Church reprieve

By KARLY HICKMAN

<text><text><text><text><text>

Bishop grants locals three months grace

Late last year, Father Garry Gason, who had been vicar at St Stephens for 17 years, retired. Since then, Father Ed Smith has been conducting Sunday services at the church. At the public meeting, church war-dens expressed their fears that the bishop responsible for the Eastern Region, Stephen Hale, was planning to immediately close the church or analgamate St Stephens with a larger parish.

Despite this, church wardens remained positive, stating that "income and congregations have trebled in the last five weeks alone "If we can rent out the vicarage and hall we will be able to pay off our debt across a two-year period," church war-den Bill Valentine told the *Diary*.

den Bill Valentine told the *Diary*: People attending the crisis meeting signed a petition, addressed to the Archbishop of Melbourne, the Very Rev Stephen Philip Freier, requesting that the church remain open. Following the public meeting, church wardens met with Bishop Hale to discuss the future of St Stephens at Warrandyte. Resulting from this, a three-month "rebuilding" period has been initiated to assess the

viability of St Stephens. While this is a far cry from the two years church wardens quoted as an ap-propriate period needed to re-establish the parish, they stress the importance of grasping this opportunity and substantially boosting congregation attendances during this time. During this period of rebuilding. Archdeacon Stephen May will under-take the administrative supervision of the parish and the Rev Neville Mellor will conduct the 10an Sunday morning worship at St Stephens. The *Diary* contacted Bishop Hale who said that the Warrandyte parish is in significant debt and in a state of disrepair.

is in significant debt and in a state of disrepair. "We believe Warrandyte is a unique community," he said. "There is a strategic importance in the Anglican Church maintaining Anglican ministry in the area. However, a series of interim measures are required to assess how

this can happen." Bishop Hale stressed that Anglican parishes are not funded by a central authority, but rely on volunteers and funding from the community. "A church must have the funds to finance—pref-erably—a full-time priest. At present, St Stephens is far from being able to do this."

of othis." The Diocese of Melbourne has "a 20/20 vision" for large parishes with multiple congregations. When quizzed on this vision, Bishop Hale agreed these "healthy churches" are the future of the Anglican Church. But members of the parish fear that St Stephens in its current state does not fit this model. Church wardens are hopeful that dur-ing this period of re-building, church numbers will swell and soon the parish will be back to the robust and viable church it once was. "Already we feel we are gathering strength," Irving Reid said.

NEXT ISSUE

Next issue of the *Diary* will be published on Wednesday, June 11. Advertising and editorial copy closes Friday, May 30.

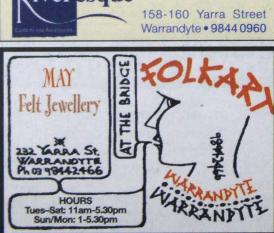

OUR NEWSPAPER

The Warrandyte Diary was established in 1970 as a small local newsletter. Although it has hard analytic branchistic and set of the strong community character, being produced by hoped over the years, it has relained its strong community character, being produced by nteers with only one aim: to serve its community. Financed solely through advertising, it guards its not-for-profit, non-commercial status and its independent voice. The Diary carries a strong editorial bias towards the people, environment and character of the place if serves. Its monthly circulation is 4000 copies and it is available in Warrandyte, North Warrandyte, South Warrandyte, Park Orchards, Wonga Park, Warranwood, North Ringwood, Kangaroo Ground and Research

A SPECIAL PLACE

Warrandyte (approximate population 8000) is situated on the Yarra River, some 24km from Melbourne. For countees ages a well-stocked hunting ground of the Wurundjeri people, in 1851 Warrandyte became the site of the first official gold discovery in Victoria. It soon established its character as a small, self-sustaining community set in a beautiful river valley. Around 1900 the miners, orchardists and tradespeople were joined by a number of young painters who were founding the Australian nationalist arts tradition. Now a commuter suburb of Melbourne, the natural beauty, community spirit and sense of independence of Warrandyte has been largely relained. This newspaper is the voice and true expression of that spirit.

UST your arse!" yelled the coach. It was a simple 66

applied with admirable con-sistency, and Warrandyte's position on the Under 16 ladder was testament to its vision—at the arse end of the table—stone motherless last

But this was another Sunday. The sun shone, the grass was green, in patches, and the Trott family was in position to cheer young Jasper to glorious heights. Narelle hovered in the bow-els of the canteen dispensing refreshments in all their ing refreshments in all their nutritional deficiency. Neville was at his goalpost, a pic-ture of officialdom complete with whitish coat and flags. Cinnamon was loitering on the grassy knoll angling for a view of the spunky Assistant Coach. And Gran was planted front and centre in her red director's chair on the concrete steps overlook ing the corrugated coaches shelter. "Go Bloods!" they

screamed in a rare show of family solidarity as their red-jumpered boys trotted bravely down the race with fire in their bellies and hope in their bearts. Till they saw their opponents, when the fire sputtered and the hope evaporated. Built like toilet blocks with more facial hair than the werewolves of Lon-don, the Upper Gully Gorillas pawed the ground, flexed their tattoos and proceeded to smash the living suitcase out of Warrandyte's favourite sons. By three-quarter time the fat lady had not only sung but rendered the entire libretto of Aida, and the scoreboard attendants had given the game away long since.

living with The Trotts

Busting arse for the Bloods!

The goalless young Bloods huddled miserably around the Coach, gnawing oranges and dodging spittle as he encouraged them in the time-honoured manner. "Pissweak!" he boomed.

"What did I tell you before the game?

a bone-crunching collision a bone-crunching consion that scattered bodies like pick-up-sticks. In a haze of dust, Jasper lifted his hands from his head and noticed two things. One, he was un-hurt. Two, the ball lay quiet-ly beside him. Valour got the better of discretion. He clam-bered to his feet like a wobbly-legged Bambi, scooped up the pill and turned for goal. Only to be stopped in his tracks by a long hairy arm that snaked from the base of the pack like a Fred-dy Krueger nightmare. There was a loud ripping sound. They were tearing him limb from limb!

Then suddenly he was free, a voice seeming to ring in his ears from some place up ahead. "Run Jasper. Run like the wind." He ran, like the

wind howling at his backside as torn trunks slipped slowly down skinny hips. The herd had regained its cloven feet now and he could hear their collective slavering closing fast behind him. It wasn't the mob, though, that undid our hero, but a pair of red shorts that hobbled his knees and brought him crashing face first into the parched turf. The ball spilled free, was swallowed by the mob and swept away, leaving a dacked and dejected num-ber 9 face down in the goal square.

Jack-

Neville stood between the posts, his prostrate son mooning him like a hot cross bun, carefully phrasing the words of comfort only a parent can offer. "Ah well," he said, "at least

Warrandyte Diary 3

Glimpse of the future

Retirement housing reaches a new stage

Locals are being given their first glimpse of what a proposed cluster of five retirement villa units in Harris Gully Road could look like. A planning application for the com-plex has been lodged with Manningham council

council

council. This follows the purchase, last July, of a house on a large block of land at 26 Harris Gully Road, Warrandyte and the formation of the Warrandyte Community Retirement Housing Co-operative

Community Retirement Housing Co-operative. "As reported previously in the *Diary*, the co-op has been looking to meet the retirement accommodation needs of older members of the local community with a design, built form and density to suit Warrandyte's special character," co-op coordinator Val Polley said. The cooperative has evolved from a sub-committee of the Warrandyte Community Association. "The cooperative is delighted with

Community Association. "The cooperative is delighted with the result of the work of local archi-tect Adie Courtney, local landscape designer Bev Hanson and a number of other consultants in the development of plans for retirement accommoda-tion on the Harris Gully Road site," Ms Polley said

the proposed villa units at 26 Harris Gully Road.

given to landscaping, setbacks, align-ments and privacy screening." Co-op board member, Doug Seymour, has indicated he is pleased with the materials and the sympathetic colour scheme chosen to achieve a "Warran-dyte" look, "with local stone visually anchoring the buildings, as well as timber and rendered surfaces provid-ing a warm, "honest' appearance. "A lot of attention has been paid to the solar aspect, access and privacy.

Architect's impression of

"A lot of attention has been paid to the solar aspect, access and privacy, and the style, materials and tones are sympathetic with the locality," Mr Seymour said. "In addition, particular thought it being given to energy and water saving principles, technologies and products." and products." "While not able to predict council's

response, the board is naturally seek-ing a favourable decision," Ms Polley said. The Warrandyte community has been searching for a solution to the problem of retirement housing for decades. Older residents, forced by maintenance problems to give up their large homes and gardens, although desperate to stay in Warrandyte, have had no alternative but to leave the area and relocate elsewhere. Thus these people had to move away from their friendship and support net-works and the community lost—one by one—the bulk of its valuable pioneer generations.

generations.

The first attempt to build a retire-ment village in the area goes back to

1978. Since then, numerous efforts have failed. The introduction of a ban on dual occupancy—preventing more than one dwelling per block in the township area—further complicated the situation.

the situation. Although council exempted retire-ment housing from this ruling, provid-ing certain planning conditions are met, a shortage of suitable land close enough to facilities has always been a

enough to facilities has always been a major problem. Then the Warrandyte Community Association hit upon the idea of de-veloping a number of clusters of fewer cottages on smaller blocks of land, dotted around the township. This seemed to coincide with a community feeling that a large retire-ment village—described by some as a seniors' "ghetto"—was not preferred here. The public housing units at the corner of Yarra and Stiggant streets are considered a good example of the cluster model. Many people in the community will

cluster model. Many people in the community will be hoping that the Harris Gully Road villa units are the first of several such clusters in Warrandyte. Co-op board member David Ellis told the Diary: "A lot of community good-will has gone into this project—from the sale of land onwards. Having had consistent support from Warrandyte it would be good now to be able to deliver a result that is of real benefit to Warrandyte's retirees." to Warrandyte's retirees

There appears to be an attempt by Nillumbik council to "gen-trify" North Warrandyte at the

trify" North Warrandyte at the expense of property owners. There are at least two propos-als to seal the gravel roads, one in Hawkes Road/Boyd Street and the other Dingley Dell Road/Dingley Close that are currently having to be heavily maintained by council out of rate revenue. Meetings have been held with property owners to get agree-ment to upgrade and seal the surface to a standard that the owners are seeking, similar to Blooms Road and Osborne Road.

Road. It now appears that council has made a decision that all roads now have to have kerb and channel and underground drainage as in new suburban

subdivisions in lieu of the simple table drains employed to date in what has been accepted as rural

what has been accepted as rural roads in a rural setting. I don't think they get it. War-randyte has a unique sense of place going back to the gold mining days. I for one will fight to keep the rural character.

Manning days, the one win light to keep the rural character. Manningham council may want to get rid of the plum trees in the village, but at least they have been very sensitive with the small amount of kerb and channel in Yarra Street that is local stone and the rest just the table drains that have served us well over 100+ years. Sealing the roads will save the council a lot of money now spent on maintenance, but it is at the property owners' expense.

expense. I am in favour of the road

seal, but not having to pay for underground pipes in the rocki-est part of Warrandyte. As Sandy Burgoyne pointed out in your April issue, it is the prohibitive cost of putting pipes underground that has delayed the installation of reticulated sewerage to North Warrandyte, yet Nillumbik council expects their ratepayers to foot the bill for unnecessary and inappropri-ate underground stormwater reticulation.

ate underground stormwater reticulation. Our ward councillor—the mayor—Warwick Leason, is aware of the issue but so far has not recognised the concerns of the ratepayers who elected him him.

Adam Richardson Dingley Dell Road

Children as slaves

Did you know that 8.4million children are denied an educa-tion because they are forced to work as slaves? Children are stolen from their families and forced to work as child soldiers or prostitutes, others to pay off their family's debts in factories or on farms, and some are promised an educa-tion in another country, only to find they have been tricked into slave labour. They can be forced to do dangerous work up to 18 hours a day with no access to education. Most receive little or no pay and inadequate food.

education. Most receive little or no pay and inadequate food. We all love our chocolate, but did you know that as Aus-tralians indulge in \$100million worth of chocolate this week, some 100,000 child slaves are working in cocoa fields in West Africa, producing up to 70% of the world's cocoa. In September 2001, all the major chocolate corporations signed a protocol agreeing to certify all their

cocoa, sourced from the lvory Coast and Ghana, as "child slave free" by July 2005. This deadline was extended to July 2008—only

Lighting the way

During the severe storm event of April 2, the Doncaster unit of the State Emergency Service received a large number of calls, 128 of these required unit attendance, many of them in the Warrandyte area. Over the following five days unit opera-tional personnel carried out the tasks working well into the night on some of the larger jobs. Unit members did recover from the arduous level of activity but the lack of electrical power to al-most all the jobs attended after dark necessitated the continual use of a generator on our storm damage trailer and that ageing but vital piece of equipment eventually succumbed to the workload

I mentioned this fact to Mrs Margory Lapworth of War-randyte Housing and Support

Services who immediately un-dertook to organise the raising of funds to replace the genera-tor. Within 24 hours she notified me that arrangements were in place to provide the necessary

place to provide the necessary funding. I would like to publicly ac-knowledge the generosity of the Warrandyte Community Market Committee, the Rotary Club of Warrandyte and the Warran-dyte Lions Club who together enabled the unit to purchase a replacement generator and ensure that our volunteer mem-bers can safely and effectively bers can safely and effectively carry out well-lit, after hours tasks.

The war cemetery at Anzac Cove.

Anzac revisited Our thanks to Karen Throssell it is, but that is a one-sided view

Our thanks to Karen Throssell for her poignant poem, her moving account of her visit to Turkey and her different view of what we commemorate on Anzac Day. While many histo-rians now recognise the reality that Australian troops were sent in to Anzac Cove as "cannon fodder", Karen's broader vision includes the equally enormous sacifice required of the Turkish soldiers in the defence of their country. This overall view is not so widely acknowledged. Many young Australians now travel to Gallipoli to attend the dawn service there, seeing it as a patriotic celebration. Perhaps

A changing streetscape

Village in transition: new developments along Yarra Street

Three important redevelop-ments are due to take place in shopping precincts along Yarra Street: at the bridge end, in the village and at the West End. The Warrandyte Community Association is keeping a close watch on all three planning proposals.

May 2008

Association is keeping a close watch on all three planning proposals. The first of these is for the ga-rage site at the West End, source of much speculation amongst local residents since its sale several months ago. "It will not continue as a ga-rage," WCA vice-president Dick Davies told the *Diary*. "The pro-posal lodged with Manningham council is for a car-wash facility with three car-wash bays and 10 queuing bays." The building is a two storey design with a curved roof and with an upper level housing of-fices and plant room, set back to reduce the building's bulk. The 10 queuing bays are allowed for in the front of the building. It is proposed to be open 24 hours, seven days a week but staffed only for daytime hours to 4pm. "This proposal has led to an unimpressed response from locals because of possible van-dalism and damage," Mr Davies said. WCA has had some discus-

dalism and damage," Mr Davies said. WCA has had some discus-sion with council officers who advised that water harvesting and recycling facilities are a requirement for this type of facility. Council will be holding discussions with the applicant on the possible removal of the old tanks and rehabilitation of the site and are also considering if a well-lit, easily seen building would constitute a vandalism problem.

would constitute a vandalism "WCA has requested all these issues be addressed and re-solved before a permit is is-sued." The second site to face immi-ment change is the old Gingko shop in the heart of the town-ship, which for many decades housed Warrandyte's principal general store. This shop site on the south side of Yarra Street is in a group of civic and com-mercial buildings marked at one end by the Grand Hotel and at the other by the Mechanics Institute Hall.

"These buildings, together with the row of earlier shops be-tween, form the historic core of the township and demonstrate its beginnings during the late 19th and early 20th century," Mr Davies said. "This particular shop dates from the early 20th century and although altered over the years retains some of its earlier elements includ-ing some parapet and gable detailing."

velopment on the site will con-

dyte Historical Society) tinue over the next few months and many observant eyes will watch developments as they occur," Mr Davies said. The final area subject to re-development is the post office corner at the eastern end of the township. An application to realign the boundaries of three lots—the post office, tea retailer and homewares shop—has been received by council. "If approved this would amal-gamate the areas at the rear of the three shops and incorporate the resulting space into the post office site," Mr Davies said. There is also a proposal for an upper storey area, but council officers are seeking further in-formation from the applicant on this aspect of the proposal. "While all details are not yet available on the proposal it can be said that this site is very important to this part of the township. Residents will recall the intense criticism and considerable controversy over the two units built on the site adjacent to the three lots cur-

the two units built on the site adjacent to the three lots cur-

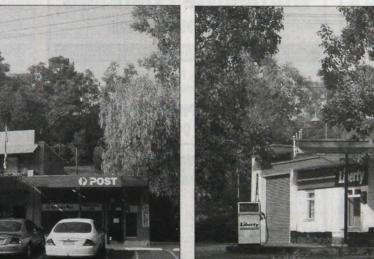

ible site will have a significant impact on the streetscape. "WCA and many residents would welcome a well designed, well-built outcome on this im-

portant corner site, particularly one that would enhance and enliven this part of the com-

mercial precinct and contribute towards the built heritage of the township. "Like many other residents, WCA is waiting to see the details

of what is proposed for the site before deciding on its merits or otherwise," Mr Davies said.

Centre seeks input

What is your impression of our community centre? The management group is keen to find out

The out. The future of the Warrandyte Community Centre is the subject of research being conducted by the centre's Supporters Group throughout May and June. Com-munity groups and individuals are being invited to participate in the research which will be analysed and later presented at a community event in July. "There are some interesting questions to be discussed." chairperson David Dyason told the *Diary*. "For example, we want to know what the com-munity centre means to Warran-dyte people—is it meeting their ideals? What challenges and opportunities face the commu-nity centre? What services and programs do members think our centre could offer? We are interested in opinions." The Supporters Group com-mittee intends to contact most local community organisations to ensure good representation from a variety of groups. "The Supporters Group be-lieves the centre is a special place for people to come to, par-ticularly Warrandyte people." Mr Dyason said. "We want to ensure that the centre is used and valued by people who live in and around our village. We want it to have energy and we want it to have energy and we want it to have the to an to Marran-dyte has more than 40 active, local groups that meet regu-lary to somehow support the community." Mr Dyason said. "Some are philanthropic, some have a conservation objective,

Mapping

future

Orchard

Map sustainable development philosophy." The first Green Map "com-munity-wide conversation" is planned for Wednesday, May 28 at the Warrandyte Community Centre. "It is hoped this will draw together representatives of community, business and government. Both Manningham and Nillumbik councils have expressed their support for the project." Ms Plowman said. • Further information from WNH, phone 9844 1839, or from Gail Plowman, 0408 514 380.

Warrandyte Community Centre: looking for ideas. (Picture by Jan Tindale)

some are social or educational. All have a volunteer base. Our research suggests that Warran-dyte probably has more active, community minded people per head of population than any other Melbourne suburb. "In the past our community centre was the centre for this activity," Mr Dyason said. "In the 1970s and 1980s a key fea-ture of the political and social landscape was the Warrandyte Co-op.

Co-op

"The Co-op was amazing. It seeded many programs, some of which have become Warran-dyte institutions and still operate today. These include the Childcare Centre, After-School Care, Youth Services, The Youth Coffee Shop, Warrandyte Job Exchange and Information Warrandyte

"Today's landscape is quite different but nonetheless, just as active," Mr Dyason said. The Supporters Group wants

No Water Wallies here

NO VVCLEY V Warrandyte residents used considerably less water in 207-08 than in 2006-07. Last year the average daily consumption per household in Warrandyte was 482 litres, the year before we used, on average, 576 litres in a day, av avhopping 16.27% drop. This compares with the av-erage reduction across Mel-bourne's suburbs of 14%. Brian Tee, Labor MP for the Eastern Metropolitan Region, congratulated Warrandyte resi-dents "for leading the way in reducing their water usage and taking on initiatives to reduce

their water consumption". He said that with Victoria's continued low rainfall it was important that these water savings continue. "Households use approxi-mately 60% of Melbourne's water, so the savings that we can make in our homes and gardens make an enormous difference," Mr Tee said. "Melburnians are using 34% less water per capita com-

"Melburnians are using 54% less water per capita com-pared to the mid-1990s, which is thanks to the combined efforts of the entire commu-nity—households, industry and local government."

Warrandyte Neighbourhood House has embarked on an exciting new project, a website entitled the Manningham-Nil-lumbik Green Map. The website "will give a de-tailed picture of activities avail-able in our own backyard," WNH president Gail Plowman told the Diary, "as well as such cultural information as the Indigenous connection to country and the history of places like Petty's Orchard. The project "will be free of onfluence political leaders on sustainable development," March and life, polywara, the substance of the project will be the project of the pro Fun behind the wheel

runn Denning In March each year, Warrandyte Lions conduct a unique and nyspiring program, in which visually impaired people (they call them their VIPs) get the op-portunity to drive a car. "Seated beside indepen-dent driving instructors, our VIPs speed their way around aday which many tell us is the spokesperson told the *Diary*. Over the years, participants in the program have come from agaroo Island and Coolangatta, "just for this day". "It is extremely satisfying to see familiar faces turning up each year, to get—as one VIP

described it—'their adrenalin rush for the year'," the spokes-person said.

Sandown Racing Circuit is hired and paid for by the Vic-torian Automobile Chamber of Commerce, all the driving instructors volunteer their time and the project enjoys the sup-port of the Customline Car Club, the Vintage Car Club and the Ulysses Motor Cycle Club. "For some, to roar around the track on the back of a Harley is the highlight of their day," the spokesperson said.

"In the driver's seat", as the program is called, is the brain-child of Warrandyte Lion Peter Watts, himself blind. He is ably assisted by his wife Catherine.

VIP Sara sets off on her drive around Sandown.

to know how the Warrandyte Community Centre can help and support these groups. Perhaps by co-operating we can achieve more, duplicate less, and share resources

resources." Warrandyte community mem-bers will have the opportunity for further dialogue about the future of the community centre at the July event. Individuals and organisations who would like to contribute can contact David Dyason on 0418 322 548.

Building for the future

Warrandyte CAN (Climate Action Now) is continuing its series of information nights on global warming issues with a seminar featuring two ex-perts on building, renovating and home making compatible with the best environmental standards.

and home making compatible with the best environmental standards. Kris Sandvoss is a world recognised expert in sustain-able window design. His firm Miglass designed and supplied windows for the CH2 Council House 2 in Melbourne. This building won an award in a London-based, international environmental competition. Mr Sandvoss will discuss double-glazing as a means of reducing carbon emissions and supporting the ecosystem's ability to self-recover. Marie Wallin, local resident and founder of Planet Archi-tecture, has a residential con-sultancy and design practice specialising in sustainable architecture for new homes and renovations. "With over a decade of expe-rience in sustainable building, Marie has a wide and deep understanding of green design

Will over a decade of expe-rience in sustainable building, Marie has a wide and deep understanding of green design services and what makes a good home," Warrandyte CAN president Wayne Rankin told the *Diary*. The seminar will be held at the Andersons Creek Primary School hall, Drysdale Road, Warrandyte at 7.30pm on Thursday, June 5. "Everyone's invited, for just a gold coin entry, to hear the pas-sion and learn about ideas you can implement in your own home to help reduce carbon emissions and let our planet recover," Mr Rankin said.

'Nothing' in budget for Warrandyte

According to local Liberal MP Ryan Smith, the state budget "delivered virtually nothing for the electorate of Warrandyte". "In the vital areas of education, police numbers and transport the government has continued its miserly view of Warrandyte by ignoring the urgent needs of the community. "The important matter of the school maintenance backlog is one I have raised many times in parliament," said Mr Smith. "Un-fortunately not one cent of the

parliament," said Mr Smith. "Un-fortunately not one cent of the \$37 billion budget is allocated to addressing our local schools maintenance issues." According to Mr Smith, com-munity safety has also been ignored by the government. "No money has been allocated to boost resources for our local police in 2007/08. "Sergeant Walker and his team

The Birman Society of cat lovers is holding their first anniversary show at the Warrandyte Com-munity Centre on Sunday, May 25, open to the public from 10am. Birman cats are also known as the Sacred Cat of Burma. Also on show will be Persians, Exotics, Maine Coons, Norwegian Forest Cats, Ragdolls and many other interesting cat breeds. International judges from Europe and the United States will be presiding over the show. Experienced breeders will be available to answer questions and give advice. The society always endorses the confinement of cats, in-doors or in a purpose-built enclosure. Information on enclosures will be available at the show. Further information from Cheryl Papez 0412 648 633.

Workshop

As part of Manningham council's recognition of Reconciliation Week, a planting and cultural workshop with Wurundjeri tra-ditional owners will take place at Stiggants Reserve on Thurs-day, May 29 from 9.30am.

Building Warrandyte CAN is hosting an information night on sustain-

able building, renovation and homemaking, to be held at the Andersons Creek Primary School on Thursday, June 5 commencing at 7.30pm. Kris Sandvoss will discuss double glazing as a means of reducing carbon emissions and Marie Wallin, a local architect spe-cialising in sustainable design will speak on building and renovating using environmental principles.

Platform The Moor-rul Platform at Kan-garoo Ground is now open to the public. This platform is one way Nillumbik council is demon-strating its commitment to rec-onciliation with the Wurundjeri. It includes eight double-sided historic interpretative panels describing the development of local surrounds, including

images and descriptions of indigenous significance.

ANZAC DAY IN WARRANDYTE: 2008

...and in the morning, we will remember them...

By JOANNE GREEN

MOKE drifted down the Warrandyte valley as marchers gathered to com-memorate 93 years since Australian and New Zealand troops stormed the shores of Gallipoli. Only a handful of veterans stood tall at the front in their suits and war medals. They led more than 100 others,

led more than 100 others, including many sons, daugh-ters and grandchildren. At 10.30 the march set off at a slow pace behind a police escort and bagpiper Lachlan McSwain. This was a modest affair as Anzac Day parades go Traffe still Day parades go. Traffic still rolled steadily through on the other side of the road. Joh of Ringwood, her hus-band and three daughters

marched in memory of a great uncle who was at Hi-roshima and a grandfather who drove an ammunition truck in World War 2.

Shopkeepers came out to join others on the street to Join others on the street to pay their respects. Some clapped to show apprecia-tion. Others joined the pro-cession. The scent of rose-mary drifted on the breeze as the now longer march marchal the war memorial reached the war memorial where many others waited for the ceremony to begin.

The service was conducted by celebrant John Byrne who gave an address and led those assembled in prayer. Barry Carrozi played a poignant rendition of Eric Bogle's The Green Fields Bogle's The Green Fields of France and the Bellbird Singers sang hymns and My Country. John Byrne paid homage to the Australian troops who had served in both world wars, Korea and Vietnam along with those currently serving in Iraq, Israel, Sinai, Lebanon, Af-ghanistan, Timor, Solomon ghanistan, Timor, Solomon Islands, Northern Australia, and working in border se-

curity. RSL president Dave Parker presented member John Verrall with a certificate acknowledging his 50 years of RSL membership. "I didn't want to make a big deal about it. I wanted them to send it to me in the post, but it was a first for War-randyte," Mr Verrall told the Diary. John Verrall served in the

John Verrall served in the Royal Navy during World War 2. He was on the ship Victorious, which chased the German battleship Bismarck. He also served in Malta. Dur-ing the war, John Verrall was posted to Brisbane where he met his wife, then serving in the Australian army. They later married and moved to Warrandyte in 1951. John became active in the Warran-dyte community and joined the RSL in 1958.

"It's such a great communi-ty in Warrandyte" he said, "It was a very worthwhile peri-od of my life." Unfortunately, because his wife's health de-teriorated, John had to move away from Warrandyte, but away from Warrandyte, but his son drove him up this year so he could receive his certificate; and "so I could have a few beers," he said. Following the Lord's Prayer, wreaths were laid by the RSL, Guides and Scouts and the families of soldiers. Children, with grandparents'

Children, with grandparents' and great grandparents' medals glinting on their chests, laid sprigs of rose-mary and wattle at the base of the memorial. Bugler John Byrne played the Last Post as the Australian flag was raised to the top of the mast. More than 500 people at-tended Warrandyte's Anzac Day commemoration. Many travelled long distances to attend with family members. Jessica Jones, 19, had come from Williamstown to join

attend with family members. Jessica Jones, 19, had come from Williamstown to join many of her relatives in marching with World War 2 veteran, grandfather Ben Jones, who has sold poppies and badges in Warrandyte for many years. "The whole family sees it as a big thing," Jess told the *Diary*. "It's more impor-tant than anything on that day, even work. We like to support our Pop." Other members of the Jones family travelled from Moe and Bal-larat to march in our parade. They are typical of many others who return each year to mark this special day in Warrandyte.

Stuffed elephant day, far from sand and sawdust

INCE last time, the ex-tension is well under way and Herself and I are feeling the pres-sure. It's not that this is the first time we've built but somehow, this time, it's been more fraught. Those cynics amongst you are probably think-ing, "Age!" but I don't think it's that simple. In the past we have built from scratch whilst living off-site, but this time it's an extension and we are living amongst it. There are some out there who can cope with chaos, dust and lots of tunnel-visioned men living with you but it appears we can't.

living with you but it appears we can't. I am in awe of those adven-turers you see on TV's Grand Designs who live in a caravan with eight children, a Rottweiler, a grandmother and still conduct accounting and neurosurgery practices whilst their crumbling mediaeval castle is transformed into a crisp, hard-edge granite and hand-etched glass block "statement". They choose to start just before the snows of an English winter and "because it will be exciting", want to build it for the equivalent of the Warrandyte Diary's annual budget. Now starting in the red is not my idea of exciting, but evidently there are people out there who have no nerves and an unshakeable belief in a be-nevolent deity who has a PhD in project management. There are countless books written and innumerable semi-nars held on the subject of "the

"I am in awe of those you see on TV's **Grand Designs** who live in a caravan with eight children, a Rottweiler, a grandmother..."

importance of effective com-munication". The only problem is that the communication between these sources of in-formation and those who need formation and those who need it is faulty and, consequently, the failure to communicate about communication leads to a breakdown in communica-tion. Now this wouldn't matter if the communication was only about unimportant things like world peace or the meaning about unimportant things like world peace or the meaning of life but it does matter when you have to deal with builders' practices during the day and, at night, share a bed with a wife whose views differ. All of which is a good reason why I had to find something else to do to take my mind off the disaster zone, even if only for a fleeting moment of sanity Our current minister for edu-cation suggests or has success.

Dur current minister for a neeting moment of sanity
 Our current minister for education suggests, or has successfully won the battle by the time this goes to press, that teachers should trade their pupil-free days for a salary increase. I'm not going to enter into that argument but only mention that 1 need my extension-free breaks.
 A friend's preppie came home from school to announce that they were going to have a stuffed Elephant Day the next day. The dutiful mum agonised over how she was going to make an elephant's costume in time. She was too late to hire anything and didn't have enough hessian to make a full elephant's costume. Eventually she hit on the idea of converting a large cardboard box into the body. She could then attach a stuffed stocking at the front and an unstuffed stocking behind. Her daughter, for ears, could then hold a pair of large leaf collecting plastic paddles through holes cut in the side of the box and twoila, a stuffed elephant and take the substice paddles through holes cut in the side of the box and twoila, a stuffed elephant and the side of the box and twoila, a stuffed elephant and the re daughter what she had made, she was faced with increduility.
 "Here's your costume for school tomorrow."
 "But I'm not going to school. We have a Stuffed Elephant bay the solution of the teachers will

Bring water to your gardenbut keep it in proportion

HETHER it is a

HETHER it is a small ornamen-tal pond tucked way in the cor-ner, or a large swimming pool, water always ads interest to a garden. Tweever, the size of the pool should be in proportion to the arge pool, taking up most of a garden, can spoil the took of the whole area and leave to scope for the garden that is to be designed around it. There are many consider-tions when siting an informat-tions when

in a row or a ring around the edge and should be sited mainly on the side where there is a fall in the land toward the pond. Fish can be protected from birds by placing a flat rock in the pond under which they can shelter, and also by adding water plants.

can shelter, and also by adding water plants. To keep a pond clean and alive it is essential to add water plants. The incidence of algae, that occurs with sunlight in the warmer weather, is controlled by the right choice of water plants. Plant cover reduces sunlight penetration, oxygen-ates the water and keeps algae at bay.

at bay. When the pond is planted out and plants established, intro-duction of fish is beneficial to keep the mosquito population down—tadpoles also feed on wrigglers.

Frogs and tadpoles will come when the right conditions have developed—enough shade and belter

when the right conditions have developed—enough shade and shelter. With the correct ecological balance of plant and animal life, your pond should rarely need cleaning. There are numerous plants that look right growing beside a pool, such as ferns. Always keep planting in proportion to the size of the pond. Recently I saw an attractive small pond spoiled by a large shrub that had all but engulfed it. Private swimming pools have long been part of the Australian scene. Many are the formal rectangular shape that does not blend easily into an informal

fectangular snape that does not blend easily into an informal garden. Free form or kidney-shaped pools seem to look better in such settings. Rather than edging your pool

garden life By BEV HANSON

with a uniform concrete strip, break it up with an area of lawn and spill the paved area out to form a wide expanse incorpo-rating seats and a barbecue. When planting shrubs and trees avoid those that drop leaves all through the year. In the drought conditions we are experiencing now and prodicted to continue, it is im-portant to be self-sufficient with water to fill up your ponds and

water to fill up your ponds and pool. Rainwater can be easily collected from your roof areas for this purpose and either fed directly in or pumped from water tanks.

They're coming home to roost

ODAY'S homecom-ing will be a special moment. Number one son is returning

moment. Number one son is returning after several months abroad, and this time he's going to be a new man, I feel. Not in the profound sense of Gallipoli or Kokoda, of course, but his life experiences have diverged dramatically from the norm over the past few months nev-ertheless. Every family is made up of in-dividual lives, like channels in a braided stream that repeatedly diverge and reunite, explore and return happily to the main-stream. Thus even eight months of living in Sydney town a year or so ago left our boy pretty much unchanged. His Dad's little blue car had gone north with him; like its driver, when it came home it still seemed to be-long to us despite having clearly had adventures of its own while we weren't looking. This year, however, the pat-tern has been less regular and the individual paths more dif-

our place By MARILYN MOORE

By MARILYN MOORE ferently life-shaping. Compar-ing even two of many threads illustrates how different our journeys have been. While we crossed the Tasman and quietly admired the New Zealanders' passion for manicuring huge tracts of lawn, our son and his giffriend ventured into Tanza-nia, dodging the post-election along the Kenyan Rift Valleys, and pitted themselves against the bitter-cold oxygen-starved scree slopes of Kilimanjaro. While we happily watched frare NZ dotterels pottering about on Coromandel beach-es, and fragile-looking eastern barred godwits preparing to depart on their incredible an-nual migration to Siberia, the young adventurers frolicked with dolphins in the lazy green waters off the coast of Zanzibar.

We spent cosy nights enjoying the best of NZ hospitality; they spent an uncomfortable night sleeping on the floor of Dubai airport. We merely had to come to grips with the eccentricities of New Zealand plumbing; they had to come to grips with Pol-ish signage while navigating a network of pot-holed cart tracks in search of their resident cous-in.

At Hawkes Bay we had leisure At Hawkes Bay we had leisure to ponder deep and meaningful matters, such as the reason shower water kept pooling on our rented bathroom floor (a mechanism amusingly confused with condensation by the main perpetrator); our son mean-while was left with little time to wonder how a Polish barman could possibly have confused his invitation to an arm wrestle with an invitation to drink him

his invitation to an arm wrestle with an invitation to drink him under the table. Wetrekked well-mapped routes between the volcanic craters of Tongariro National Park, while our non-Russian-speaking son became completely bushed in

a maze of Muscovian alleyways. Yet he remained amazingly intact (black eye notwithstand-ing) given the thicket of thieves,

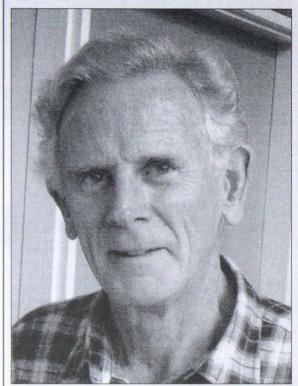

intact (black eye notwithstand-ing) given the thicket of thieves, pimps, crooks and other corrupt villains that seemed to surround him at every turn. Perhaps our biggest excite-ment during April was installing an 11250-litre water tank and watching it fill almost imme-diately. Our son, meanwhile, travelled alone across the Si-berian tundra with a trainload of vociferous vodka-drinking Mongolians, piled into carriages stuffed with leather goods that they tried to flog at every stop. And while we shivered our timbers during a big dump of hail here earlier this month, our young man sweltered in Bei-jing's rank smog as he enjoyed a kaleidoscopic performance by Chinese acrobats. An dwell, I guess I'd better get down to the shops and see what they've got in the way of fatted calves. I reckon his appetite will be one thing that won't have changed!

changed!

Our most extraordinary citizen

ARRANDYTE lost one of its most dedicata well-loved friend—when John Pepper died suddenly last month, aged 68.

There was a sad irony in his

There was a sad irony in his funeral service being conduct-ed at St Stephen's, Warrandyte, a church to which John contrib-uted so much, and which is now under threat of closure. John Malcolm Pepper was born at Eltham in 1939, the first of two sons for Mavis and Ernest Pepper. He spent his whole life in the Eltham and Warrandyte area, attending school at Eltham primary and high schools before going on to high schools before going on to RMIT to study communication

RMI1 to study communication engineering. John's commitment to com-munity began at an early age. He was a scout—later a lead-er—and an RAAF ACT cadet. He delivered mail in Eltham to earn nocket monay.

He delivered mail in Eltham to earn pocket money. At Eltham High, John was attracted to fellow student Mar-garet White. The attraction was mutual and in 1966 they were married at Diamond Creek. Meanwhile John had begun his career at Siemens in Richmond. Leaving there was his only ca-reer change. He spent the next 24 years in the airline industry

at TAA, through its various name changes as Australian Airlines, then Qantas. He retired around 1995. Following their marriage, John and Margaret settled in War-randyte, remaining in the same house right up to the present. Such consistency and sense of permanency was a measure of John's life. Their son Tim was born in

John's life. Their son Tim was born in Warrandyte and John's dedica-tion to local causes and com-munity groups began. He was elected to the school commit-tee at Warrandyte Primary and joined Warrandyte Apex, where he was a leading figure for some vears years. Following retirement, Probus

Years. Following retirement, Probus became an important aspect of John's life. He filled the roles of John's life. He filled the roles of president, secretary and news-letter editor over a number of years. He was an active member of Fireguard and of Neighbour-hood Watch and each Thursday saw him on duty at Information Warrandyte. He also assisted in the Warrandyte Lions Club opportunity shop. In all these organisations, and many others of which he was not formally a member, as well as for many individual people, he was a regular computer guide and teacher. He acted as stand-by distributor for the *Warrandyte Diary* on a number

of occasions. John was a keen sportsman. He played cricket, taking wick-ets as a fast bowler with Eltham, Ivanhoe and Warrandyte clubs until 1972. As in all other things, John's football support and membership—of Essendon— was lifelong. It was a mixed mar-riage, as Margaret maintained her loyalty to Collingwood. John and son Tim were also longtime members of the AFL. He was a foundation and life member of Donvale Bowls Club, where he and Margaret enjoyed a player, John was at various times vice-chairman, coach and umpire. He was a volunteer at the Australian Open bowls tournament in 2007.

at the Australian Open bowls tournament in 2007. As an airline employee able to access discount seats, travel was an important element in John and Margaret's lives. They enjoyed two trips to the United States, and in retirement trav-elled extensively in Queensland, South Australia, Western Aus-tralia, the Northern Territory and Norfolk Island. They were due to leave for New Zealand last month, but this was can-celled when John fell ill. John was a committed Chris-tian. He worshipped at St Ste-phen's in Warrandyte from 1972 to 1997, when he transferred his allegiance to Emmanuel, Park

Orchards. At St Stephen's he was vestry member, treasurer,

Orchards, At St Stephen's he was vestry member, treasurer, maintenance committee mem-ber, church warden and lay reader. At Emmanuel he was server, chalice administrator, reader and vestry member. Thowever his heart remained at St Stephens. He was a driv-ing force behind the exten-sions and renovations to the church building. With local architect Jock Macneish, he commenced planning in the time of Rev Geoff Berger. The works were completed in the time of Rev Geoff Berger. The works were completed in the time of Rev Russell Joyce. This lovely, understated building stands as John's memorial. Tollowing John's death, a friend wrote to Margaret and Tim. "Few people have contributed so much to the whole community. Warrandyte loses its most generous and extraordinary citizen... His life seemed to have stretched over a great range of clubs and associations, and his goodwill has spilled into all of them... Yet all of this was done with great patience, gentleness and cod humour..." John Pepper died on Mon-day, March 31, 2008. He is survived by wite Margaret, son tim and brother Graeme. Based on information sup-plied by Rev Brian Audsley and by Margaret and Tim Pepper.

Local man's breathtaking assault

WARRANDYTE mountain-eer, Mick Parker, left for Nepal last month, about to add two more mountain peaks to his tally—Manaslu, 8163 metres high and Dhaulagiri, 8167 metres

8163 metres inglitude metres. In July last year, the 34 year-old local signwriter became the first Australian to reach the summit of one of the world's most technically difficult, 8000 metre peaks—without the use of oxygen—in a method known as "alpine

Migent—In a method known as applie ascent". Mick Parker unfurled the Australian flag on the summit of 8068 metre Gasherbrum 1, also known as Hidden Peak, on July 29, 2007 after an amazing solo climb. Gasherbrum 1 is the world's 11th tallest mountain and is located in the Karakoram Range on the North East-ern frontier of the Pakistan/Chinese border. Mick had been part of the Australian Army Alpine Association group of ex-perienced high altitude climbers led by Zac Zahaarias, for an attempt on Gasherbrum 1.

by Zac Zahaarias, for an attempt on Gasherbrum 1. This team of nine climbers was one of the strongest to tackle the 8000 metre peak with, collectively, 27 8000 metre expeditions and 13 summits between them. On reaching the final camp before the summit and with bad weather closing in, the group decided not to continue with an assault on the summit. Deter-mined to continue, and believing there was a window of opportunity, Mick started off at 10pm for a solo assault on the summit.

Stated on at topin for a solo assault on the summit. Stopping for a rest at 3am, he cut himself a step in the vertical ice, only to drop his ice axe in the process, which slid away down the sheer slopes, never

<text><text><text><text><text><text>

In addition to Gasherbrum, Mick has reached the summit of Cho You (8201 metres), Broad Peak (8047 metres), Amadablan plus Aconcagua—the highest peak in the Andes—and has reached in excess of 8000 metres in attempts on Everest from the north, Kanchenjunga, Makalu, K2, Dhaulagiri and has attempted Kongur in China, all without the aid of oxygen. Mick Parker is expected back in War-randyte in November.

Rae charms the punters

PRUDENCE TRUBY KING continues her profile series tracking the stories of the people behind this newspaper.

ERHAPS the best-known face at the *Diary* is that of Rae Danks, advertising manager. "I always get cheery waves when I'm sitting outside the *Diary* office having the cigarette I shouldn't have," Rae said. "My sister Sue doesn't believe the number of people I say hello to." Born in East Malvern in 1940, Rae has two younger sisters, Leonie and

Sue doesn't believe the number of people I say hello to." Born in East Malvern in 1940, Rae has two younger sisters, Leonie and Sue, both now academics. "My parents were Len and Connie Brown so Rae Brown I was, a very common name, like the lead singer from The Whispers and the jazz great. I would much rather have been Rachel." Her grandfather came from Tooting in London to Australia in 1910. "He sold his overcoat in Sydney to get to Melbourne. A builder, later he bought all the land on the corner of Coppin Grove, Hawthorn, right down to the Yarra—now one of the most expensive addresses in Melbourne—for \$10 per foot. He bought the now heritage listed gatekeeper's cottage to Invergowrie that had been the home of Sir George Coppin, where I lived for a while. My grandfather was a very stately gentleman, a little cruel to my grandmother. He once told her she was only a lackey." Rae's father, also a builder, bought five acres in Blackburn and subdivided it, building a new house for the family at the top of a hill. "It was a really happy time, dad was working close to home and my mother was always there, cooking and cleaning. We had the best birthday parties. It was like the country, it had been a flower farm. To get to school I walked to Middle-borough Road, took a bus to Box Hill station, a train to East Camberwell and walked another kilometre to high school. East Camberwell Girls' School. Everybody did it, you set off early, my mother would ensure my plaits were in order and she 'd have to redo them to farm. To get to school I walked to redo them to fit my beret on. I loved it, Mangarra Road.

"But Leonie had terrible asthma— one year she had six months off school—and it was decided it was caused by the grasses and pollens. So my parents decided to look at the beach. I remember going to Warnam-bool once on the steam train to look around—and we eventually moved to Rosebud when I was 13. It was pretty daunting at Rosebud High School, with boys and men teachers, treading through clay and only two buildings, pretty desolate: coming down to two "But Leonie had terrible asthma-

<text><text><text>

do devastating stuff to it. It was an exciting time. "Then another agency, Fortune. Then my boyfriend saw a 3AW ad for a job with the Miss Teenage Quest so I went for it. I hadn't done any bookkeeping so I bought a book on how to keep books, flicked through it and got the job. I had more jumpsuits than you could poke a stick at, for the number of dances and fundraisers I went to. Then I worked for 3AW itself. Talkback was starting and it was a lot of fun, with people like Arthur Lyster, a great race

was starting and it was a fot of thin, with people like Arthur Lyster, a great race caller, Geoff Manion, Peter James and Norman Banks, it was a beaut time. "I had a few stints on air—another girl and I would ad lib commercials for Spotless Drycleaning, live on air. I was 29

I was 29. "My 3AW boss Austin Wakeling moved to Masius, an ad agency and six months later he offered me a job there, with twice the money. I stayed there until I was married, then my son Cam-

Rae Danks (Picture by Jan Tindale)

eron was born in 1975 and they rang and asked me back. The agency went through a period of name changes and became a huge multinational, it was like a home away from home, and I was devastated when they cut staff." Rae was retrenched four months before the company folded. "I had a long-time boyfriend, a Jew-ish guy, and I was 'that woman' for his mother all that time. He died at 31. Six months later I met my husband and I was married at 32. Living in Glen Iris, we came to Warrandyte for a picnic by the river and loved it. I had also come as a teenager to the hill climbs in Templestowe. We looked around but thought we could never afford it. We

in Templestowe. We looked around but thought we could never afford it. We bought here in 1979. "I was sure the marriage was the right thing and that it was going to last. Although difficult, my divorce was the best thing, but I was more concerned for Cameron, I virtually brought him up by myself. Now a truck driver, he was always a petrol-head. I remember when he was three, I'd bought him a toy tow truck, and he was sitting on the front steps smashing a matchbox car for something to put behind the tow truck. tow truck

<text><text><text>

for an ad, I've got a good knowledge of popular music. I could see ways of doing things. From the Follies scripts that I've written, you know the feel of it," she said. "We had lots of kids in commercials for Venture Stores. The parents are far worse and in the end we said, one parent per child. It was getting out of hand, 30 kids with mum, dad, grandmother and grandfather. But I enjoyed every minute of it. "If for work at seven in the morn-ing and wasn't home until eight at inght and a good friend looked after Cameron until I got home. A daughter of some Warrandyte friends said I should join the theatre company. I'd worked with Brian Laurence, the sound engineer, producing commercials. He

engineer, producing commercials. He asked me to produce 'Noises Off' and it was the most amazing experience. I'd been to Warrandyte productions but I had to meet the committee and thet use head. that was hard.

that was hard. "Jock Macneish designed a two-storey set and we had to have two intervals to turn the whole thing around—take panels off, move furni-ture upstairs and down. We took 45 minutes to do this turnaround at first and got if down to seven minutes I was <text>

Cliff works out the stories and features, makes up a dummy and I put the ads in." She works every afternoon and two weekends a month. "Cliff proofreads the paper then I go through it again—I can pick a spelling mistake at 10 paces but sometimes you can look at something 100 times and not see the error. Cliff and Jock are

Reliving the Salem witch hunts

theatre

Year 12 Theatre Studies students at Warrandyte High School recently tackled the challenging, well-known realistic drama The Crucible by Arthur Miller.

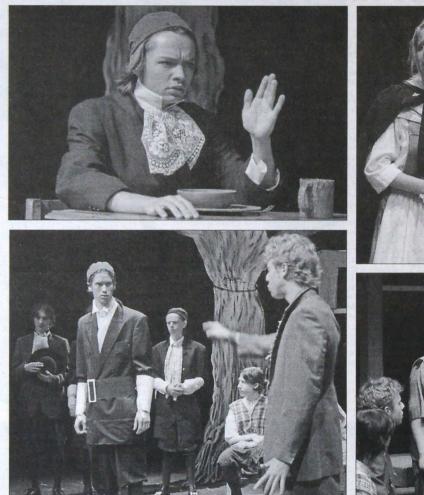

"Audiences were moved by the passionate performances of the capable cast," a school spokesperson told the Diary.

"The students designed all elements of the play, choosing to stage it simply, with a minimal but evocative set, combined with costumes based on the clothes worn in 1692 in Salem, Massachusetts where the play is set.

"They injected contemporary music tracks and their own creative soundscapes, heightening the mood and making the play more relevant to a modern audience," the spokesperson said.

The play generated discussion of modern day parallels with the Salem witch trials and the death of innocent people resulting from them.

Warrandyte basketball round-up with Tony Oliver

Venom juniors back in action

Junior representation (Friday Night) basketball returned to the court after the minibreak for Anzac Day with some close matches involving Warrandyte Venom sides. Damian Arsenis's Under 12 Championship boys were looking for their second win of the year but could not finish over the top of Diamond Valley in a close game at Warrandyte Community Sports Centre.

The venome of the fourth quarter. The venome of the fourth quarter. They outscored the visiting Eagles in the final period but were pipped by 26-24

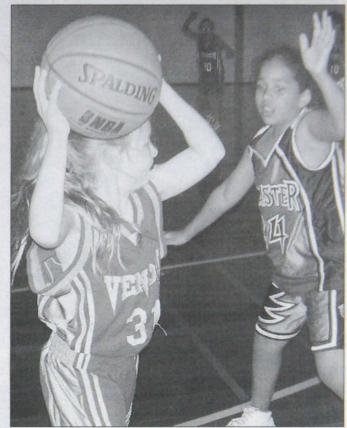

the final period but were pipped by 26-24. Max Stevenson with seven points and Nick Parker with six points were the Venom's main contributors. In the following match, Nicole Howard's Under 16 Championship girls went into the final quarter with the narrowest lead but could not hold on, losing 55-50 against Dandenong. Meg Dargan top scored for the Venom with 11 points with good help from Ashley Brobbell with 10 points. The results were better for the Venom at the High School court with Jenni James's girls recording a

<text><text><text><text><text><text><text><text>

At the half time break, Jenette Ure's Under 14 Eastern boys looked completely in control with a 10 point lead against Camberwell. The second half was a struggle with the Venom boys having difficul-ty in getting into their stride and Camberwell were finding the basket. The Venom needed to defend a one point lead in the dying seconds and recorded a good tight 28-27 win. Mitchell Taylor with 11 points and Nick Harman with seven points were the econded a good tight 28-27 win. Mitchell Taylor with 11 points and Nick Harman with seven points were the generation of the second a strong 25-16 win over Sunbury in the Under 16 age group. The defensive skill level of both sides was high with a 8-6 score line the Venom at the half time break. Warrandyte were able to establish a wining lead after the break and alcon for the win. This is now three wins in a row for this talented group of girls suc. Laura Kemm with seven points

son

Laura Kemm with seven points and Amber Saunders with six points were Warrandyte's main contribu-

Venom's Emma James under defensive pressure from Doncaster in the Under 12's win by 33-18.

The future looks bright for Warrandyte Venom Big V sides. Three of the junior squad after their court time in the Venom's recent win against premiers Warrnambool. From left Caitlin Hallett, Nicollette Prior and Mollie Burke.

Big V Venom retain their winning run

Warrandyte Venom BigV Division 1 women recorded a solid but unconvinc-ing win over Latrobe City Energy by 67-57. The Venom looked set for a comfortable win at the half time break, with a solid nine point lead, with the possibility of giving some of the younger development players some more court time. Latrobe City had other ideas and with good pressure in the third quarter narrowed the gap to three points going into the final stanza and took a one point lead early in the final quarter. The Venom, as with the other games, were able to perform under pres-sure to claim the win. Jo Metcalfe had an outstanding game at centre with the game high 22 points and 12 rebounds. She was well supported by Sally Phillips with 14 points, Kate Cohen (12) and Billie Addlem (11). Billie continues to do with the hard stuff with 15 often hotly contested rebounds. Chelsea Ransom made a welcome return to the court after missing a game with concussion suffered in the Venom's only loss of the season to Werribee two weeks earlier.

Chelsea Ranson made a welcome return to the court after missing a game with concussion suffered in the Venom's only loss of the season to Werribee two weeks earlier.
Shooting percentage is the big worry for head coach Justin Nelson, with the overall game percentage of 33 per cent from the field.
"There wouldn't be many sides who are putting up 88 field goal shots.
We know we are doing all the right things and it will come together".
Liz Benbow has decided to step away ffrom basketball this season which has given the opportunity of bringing a junior into the permanent senior scuad

squad.

The coaching panel has chosen Nicolette Prior to fill this role. Nicolette continues to show openly the three key criteria being promoted – work ethic, intensity and attitude. The road ahead will be challenging for the Venom. In coming weeks they face Sunbury and Coburg, who are likely to be fighting for the fourth spot in the finals, followed by a double header weekend on 24/25 May with a home game against the improving Hawthorn on the Saturday (7:30 pm WSC) followed by an away game against second place Diamond Valley at their home court. their home court

Referee's course a success

Warrandyte has had a positive response to the latest referes's training with 19 undertaking the course. They hit the court last week for their first taste.
At Warrandyte Venom's first home game of the BigV season, the recognition of one of Warrandyte's favourite sons was formally acknowledged with naming of the Clinton Grybas Stand at Warrandyte Community Sports Centre.

Justin wins volunteer award

Justin Hansen is the pride of the South Warrandyte Cricket Club. At the recent Ringwood District Cricket Association presentation night, he was named the 2007-08 RDCA Junior Cricket Association

Volunteer of the Year. A club spokesman said Justin was one of a number of junior co-ordina-tors at the club in recent years, including Julie Mellerick and Megan Price, who had all made the running

of the junior section so much easier. South Warrandyte's annual meet-ing has been deferred to Wednesday May 14 at 8pm after too few were able to attend the original date of Sunday 20 April.

Milestones are set by junior footballers

Warrandyte junior footballers have started the new season by setting milestones in many

by setting milestones in many grades. In Round 3, Colts 1 player, Robbie Bowen, celebrated playing his 150th game for the club, one of only a handful of players to reach this mile-stone.

players to reach this mile-stone. Other players to have reached milestones are Josh Edwards (Under 14s), 100 games; Adrian Mifsud (Under 15s), 100 games; Lachlan Buckley (Under 15s), 50 games and Joshua Rowarth (Under 11s), 50 games. There are at least seven players expected to reach their 100 game milestones in the coming weeks, including Jacob Ballard, Jake McKee, Tristan Valentino, Thomas Appleby, Sam Allardice, Nathan Campbell and Andrew Reddie. Robbie Bowen, 17, is play-ing his 11th season with Warrandyte. He received a medal from WJFC in recogni-tion of his achievement and will attend a Yarra Junior football League presentation dinner at the end of the sea-son. While being cheered on by

while being cheered on by his team mates as he ran through the banner will remain a favourite memory, Robbie says a stand out of his career was booting six goals in a night match at Warrandyte playing in the Under 10s. Keeping things in the fami-ly, mum Kaylene is the Colts 1 team manager while older brother James is the coach. The on-field success of teams this season has been mixed, with low player num-bers a key factor. While Colts 1 started the season with an impressive 86 point win against St Mary's, they have since been unable to back it with another win -not helped by the sidelining of three injured players. The Under 11 team is facing an uphill battle each week to fill a side with only 17 regis-tered players. Coach, James Yoffa, even holds training on two nights to ensure all players can attend a session. However the enthusiasm and determi-nation of all the teams and their families is resolute. The Under 15s enjoyed their first win in a year in Round 3 when they played St Marys. Team manger, Roger Buckley said: "It was a great day for the team, with their first win in a year due to hard work. The team has collec-tively lifted its skill levels and outburitem en downentrated

enthusiasm as demonstrated by the 13 individual goal kick-

by the 13 individual goal kickers. "Not a bad effort with just 17 players on the field!." The Under 10 team won its first game this season in a first game this season in a first game this season in a first game the season in a method for the season in a season in a method first season in a first game the season in a method fully and can be very proud of their achievement". Needless to say, the theme

song was sung loud and "Off the field, the club remains in a healthy state with \$12,000 invested in new equipment and uniforms, including helmets, guernseys, training jumpers, footballs, drink bottles/carriers and first aid kits. Tor more information on the Warrandyte Junior football Club or to register, please contact David Ure, Club Secretaty, at secre-tary@warrandytejfc.org or 0412 380 034, or visit the web-site warrandytejfc.org

Josh Rowarth celebrates his 50th game.

A flood of tennis matches

New Warrandyte Tennis Club coach, Craig Haslam is starting to think he is jinxed when it comes to running a tournament for juniors at

tournament for juniors at the club. On March 27 a blocked storm water drain at the courts meant no play was possible on courts one and two. A week later, there was no power available. "I am wondering what will go wrong when I run another tournament during the com-ing school holidays," said Craig.

Warrandyte regains title from Templestowe **Yarra Cup is back** with the Bloods

CHRIS CHAPMAN reviews Warrandyte's roller-coaster start to 2008.

Warrandyte celebrated veteran James Logan's 200th senior match with a 15 point win over local rivals Templestowe on Saturday afternoon in front of an enthusiastic crowd at

of an entrustastic crowd at Warrandyte Reserve. Off the field, the football club recognised "Community Football Weekend" on Saturday with a sponsors and supporters luncheon, where Richmond coach Terry Wallace entertained 90 meete Richmond coach Terry Wallace entertained 90 guests

wallace entertained 30 guests with stories from his involve-ment in AFL football. On the field, the Bloods have experienced both the lowest of lows and highest of lowest of lows and highest of highs, being on the receiving end of an embarrassing 174 point thrashing from Waverley Blues in Round 2, closely followed by an 87 point win over the previously undefeated Nunawading in Round 4 Round 4.

point will over the previously undefeated Nunawading in Round 4. Warrandyte had not won a first quarter in the first four rounds of the year and it was no different on Saturday, going into the quarter time huddle trailing by eight points. Templestowe were winless from four games but the two sides always seem to step things up a notch when battling for the Yarra Cup. At quarter time Warrandyte coach Graeme Hocking asked his players to stick to the game plan and put into prac-tice the strategies the new coaching panel had imple-mented over the pre-season – moving the ball quickly and concentrating on playing 'team-first' football. The second quarter saw a dominant Warrandyte outfit pile on six goals to one, the enigmatic Piers Brown accu-mulating possessions in the centre of the ground and Adam Gamble and Grant McAdam both controlling the play on their respective wings.

McAdam both controlling the play on their respective wings. Quick ball movement and sharp delivery into the for-ward line followed, allowing mercurial full forward Michael Morello to go into half time with five goals to his name. Morello, who finished with six majors, has been in fine form in recent weeks, kicking 18 goals in the past three games.

kicking 18 goals in the past three games. Warrandyte took a handy 22 point margin into half time, however this was quickly reduced when Templestowe came out firing in the third quarter, registering a couple of early goals. Warrandyte regrouped and slowly gained the ascendancy, Dion Mullet-Treloar keeping the dangerous Liam Riley rela-tively quiet, midfielder Cal Haskings and veteran big man Ash Grybas also clearly win-ning their positions. First year player John

Warrandyte's Under 18s have had mixed results at the start of the 2008 season. Starting the year off with a resounding victory over a undermanned Mitcham side, the young Bloods were then brought back to earth with a defeat at the hands of the strong Waverley colts side. Warrandyte then beat

Warrandyte vice captain Luke Dunn leads in the race for the ball from team mate, Lee Evans and a Templestowe opponent.

Eldridge chipped in with two goals to give Warrandyte a 23 point lead going into the final quarter. The Bloods could have put

quarter. The Bloods could have put the result beyond doubt early in the fourth term, but way-ward kicking in front of goal left the door slightly ajar for a late Templestowe revival. An unlikely comeback almost looked on the cards when big forward Maghamez and cheeky midfielder Andy Loke goaled in quick succes-sion, bringing Templestowe to within two goals. A long range goal to senior football debutant Rob Illingworth gave Warrandyte some breathing space and the Bloods held on to record a 15 point victory. Following the victory, 200 gamer and club stalwart James Logan was chaired from the ground by his team-mates, a fitting tribute for a highly respected member of the football club. Logan's first senior game

been a bit of a hoodoo for the Bloods.

been a bit of a hoodoo for the Bloods. Despite trailing by nine points at quarter time, Warrandyte dominated from there on in and piled on 23 goals to seven in the next three quarters. Cam Pederson was best on ground in his first game for Warrandyte, his VFL side Box Hill having a bye, and Mick Morello continued his good form kicking seven goals in an impressive display of aerial strength. Luke Naughtin and Ben Torney also dominated their

positions, Naughtin having the ball on a string particular-ly in a second quarter that saw him kick four goals. Ben Reid also kicked four, all in the first half, before leaving the field with a strained ham-string

the first half, before leaving the field with a strained ham-string. Young vice-captain Luke Dunn also played a standout game, recognised by coach Graeme Hocking as having taken a major step toward becoming a consistently out-standing senior player. highly respected member of the football club. Logan's first senior game was in 1996. Since then he has played 130 reserves and 70 senior games, his career high-light being an important mem-peries of the 2006 Division Four Premiership team. Saturday also marked farrod Boyce's 50th senior game. Boyce, vice-captain of the Reserves for 2008, earned his spot in the senior line-up after several impressive per-formances in recent weeks in the second team, and con-tributed to Saturday's win with several key possessions. First year player Ben orgound, and recognised with a special "150 Years of Football commemorative Medal", awarded by the two field umpires. Torney dominated the ruck contests all day. 18s have mixed Under

before coming up against Waverley for the second time in three weeks in an anomaly of the draw that is due to Templestowe and Nunawading not fielding

Again Waverly proved too strong for the Warrandyte boys, running out victors by

convincingly,
