What's happening?

We're upgrading Stop 4 Collins St on William Street
with raised platforms to improve safety and provide
level-access boarding for passengers using **Route 58**.

The upgraded stop will have the following passenger
and community benefits:

	More accessible stops for tram passengers.
	New shelters, seating, and improved lighting.
	New audio and visual passenger information displays.
	More pedestrian crossing points, new collision barriers and fencing.
	Enhanced safety by separating passengers from traffic, cyclists and trams.

Your journey may be affected during these works. Plan
ahead, consider alternative travel and allow extra time.
