Disruption to trams in the city

Saturday 18 September 2021

At the request of Victoria Police, public transport will not run through the CBD between 8am and 2pm. We expect tram frequency will be disrupted from 7am until approximately 3pm while we work to restore the normal timetable.

We encourage essential workers who would usually access public transport to plan ahead and arrange alternative transport. For further information on train and bus movements and to plan your journey, visit ptv.vic.gov.au

Tram Service Changes

Trams will continue to run a shortened service in the suburbs however they will not operate to the normal timetable. See below for details on each tram route and our service change map.
