

How Often Do We Have To Tell Them ?

HANDS OFF THE UPFIELD LINE ! MARCH

SATURDAY 23 AT 10AM

March from the Brunswick Tram Depot, 807 Sydney Road to the Coburg
Railway Station

- with no train service, where will the 15,000 daily passengers go?
The tram services have also been cut!
- There will be chaos on the trams and on the roads...
- Cutting the train is stupid planning ...
Craigieburn and Roxborough are expected to house 100,000 people by the year 2000
- People in wheelchairs, bikes and prams etc will have no access to public transport !!
- Workers in factories and offices will not be able to get to work !
- Our train service is being sacrificed for a private freeway at Flemington Bridge -
OUTRAGEOUS !!!
- What about pollution and stress !

DEMAND A SYSTEM THAT SERVES

Before the State election, the Upfield line had been approved for a \$10 million upgrade. DEMAND THE UPGRADE GO AHEAD!

PROTEST TO ALAN BROWN ring 619 6666

The march will be followed by a community afternoon on the park area outside Coburg station. There will be information stalls, a BBQ, and the opportunity for us to discuss the issues and the direction of the campaign.

We fought them before and won

For further information:
