**THE S.E.C. NEWS** reports that tram No. 27 in Ballarat has completed one million miles.

Actually that is a piece of news that should not surprise anyone.

However, 53-year-old No. 27 went on a special trip with 30 members of the Tramway Museum Society.

According to the report, the million miles came up when No. 27 reached the Ballarat Base Hospital.

Isn't it fascinating

how organisations can always work out the millionth passenger or the millionth mile with such precision.

*The S.E.C. has been so good at this it's a wonder it can't work out a way to keep the trams going for another million miles.*

**THESE** Monash students never rest.

Today they are having their talkathon. On Wednesday week they are having a walkathon from the city to Chadstone to raise money for Biafra.

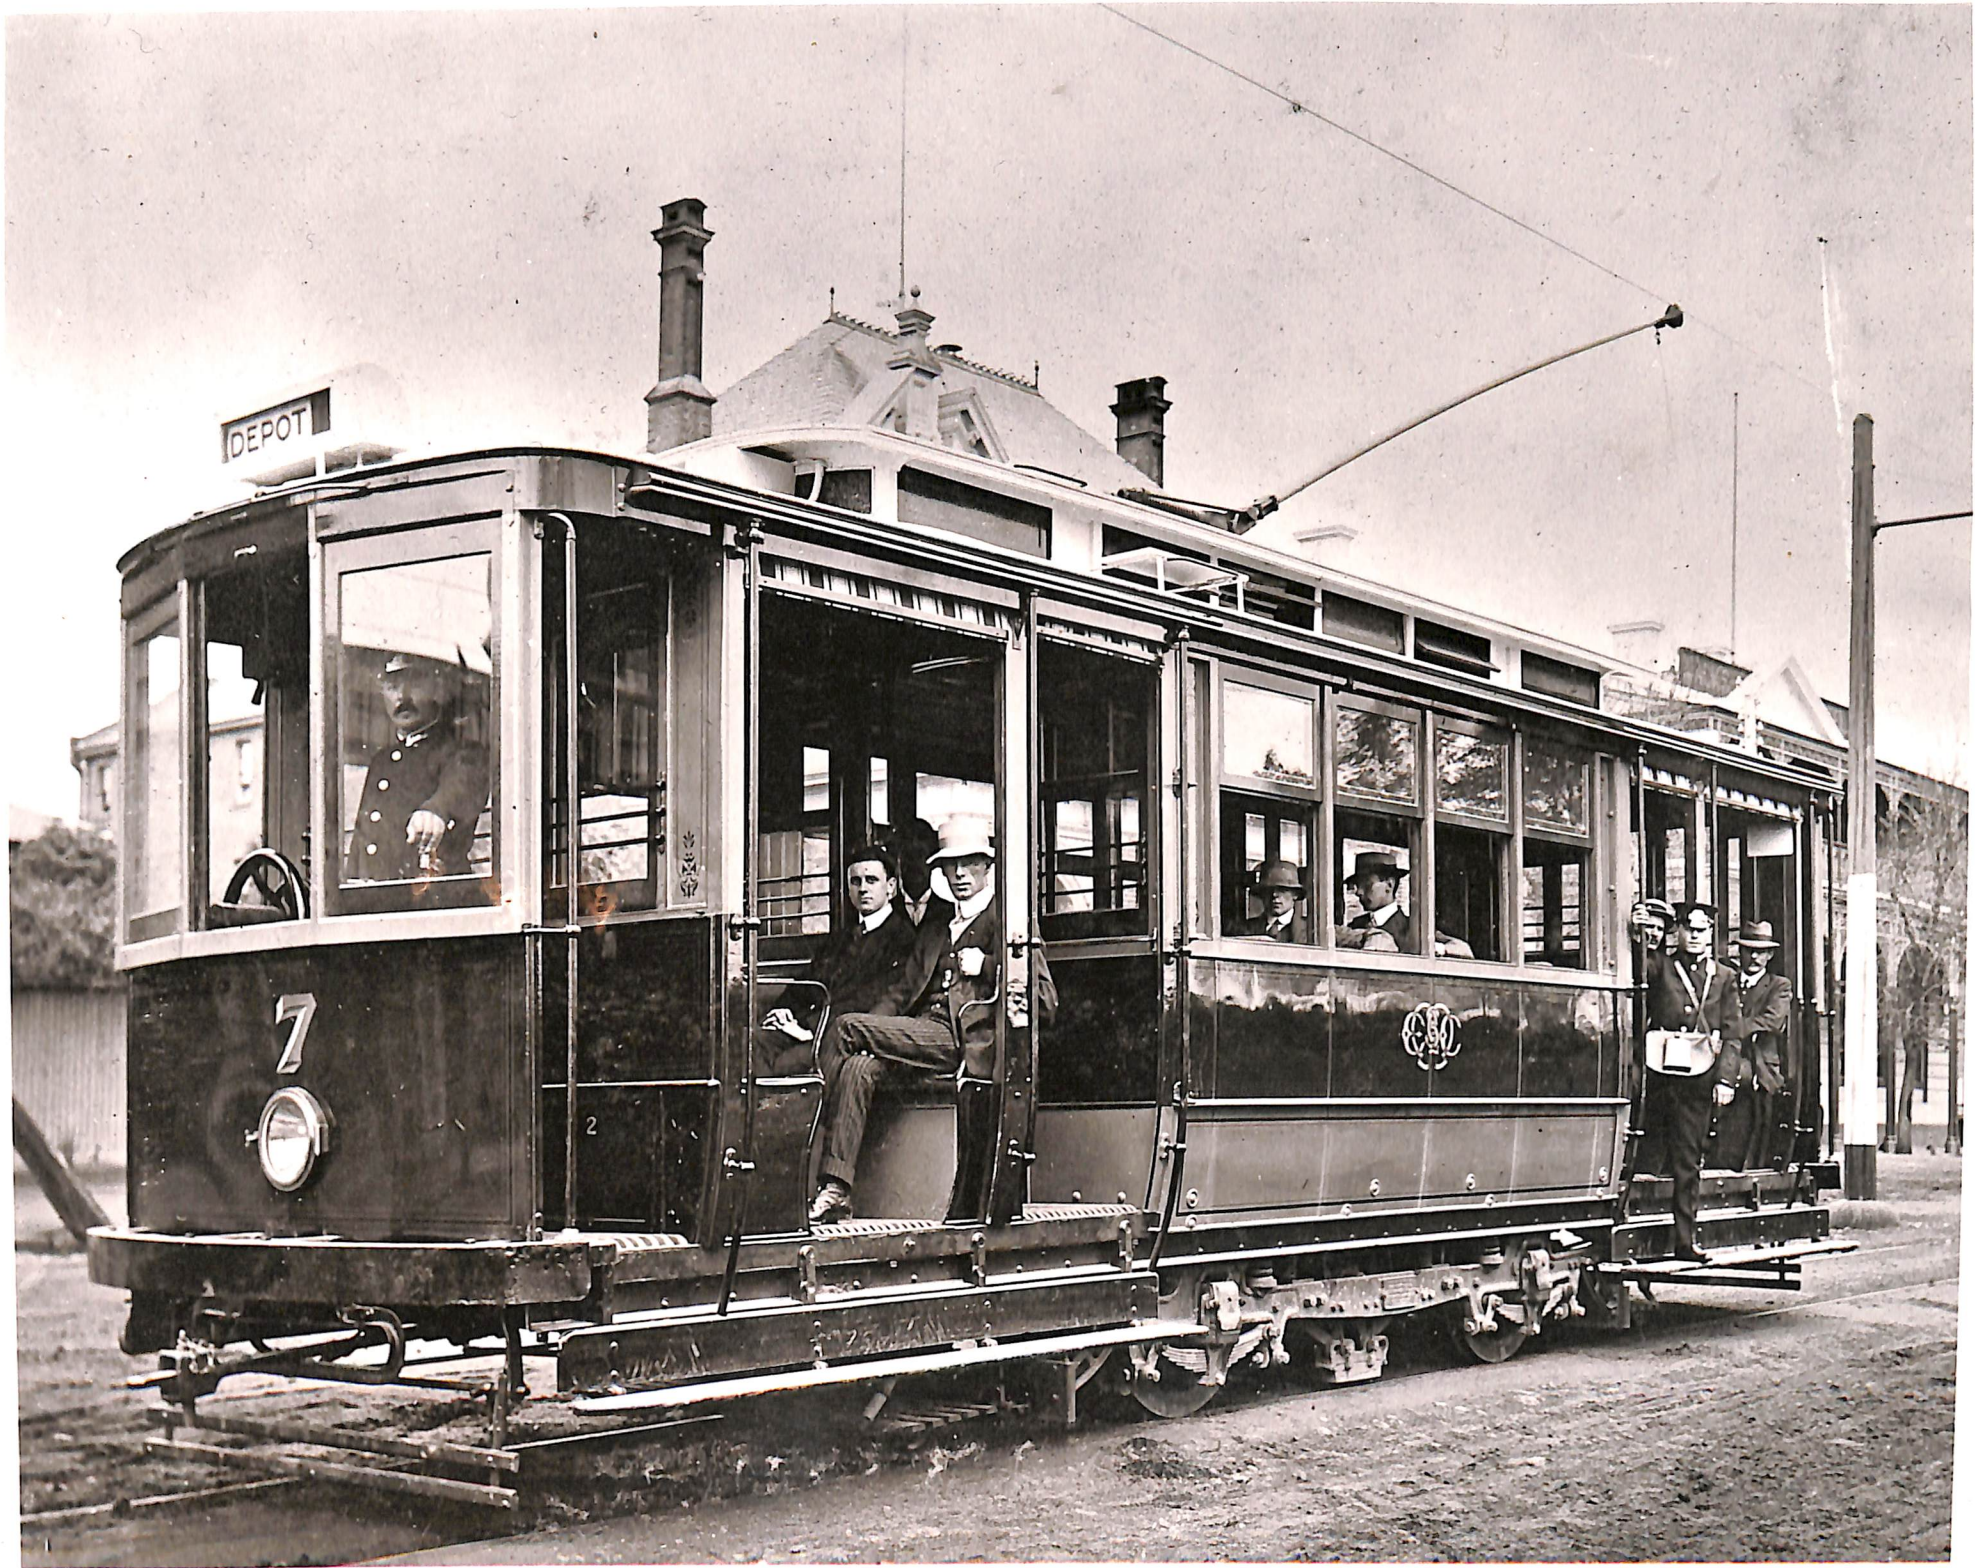

That's not new either. Walking has now become almost the standard method for money raising and it can become difficult if
