The Met.

Should you require further information please telephone The Met Transport Information Centre on 617 0900 - they are

● Look under the 'Index of Localities' for the suburb you wish to travel from.

● Find the suburb on the map by using the index reference.

● You should then see the public transport services available to you.

● If you have difficulty tracing the route, check the route information section on the reverse side.

Should you require further information please telephone The Met Transport Information Centre on 617 0900 - they are

How to use the map.

Your Melbourne Public Transport Map is designed to help you to use Melbourne's trams, trams and buses. We have found the following three-step approach to be the best way to use the map.

● Look under the 'Index of Localities' for the suburb you wish to travel from.

● Find the suburb on the map by using the index reference.

● You should then see the public transport services available to you.

● If you have difficulty tracing the route, check the route information section on the reverse side.

Should you require further information please telephone The Met Transport Information Centre on 617 0900 - they are

Public Transport Corporation

Effective June, 1992.

The Met.
