Dear Sir or Madam,

Last year I donated to the Museum a set of roster sheets from the former Victorian Railways Elwood Depot, providing details of tram services and shifts towards the end of the operations of the St Kilda to Brighton Street Railway by the Victorian Railways.

Since then, one additional sheet has turned up and I now enclose that. I also enclose a photo of the depot that I took on the occasion of this visit, around 1959.

Kind regards and best wishes,

Bill Russell.
