ORTHUR PUTES OF VARIETY FOR DEPOTE OF STRANGERS

January Council Meeting a Grievance Day He was opposed to the purchase of

the second grader and the truck.

Grader Driver.

He was an economy councillor, but ECONOMY MOVE BY CR. WILLS, realised they must progress and SPIRITED DISCUSSION.

making roads for next to nothing. Might be some difference in the that gentleman would be disappower, but there was not a trepointed there were not more here. Mendous difference in the two graphut he welcomed those present and

They agreed to getting a set of new tyres, but it was a mistake to put them on a machine that had been worked over its capacity. The No.1 grader had cost them £100 in 12 months for repairs. That talk about doing so many chains for 7/was a lot of blow. The engineer's petrol bill had increased, and the work of the graders in the West Riding was not a success. They were distinctly "degrading" roads there, and he was up in arms against it. Wills' road had depreciated 40 per cent since the graders were used on it. In 1938 they let a gravel contract on Mt. Emurood, and he thought it a good with them on a machine that had been work of the man came off No. 2 machine that his machine was head that his machine was not so far behind it as he imagined.

Cr. McKay — The North Riding members were quite satisfied with No. 1 grader.

Cr. McKay — He was at a disadvantage, as he was a new councillor. He would like to see it adjourned for a month, and the two drivers changed over. Two days was not a fair test. If they changed over for a month, they could get the engineer to report.

Cr. McKay — He had seen No. 1 grader on a quartz road, and the big reservoir, but there was nothing cleaner than eucalyptus. The caretaker was complaining of the improper behaviour of some of the young people who used the baths and the was up on a number of the improper behaviour of some of the improper behaviour of some of the was and any person found out in this kind of thing would be expelled from the club. It was intended to erect some small memorial here to the late Cr. D. F. Troy. The Council had decided to put gates on Jonatha and the big reservoir, but there was nothing cleaner than eucalyptus. The caretaker was complaining of the improper behaviour of some of the was at a displayment of the improper behaviour of some of the improper behaviour of some of the improper behaviour of some of the improper behaviour of the improper behaviour of th thought it a good grader on a quartz road, and the grader was on it wheels slipped.

The state of the late of the job. After the grader was on it

part of the gravel was graded over the gravel was graded over the grass. At the request of a chucking away money to spend it ratepayer, he asked the engineer like that.

Cr. Hinton — For yards and part of the gravel was graded over yards going a few chains. It was chucking away money to spend it like that. the grass. At the request of the request of the rate payer, he asked the engineer like that.

The meaning of it, and he said it 

Cr. McKay — The Machinery Government gave for the baths, Cr. 

Troy had done all the work. Committee, in their wisdom, decided to put No. 2 grader on the head Mr. P. L. Denigan, M.L.A., thankgave the ratepayer his reason, and told him he tried hard to believe it. vier work, and leave No. 1 grader ed the members of the club for the told him he tried hard to believe it.

The ratepayer said if corrugations were stopped as easily as that, why were all the engineers over the world trying to stop it? He was world trying to stop it? He was a chart their supplies of the work, and leave No. 1 grader to the members of the club for the invitation to come along. Several attempts had been made to hold the grader business. It would represent the opening carnival. Although to-flect on the whole Council, as the day might have been finer, there are not provided in the club for the club fo concerned about their supplies of work was done and the estimates was a little "mixture" in the water material, and what they were gomaterial, and what they were goprepared. He urged them to come and the air of the warm weather of

could go so far and no further. Some of these figures were staggering to him. He did not know The Beaufort Swimming Club's

On several occasions on Monday, the January session of the Riponshire Council developed into a greavance meeting, and the appointment of a grader driver provoked a spirited discussion, part of which was held in committee.

In regard to the appointment of a grader driver, Cr. Wills said they reduced the rate on economic grounds; but did not reduce expenditure. Here was an opportunity to do so. A statement was made at the table that a certain amount of ground was worked up by grader for 7/. In his younger days, it was well grounded into him that a man with a yard full of machinery had very little bank balance. It went making roads for next to nothing. Now they were having trouble with Bargain Specials In all Departments

Summer Frocks. Summer Coats. Summer Millinery.

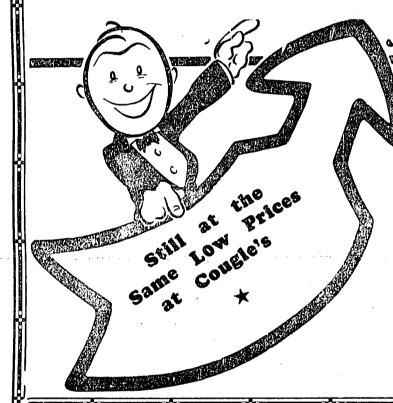

Now they were having trouble with No. 1 grader. They listened to a lot of tripe from experts at last chine had been worked above its capacity, but would not admit it. They agreed to getting a set of new tyres but it was a mistake to put mendous difference in the two graluctures in the welcomed those present and hoped they would have an enjoyable afternoon. He exhibited a sample of water coming out of the baths, and commented on its purple they agreed to getting a set of new leaves of the eucalypts around the chine satisfied that his machine big reservoir, but there was noth-Savings in Underclothing and Sports Wear, &c.

AN OLD FAVOURITE IN A NEW GUISE.

Everyone enjoys scones, particularly when they are taken piping hot from the oven and served with lots of butter, but they become distinctly different when you make them with All-Bran. Buy a packet of Kellogg's All-Bran and try this delicious recipe.

All-Bran Scones. Pinch of salt 1 dessertspoon of butter

Soak the All-Bran in the milk. Sift the flour, baking powder and salt into a basin. Rub the butter in lightly and add the All-Bran and sait into a pasm. Rub the putter in fighty and add the All-Dian at ailk, mixing evenly into a light moist dough. Turn on to a light floured board and press or roll to about an inch thickness. Cut wit floured knife or cutter, place on buttered scone tray and brush tops Bake in a hot oven (425 degrees F.) for about 12 minutes and lift the cooked scones on to cooler.
