

average and ruling grades are also shown on the plan sent herewith

6. The proposed maximum speed is eight miles an hour.

7. The traffic will be for passengers

8. The proposed tolls or charges are sixpence from Box Hill to Doncaster and sixpence from Doncaster to Box Hill.

9. No Railways or Tramways — constructed or proposed to be constructed will be affected.

10. The Tramway will run through part of the Buller Shire and that Shire has made an application for leave to construct this tramway.

11. The land shown on the plan sent herewith will require to be taken. Very nearly the whole of this land is the property of private owners who have consented to the construction of the tramway and to making a public Road along the route from Box Hill to Doncaster 66 feet wide with the tramway running in the centre.

12. The tramway has been already constructed on the private lands with the consent of the owners but it will require three months from the date of the order to construct and complete the tramway.

13. The population of the area to be served amounts to about 3000.

14. The Railway from Melbourne to Box Hill would be benefited and the districts of Doncaster and Box Hill would be benefited by the tramway

15. The motive power is Electric power

16. The width of gauge is 4 feet eight and a half inches.
