Dear Graeme,

I'm sorry I have not replied to your letter before this date but holidays have interfered with my letter writing.

I would be delighted to accept your offer of a talk on your subway plans for Melbourne, together with a comment on the Board's plan. Could you speak for say 20 to 30 minutes (maximum 30 minutes) and in addition to this I would allow 15 minutes for questions.

At the present time I am planning to have the "non-official" transport papers delivered on the Saturday night, 21 April. I am using "non-official" to differentiate these papers from the two papers to be delivered by the Government transport officials in Canberra.

I plan to have booking forms out by the end of February and will keep you posted of the latest developments.

Thanks again for your offer.

Regards,

IAN G. COOPER
