# "17th SECURITY LOAN affects all Victorian Primary Producers"

says President, Australian Dairy Farmers' Federation.

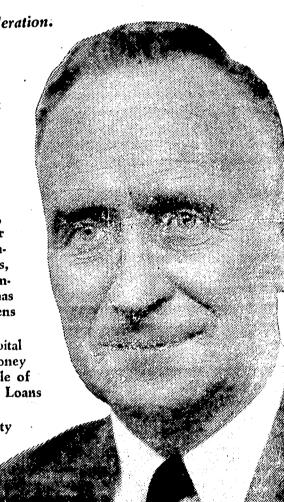

Mr. J. P. Norton sees good years ahead for primary producers.

'Australia must expand her primary industries to meet the ever-increasing demand from local and overseas markets. With assured markets for their produce, farmers can plan with confidence for the future. Now is the time to undertake programmes of property improvement and replacement of plant and stock," says Mr. Norton.

"Many of the things that need to be done, however, to consolidate our position can be done only by our Governments. The development of water conservation and irrigation, improvement in transport facilities, increased supplies of electric power-these are community projects which the Government of Victoria has in hand for the benefit of farmers and of all citizens

of the State. 'The completion of these projects will call for the capital nvestment of many millions of pounds, and this money nust be found through the willingness of the people of Victoria to lend their savings to the Government in Loans

Those with money available will find the 17th Security oan the perfect place for their savings-an investment that gives a twofold return—a gilt-edged ecurity, paying good interest, that will elp to advance the welfare of the State nd all those who reside in it."

Order Extra Papers

Owing to the present price or newsprint, only a few spare copies of "The Riponshire Advocate" are left over after the regular circulation has been distributed. So wanting extra copies should order in advance before included in the week's count. Call, write, or telepnone when you want extra copies. The position is that newsprint, which used to cost us between £5 and £6 now costs · £34 a 5 cwt. bale to land at Beaufort — it went up about £20 a ton after the depreclation of sterling last year. So you see we can't afford to waste newsprint by printing extra copies just on the offchance of selling a few of them.

Work has re-commenced on connections for 6 in. main at Livingstone Street and Warbur-ton Street. It has been found that the main in Livingstone St. as shown on record plans. Work on Warburton Street will be proceeded with.

There is a possibility that a tender will be submitted for trenching to this meeting.

Mrs G. H. Cuthbertson, Group them, and would treble their own membership immediately. With this in view, I am submittency to the Nation," emphasising these points:—To produce more; to make the reign of Queen Elizabeth II. a great one; to overcome apathy; to upraise our moral standards of living; to show loyalty to the throne; to develop the natural resources of the country; the value of life; to prepare oneself to become a fine to the Nation, and if adopted, will make the Park something to be proud of. The Cricket Club will be under a big expense for some time in maintaining the pitch, purchasing a moller, etc; the latter could be used by the propagation.

# Graziers' President advises investment in 17th SECURITY LOAN

"Australia must shoulder its responsibilities," says Mr. W. A. Gunn, President of the Graziers' Federal Council of Australia.

"Australia, as one of the great primary producing countries of the world, is facing a great responsibility," said Mr. Gunn recently.

"Our first care is to produce the food for our own community; secondly, to help to feed and clothe, not only ourselves, but the peoples of those nations not able to produce their own requirements. "The recent floodings in Britain and parts of

property at Australia can help to take up the slack. burning 80 "Running parallel with our responsibility for increased primary production is the necessity for the development of our great public works, for which combined schools' sports, Carol Loan money is essential. We must have water condaughter of Mr servation, better roads, an efficiently maintained system of transport, more homes for our people and more

# THE SMALL CRAWLER **BIG PERFORMANCE**

No other small crawler tractor has won such wide acclaim as the Oliver O.C.3. Its specifications and performance on the job prove its superiority. Its outstandingly economical 4-cylinder Kerosene engine delivers 21.85 horsepower at the drawbar. With 19 inches clearance, 42 inch tread and 10 inch wide tracks the Oliver O.C.3 is ideally suited for cultivation and light clearing.

For orchard work in hilly country there is no better tractor than the Oliver. It is easy to handle and can be manoeuvred in confined spaces.

Seconded by Cr. Mackinnon, and carried.

Clause 9.— Loan of Material and Hiring of Shire Plant.— The engineer — He wanted to know who was in charge of it, and was sorry the secretary took it as a personal matter at last meeting. Cr. Schlicht — No plant should be hired to an individual, only to a public body. Cr. Guthrie — Mr. Linsten's idea was only to hire plant in charge of the usual operator. Cr. Mackinnon — It seemed to him that the hiring or not of the plant was up to the engineer. The secretary — He let a contractor have a ripper that had not been used for months while Mr Linsten was away, and he did not return it. he was quite agreeable that the engineer should have full charge of the usual operator. Schlicht moved that no plant be hired to anyone unless approved by the engineerer, and no plant be hired to move that no plant be hired to move that to clause 10 — Subdivisions — Wotherspoon to Jess, E. K. Crouch; and Roddis to Howlett, recommended for seal.— Engineer's recommendation adopted to the secretary.

POSITION OF ASSISTANT SHIRE SECRETARY

At the Ripon Shire Council meeting on April 15, Cr. Schlicht said the assistant - secretary, meeting on April 15, Cr. Schlicht said the assistant in the suspect that the suspect that they call applicagested that they call applicagested that the would look around for a municipal clerk's qualifications. They should look around for a municipal clerk's qualifications. They should have to pay him the full salary. Cr. Schlicht was right. A junior would plut a lot more responsibility on Mr Acton. They would have to give it serious thought. The secretary — He suggested that they make it an order of the day for next meeting, and he would look up the wages. He was going to suggest himself that they appoint a male assistant. Cr. Schlicht gave notice to move that it be an order of next meeting to meeting on April 15, Cr.
