

VICTORIAN PUBLIC TRANSPORT

Your quick guide to using myki

it's your key

How do myki fares compare?

myki fares are based on the existing value Metcard system, so you won't pay any more with myki. In fact, you could save money.

A myki can store both myki money (a dollar amount) and myki pass (travel days). So it will suit you no matter how you travel.

Have a look at the tables inside and compare Metcard fares to myki.

You can also visit myki.com.au and use the on-line fare calculator.
