Dear Sir -

--- FOOTSCRAY SUB-STATION ---

We wish to acknowledge receipt of yours of the 22nd inst. and would advise that we have put the material in hand as called for.

In connection with the data which you require on the second page of your letter - most of this has been fixed up with your Mr. Hall, except the dimensions of the disconnecting links. We will be having these unpacked within the next few weeks and will give you the full details then.

In regard to the choke coils - these are mounted on marble bases, approximately 13 x 7".

The lightning arresters will occupy a space of 30" long and about 24" wide.

Please accept our thanks for your valued order.

Yours faithfully,

RFB/RVR

M e l b o u r n e.

Dear Sir,

FOOTSCRAY SUBSTATION.

We beg to acknowledge receipt of your letter of the 17th inst. and have pleasure in giving you the following particulars.

Transformers. These have been delivered to Footscray.

Rotaries & Switchgear. We have been advised that these have left the Factory.

Cables and other erection material. These will be ordered as soon as the final layout drawing is received from Messrs. Christie and Gardiner.

With regard to the erection of the plant, this forms part of our contract and our intentions were to proceed with the same as soon as possible after the arrival of the complete plant.

Trusting that this is the information you require,

Yours faithfully,

C. Healey
