OBITUARY.

----MRS. MARY B. SMITH.

The register of the Ripon Patrioffic and Comforts Club contains The funeral of the late Mrs Mary Beatrice Smith, of 191 Humffray Street North, Ballarat, wife of the late Mr Charles Percy Smith, took | place on Friday afternoon, 18th July, from H. Evans & Son's chapel, when her remains were interred in the Bo fort Cemetery. The coffin-bearers were Messrs. H. Roberts, P. O'Keefe, P. Duffy, and R. O'Toole. The chief mourners were Mrs O'Toole (sister), R. O'Toole, Mr and Mrs P. Duffy, Mrs McGeary, Mrs Grange (nephews and nieces). A number of beautiful floral tributes was received. The Rev. Father Lynch conducted the service at the graveside. The funeral arrangements were carried out by Messrs. H. Evans & Son.

MR. TOM PALMBY.

By the passing of the late Mr Tom Palmby, Lexton has lost one of its highly respected citizens. Born at Lexton in the year 1865, he lived in his native town all his life, and was a keen follower of all healthy sport. He was well known hroughout the cricket realm as an | outstanding bowler, and even later after retiring from cricket, he kept himself fit by playing successfu! golf. Throughout his life, Mr Palmby followed mixed farming pursuits, and was ranked among the great shearers in his day. As one of the pioneers of the local branch of the A.N.A., the deceased, with his long associations with the branch, did much in its interests to keep its banner flying. It was his sterling quality of carrying out the golden rule that endeared to him such a large circle of friends. The funeral took place on Tuesday July 22, at the Lexton Cemetery when a large cortege followed his remains to their last resting place. Members of the A.N.A. preceded the hearse to the graveside. The

Physical Education

(By Elizabeth Cooke).

A little milk.

Salt, pepper.

A little butter,

questioned is physical education. Is it unessential, or is it indispensable? In attempting to solve this serious problem, it is important not to abandon services which may for the moment appear as non-essenl tiol, but which are in fact of an indispensable character.

Human vitality is partly hereditary and partly development. The power of vital organs is therefore dependent upon the developmental Mince onions fine, and boil in the physical activities of the young. In TDOURNAMENT AT MECHANICS' water for an hour. Strain and add a sedentary and industrialised so-

every indication points to a shortening of the working day. There will be leisure in amounts undreamed of a generation ago. This

Physical education is indispensable, also, for the normal growth and development of youth. When children and young people are denied the growth and health that comes from physical activities in educational institutions or in community life, the saving in such expenditures will be more than offset by the increase of costs for hospi-

ing, schools and educational institutions must not abandon such essential services. In this machine lage, with its deadly monotony of routine labour, its emphasis upon mechanical efficiency, and its trend

social problems in the years that lie ahead. To-day there is more urgent need than ever for co-operative effort on the part of all voluntary organisations in every district. This is just as necessary in the country as it is in the city. Local National Fitness Committees appeal for the support of all citizens who are interested

THE POETS' CORNER.

FIRE BRIGADE.

MONTHLY MEETING.

Services of Brigade Appreciated.

As the monthly meeting of the

Beaufort Fire Brigade commenced at 7.30 p.m. on Monday, the busi-

ness was transacted in quick time.

The meeting, which was held at

the Fire Station, was attended by

14 members, and Captain J. Duke

Correspondence was read from

the Country Fire Board, enclosing

a letter from Mr J. E. B. White,

of Challicum, forwarding a cheque

for £8/5/, in payment for services

rendered by the brigade at the re-

White added that he would like to

say what very fine work this bri-

it effected. Twenty tons of the

gade did, and the wonderful save

stack of 60 tons of wood were saved.

as well as a big, wooden building

Writing to the brigade, Mr White

stated that he took the opportun-

ity of thanking the brigade for its

very fine work in dealing with the

Creek, on July 2. He felt, as other

members of his family did, that

they were very much indebted to

the brigade, and especially to those

members who, under the leader-

ship of Captain Duke, turned out

so early in the morning, journeyed

eight miles out from Beaufort, and

effected such a good save. He ten-

dered his sincere thanks to those

firemen, as but for them a very

serious loss would have been caus-
