

BUS AND COACH SOCIETY OF VICTORIA

PUBLICATION M3

This publication lists every bus and coach operated by private and government operators in the Melbourne Metropolitan area.

It updates the previous metropolitan operators list No. M2 of January, 1976.

The fleet lists have been compiled by the Bus and Coach Society of Victoria which would like to record its thanks to all the bus operators who have been helpful in providing information and allowing the B.C.S.V. members to inspect and photograph vehicles.

Information about some of the smaller operators was rather difficult to obtain and may therefore be slightly inaccurate. Readers who notice any errors or omissions are requested to contact the Bus and Coach Society of Victoria, 2 Lenham Close, Ferntree Gully, 3156.

Vehicles are listed under each fleet and the data is listed in the following order across the page:

- Fleet number (if applicable)
- Registration Number
- Chassis make, model and designation
- Chassis number
- Body make
- Body number
- Body date (as stamped on body plate; otherwise month of delivery or registration)
- Seating code and capacity
- Origin of vehicle

To conserve space, abbreviations have been used as shown hereunder:

CHASSIS

AEC -	Associated Equipment Company
AEC Re	AEC Reliance
AEC RI -	AEC Regal
An -	Albion
Aus -	Austin
Bd -	Bedford
BI -	Bristol
BMC -	British Motor Corporation
Dg -	Denning Monocoach
Do -	Domino Industries
Fd -	Ford
Hk -	Hancock
Ho -	Hino
IBC -	International Brighton Chassis (R M Campbells)
IH	International
Ld =	Leyland
Ld-RT Cub -	Leyland Royal Tiger Cab
MAN -	Maschinenfabrik Augsburg - Nurnberg
Maz -	Mazda
MB -	Mercedes Benz
Ns -	Nissan
RFW -	RFW Truck Manufacturing Company, Chester Hill, NSW.
Ta -	Toyota
Vo -	Volvo
VW -	Volkswagen

BODY

AH -	Athol Hedges, Northgate, Qld.
Aka -	Arakawa (Toyota), Japan
Ans -	Ansair, Tullamarine, Vic.
CAC -	Commonwealth Aircraft Corporation, Fishermen's Bend, Vic.
C -	Comair (CAC bodies after 1961)
CB	Cheetham and Borwick, Carlton, Vic.
CCMC =	Custom Coaches Manufacturing Co, NSW
CCMC/Nm -	CCMC (frame) finished by Newnham, Preston Vic.,
CCE -	Custom Coaches "Euro" (Smithfield Euro bodies produced since the CCMC takeover), Smithfield, NSW
CE -	Commonwealth Engineering, Granville, NSW.
Cmr -	Coachmaster Pty Ltd, Peakhurst, NSW.
Cte -	Centurion Transport Engineering, Upfield, Vic.
CVI -	Commercial Vehicle Industries, Granville NSW (formerly Comeng)
Dg -	A B Denning, Acacia Ridge, Qld.
Dg SA -	A B Denning, Adelaide, SA.

BODY CONT.

DH	-	Domino Hedges Pty. Ltd., Northgate, Qld. (formerly Athol Hedges)
Do	-	Domino Industries Ltd, Northgate, Qld, (formerly Domino Hedges)
Du	-	Duple Coachbuilders Limited, Blackpool, UK
ECW	-	Eastern Coach Works, Lowestoft, England.
Fd	-	Ford Motor Corporation
FL	-	Freighter - Lawton, Seaton, SA.
Fr	-	Freighter Industries, Seaton, SA. (formerly Freighter - Lawton)
FV	-	Freighter Industries, Moorabbin, Vic.
Ga	-	Grenda's BS Dandenong (conversion of MTT Adelaide buses)
Ho	-	Hino Motors, Japan
LN	-	Integral Leyland Nationals Imported CBU from England
Ls	-	J A Lewis, Glynde, SA.
Maz	-	Mazda Motors, Japan
MB	-	Mercedes Benz, Mannheim, West Germany
MBS	-	Motor Body Specialists, Brisbane, Qld and
MC/MCW	-	Metro Cammell (Weymann) Carriage Wagon Co, England
Mee	-	R E Mee, West Heidelberg, Vic (now Melba Coachworks)
MK	-	Martin and King, Malvern, (later Dandenong), Vic.
MI	-	Marshall, Cambridge, England.
Na	-	Nambucca River Engineering, Macksville, NSW.
Nm	-	W A Newnham, Preston, Vic.
PMC	-	Pressed Metal Corporation, Revesby NSW.
PMCSA	-	Pressed Metal Corporation (South Australia), Royal Park, Adelaide, SA.
Pn	-	Plaxton Coachworks, England
Pr	-	R V Piper, South Oakleigh, Vic.
SF	-	Symons and Fowler, Flemington, Vic.
Sh-	-	Smith, Edwardstown, SA (conversion of MTT, Adelaide buses)
Sm	-	Smithfield Bus and Coach Works, Smithfield, NSW.
Sr	-	Superior, Brisbane, Qld.
Va	-	Ventura Bus Lines (Conversion of MTT Adelaide buses)
VW	-	Volkswagen
Vg	-	Volgren Industries, Dandenong, Vic.
Wbr	-	R F Weber, Frankston, Vic.
Wt	-	Watt Bros, Brisbane, Qld.

NB - Operators purchasing Municipal Tramways Trust, Adelaide vehicles were required to have them narrowed and modified to suit Victorian regulations. The bodybuilder who rebuilt the bus is shown on the lists as (e.g.) Fr/Sh. i.e. Freighter body rebuilt by Smith.

SEATING CODE

The seating capacity has prefix and suffix letters to indicate the layout and type of vehicle.

Letters before seating capacity

- B - Bus Seats
- C - Coach Seats
- DP - Dual Purpose vehicle (i.e. route bus with semi coach seats)
- F - Full front body on normally half cab chassis
- H - Highbridge Double Decker
- R - Raised deck body
- TR - Triple raised deck body (i.e. deck-and-a-half-and-a-half)

Letters after seating capacity

- F - Front door only
- D - Dual (two) doors
- C - Centre door
- RD - Rear platform entrance fitted with doors (double decker)

Letters following suffix letters

- T - Toilet equipped
- V - Rear freight compartment

Double deckers have the top deck seating shown before the lower deck, i.e. (33/27)

ENGINES

Where a vehicle has been fitted with a make or type of engine other than the original type, it is shown thus: x/y e.g. An Viking AVK43-505/GM 4.71, or with Bedfords simply as Bd SB3/330D.

ENGINE TYPES

AEC = AH470, AH505, AH590, AH690, AH760  
 Bedford = 300 petrol, 300 diesel, 330 diesel, 466 diesel, 500 diesel  
 Caterpillar = 3208V8  
 GM = 4V53, 6V53, 6V71, 8V71, 6.71, 6V92TTA.82.L  
 Perkins = 6/354  
 Leyland = 0350, 0375, 0400, 0600, 0680, 510.

Bedford chassis numbers

In recent years, Bedfords carry the English chassis number, and in addition, GMH one is allotted  
 e.g. TRP2DZ 687899 - English number  
 TRP2DK J338615 - GMH Number

If known, both are shown in this publication.

This publication is up to date to the August 1982 edition of "Fleetline" (Issue No. 85), the official journal of

THE BUS AND COACH SOCIETY OF VICTORIA

COVER PHOTOGRAPH CAPTIONS

photo 1 by Paul Nicholson; 2-10 by Geoff Foster).

1. The Melbourne and Metropolitan Tramways Board took delivery of 100 AnsaIr bodied Volvo B59s between March 1977 and September 1978. Eight of these were subsequently leased to Vicrail. IUG 895 is about to depart Sandringham Station for Black Rock on Vicrail's route 901.
2. Following the subsequent delivery of 130 MAN SL200's to the M&MTB, a number of the Freightliner bodied AEC Regal Mk VIs were sold to private operators, after narrowing by AnsaIr. Former M&MTB 703, JBF 761, is one of five to enter service with Pullitano of Glenroy.
3. With the demise of the Bedford BLP chassis in sight, Hino introduced a front engined chassis, the BY320E. ALE 982 is one of four units, all fitted with PMC South Australia bodies, purchased by Point Cook-Werribee Passenger Service in 1979.
4. Melbourne had long lacked a cross-suburban route in the far northern suburbs. East West Bus Service resulted from a joint venture by Dysons and Reservoir Bus Company to provide a link between Broadmeadows and Greensborough. AYJ 990 is one of two Bedford SB5s with Newnham bodies in the East-West Fleet.
5. In 1981 Mercedes Benz imported a small number of front engined chassis and has subsequently, introduced an underfloor engined chassis. The first of the front mounts, fitted with AnsaIr's new AnsaIiner coach body was delivered to Australian Rambler. Some idea of Rambler's rapid turnover of new vehicles will be gained from the fact that only two of the current 24 units were in the fleet at the time of Publication M2 in 1976.
6. Bonos of Maldstone own AZM247. This very English looking coach is in fact all-Australian. The chassis is a Hancock, fitted with Caterpillar motor and the body is one of two built by Smithfield Bodyworks to the English Plaxton Supreme IV design.

- 7 A new bodybuilder in Melbourne is Volgren of Dandenong, supplying the Swiss Hess body design on a range of Volvo chassis. Sunshine Bus Lines BCY 056 is a Volvo B58, normally used on route 456 between Sunshine and Melton.
- 8 Another Volgren bodied Volvo B58 is BAP 095 of Ventura Bus Lines. It is the only Volvo in the Ventura Fleet which includes over 90 Leylands.
- 9 Another traditional Leyland operator is Ryan Bros of Essendon. However their last two new route buses were a pair of Hino BG100s. BGD 430 (left) carries a Domino "Metroliner" body and BGD 431 a PMC South Australia body.
- 10 Several operators have rebodied ex-MTT Adelaide Leyland Worldmaster chassis. Ex MTT 825 ran for Rennie of Box Hill with its original Freightor Lawton body for seven years before rebodding by Newnham. Now registered BBY 123 it features the swivel type door which has been introduced by several bodybuilders.

\* \* \* \* \*

Enthusiasts should always remember that before entering an operator's premises, permission should be sought from the Owner, Manager or employee on duty. Always take care whilst in a depot as operators are not responsible for your safety in the event of an accident occurring on their premises.

- Notes:
- A Retained by MMTB for historical purposes
  - B Used as a change bus at Footscray Depot
  - C Modified and eqipped for quick conversion to emergency ambulances
  - D Retained as "smoke bus" for testing other vehicles
  - E Stored at time of compilation (21.7.82)
  - F Used at Hawthorn for driver instruction
  - G Imported from Britain completely built up. Dates shown are dates of registration
  - H Imported from Britain in CKD form and assembled by Pressed Metal Corporation, Enfield NSW. Dates shown are dates of registration.
  - I Leased to Victorian Railways, Sandringham; (see separate entry)

#### VICTORIAN RAILWAYS BOARD (VIC RAIL)

Depots: Sandringham Railway Station  
 Burke Road, Deepdeene (SEC Depot)  
 Mt. Buffalo Chalet.

Routes: 901 Sandringham - Black Rock - Beaumaris - Cheltenham - Southland  
 902 East Camberwell - Deepdeene - East Kew  
 903 Broadmeadows - Coolaroo (operated by Pulitano Bus Service)  
 Wangaratta - Mt. Buffalo
