TRAM NETWORK

Planned industrial action

Industrial action affecting metropolitan trams between 10am and 2pm on Friday 30 August 2019

Due to protected industrial action, metropolitan tram services will not operate between 10am and 2pm on Friday 30 August 2019.

Services may also be impacted up to an hour before and an hour after the industrial action.

During this time, passengers are advised to [plan ahead and consider seeking alternative mode of transport.](#)

Metropolitan trains, buses and V/Line are not affected during this time and will operate as normal. However, we expect these services to be busier than usual.

A replacement bus service will run; however, this will be very limited and will not service all the tram network. Significant delays are expected for passengers using this service.

We encourage you to check our [website](#) before travelling for up-to-date information and alternative travel options.

We apologise for the inconvenience that the industrial action will cause and thank you for your patience.
