TransAdelaide Cricket Club

welcomes

Victoria and New South Wales to the

50th

**Australian Public Transport
Cricket Association Carnival**

*To be held at the Regency Park Sports Complex
351 South Road Regency Park*

Fifty years ago on the 16th and 17th of March 1948 the first Interstate Tramways cricket match between South Australia and Victoria was played at Norwood Oval, Adelaide. With one exception the games have continued each year since. So this marks 50 years of interstate rivalry. In 1978 we were joined by Western Australia and New South Wales in 1986. This is an achievement that we can all be proud of. All states are experiencing many changes which makes it very difficult to survive. Western Australia fell victim to change which saw them unable to field a team last carnival. The fact that South Australia was able to host this carnival this year is due to support given to us by the Hon Diana Laidlaw MLC and Kevin Benger, General Manager, TransAdelaide for which we thank them.
