

How catching The Met to school helped Justine catch a wave.

We all know that to catch a wave you've first got to get to where they're running free. And that takes money. By using her Student Concession Card and Yearly Pass Justine saved enough in 12 months to pay for a week's holiday on the beach.

To find out how you can save, pick up a Primary/Secondary Student Concession Brochure at any Station, or Tram or Bus Depot.

The Met.
