TRAM AND BUS DIVISION

New conditions concerning the carriage of

BABY CARRIAGES AND SHOPPING JEEPS ON TRAMS

Prams, pushers and jeeps will be carried free at all times provided that they are of a suitable size and that room is available without inconvenience to other passengers.

In order to minimise inconvenience to all travellers, it is recommended that passengers choose small, lightweight carriages. It should be noted that employees are not obliged to assist in lifting pushers on or off vehicles. A number of our employees are, for various reasons, unable to assist in this manner but the maximum assistance possible will, when requested, be provided.
