Dear Sir,

Further to our telephone conversation, it will be appreciated if permission can be granted for the use of Wattle Park on Sunday, 5th December, 1943.

On this date a Field Day will be held by members of the Auxiliary Ambulance Service. It is proposed that the programme will commence at 10.30 a.m. and finish at 4.30 p.m. and will include outdoor training and competitions and, in the afternoon, sports events for the relatives and children of the members, for which we would like the use of the main oval.

On receipt of your approval, a visit will be made to the Park to complete arrangements with the Curator and the Klost.

Thanking you in anticipation. Yours faithfully,

(sgd)

Frederick Raven,

Superintendent-Secretary.
