

CAR PARTICULARS
.....

From information that I have abstracted from a pocket-book of Mr. Watt, there are the following particulars -

CABLE CAR COST complete £122. 0. 0

Details of the car and the carriage are given as follows -

Weight of Castings 189 lbs.

Weight of wrought iron work 1023 lbs.

Wheels and axles £6.16. 9

Fitting up and putting together iron work 19.17. 9

Weight 50 cwt.

I understand that the above detail prices are all included in the complete cost given above.

VARNISHING CAR: Standard painting done, 12 to 15 months service.

Car all varnished, iron work and floor painted -

Labor £1.10. 0

Material 10. 0

Total £2. 0. 0

CAR REPAINTED (Burning off) faced down only, inside work all varnished roof, two coats, body panel, four coats. General painting standard.

Material 3. 0. 6

Labor painting 4.19. 0

" lettering 3. 6. 0

Total £11. 5. 6

Another
Any price for similar work to the above totals up to £12.16.0

Touching up and varnishing cars is given as costing £5.15.8
.....

DUMMY CAR cost complete £87

Weight 53 cwt.

DUMMY CAR REPAINTED AND VARNISHED -

Labor £2.12. 6

Material 1.10. 0

Total £4. 2. 6

DUMMY TOUCHED UP AND VARNISHED

Labor	...	£1.17. 0
Material	...	<u>£1. 0. 0</u>
Total		<u>£2.17. 0</u>

GRIPS - These I understand were originally let out to contract and cost £16 to £20 in the later designs.

This price is not included in cost of the dummy.

The grips I believe for many years now have been made by the Company themselves, and may of course have cost a good deal less than this.
