Mr and Mrs J. Mutch, senr. (sister-in-law and brother-in-law), Mrs H. Betts (sister-in-law), Mrs and Miss J. Mutch, junr. (nephew and niece), and Mrs T. Redman (niece). Many beautiful floral tributes were received; including special wreaths from Hoskins' Store Pty. Ltd. (Ballarat), Beaufort Methodist Church, Beaufort Town Band, Rev. G. E. Vertigan, of the Methodist Church, conducted services at the house and graveside. The funeral arrangements were in the hands of Messrs. F. W. Barnes & Son, of Ballarat and Beaufort.

FOOTBALL.

RIPON ASSOCIATION.

The delegates met at Lexton on Thursday night. The president (Mr L. Meyers) was in the chair, and the following clubs were represented:—Lexton, Elmhurst, Ragian, and Beaufort. An apology was received from the Buangor club. A letter was read from the Ballarat Country Football League, stating that the annual meeting of delegates will be held on May 1. There was also a communication from Mr E. J. Dunbar, including a cheque for £4/15/4, dividend from Country Week last year. Amphitheatre Club wrote, stating that they had changed their colours from black, white and red to white with red sash, red collar and red cuffs. Mr L. Wise, of Elmhurst, was appointed to act on the Disputes' Tribunal, in place of Mr A. J. Felmingham, who has left the district. The transport of umpires was arranged at a cost of 18/ to each home team. It was decided that all teams must use the Aussie brown ball. Any club not attending delegates' meeting is to be fined 10/. The sum of £1 was voted to Mr P. Smith, to attend the Country Week delegates' meeting to be held in Ballarat. The president (Mr L. Meyers) handed over the best and fairest player's cup, donated by Mr D. Barnes, of Ballarat, and also the premiership cup, donated by the Gurton Tyre Company, Ballarat. The secretary was instructed to write thanking both donors. Mr A. Studd entertained the delegates at a very tasty supper. Mr W. M. Fitzpatrick moved a vote of thanks to Mr Studd. Seconded by Mr C. Lang, and carried.

RAGLAN.

FOOTBALL CLUB.

The Raglan Football Club has re-formed, under the leadership of Messrs. W. G. Wilkinson (president) and E. Lawrence (secretary). With a credit balance of over £6, and most players owning their own uniforms, the club is in a good position financially. There are likely to be several retirements among the players of last year, but several likely recruits are available to take their places. Two fairly good practice runs have been held, but the last one should be better. So roll up, boys! We want 25 at least at practice today (Saturday). The new rules have to be carefully considered. The new leader, Billy Dale, will be in charge to-day. Members' tickets are now available, and will sell "like hot cakes."

RAINFALL.

The rainfall for April to date is 472 points, compared with 10 points for March and 220 points for April last year. Not for a long time has the soil been in such a favourable condition for working, and district farmers are taking full advantage of this.

SCHOOL COMMITTEE.

At the monthly meeting of the Raglan school committee, the chairman (Mr E. J. Tiley) presided over a meeting of five members. The head teacher (Mr K. W. Lewis) was also present. Congratulations were extended to the head teacher on the success attained by the school as IV. Class head teacher. The correspondence (Mrs J. Cuthbertson) read correspondence relating to the roads matter, and also re the matter of chairs; two new ones to be supplied to replace those beyond repair. No word has been received about the application for a further grant of land for the plantation. The head teacher reported that owing to heavy losses among the trees in the plantation, it would be necessary to replant 700 trees this year to maintain the covenant. He also appealed to the parents, through the committee, for still greater effort to raise the standard of the school. The attendance, owing to a mild epidemic of gastric trouble, had not been good, and an improvement was looked for. It was arranged to hold a concert one night entertainment in the hall, when the head teacher would have a chance to elaborate these points to the parents in general. Discussion also took place on the question of equipment for the new physical training course; the matter being somewhat against gymnastic work. Donations of bags for mats, etc., were promised. It was decided to apply to affiliate with the Gillies Bequest Library scheme. Arrangements were made for the celebration of Empire Day in the usual manner, and the celebrations to be held in the school.

FOR MEN.

MANY men have the impression that a Savings Bank Account is suitable only for women and children, and that it is neither convenient nor dignified enough for business men.

Certainly those business men who have many payments to make ever a considerable area need cheque accounts, but even those, in common with all other men, will find the Savings Account a most useful and convenient aid to money accumulation.

There is nothing undignified in the transaction of Savings Bank business, but there is interest profit to be earned on such monies as would otherwise lie idle.

BALLARAT LIVE STOCK MARKET.

Monday.

Owing to the Anzac Day holiday, the Ballarat cattle market was held to-day. There were 131 head of cattle, including 50 bullocks. The majority were good to prime, with odd pens of choice. The demand was steady, but values were easier. Quotations: — Prime medium weight bullocks, £14/10/ to £16; extra, to £17/2/6; good, £12 to £13/10/; useful, £9/10/ to £11; prime cows, £11/17/6 to £12/10/; good, £9 to £10/10/; useful, £7 to £8. Calves numbered 59. There was little or no alteration in values. Best made to £11/13/6. There was a small yarding of 2,006 sheep. Prime were scarce. The demand for best quality was brisk, with values firm. Lower grades were easier. Quotations.—Prime crossbred wethers, 22/ to 24/; extra, to 26/7; good, 19/ to 21/; prime crossbred ewes, 19/ to 21/; extra, to 23/1; good, 16/ to 18/. There was a penning of 578 lambs. Chiefly good and useful, with a small proportion prime. The demand was particularly keen, and values were 2/ a head above late rates. Quotations:—Prime, 25/ to 28/4; good, 21/ to 23/; useful, 18/ to 20/.

The following district sales are reported:—Four lambs, Mr A. Kirkpatrick, Lake Goldsmith, 14/7; 64 crossbred wethers and ewes, Mr Jno. Kirkpatrick, Stockyard Hill, wethers 18/10, ewes to 18/; 11 lambs, same owner, to 22/10; 66 merino wethers, Messrs Alex. McIntyre and Sons, Pretty Tower North, Beaufort, 20/7 to 23/1, topping the market, averaging 22/.

HOUSEWIVES' NOTEBOOK.

The marble top of an old-fashioned washstand, if fixed to a kitchen table, will make a good table for making pastry, and is easily kept clean.

A boiled potato, used occasionally instead of soap, will help to keep the housewife's hands smooth and white. Rub well into the skin, then rinse with tepid water.

Water in which potatoes have been boiled is excellent for removing stains from silver.

A simple remedy to apply to a burn is the beaten white of an egg. This excludes air and light.

To cure squeaking shoes, soak the soles in linseed oil, getting it well into the welt with a brush.

After peeling apples for tarts, rub your fingers with the peel before washing them, and it will remove all stain.

Tarnished silver or metal ware rubbed with a juicy lemon will quickly become clean and bright.

Seventy Years Ago. — That of Mr Philip Russell, of Carngham, was the only nomination 70 years ago for the vacant seat in the Legislative Council for the South-Western Province.

THE CHURCHES.

PRESBYTERIAN ANNUAL MEETING.

The annual congregational meeting was held at St. Andrew's Presbyterian Church, Beaufort, on Monday night. Rev. J. P. MacDougall presided, and opened the proceedings with a Scripture reading and prayer. Apologies were received for the absence of Mrs A. L. Wotherspoon and Mr Charles Lewis.

The general balance-sheet, as printed and circulated, showed that receipts totalled £471/9/2, and that there was a debit balance of 7d. Mr W. Stevens certified to the correctness of accounts. — Adopted.

The chairman said the cheerful part about it was that they were square all but 7d at the end of the year.

Mr T. McNaughton, clerk of the Kirk Session, reported that the session had sustained a great loss by the deaths of two members, the late Messrs. A. L. Wotherspoon and W. L. Williams, and expressed their deep sympathy for the relatives. They thanked Mr McLean for carrying on the Church secretarial duties temporarily. The Sunday school had been carried on under the guidance of Mr Pringle (superintendent) and the teachers. The duties of organist had been carried out by Miss H. Wotherspoon, assisted by Miss Tulloch and Mrs Gregory.

Miss Marj. Kewley presented the annual report of the P.G.F.S., and outlined the work of the organisation for missions and charities during the year. The sum of £10 had been voted to the Church funds. Miss N. Tulloch was thanked for carrying on the society in the absence of the president (Mrs MacDougall), whose health, the members hoped, would soon be restored. All who had helped throughout the year were thanked.

Miss E. Hobson presented the balance-sheet of the society, which showed that receipts amounted to £19, and there was a balance of 12/2 at credit.

Miss N. Tulloch presented the P.W.M.U. report for the year, which stated that the membership at the close of the 12 months was 27. The various activities of the branch for the year were outlined. The objective (£25) has been raised, as well as £3 for the Deaconess' Fund. The balance-sheet showed that the receipts were £29 2/11, and that there was a credit balance of 2d.

Miss W. Wotherspoon presented a balance-sheet of the Sunday school, showing a credit balance of £9/10/10.

The three balance-sheets were adopted, on the motion of Messrs. W. Stevens and H. V. McLean.

It was decided to hold an American tea for the Church funds, on Thursday, May 18, on the motion of Misses Tulloch and Lewis.

Rev. J. P. MacDougall spoke in appreciation of the work of Mr McLean, Mr Stevens, the girls of the P.G.F.S., and the ladies of the P.M.U. The work of these two organisations was one of the finest things he had known in his ministerial career, particularly in the absence of their president. This had been very encouraging to him in a difficult year. He asked all helpers to accept his sincere thanks.

Mr W. Stevens was re-appointed auditor, on the motion of Miss Lewis and Mr McNaughton.

Miss Lewis spoke in appreciation of the minister's work, and of the Anzac service held by him the previous night.

Mr W. Stevens spoke in support.

Mr MacDougall thanked the speakers for their kind words.

Miss Tulloch said the members of the P.G.F.S. should be heartily commended for their work during the year.

Anglers' Club.—On Sunday members of the Beaufort Anglers' Club had an excursion to Swan Bay, near Queenscliff. They travelled in Mr Bert Smith's 'bus. The competitions resulted as follow:—Biggest fish, Mr J. Stewart; biggest bag, Mr J. Crozier.

Beaufort A.N.A. — The fortnightly meeting of the Beaufort branch, A.N.A., was held on Tuesday night at the Mechanics' Institute. Mr W. Gillingham (president) was in the chair, and six members were present. The conference delegates' report was held over for the quarterly meeting. Sick-pay and accounts amounting to £19/10/ were passed for payment. The treasurer reported a credit balance of £32/2/4. Mr A. H. Sands gave notice to move at the quarterly meeting that the salary of the treasurer be increased. An appeal for a donation from the Talbot Colony for Epileptics was held over till next meeting.

WEDDING BELLS.

MEEK — DREVER.

A large circle of friends and well-wishers were present at St. Columbus' R.C. Church, Streatham, on Easter Saturday for the marriage of Eleen Agnes, second daughter of Mr and Mrs E. T. Meek, "The Lakes," Streatham, and Frederick Thomas, son of Mr and Mrs A. E. Drever, of Edward street, Sebastopol. The ceremony was performed by the Rev. Father Gafney. The church had been decorated by girl friends of the bride. The bride, who entered the church on the arm of her father, to the strains of the "Wedding March," played by Miss I. Fay, the church organist, looked charming in her white cobweb satin frock, which was cut with a high neck-line, forming two peaks from which covered buttons extended to the waist line. The long sleeves, with points over the hands and very tight fitting, were finished with loops and covered buttons to the elbow. The veil, kindly lent by Mrs McInnes, of Wickliffe, was mounted on pink tulle, and held in place by a coronet of pearls and orange blossom. The bride was attended by Miss F. Nimon, of Ballarat; her frock being of pink stiffened lace, fashioned with Peter Pan collar and tiny loops extending down the full length of the skirt, and her headdress was a topknot of pink camelias, with matching veil. The bride's youngest sister, Mary, acted as trainbearer, and wore a long pink georgette frock, with tiny frills round the neck and skirt. The bridegroom was attended by Mr A. Meek (brother of the bride) as best man, while two other brothers, Thomas and Lin, acted as ushers. On leaving the church, a lucky horseshoe was hung on the bride's arm by little Elaine Wills. At the conclusion of the ceremony, the bride's parents entertained their guests at a reception held in the Streatham Hall. The bride's mother wore a navy blue costume, with matching toque, finished with an eye veil. The usual toasts were honoured, and the waiting on the tables was carried out by girl friends of the bride. Later in the evening, the happy couple left by car on their honeymoon, the bride travelling in a fawn tailored costume, with nigger brown satin waistcoat blouse, with matching toque and accessories. To complete the costume the bride wore a fur necklet, to which was pinned a spray of orchids. The bridegroom's present to the bride was a fur necklet, and to the bridesmaid a leather hat case; the trainbearer receiving a prayer book. The bride's present to the bridegroom was a pair of gold sleeve links. The future home of Mr and Mrs F. T. Drever will be at Streatham.

Anzac Service. — At St. Andrew's Presbyterian Church, Beaufort, on Sunday night, Rev. J. P. MacDougall conducted a special service in connection with the 24th anniversary of Anzac Day, and delivered an address in keeping with the occasion. Sixteen returned soldiers attended, and the scripture lessons were read by Messrs. C. H. McKay and S. Wells, president and secretary respectively of the Ripon subbranch of the Returned Soldiers' League.

How a Colonel Lost His Pants!—

The Minister for Defence (Brigadier Street) on Anzac Day met the man who "pinched" his pants. A certain Mr Brown, one time private of the 1st Battalion, told his comrades at the reunion of the 1st Infantry Brigade that he was proud that he had once been "crimed" for "pinching" his colonel's pants, and was still more pleased that they were "not worth a damn" when the colonel got them back. But the colonel's name was Street, and the colonel has since become a brigadier, and the brigadier a Minister for Defence. And the Minister for Defence was the chief guest at the reunion.—"Argus."

Kyneton council is opposed to any amendment of the Police Offences Act to make it an offence for a person to enter private property without first seeking the owner's permission. The council was asked to support the movement by the Graziers' Association. Cr. Ewing said he had been in the habit of going where he liked for shooting or fishing, and it would be intolerable if rabbiters were forced to seek approval of property owners before they entered any paddocks.
